

CHAMPIONS OF THE PACIFIC

Willamette University Team Defeats Dallas College at Basketball

THE DOUGHTY COLLEGE BOYS FOUGHT HARD TO DEFEND THEIR COLORS, BUT HUSKY 'VARSITY'S WERE TOO MUCKY FOR THEM—A CLEAN GAME.

(From Saturday's Daily.)
W. U., 21. Dallas, 5.

One of the greatest events of the season in athletics, and by far the most important event in indoor athletics in Oregon, was the championship basketball game played in the Willamette University gymnasium between the men's teams of Dallas College, the champions of the West Side Basketball League, and Willamette University, the champion basketball team of the Pacific Coast.

The game resulted in the decisive score of 21 to 5 in favor of the University team, and now Willamette University holds the undisputed basketball championship of the Pacific Coast for 1903.

The crowd of people witnessing the event was the largest that ever gathered in the gymnasium of "Old Willamette" on a similar occasion. Over one hundred enthusiastic rooters were present from Dallas to cheer their team which, up to last night, had never met defeat, and really they did not think such a thing possible. The rooters for both sides were bedecked with the colors of their respective colleges, crimson for Dallas and cardinal and old gold for Willamette, and the majority were armed with horns and trumpets of every description, which would peal forth with deafening blasts at each point scored.

When the Dallas boys came on the field a ripple of admiration passed through the audience, as they went through a little preliminary drill, showing excellent team work as they passed the ball swiftly down the field and there seemed to have no difficulty in throwing a basket at every attempt, and more than one Willamette sympathizer thought he could see defeat ahead for the old school; but when the favorite home team appeared they were cheered to the echo.

It was a scientific, clean and hard fought contest, but the home five seemed to have their opponents completely under their control, although it was by no means a walkover. The basketball championship now rests with the home team, and this was probably the last game of the season.

Dallas started out fast and soon had a neat field basket to their credit. They made two more points during that half, while the Willamettes notched up a score of nine. In the last half the visitors succeeded in only making one point, while the home team made a dozen more. Of the whole twenty-one points, Parsons made eleven, he making the highest individual score. Pollard also played fine ball, but did not make his usual number of baskets. Matthews was always there with his long back throw and showed improvement.

For Dallas Poling and Wilson threw their baskets, but the whole team worked together.

In the preliminary event the W. U. freshman girls played the rest of the college, the game resulting in a tie; score seven to seven. As it was growing late, the tie was not played off.

The line-up for the main event was:
Dallas: W. U. Teats forward; Parsons forward; Wilson forward; Matthews center; Poling center; Ford guard; Hoffman guard; Judd guard; Hoffman guard; Jermann guard.

KING COUNTY (WASH.) EX-TREASURER IS CHARGED WITH EMBEZZLEMENT.

SEATTLE, Wash., March 20.—The grand jury today voted secret indictments against ex-county Treasurer Charles P. Whittlesey and his chief deputy, P. P. Padden, alleging larceny by embezzlement. The indictments are the outgrowth of Whittlesey's first and second term shortages, amounting in all to approximately \$38,000.

CHIEF OF POLICE BULL DECLARES A WOMAN, KILLED BURDICK.

BUFFALO, N. Y., March 20.—Chief of Police Bull said today: "I believe a woman killed Burdick, and I suspect the same woman now that I did the day of the murder. I believe Cusack and the district attorney are of the same opinion."

Read, engineer at the Insane Asylum Cottage Farm, while erecting the smokestack to the new boiler of the engine house, on Thursday, fell from a ladder to the ground, a distance of eighteen feet and sustained severe injuries to his ankles which will incapacitate him from work for several weeks. The breaking of a guy rope, fastened to the smokestack, was the cause of the accident.

GOBBLING UP TIMBER LANDS

Eastern Capitalists Buying All Claims as Soon as Proved Up

ONE MAN HAS BOUGHT OVER 10,000 ACRES—PRICE OF MOHAIR HAS REACHED THIRTY CENTS, AND THE GROWERS ARE HOLDING OUT FOR MORE.

DALLAS, Or., March 20.—(Statesman Special).—The timber west of Dallas is being sold as fast as the titles mature, to Eastern capitalists generally. The records of the county show forty-three transfers to one man, having a representative in Dallas, amounting to about 10,000 acres. The deeds are made to W. C. McClure, whose name did not appear on the assessment last year. Also Mr. L. Gerlinger, of the Falls City Railroad, has acquired title to over 3000 acres within the last twelve months; besides many thousand acres bought previous to that time. Mr. Gerlinger, however, is a known resident of Oregon, but the bulk of the sales go to Eastern people. It is hard to make the average Oregon capitalist see the value of timber. This is so with the Oregonian entitled to a timber or other claim, whereby he might have made a good stake, as he did not realize that the vast forests of Oregon, that hampered him in the pursuits of grain and stock raising, was a veritable gold mine, richer and more productive than he ever dreamt of in his wildest golden dreams of '49, for surely more wealth will, in time, come out of the timber trade of the Northwest than ever has come out of the golden sands of all the Pacific.

CONTEST OVER A BIG ESTATE

Further Testimony in the Case of Foley vs. Brentano

BRENTANO CHARGED WITH MISAPPROPRIATION OF ESTATE FUNDS TO AMOUNT OF OVER \$3000—OTHER MATTERS COMING BEFORE PROBATE COURT.

(From Saturday's Daily.)

In the probate court yesterday the entire afternoon was taken up before Judge Scott in hearing the testimony of the defense in the case of Wm. Foley vs. John F. Theo. B. Brentano for the administration of the estate of B. Delorme, deceased. Mr. Foley's side of the case had an inning several months ago. The deceased was formerly a priest in this county; and owned considerable property and died in 1901 in France. Mr. Brentano had been for many years the attorney in fact for him in this country, and was duly appointed administrator of his estate. Mr. Foley, of Portland, Ore., now claims to represent the heirs of Delorme, and desires to have Brentano removed as administrator and get himself appointed, and charges that Brentano has misappropriated the funds of the estate to the amount of between \$3000 and \$4000.

Yesterday Brentano explained at great length to the court all his business transactions concerning the property of Delorme covering a period of many years. According to his testimony and the papers and documents introduced by him and his witnesses he transmitted all money collected direct to Delorme in France, and did a large amount of work for which he has never been paid, and the estate is now in debt to him between \$700 and \$1000. The case will be further argued on Tuesday next at 10 a. m. It will be gratifying to Mr. Brentano's many friends in this county to know that he was able to fully account for all money collected by him, and entirely relieve himself of any charges of misappropriation of funds and even show that the estate is largely in his debt.

To Sell Real Estate.

Isabelle Booth, as guardian of the person and estate of Georgia Belle Booth, a minor, petitioned the court for an order authorizing and directing her as such guardian to sell at private sale the interest of said minor in five acres of land situated in township 7 South, range 3 West; also in lot 5, block 3, in Geo. H. Jones' Addition to the city of Salem. The court made an order fixing Saturday, April 25, as the time for hearing objections, if any, to the granting of the prayer of the petitioner.

Appraiser Not Qualified.

W. E. Finzer was appointed as one of the appraisers of the estate of Columbus Engle, deceased, to take the place of John W. Cook, one of the original appointees a petition for such appointment having been filed in the court setting forth the fact that the said John W. Cook was absent from the state, and therefore not qualified to act.

Found More Notes.

In the matter of the estate of E. F. Parkhurst, deceased, Frances Parkhurst-Smith, as administratrix, petitioned the court for the appointment of appraisers to place a value upon certain promissory notes which were found among the effects of the deceased since the filing of the inventory and appraisement in the above entitled estate. The court made an order granting the prayer of the petitioner, and A. T. Wain, George Waters and Frank Durbin were appointed appraisers to make a supplemental appraisement of the property as set forth by the petition.

IS BACK TO NORMAL

AUSTRALIAN DEMAND FOR WHEAT SATISFIED AND PRICE HAS DROPPED.

(From Saturday's Daily.) The price of wheat in the local market for shipping purposes dropped two cents a bushel yesterday, making the present quotation 66 cents. This drop was no particular surprise to local dealers, as it has been expected and predicted for several days, and is in sympathy with the condition of the Portland market. They have been exporting wheat in heavy shipments to Australia and San Francisco, California, at prices which had advanced the local market to a higher figure than was warranted by the prices in Liverpool and New York, but this demand has now been entirely satisfied; hence the price necessarily dropped back to a normal export figure.

AN EXCELLENT PLACE TO RECEIVE AND ENTERTAIN PRESIDENT ROOSEVELT—THE SALEM STREET GUTTERS A DISGRACE AND MENACE TO HEALTH.

(From Saturday's Daily.)

Clean the Gutters.

Editor Statesman: The gutters along Salem's main streets are a disgrace and a menace to general health, in their present and persistent filthy condition. It would not take much labor to keep them clean, and the city would be beautified thereby, besides being much more conducive to good health. Street Commissioner Griswold has been too busy to notice conditions, or I know they would be improved.

THE BENEFIT OF CHANGE. We are like house plants. We need a change of soil now and then—to be replanted. New scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, sunshine in place of cloud. This is sometimes essential to health. There are conditions near at hand that are better than Europe can offer. Take a month or two in California. Plant yourself for a time where there are no irritations, where the hotel is beyond criticism, the landscape pleasing, and where warm sunny weather invites to walks and drives. Pure and dry air, and the increased electric influences of sunshine are vastly helpful.

SOME EXTRACTS FROM PRIVATE LETTER OF DR. ALICE PRETTYMAN.

(From Saturday's Daily.) A friend in Salem has received a letter from Dr. Alice Prettyman, of this city, who is sojourning in California for the benefit of her health, and who is getting well. The letter is a private one, dated at Pasadena, March 11, but a Statesman reporter is allowed to make some extracts, as follows: "I have just received your little note which reminded me that I was owing you a letter. Yes; I received your pretty valentine, and many thanks for the same. I was on my way to the Catalina Islands for a trip when I received your gift. I had a grand time riding around in glass bottomed boats and viewing the submarine gardens. I tell you it was beautiful; fish of every color, and size, besides sea moss and shells of every description. I rode a distance of ten miles along the coast. The water was so clear that by looking through the glass you could see a distance of 120 feet. I have neglected my letter writing on account of my travels. I am back to our cottage again for two or three weeks at least. I think I will return to Salem in May.

"I am feeling fine and gaining each day. The only thing is for me to be contented away from home. I can hardly wait until the time comes for me to return.

"This is a beautiful country here, and the orange trees are beginning to bloom. I wish you could see them; oranges and blossoms on the same tree, and so very fragrant.

"Mamma sends love and best wishes and says to tell you she is having a nice time. Rena and Mary are also here. Sister Mary is going home in two or three weeks, and I will try to send you some orange blossoms, that is if she goes straight through, but if she stops a week in San Francisco I cannot send them."

DISORDERS IN PARIS.

PARIS, March 20.—After midnight the unruly elements in the crowd attending the mid-Lent festivities began making trouble for the police by starting disturbances in various parts of the boulevards and on adjacent streets. Some 300 disorderly persons were arrested, but most of them were discharged after being detained an hour or two at police stations. It was said at the Prefecture of Police that 968 arrests had been made during the whole day.

Impulsive eloquence is the kind that flows from the cannon's mouth. Common sense is almost scarce enough to be classed as uncommon.
