

FOUND FOUR INDICTMENTS

Result of Investigation of Legislative Corruption

BY MISSOURI GRAND JURY

Strict Secrecy Is Being Maintained as to Subjects of Indictments

BUT IT IS BELIEVED THAT THREE ARE AGAINST SENATORS AND ONE A PRIVATE CITIZEN—FOUR MORE \$1000 BILLS ARE ALSO OBTAINED AS EVIDENCE.

JEFFERSON CITY, Mo., April 18.—The Cole county grand jury tonight returned four indictments, three presumably against State Senators for alleged acceptance of bribes in connection with the Alum Bill legislation. Strict secrecy is maintained and definite information as to the indictments cannot be obtained.

It is believed that one indictment is against a St. Louis Senator, two against Senators living outside of St. Louis, and the fourth against someone living in Jefferson City. This makes seven indictments so far issued by the grand jury.

The witnesses before the grand jury today were: Senator Marshall, of Scott county; Hugh Hoenig, paying teller of the St. Louis bank, where the Senators are supposed to have deposited large sums of money; J. E. Crumbaugh, Door keeper of the senate, and John H. Price of Olean.

More Bills Obtained.

St. Louis, Mo., April 18.—A trace of four more \$1000 bills was obtained in the evidence presented to the jury today. It is said that three of these bills were used in connection with the Alum legislation in the Senate and the fourth in influencing the text book legislation in the House. This information will be transmitted to Attorney General Crow, at Jefferson City, and the indictments will be found there. While Lieutenant Governor John A. Lee is believed to be in Chicago nothing more was learned today as to his exact whereabouts. His wife declares that Lee is away simply for a needed rest and that he will return to St. Louis.

TELEGRAPHIC BRIEFS

LEADVILLE, Col., April 18.—One of the most severe storms of the season is raging in Leadville and vicinity tonight. It has assumed the proportions of a blizzard and the snow is drifting badly. All west-bound traffic is delayed.

Colorado Springs, Col., April 18.—The worst wind storm since that of November 19, 1901, when the cornices and roofs of the buildings were blown off, has been raging at Colorado Springs.

Her First Victory.

Berkeley, Cal., April 18.—Stanford won the eleventh inter-collegiate field meet today by a narrow margin. The final score stood: Stanford University 63 1-3; University of California, 53 2-3. This is Stanford's first victory over Berkeley in track athletics.

A Grand Celebration.

New York, April 18.—The 120th anniversary of the battle of Concord and Lexington was celebrated tonight by a banquet given at Delmonico's by the Empire State Society of the Sons of the American Revolution.

Roosevelt For President.

Cincinnati, O., April 18.—According to a statement by George B. Cox, the recognized leader of the Republican organization in Hamilton county, the contest for the Republican nomination for Governor has been practically settled by the unanimity of the leaders and the larger counties in declaring for Myron T. Herrick, a Cleveland banker. "We are for Hanna for Senator, and Roosevelt for President."

20,000 Men Are Idle.

Hartford City, Ind., April 18.—Every window glass factory in the United States today went out of blast and 20,000 skilled laborers leave the factories with no idea when they will return to work. The impression among the workers is that the wage scale, adopted for the next blast, will be on a basis close to 50 per cent reduction in wages.

HAS DECLINED EXTENSION

SIR THOMAS LIPTON THINKS HE CAN FIX SHAMROCK FOR RACE.

WYEMOUTH, England, April 18.—Thanks to smooth water, the Shamrock III's mast was secured today and towed to the harbor. Designer Fife and Mr. Ward will inspect the yacht tomorrow and decide if she can be repaired. The yacht will leave for Southampton tomorrow. Sir Thomas Lipton has received a cablegram from Vice Commodore Board, of the New York Yacht Club offering to postpone the race. A conference was held between Sir Thomas and several members of the Royal Ulster Yacht Club and tonight Sir Thomas sent his reply. It is understood that he has declined the extension offered. Fife has expressed his satisfaction that the hull of the challenger was not injured. Telegrams expressing sympathy for the accident continue to be received from distinguished persons in America and England.

The New Defender.

Bristol, R. I., April 18.—With the Reliance more than half rigged and the Constitution on her way to New London to complete the final preparations for her final spin, there is a prospect that these two yachts may come together, for a short bout off Newport, a

week from today. The main boom of the Reliance was slung this forenoon, and Rigger Dillman said tonight that he expected to finish by Tuesday. The bending of the sails on the Reliance will occupy but a few hours and the crew will be given two or three days' practice hoisting sails, so that the boat will practically be ready for the builders' trial on the 25th.

WORKMAN BURIED ALIVE.

ASTORIA, Ore., April 18.—W. P. Chapman, who has been working on the improvements that are in progress at Fort Columbia, met with a very serious accident yesterday, being crushed by a bank of earth which caved in on him. When his fellow workmen dug him out he was unconscious and for a time it was believed that he was dead. He was brought to a hospital in this city, where it was found that his hips had been badly crushed and one of them dislocated, and besides he was internally injured. It will take some time to determine whether the man can recover.

THE LEAGUE IS AT WORK

Work on the Marion Square Rostrum Is to Go Forward

THE PLANS WERE ADOPTED YESTERDAY AND THE COMMITTEE ON CONSTRUCTION DESIGNATED—MORE FUNDS ARE NEEDED FOR IMPROVEMENTS.

(From Sunday's Daily.)

There was a meeting yesterday afternoon of the Marion Square Improvement League, at the residence of Mrs. T. H. Hubbard.

Very favorable reports were made by the different committees, and plans for the Marion Square rostrum were accepted and a committee appointed to carry out the work of construction. This committee consists of Mrs. D. J. Fry, president; Mrs. A. N. Moores, vice president; Mrs. Ida Babcock, secretary; Mrs. W. A. Cusick, treasurer, and Mrs. C. D. Minton. They will go ahead with the work of building the rostrum, purchasing materials and doing all other necessary things in connection therewith. Work on the structure will begin during this week, probably tomorrow.

The plan is the one prepared by Major C. F. Cramer. It will be a band and speaking stand, with a seating capacity for 100 to 150 people. It will be twenty by thirty feet, built of wood, with a concrete foundation, handsomely designed and finished and well lighted.

More Funds Needed.

While the ladies of the Marion Square Improvement League have been quite successful in securing pledges and collecting funds, they have not secured all they will need for their improvements, and they have no sort of notion of ceasing their labors in this respect. They will go right ahead. Some of the clerks of the city have already subscribed small sums, and other clerks have signified a desire to be on the roll of honor for the payment of the improvements contemplated, so a canvass of all the clerks of the city will be made by the ladies tomorrow. They will no doubt receive a cordial and liberal reception in all the stores and shops of the city.

Short sighted people seem to think others should look through their glasses.

HAD RECEIVED NO INVITATION

Newspaper Criticism Based on a Misunderstanding

THE AMERICAN SQUADRON

Not Sent to Kiel Because No Formal Bid Was Offered

EUROPEAN SQUADRON WILL SOON MOVE NORTHWARD AND WILL PARTICIPATE IN CELEBRATION—UNITED STATES ARMY MAY BE CUT INTO DIVISIONS.

WASHINGTON, April 18.—From the highest official quarters it is learned that the criticisms in a few German newspapers directed against the supposed declination of the Navy Department to send an American Naval Squadron to Kiel this summer are based upon a complete misunderstanding of the situation.

No set and formal invitation from the German Government to send an American Squadron to Kiel was ever offered. Secretary Moody is extremely desirous of doing anything within reason to show the warmth of friendship which he cherishes toward Germany, and the President and Secretary Hay have the same disposition. But the United States is not to be unrepresented at Kiel.

Following the usual custom, when the warm weather begins in the Mediterranean, the European Squadron will begin slowly to work its way northward, and it is calculated that it will arrive at Kiel in time to take its proper place in the celebration.

To Establish Divisions.

Washington, April 18.—A movement has been inaugurated to establish military divisions in this country, with several departments included in each. It has received the endorsement of the high army officials and it will no doubt be taken up and considered at an early day, probably after the return of Secretary Root and Major General Corbin from St. Louis.

As far as the scheme has proceeded there are to be three divisions. The Atlantic Division will be composed of the present Department of the East, The Middle Division is to be composed of the present Department of the Lakes, Missouri, Dakota and Texas, while the Pacific Division will be composed of the Departments of California, Columbia and Colorado.

West Virginia Launched.

Newport News, Va., April 18.—The new United States armored cruiser West Virginia was successfully launched at the Newport News Shipbuilding Yard today in the presence of a throng of 25,000 people. Miss Katherine Vaughn White, the eldest daughter of Governor Albert White, of West Virginia, was the fair sponsor of the occasion.

WILL REPOSE TEN DAYS

CAME OVER FROM POLK COUNTY TO HAVE A GOOD TIME.

(From Sunday's Daily.)

John Whitney, a laborer from Polk county, was gathered in by Officers Lewis and Murphy, at a late hour Friday night, and lodged in the city jail. He appeared before City Recorder N. J. Judah yesterday morning to answer to the charge of drunk and disorderly conduct, to which he pleaded guilty. A fine of \$20 was imposed by the judge, which the hilarious John was unable to pay. Consequently, he will repose in Chief Gibson's hotel for the next ten days.

Whitney came to town Friday in company with a fellow-workman, and the pair started out for a good (2) time. After taking on board a considerable quantity of fireworks, Whitney became boisterous and abusive, and gave the officers considerable trouble while being taken to jail.

His partner, being possessed of a more respectable nature, wandered out into the eastern part of the city where he found lodging under a tree. He awoke from his dreams at an early hour yesterday morning and came down town minus his hat. He was in a bewildered state of mind and knew not how he came in nor which way to get out. A kind friend finally directed him to the steel bridge, and he lost no time in reaching Polk county, having, however, learned first of his partner's misfortune, which seemed to stimulate his desire to absent himself from the city.

IS MENTALLY WEAK

VICTOR SCHLAFLI, OF MT. ANGEL, SENT TO THE ASYLUM FOR TREATMENT.

(From Sunday's Daily.)

Upon the complaint of Dr. J. E. Webb, Victor Schlaff, of Mt. Angel, was taken before County Judge Scott yesterday and examined as to his mental condition. The examination, which was made by Drs. W. B. Morse and J. E. Webb, revealed the fact that the patient had suffered from slight attacks of insanity at various times during the past two years, and was in the habit of getting up at night and roaming around the country in a nude condition. The cause of his insanity is unknown, but about two weeks ago he sustained a severe fall and this, it is thought, may have aggravated the disease from which he was suffering. Upon the affidavits of the examining physicians the patient was committed to the Hospital for the Insane, and the unfortunate man was taken to that institution yesterday afternoon.

He is forty years old, and was born in Switzerland, and by occupation is a laborer.

The exercises will begin promptly at 9 o'clock in the morning by a band concert. The principal features of the program will be the dedication address by Hon. Binger Hermann, of Roseburg, the Republican nominee for Congressman for the First Congressional District, to succeed Hon. Thos. H. Tongue, deceased, and Hon. Frank Davey, of this city, who will deliver the address of welcome, and introduce Mr. Hermann. Mr. Campbell has received telephonic information from Mr. Hermann to the effect that he will possibly arrange to go to Chemawa on the afternoon train on Monday and remain at the school over night. "Everything points to our having a big day of it," said Mr. Campbell, "the weather permitting."

CRAMPS NARROW ESCAPE. NEW YORK, April 20.—Through the successful negotiation of \$5,000,000 on terms which involve practical reorganization under new management, William Cramp & Sons' Ship and Engine Building Company, of this city, has been saved from the imminent danger of having to pass into the hands of a receiver, says the Herald's representative in Philadelphia. With a plant, according to a recent estimate, valued conservatively at \$12,000,000, the concern has, it is said, been in sore need for several years of an increase in its available working capital. It has outstanding notes to meet amounting to \$2,000,000 to \$3,000,000.

HAS NO FOUNDATION

ATTORNEY GENERAL SAYS THAT COUNSEL FOR SECURITIES COMPANY LIED.

WASHINGTON, April 18.—The Department of Justice today gave out the following: The intimation in a dispatch from St. Paul, made by one of the counsel for the Northern Securities Company, that the Attorney General privately expressed himself as willing to have the decree in the Northern Securities case modified temporarily or suspended, and instructed the United States Attorney to the contrary merely for public effect, is utterly without any foundation.

Everything Is Settled.

New York, April 18.—Senator Clark today gave out a statement regarding the settlement of the differences between the Oregon Short Line and the San Pedro, Los Angeles & Salt Lake Road. Mr. Clark said: "There is now perfect harmony between the Union Pacific system and the new interests. The distance from Salt Lake City to Los Angeles is 800 miles by this new route and we intend to cover it in twenty-four hours."

"Our terminal facilities at Salt Lake City will be equal to the Oregon Short Line's and we will connect with the Union Pacific and Gould systems."

Matthews finally won the crowd by brilliant work in accepting the chances that came his way.

ONLY A CHIMNEY FIRE

A fire alarm was turned in last night about 7 o'clock from the old Willis house on the corner of Center and Capital streets, and the fire department was on the streets instantly and made a quick run to the scene of the supposed conflagration, ready to make a fight in defense of life or property, as occasion should arise, but it was found to be only a defective fire. Mr. B. F. Magee and family, who are just moving into the building, were at supper and knew nothing of the trouble until the fire department arrived. It seems that some one in the house had piled a lot of rubbish in the fireplace, causing the chimney to burn out, and a chimney cap in one of the upstairs rooms, having been left out, the room filled with smoke. Some of the neighbors or some passer-by probably turned in the alarm, as Mr. Magee knew nothing about it. While no damage was done, there was great danger from fire in the upstairs room.

LOGGING CAMPS CLOSED.

CRESCENT CITY, Cal., April 20.—All of the union employes in the lumber mills and logging camps of Hobbs, Wallace and the Crescent City Milling & Transportation Company are on a strike as the result of a refusal to grant a request for a new schedule of wages. The men asked for an increase of 15 per cent in the mill and a wage schedule in the logging camps equal to the schedule paid at other places. The company refused the demands and after fifteen days' notice the men quit work. All work has ceased in the mills and logging camps.
