APPEAL TO HIGHER COURT

PLAINTIFF NOT SATISFIED WITH RULING MADE BY JUDGE HORGAN.

(From Thursday's Daily.)

A transcript on appeal in the case of Joseph Lemmons by B. F. Bonham, as guardian ad litem, vs. Stephen Huber, was yesterday filed in Department No. 1 of the state circuit court for Marion county. The case, which is an action for money claimed by the plaintiff to be due and owing from the defendant for a certain amount of hay belonging to the plaintiff, which it is alleged the defendant took possession of and used, was tried in Justice of the Peace Horgan's court on March 16. After the testimony on behalf of the plaintiff had been introduced, the defendant, by his attorneys, moved for a non-suit, which was granted by the court.

From this decision the plaintiff now appeals, also from Judge Horgan's order allowing the defendant the sum of \$22.50 as his costs and disbursements. The original amount sued for by Lemmons was \$21.50.

Carey F. Martin is the attorney for the plaintiff and appellant.

(From Wednesday's Daily.)

Governor Chamberlain yesterday concluded to accept the resignation of Dr. W. A. STATE CASE DISMISSED

GREATER PART OF DAY WAS DEVOTED TO TAKING TESTIMONY.

(From Wednesday's Daily.)

Judge Geo. H. Burnett held another session of Department No. 1 of the state circuit court yesterday. The greater part of the day's session was devoted to the case wherein the Bank of Woodburn is plaintiff, and Jim Tong, a Chinaman, defendant, H. E. Cole, et ux, being the garnishees. By the agreement of the attorneys the case, which was an action for money, was tried without a jury. A great deal of testimony was introduced, and after the argument by the respective attorneys, the case was taken under advisement by the court.

During the day's session the following docket entries were also made by the judge:

State of Oregon, plaintiff, vs. Fred Williams and Peter Adams, defendants; criminal; dismissed by district attorney.

Thomas Gibson, plaintiff, vs. Mary F. Gibson, et al., defendants; action for money; motion to strike out parts of reply sustained as to first specification, and otherwise overruled.

P. L. Frazier and J. M. Long, plaintiffs, vs. The Western Union Telegraph Company, a corporation, defendant; action for damages; defendant's motion for leave to answer argued.

F. J. Strayer, plaintiff, vs. W. Hayden defendant, and F. L. Dunbar, garnishee; action for money; default and judgment against defendant.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing me but a few cents, cured me." For sale by Dan J. MANY BILLS AUDITED

EXECUTIVE COMMITTEE TRANSACTED CARNIVAL BUSINESS LAST NIGHT.

(From Wednesday's Daily.)

The executive committee of the Greater Salem Mid-Summer Carnival held a long meeting in the police court room of the city hall last night, at which time H. D. Patton, August Hucklestein, Frank Willman, W. E. Scott, Max O. Buren, Paul Sroat, Chas. H. Hinges, N. J. Judah and J. G. Graham, were present.

A summary of the financial condition of the committee was made, but an exact report could not be made, as all of the claims against the committee have not yet been presented, and some of the revenues are still to be called in. The status of affairs as safely approximated, will leave to the committee from \$50 to \$100 on the venture.

General Manager Judah, and Financial Manager Hucklestein have not yet filed their final reports, but will probably do so at the next meeting. There is considerable saleable property on hand, and General Manager Judah and Sub-Manager Willman were charged with the disposal of this property. The general manager was instructed to begin issuing warrants on Financial Manager Hucklestein for all claims which were audited by the committee last night. A few bills which have been presented will have to be adjudicated, and paid a little later. The committee is glad to announce that no recourse, whatever, will be made to the guarantee fund.

The Santiam ditch, which supplies water for operating the Salem Flouring Mills and the Woolen Mills, is now dry the water having been turned out on Sunday morning, and Monday morning work was begun on the extensive repairs which are found necessary. A force of fifteen men are working near this city, repairing the dam back of the Woolen Mills, and putting in new gates for the control of the water. The bed of the ditch and the banks also will need repairing in many places. Yesterday all of the small boys in the city found paying occupation by catching crawfish and eels and selling them around. They both form very choice dishes for those who are fond of such things.

Wm. P. Babcock, manager of the property, went to Stayton yesterday, where another crew is at work clearing out the head of the ditch and making other necessary repairs.
