

RECOGNITION OF THE UNION

Prime Object of the Striking Electrical Linemen

SITUATION IS UNCHANGED

Strike Has Interfered With Company's Extra and New Work

DEMAND A HIGHER WAGE SCALE ALL ALONG THE LINE—LOCAL LINEMEN STRUCK ON TUESDAY BUT THREE WENT BACK YESTERDAY MORNING TO WORK.

SAN FRANCISCO, June 24.—It is estimated that there are 1500 linemen employed by the Pacific States Telephone & Telegraph Company in California, Oregon, Washington and Nevada on a strike. There was little change today in the strike. President Sablin said that only half his men were on a strike. He claimed to have plenty of men to do the ordinary duties, but said the strike interfered with the extra work and the new work. He declared the greatest objections to the demands of the linemen was that none but union men should be employed.

All the linemen belonging to the Electrical Workers & Employes Union, employed by the Pacific States Telephone & Telegraph Company, in the states of Oregon, Washington, Idaho and California, have gone upon a strike because of the refusal of the company to accede to their demands for a higher wage scale.

Pursuant to the order for the strike all of the linemen employed by the local management of the company walked out on Tuesday morning and refused to go to work. There are four linemen employed by the local office and only one of these belong to the Electrical Workers Union. Yesterday morning three of them returned to work, but the union man is still holding out.

W. H. Dancy, the manager of the local office, said yesterday that the electrical workers, while to all avowed intents and purposes are asking for higher wages, the real object of the strike is to enforce a recognition of the union, demanding of the company that none but union men be employed in order to compel all of the non-union employes to join the union. This the company has refused to do and threatens to fight the matter to the finish. So far, and especially in Oregon, Mr. Dancy says the service of the company has not been materially crippled, but the force of help is cut down about one-fourth, and the situation is not at all serious from the company's point of view. But whether the Electrical Workers' Union will call upon other laboring unions to help them out with the strike, Mr. Dancy could not say, as he had not been informed as to what the head management of the company anticipated in this respect.

Mr. Dancy says further that the members of the Electrical Workers' Union are employed with all the telegraph and telephone lines in the Western states and that the Pacific States Company was singled out for attack mainly because it employed the greatest number of men and if the strike proved successful in this case the precedent would be laid before the other companies with the same demands. He does not think the electrical workers' cause warrants them in calling a strike for the reason that they are receiving the highest wages paid and he does not think them strong enough to enforce a recognition of the union.

TO CLOSE A DANCE HALL. OLYMPIA, June 24.—The city officials here are getting ready to close the new dance hall which started in this city last Saturday evening, and a pretty fight is promised. It was ordered by Mayor C. J. Lord not to open, but got around the law cleverly by

THE STAMP OF TRUTH

Salem Residents Know It Well. There is the stamp of truth on a statement endorsed by people we know by our friends and neighbors. The following experience of a citizen is but one case of scores right here at home. Charles Beadle, veteran of the civil war, member of Company I, N. Y. Infantry, residing at 423 West Sixth street, Eugene, Ore., says: "I was afflicted with kidney complaint for a great many years. I might say, ever since I came out of the service in the sixties. I never knew the moment when any over exertion or the contraction of a cold would bring on an attack and on more than one occasion I have been so bad that I was almost helpless. The last severe attack I had was about six months ago, when the lameness across the small of my back set in in dead earnest and felt as though there was a heavy weight over each kidney. There was a weakness of the bladder and kidneys and the secretions were not under proper control. Some of the numerous remedies I used gave temporary relief, but that was all. Learning about Doan's Kidney Pills I got a box. I felt their beneficial results after a few doses. I shall always keep them on hand to have in case of need. I met one of my old comrades, Mr. Stowell, who was complaining of his back and kidneys. I told him to get Doan's Kidney Pills. He took my advice and a day or so after I asked him about the pills. He said they were the finest thing he ever used and that they straightened him up in a hurry. Plenty more proof like this from Salem people. Call at Dr. Stone's drug store and ask what his customers report." For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

furnishing a bar at which only "soft drinks" are sold, while the side door of the dance hall opens into the "Green Tree" saloon, which is open day and night.

The dance hall proprietor, William McGowan, or "Big Bill," as he is more familiarly known, is also proprietor of the "Green Tree" saloon, and his attorneys claim that he has the right on his side, that his dance hall cannot be disturbed so long as no intoxicating liquors are sold there. The city officials are looking up the law and expect to go into the courts, if necessary, to close the place. It ran formerly with all the accompaniments of the dance hall, but was closed up by the authorities.

BRYAN WINS HALF VICTORY

A Silver Democrat Nominated for Governor of Iowa

AFFILIATED WITH BRYAN

But Was Acceptable to Gold Democrats Who Were in Control

CONVENTION REFUSED TO RE-AFFIRM THE DEMOCRATIC NATIONAL PLATFORM OF 1900 AND TO ADOPT REPORT DEMANDING GOVERNMENT CONTROL OF R. R.

Des Moines, Iowa, June 24.—The Ticket: Governor—J. B. Sullivan, of Creston.

Lieutenant Governor—D. B. Butler, of Iowa county.

Judge of Supreme Court—John R. Caldwell, of Tama.

Superintendent of Public Instruction—A. R. Cook, of Howard.

Railroad Commissioner—W. S. Porter, of Harding.

The Democratic state convention by a vote of 463 9-19 to 354 7-19 refused to adopt the minority report signed by four members of the committee on resolutions adding to the platform, reported by the seven members constituting the majority of the committee a plank re-affirming the Democratic National Platform of 1900, and by a vote of 628 1-2 to 199 1-2 rejected another minority report adding to the plank demanding the Government control of the railway charges, a provision that, in case such control should not prove effective, the National Government should acquire the ownership of the railroads.

All the nominations were made by acclamation. J. B. Sullivan, the nominee for governor, has been affiliated with the Bryan wing of the party, but he was acceptable to the old Democrats.

Are in Full Control.

New York, June 24.—J. C. L. Osgood presented his resignation as chairman of the board of directors of the Colorado Fuel & Iron Co. at the monthly meeting of the directors today. J. H. Clement succeeds Osgood. Today's change in the company are accepted as evidence that the Rockefeller-Gould interests are in complete control.

THIRTY-FOUR FLOOD BILLS

KANSAS LEGISLATURE CONVENES TO PROVIDE RELIEF FOR THE SUFFERERS.

Topeka, Kas., June 24.—The legislature convened in extra session today to relieve the flood situation. Thirty-four flood bills were introduced in the House and nearly as many in the Senate. The session will last several days. A big fight has developed on the question of making an appropriation to relieve the flood sufferers. It was expected Governor Bailey, in his message, would outline some plan of relief, but he did not.

More Bodies Found.

Heppner, Ore., June 24.—The bodies of Elsie Jones and Mrs. Clyde Wells were recovered today five miles from here. Money has been sent in today from all over the United States to the amount of \$4,022.

INJURIES WERE FATAL.

TACOMA, June 24.—Jim Coates, a prominent and wealthy Indian of the Puyallup tribe, died last night from injuries sustained by a fall from a railroad trestle Monday night, while trying to climb out on the timbers to escape being run down by an interurban train. He dropped 20 feet from the trestle near Wapato, a few miles from Tacoma.

Coates was 60 years of age and worth about \$15,000. In his younger days he was prominent in the tribal councils. His only living relative is his wife, who left him some time ago and is living at Nisqually.

THE EMPEROR HONORS THE AMERICAN NAVY

KIEL, June 24.—Emperor William's yacht, the Hohenzollern, arrived tonight. She had the Stars and Stripes flying from her aftermast. This courtesy being without precedent in the German navy, caused Rear Admiral Cotton at an audience with the Emperor, to thank His Majesty in the name of the President of the United States for the honor shown the American navy.

SIR THOMAS LIPTON THINKS HE WILL WIN

NEW YORK, June 24.—Sir Thomas Lipton arrived today on the steamship Oceanic. J. P. Morgan was also a passenger. Thomas said he was glad to arrive once more. General Corbin presented Sir Thomas with an invitation from President Roosevelt to lunch with him Friday, which the yachtman accepted. Sir Thomas Lipton was the

MAY BECOME MORE GENERAL

Strike on the Chicago & Alton Has Serious Aspect

THE FREIGHT HANDLERS

Went Out Yesterday Because Two Union Men Were Discharged

SIX MEN WERE WOUNDED IN RICHMOND BY GUARDS FIRING INTO CROWD OF STRIKE SYMPATHIZERS—MOTORMEN OF PORTLAND WILL BE ARMED.

Chicago, June 24.—A general strike of all freight handlers employed by the railroads centering in Chicago may follow the calling out of the Chicago and Alton men today. According to President Carran, of the Freight Handlers' union, unless the management of the Alton road shall recede from the stand taken, it will be necessary for him to extend the strike to the other lines to enforce the demands of the union. The freight handlers employed by the Alton road quit work today because two union men had been discharged.

Fired into Crowd.

Richmond, Va., June 24.—Six men were wounded, two of them seriously, by the guards in the employ of the street railway company, who fired into a crowd of the strike sympathizers. The officers of the company say the guards were fired on first.

The street cars have been run on all lines today under military protection. Two militiamen, with bayonets fixed, stood guard on the front and two on the rear platform of each car. The power house and supply depots within the city also have been guarded with militia.

Will Carry Revolvers.

Portland, Ore., June 24.—Owing to the large number of suburban trolley cars which have been held up recently by highwaymen all the street car companies have decided to arm their conductors and motormen with revolvers.

BEEN DEAD FOR MONTH

DECOMPOSED BODY OF A WOMAN FOUND IN HER HOME.

SAN FRANCISCO, June 24.—Nearly a month ago Mrs. Emma K. Loring, famous as an artist, wealthy and eccentric, died suddenly and alone in an upper bedroom of her home on Sacramento street. Her remains, badly decomposed, were found only yesterday by a policeman, who entered the house at the request of a colored man, who had known the aged woman. The gas was burning when she died, and each night the lamp shone through the window, and, like a never-closing eye, watched the dead.

Shortly after 5 o'clock Patrolman Altridge was approached by a colored man and informed that some mystery was concealed within the three-story frame dwelling at No. 2407 Sacramento street, which was owned and occupied by Mrs. Loring. He explained that he had been trying to see Mrs. Loring for several weeks, but that no response to his rings at the bell had been made. This led to the ghastly discovery.

Mrs. Loring was a native of Germany and about 67 years of age. She was the widow of Dr. Loring, a retired army officer. Years ago the Loring's were quite prominent in San Francisco. He possessed a considerable fortune, and to this his wife added \$120,000 which she inherited from relatives after her marriage. The couple accumulated considerable property in this city and Oakland, and when Dr. Loring passed away his widow was regarded as a wealthy woman.

NO TRACE OF LOST CHILD.

ASTORIA, Or., June 24.—There is still no trace of the little two and a half year old Albert Erickson, who mysteriously disappeared from his home on last Saturday afternoon. The continued search for him has been so carefully made that it removes the possibility of the body being secreted at any place in the immediate neighborhood. The feeling against the Chinese gardeners who lived nearby has died down as there is the growing belief that the boy was killed and eaten by hogs which wander around the vicinity, but no trace of blood or the boy's clothing can be found. The search has not been abandoned, but those who are conducting it are completely mystified.

LIVING FROM HAND TO MOUTH.

It Means Starvation for Some.

An eminent physician of this city recently said: "Very thin people live from hand to mouth, and have little reserve for emergencies." Of course we know of persons whose nature it is to be thin—"born that way," some

say, but there is a healthy standard by which a person who knows himself can gauge his good health or poor health. If for any reason he or she is below his or her normal weight, then it is wise to look out for trouble. In case the germs of grippe, typhoid, or consumption gain an entrance to the body they find a fertile field and develop immediately. We can only compare this sudden taking on of disease germs by the thin body, to the fertile field which lays fallow until an

unfortunate wind carries the seeds of some wild and worthless plant there and they quickly root and flourish. Almost any grave change in health is at once betrayed by the loss of flesh, which shows most often in the face. This condition almost always co-exists with impoverished blood. A gain of flesh up to a certain point means a rise in other essentials of health; the red corpuscles of the blood are increased, and the color improved. When persons find themselves losing weight they should heed the warning, and use the proper means in time before disease fastens on them. A tonic alternative is needed to digest and assimilate the food.

Cool-Liver Oil was the old fashioned remedy for a run-down system, or a chronic wasting disease. The digestion of the oil is a task for the healthiest stomach, and sensitive stomachs rebel against it. A great improvement in the means employed for the benefit and cure of such cases is Dr. Pierce's Golden Medical Discovery, which maintains the nutrition of the body by enabling the person to eat, retain, digest and assimilate food. It overcomes indigestion if present, soothes the cough, and, by its alterative properties, cleanses the blood. All the organs therefore are fed on pure, rich blood; and the person using the "Golden Medical Discovery" gains in flesh and strength. Fever, night-sweats, headache, are dispelled. It is just the remedy for the Consumptive, for the victim of Catarrh of the Lungs, or the sufferer from Bronchitis.

Mrs. Lydia James, of Ogdensburg, Wis., writes: "For eight years I had catarrh of the throat in the very worst form; could hardly speak above a whisper for two years. Tried nearly a dozen patent medicines without relief. I was so discouraged that I just about decided catarrh could not be cured with any medicine. My father, however, advised me to try Dr. Pierce's medicines before giving up. I followed his advice and commenced using the medicine on the twentieth of December. I was surprised to note the result of the first month's treatment. After using six bottles of Dr. Pierce's Golden Medical Discovery, I was perfectly cured. It has been months since I took the last medicine, and I have not had the least return of my trouble. I have felt better during the past two months than for seven winters previous to this time."

Mrs. Robt. Lambden, of Havana, N. Dak., Box 94, writes: "No one can tell how much I suffered with my leg. It was so bad for a year I could hardly walk around to do my work, and at times couldn't even bear the weight of a sheet over me at night, but your medicines cured me. My leg is quite well again. After I had taken two bottles of Dr. Pierce's Golden Medical Discovery, I began to feel very different and kept getting better. Took nine bottles of Golden Medical Discovery, also used Dr. Pierce's All-Healing Salve, and now my leg is as well as it ever was. Am willing every one should know what good your medicines have done, and would advise any one suffering as I did to try the same treatment. I think and feel sure it will help them."

THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for purifying the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor. There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

World's Dispensary Med. Ass'n, Prop'rs, 663 Main St., BUFFALO, N. Y.

HE VIOLATED THE STATUTES

Ex-Congressman Driggs Indicted by Grand Jury

UNDER SERIOUS CHARGE

Received Emoluments, While in the Employ of the Government

RECEIVED CHECK FOR \$500 FOR PROCURING A CONTRACT FOR THE BRANDT-DENT CO. FOR AUTOMATIC CASHIERS—WYNDHAM MAKES A TEN STRIKE.

NEW YORK, June 24.—Ex-Congressman Driggs was today indicted by the Federal Grand Jury in Brooklyn. There are sixteen counts in the indictment, which charges that Driggs between July 20 and 24, 1900, unlawfully agreed to receive and did receive a \$500 check from the Brandt-Dent Co. for procuring a contract from the United States Government for making and delivering 250 automatic cashiers for the Post-office Department. Driggs previously admitted receiving a salary of \$12,500 from the Brandt-Dent Company for introducing its machines. The indictments were found under the United States statute which provide for the punishment of any person "receiving an emolument while in the employ of the Government."

He Saved the ill.

London, June 24.—Mr. Wyndham, Chief Secretary for Ireland, today introduced an amendment to the Irish Land Bill, designed to remove the difficulty in regard to the retention of the provision for a minimum price at which the tenants may purchase their holdings and permitting bargains to be made outside the judicial zones. The agreement is hailed on all sides as being a great concession. John Redmond declared Wyndham had saved the bill and the amendment was agreed to amid cheers.

No need to fear sudden attacks of cholera, infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

Thirty-two per cent of the boys and 3 per cent of the girls in the schools of Chicago have defective vision, falling two-thirds below the normal, and this number grows steadily larger from the beginning to the end of school life.

DELAYS ARE DANGEROUS.—Do not delay having your Engine and Harvesting Machinery put in good repair so it will be ready when needed. I am well equipped to do all kinds of repairing, but I can not do it all at once, so bring me your work early. E. M. Kichtlinger, Agent for the Buffalo Pitts Engine and Thresher, all extras furnished on short notice.
