

BOTH LOOKING FOR OUTBREAK

Japan and Russia Are Making Warlike Preparations

THE JAPANESE ARSENALS

Are Working Day and Night Turning Out Military Stores

THE TURKISH-BULGARIAN TROUBLE NOW BELIEVED TO HAVE NEARLY BLOWN OVER—ANOTHER MIX-UP WITH FILIBUSTERING BAND—MANY KILLED.

VICTORIA, B. C., May 7.—The steamer Tosa Maru, which arrived this evening, brought news from Tokyo that unusual activity is prevailing in Japan as the result of the feeling against Russia in regard to the Manchurian entente. The Japan Advertiser says the arsenals of Japan are now working night and day with increased staffs and vast amounts of naval and military stores are being turned out.

A Yokohama paper says Japan is preparing for a decisive step. The Japan Times, in reviewing reports from North China, says that far from taking steps to evacuate, it is plainly shown that Russia is engaged in active warlike preparations.

Looks Little Better.

VIENNA, May 7.—The decidedly optimistic feeling which prevails in official circles here regarding the relations between Turkey and Bulgaria, was declared to have greatly improved within the last twenty-four hours. The probability of war between the two countries is now considered slight.

A representative of the Associated Press is informed that official news has just been received here that the Porte has withdrawn its note to Bulgaria. The warlike feeling at Constantinople is believed to be disappearing.

It is frankly admitted that Turkey has very serious grounds for complaint against Bulgaria, but it is believed that the Sultan is too clever to embark upon a war, from which, if he was victorious, he would gain nothing, and in which he might lose everything.

Prince Ferdinand, of Bulgaria, is endeavoring to obtain an audience with Emperor Francis Joseph, but is not yet known whether His Majesty will grant it.

A Bulgarian band yesterday attempted to blow up a powder magazine at Monastir. It was surprised by Turkish troops and a fight ensued in which many of the combatants were killed or wounded.

Reports Are Exaggerated.

Washington, May 7.—The Turkish Legation announces that the reports of disturbances in Salonica are grossly exaggerated.

Are Despatching Troops.

Salonica, European Turkey, May 7.—The despatch of troops to Old Serbia continues. Three battalions of reliefs proceeded to Verodivitch today. The German warship Lorley has arrived here.

FIRST DEGREE ROBBERY

YOUTHFUL CRIMINALS SAVED FROM LONG SENTENCE BY MERCY OF JUDGE.

NEW YORK, May 7.—Judge Warren W. Foster, in general sessions, in pronouncing sentence on Walter B. Hunsacker and Robert Burns Decamp to intermediate terms in the Elmira Reformatory for robbery in the first degree, said:

"This crime was despicable. The full penalty for the crime in this state is twenty years in state prison, but, because you have never been in trouble before, and on account of your youth, I am inclined to be lenient with you. I am going to send both of you to the Elmira Reformatory to give you a chance to redeem yourselves. By good behavior and by showing the proper spirit of repentance for your crimes, you will be liberated in a little over a year."

Hunsacker, Decamp and another young man met their victim, Charles A. Carroll, a retired merchant, in a cafe one night last March. Carroll invited them to have a supper in a nearby restaurant. Later, when he started for home, the three followed him to the street, where he was robbed by Hunsacker and Decamp.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at S. C. Stone's, Salem.

DIED IN TACOMA HOSPITAL.

TACOMA, Wash., May 6.—Mrs. Albert Johnson, wife of the former managing editor of the Daily News, died yesterday afternoon at about 4 o'clock

in one of the city hospitals. Mr. Johnson is in the East, having left about a week ago. Mrs. Johnson had undergone a surgical operation a few weeks ago and at the time Mr. Johnson left was thought to be entirely out of danger.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. A RECORD BREAKER

LARGEST CROP OF ALL KINDS OF FRUIT EVER PRODUCED IN OREGON

The hop growers are in rather a good humor these days, feeling like patting themselves on the back, because of the upward tendency of the hop market. The farmers wear a benignant, self-satisfied expression by reason of their belief that this fall their graineries will be filled to overflowing with large crops of all kinds of grains, but the fruit grower can be told as far as he can be seen by the broad smile which he wears, yet they are all bustling around very busily, and it is very seldom one finds time for a very long chat on the street corner. The outlook is for one of the largest crops of fruits of all kinds, ever grown in the Willamette valley, and Mr. Fruitgrower feels himself, of all people, the most fortunate. Hop yards, or even banks have no allotment for him, and he only wonders why all sensible people do not flock to the Willamette valley and engage in fruit raising. He feels sure they would unanimously say it is the long lost Paradise.

"Why," said C. O. Constable, the Rosedale prune grower, yesterday, "we are going to have the largest crop of fruit ever, our prune trees are just simply loaded. Our only worry is that we don't know what we are going to do with so many prunes, we haven't nearly enough drier capacity, and no time to build more, and then material is so scarce and high priced we could hardly build anyway. We are making good use of these warm days cultivating our orchards."

Such is the story told by all the prune men and is it any wonder their countenances are wreathed in smiles. No section of the valley has so far sent in any report of the least shortage of fruit or injury to the growing crop, so the people of Oregon may prepare to eat their fill of prunes this coming winter.

Water Jenks, of the Fruit Growers' Association, said that some complaint had been made to him about prunes falling from the trees, but, said he, "if none of the prunes fell, the trees would be overloaded and utterly unable to bear the load, and besides the prunes would be so small as to be worthless. There is no cause for complaint, as that is the only salvation of the crop." The bloom was very heavy on the Bartlett pear trees this season and although it is too early yet to tell the final outcome, the prospect is for large crop of this luscious fruit. As in the case of the prunes, the pear blossoms are falling considerably, but there will still be plenty left to load the trees. C. A. Park, manager of the Wallace orchard, reports that the prospects are excellent for a large crop of pears and apples in his orchard. He thinks the pear trees will have all of the fruit they will bear, but the apple trees will not be so heavily loaded. This will insure larger, finer fruit. The apples in the Wallace orchard are all of the Spitzenberg variety.

Probably the only fruit not looking well are peaches. They were slightly injured by frost, as they bloomed very early in the season, still a fair crop of this delicious fruit is expected.

The cherry trees of all varieties are literally loaded with fruit, which is now past all danger of damage from any cause. The cherries are now as large as peas, and already begin to look eatable. The small boys are reminded of the stomach aches which they enjoy each year when the cherries begin to turn, and the older boys are thinking about lying on the grass in the shade of the trees eating the juicy fruit, or climbing for the choicest laden branches for their turtle doves.

IS A BROTHER OF CZOLGOZ

Therefore Young Man Is Arrested in Los Angeles

AND IS BEING DETAINED

Until President Roosevelt Has Passed Through the City

NO COMPLAINT IS MADE EXCEPT AS TO HIS SUPPOSED RELATIONSHIP TO PRESIDENT MCKINLEY'S ASSASSIN—THE PRESIDENT PASSED REDLANDS.

LOS ANGELES, Cal., May 7.—Acting under instructions from the Secret Service Bureau at Washington, the police today arrested a man who is suspected of being one of the four brothers of Czolgoz, the assassin of this late President McKinley. Great secrecy has been maintained about the arrest, and practically no information has been given out concerning the man.

It is known, however, that he was arrested today and confined in the city jail. No charge has been lodged against him, the police simply detaining the man on suspicion until after President Roosevelt shall have left Los Angeles. It is said Czolgoz has been living here for several months, being employed in a tamale factory. His actions have been, it is said, not out of the ordinary, and no complaint is made of the man, other than that of his relation to the assassin of President McKinley.

President in California.

Redlands, Cal., May 7.—Today President Roosevelt was formally welcomed to California before a crowd estimated at 10,000. The President's special car arrived here at noon. President Roosevelt was presented to Governor Pardee and Lieutenant Governor Anderson. The party then took their places on the balcony, where all the members of the legislative committee and ladies and a prominent local committee were seated.

Governor Pardee, in a brief address, welcomed the President to California. Assemblyman G. T. Johnson then delivered an address of welcome in behalf of the State Legislature. The great throng cheered itself hoarse when the President arose to respond.

Immediately after the close of his speech, President Roosevelt was escorted to the dining room with his party, the legislative party and the local reception committee. Governor Pardee sat on the President's right and Mayor Fowler on his left. The affair was informal and there were no addresses. Half an hour later the Presidential party was driven over the city. The party left here at 3 o'clock for San Bernardino, where a short stop was made. The night will be spent at Riverside.

Now at Riverside.

Riverside, Cal., May 7.—After leaving Redlands today President Roosevelt visited San Bernardino. The special train arrived here at 6 p. m. and, after spending the night here, will proceed to Los Angeles early tomorrow.

The two men are given to Tacoma by Manager Dugdale in exchange for a complete release of "King" Kelly, who was loaned to Seattle by Tacoma after he was secured in a trade with Spokane. The new men are expected to report for duty today. Joe McCarthy is reported to have been released. Rockenfield has been brought in from the left field to play second and Fisher is playing short.

NO LIGHTS VISIBLE

STEAMER HASSALO'S BOW DEALT DEATH TO A RAINIER FISHERMAN.

ASTORIA, Ore., May 7.—As the steamer Hassalo was passing Cedar Landing, a half-mile below Rainier, at an early hour this morning, she ran into a fish boat from which a man was knocked or jumped out and was drowned. The man was Walter Girt, a fisherman of Rainier, about 35 years of age. He leaves a wife and several children. Captain Sullivan, of the Hassalo, who was at the wheel at the time, states that the fish boat displayed no light and it was not seen until too late to escape it. The body of the man has not been recovered, but is believed dragged for today. It is believed that the man was asleep in the boat with his net out drifting when the accident occurred.

HUGE ROCK SLIDE IN VIRGINIA CRUSHES LIFE OUT OF NINE MEN—FIVE OTHERS INJURED—MILLIONS OF DOLLARS INVOLVED IN EQUITY SUIT.

ST. PAUL, Minn., May 7.—Meagre reports have been received of a serious accident this morning, at Dexter, a small station on the Canadian Pacific Railway, fifty miles west of Fort Arthur, in which twelve lives were lost.

A passenger train crashed into a caboose of a work train, overturning the car, and the wreckage caught fire immediately. Of the men in the car, twelve were instantly killed or burned to death. Eight others were seriously injured and others less seriously hurt.

Nine Men Killed.

Roanoke, Va., May 7.—Nine men were killed and five others injured, three of them fatally, late yesterday evening by a slide of rock in the east end of Tunnel No. 2 at Eggleston Springs, on the Norfolk & Western Railway. A huge slide of solid stone gave way on the mountain side and came down at an angle of about forty-five degrees, striking a gang of laborers and crushing out the life of nine of the men.

Millions Are Involved.

San Francisco, Cal., May 7.—The argument on one of the most celebrated actions ever brought in the United States Court was begun this afternoon before the United States Circuit Court said to be tied up pending the court's decision.

The suits are between the Empire State (Idaho) Mining & Developing Company and the Bunker Hill & Sullivan Mining and Concentrating Company.

Arranged on one side or the other are some of the most brilliant counsel in the Northwest, among them being United States Senator W. B. Heyburn, of Idaho; Judge John R. McBride, M. A. Polson and F. F. Post, of Spokane. The parties to the action are in dispute over the bodies in the vast copper deposits in Idaho and affairs are in a most complicated state.

A MERGE OF INTERESTS

PRESIDENT YOAKUM OF ST. L. & S. F. CO. MADE DIRECTOR OF C. R. L. & P. COMPANY.

NEW YORK, May 7.—President Yoakum, of the St. Louis & San Francisco Railroad Company, was today made a director of the Chicago, Rock Island & Pacific Company.

J. P. Morgan today made the following report that the deal between the Rock Island and the Frisco Railroads had been consummated. "It is true that President Yoakum of the St. Louis & San Francisco Railroad Company was elected a director of the Chicago, Rock Island & Pacific Railway Company, which of course means that the harmonious relations which have existed for some time between the two roads are to continue."

Financiers interpret this statement as an official acknowledgment of the long pending deal, providing one management for the two roads, has been completed.

NEGRO LIKES ROOSEVELT

COLORADO BISHOP DECLARES NO OTHER PRESIDENT EVER DID JUSTICE TO ALL ALIKE.

ASBURY PARK, N. J., May 7.—Bishop W. B. Denick, of Flushing, in an ardent address at the New Jersey Conference of the African Methodist Episcopal church over which he presides, said:

"There is a great commotion over President Roosevelt's appointment of negroes to office. He does not do as other Presidents did. Others appointed the negro because he was a negro, but President Roosevelt appoints them as men. So broad are his views, so lofty is his conception of even-handed justice, that he has proclaimed to the world that the door of hope is open to every man, regardless of color or previous condition of servitude. If the negro is not a citizen, then this Government stands indicted before the world as a colossal fraud."

CAS PER

EIGHT UNITED STATES PRISONERS PASS THROUGH TACOMA FOR SPOKANE.

TACOMA, Wash., May 7.—With eight prisoners, sentenced to various terms in the penitentiary at McNeil's Island by the United States court at Spokane,

United States Marshal Hopkins arrived in the city yesterday. Among the prisoners were Lucy and Leon Caron, the French husband and wife convicted of bringing girls into this country for immoral purposes. They are sentenced to a term of three and one-half years. The couple seemed very much cast down over their fate, and it is claimed did not until now realize the seriousness of their crime. Living with them at Spokane was a little girl, the sister of the husband. Just what disposition will be made of the child is not known, but she will probably be sent to her nearest relatives. The two Belgian girls, who were brought into this country by the Carons, have been sent to Washington, D. C., and from there will be sent back to their homes. The other prisoners were mostly convicted for selling liquor to the Indians, and go up for short terms.

He is a veteran of the Civil War and is drawing a pension from the Government. The pardon was granted upon the recommendation of the district attorney who prosecuted the case and Circuit Judge Hanna, who represented that they were in doubt as to the sanity of Strollberg when the crime was committed.

SMALLPOX STAMPED OUT.

The pesthouse is once again empty and the quarantine that has been held over Greenback at the Greenback mine, for some time, has been raised. The authorities are now seriously considering the proposition of buying a place and arranging a pesthouse in some part of the county outside the city. The present one is within the city limits and is also along a public highway, making it dangerous for farmers and others to pass, which many have to do going in and out of town.

BEAMES AT INDEPENDENCE.

INDEPENDENCE, Or., May 6.—Hon. A. E. Reames, Democratic candidate for Congress, spoke here yesterday afternoon to a small audience, the presumable cause being that people are too badly rushed to devote time to political speakers. He spoke in Monmouth in the evening.

MORE TROUBLE FOR NEGROES

Colored Mail Carrier Held Up in Tennessee

WARNED TO DISCONTINUE

The Mail Service Under Penalty of Death—Men Were Masked

SERVICE HAS BEEN SUSPENDED UNTIL INVESTIGATION SHALL HAVE BEEN MADE—A SECOND INDIANOLA CASE—COLORED MEN STOOD HIGHEST.

WASHINGTON, May 7.—The Post-office Department was notified officially today that John C. Allgood, a colored rural free delivery letter carrier, while making his regular trip near Gallatin, Tennessee, was stopped by men armed and masked, and he and his colored substitute carriers were warned not to continue in the service under penalty of death. Postmaster General Payne has suspended service on the route pending an investigation, and if the report of the affair can be confirmed, summary action will follow.

The incident may become a second Indianola case. This rural route was put in on March 1 last. There were five applications under the Civil Service rules for the appointment as carrier. The three men passing the highest on the list were colored. Under the civil service rules the Postmaster General says there is no option with the Department except to appoint a person who stands highest on the list. Therefore Allen F. Dillard, colored, was appointed.

He resigned about three weeks ago, and on the 26th of last month the Civil Service Board certified the second man on the list, John C. Allgood, colored.

BIG STRIKE EXPECTED

DECISION OF GREAT NORTHERN'S MEN TO BE KNOWN ON SUNDAY.

ST. PAUL, May 7.—Messrs. Garretson and Newman, of the trainmen's organization, have instructed all the committeemen now on the Great Northern Railway system, taking the vote of the men, to report Sunday at the Windsor Hotel. If the vote is found, as the trainmen expect it will, to be in favor of authorizing a strike, the matter of declaring one will be wholly in the hands of the grand officers and the committeemen.

Mr. Garretson said today that he thought every yardman, baggageman, passenger and freight conductor and brakeman would quit work if an order to do so was given. In round numbers some 2750 men are members of the organizations who are making a fight on the double-header question. The grand officers say the vote will be known Sunday morning, but out of courtesy to the general manager of the road it would not be made public until after being submitted to him, probably Monday morning.

BOTH HAD EXPERIENCE WITH AN INNOCENT ELECTRIC LIGHT POLE.

CEDAR GROVE, N. J., May 5.—Needling a temporary hitching place for a cow James Stein made use of an electric light pole intending to drive a stake in the ground to hold the tether chain. The pole held a lightning arrester and had a wire running from it to the ground. The pole was charged with electricity and the chain carried a shock to Stein which hurled him seven feet. The cow, shocked at the same time, jerked the chain out of Stein's hand which probably saved his life. After a few seconds Stein tried to get up. He was almost mad with pain. A physician worked over him for an hour before he recovered.

FILED FINAL ACCOUNT.

T. M. Jones, administrator of the estate of Henry M. Jones, deceased, yesterday filed his final account in the Marion county probate court, and Tuesday, June 9, 1924, at 10 o'clock a. m., was the time fixed by the court for hearing same.
