

The Watch That Keeps Poor Time

We would like to lay our hands on every watch or clock in this whole town that doesn't keep good, correct time. We would make them return their ways and become as exact and punctilious as the sun itself, or know the reason why. Suppose you bring in any timepiece in your possession that has gotten remiss in its duties. We will put it in the pink of condition once more, at the lowest charge consistent with due care and skill. Our repairs are both expert and painstaking. You may feel very sure that the work will be done promptly and well.

ITEMS FROM STAYTON

RAIN ON JULY FOURTH DAMPENED THE ARDOR OF THE OCCASION.

Fred Seedenberg, of Philomath, returned home Monday, after several days' visit with his sister, Mrs. L. A. Thomas.
The Misses Christina and Hughetta McCrow returned to their home near McCoy on Monday, after a few days' pleasant visit with their sister, Mrs. Joseph Fisher.
Miss May Worley attended the Carnival in Albany several days last week. She is the guest of her sister, Mrs. Frank Rowe.
Julia Nixon, who has been visiting her grandparents, Mr. and Mrs. H. H. Morley, for several weeks past, returned to her home in Jefferson Tuesday.

Mrs. E. T. Mathieu and Miss Susie Kearns drove to Salem Wednesday, returning in the evening.
Chas. Loose, Harry Porter and John Walker returned Tuesday from a fishing excursion up the Santiam. They succeeded in catching over nine hundred of the finny tribe.

THE REASON.

There is no medicine equal to Doctor Pierce's Golden Medical Discovery, for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak nervous people vitality and vigor.

Many people wonder how a medicine that can cure indigestion can also cure blood diseases. The reason is that pimples, sores and all skin diseases are the direct result of impure blood. If we can find some way to purify the blood and eradicate the poisons—we can cure the disorder which shows on the skin. The "Discovery" helps the assimilation of food in the stomach—thus the blood takes up from the stomach what it requires to make good rich blood, thereby increasing the red blood corpuscles. At the same time the liver is forced into activity and the poisons in the body are thrown out.
"I am pleased to tell you that three bottles of Doctor Pierce's Golden Medical Discovery has cured my husband of liver complaint and indigestion," writes Mrs. G. Hall, of Nowar, Ontario. "He suffered for a long time with pain in his right side and had to leave off work several times. Tried three doctors here but they did not do any good; also tried several kinds of patent medicines but received no benefit. Then I wrote to you and you advised us to try your 'Golden Medical Discovery.' We got a bottle at once and before my husband had taken all of this one bottle, he was feeling ever so much better and able to work again. He continued with the 'Discovery,' until he had taken three bottles and

CRUSHED BY A WAGON

AN EMPLOYEE OF NORRIS & ROWE KILLED—DRUNK AT THE TIME.
PENDLETON, Ore., July 9.—The lifeless body of a man was found in the grounds where the Norris & Rowe circus had exhibited, at an early hour this morning. The body was badly bruised; several ribs were broken, and internal injuries had been inflicted which had caused his death.
The man was drinking in the evening, and it is supposed he had lain down in the road and gone to sleep, and that the heavy wagons of the circus had passed over him in the dark. The body was identified by C. M. Sullivan, a man who had been in the city. He did not know the victim's name, but said he was known by the show people as "Happy Hooligan."
Manager Rowe was called up by telephone at La Grande this morning, and

said the man had not been missed, but on investigation "Happy Hooligan" was found not to be with the show. Mr. Rowe said the man's real name was C. R. Allen, and that he was from Hartford, Conn. He was addicted to

drink, but had been with the company for two years, and except when on spree was a faithful employe, and stood well with all the people of the show.
The coroner's jury returned a ver-

"The Man With the Binder"

Is the man we're all interested in about this time of year. We all come back to mother earth for our bread and butter, and the farmer and his binder are important factors in our existence. Throughout the world the name McCormick has become a household word, and for more than three score years has represented the highest attainment in the manufacture of harvesting machines. The international renown of the McCormick is due to the genius that could originate and maintain one of the world's greatest enterprises, which in the seventy-two years of its history has grown from a small blacksmith shop to the mammoth world-centre works now embracing 170 acres of industrial activity.

The proprietor of Wiggins' Implement House recently spent a day in this mammoth factory at Chicago, and comes back to sell them to the farmers of the Valley, more than ever convinced of their superiority. One could fill a whole page of this paper with points of superiority over other machines, but the best test of their merit lies in the fact that the farmers who operate them never change. Here are two vital points. There are scores of others, come and see them for yourself.

MAIN WHEEL—One of the principal features of a binder, and one that so strongly emphasizes the great worth of the McCormick, is the high and wide main wheel—the highest and broadest wheel ever built for a binder, and this fact explains the success of the McCormick in the most unfavorable conditions of wet and muddy ground. The main wheel on the new McCormick binder for 1933 is specially designed to secure the necessary strength and rigidity to support the machine and furnish ample power to operate the working parts. All these qualities are well combined in the McCormick main wheel. A large part of the machine is supported on this wheel which is so constructed that the strain is equally distributed upon all the spokes, enabling it to withstand sudden and severe jars without affecting its perfect alignment and stability. The rim is made of cold rolled heavy steel plate, and it is impossible to bend it out of shape even under the roughest usage. These features are specially valuable when it is necessary to harvest grain on rough or stumpy ground.

BINDER FRAME—Both sides of the main frame on the McCormick binder are composed of heavy square steel tubes; and the front and rear sills are made of heavy angle steel which makes the frame exceptionally strong and substantial. This form of construction secures absolute rigidity of the machine and perfect alignment of the bearings.
A noteworthy feature of the McCormick is strong construction. To work successfully a binder frame should be built to withstand the strains to which it is frequently subjected. The main frame and the main wheel on the McCormick form the strongest kind of a foundation for a machine that is strong throughout.

\$3000 FORFEIT

The above will cheerfully be paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original testimonials and signatures of the individuals volunteering those published below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.
World's Dispensary Medical Association, Prop's, Buffalo, N. Y.

THE REASON.—There is no medicine equal to Doctor Pierce's Golden Medical Discovery, for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak nervous people vitality and vigor.
Many people wonder how a medicine that can cure indigestion can also cure blood diseases. The reason is that pimples, sores and all skin diseases are the direct result of impure blood. If we can find some way to purify the blood and eradicate the poisons—we can cure the disorder which shows on the skin. "I am pleased to tell you that three bottles of Doctor Pierce's Golden Medical Discovery has cured my husband of liver complaint and indigestion," writes Mrs. G. Hall, of Nowar, Ontario. "He suffered for a long time with pain in his right side and had to leave off work several times. Tried three doctors here but they did not do any good; also tried several kinds of patent medicines but received no benefit. Then I wrote to you and you advised us to try your 'Golden Medical Discovery.' We got a bottle at once and before my husband had taken all of this one bottle, he was feeling ever so much better and able to work again. He continued with the 'Discovery,' until he had taken three bottles and

is now feeling better than for years. We both thank you, and, if you think by publishing this that it will benefit other sufferers, you are at liberty to do so. We have got several friends to try your 'Golden Medical Discovery' for different complaints and I am pleased to say that it has never failed. We wish you every success."
"This is to certify that I have used Dr. Pierce's Golden Medical Discovery and think it's the greatest medicine in the world," writes Mrs. V. M. Young, of Weir, W. Va. "I took down sick in January last (six months ago) and called in our physician and he gave me medicine but I grew worse. He said I had dyspepsia in its worst form. I decided to try your medicine and began to improve. I used five bottles, two of the 'Golden Medical Discovery' and three of 'Favorite Prescription,' and now am doing my own house work. A number of my lady friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless and prosper you in your grand work."
"I take pleasure in recommending Dr. Pierce's Golden Medical Discovery as a blood purifier," writes L. J. Smithwick, Esq., Accountant, of Norfolk, Va. "For years I was a sufferer from a very obstinate form of skin disease, commonly known as tetter, which, being confined to the palms of my hands and fingers, was very annoying. In cold weather the skin would become hard and dry and would break or crack, which was very painful."
"I wrote to Dr. Pierce stating the case and requesting his advice. He advised me to try his 'Golden Medical Discovery' to purify the blood after which he thought the skin trouble would all disappear, and I am grateful to say that after the fourth bottle there was no sign of the disease left. I think Dr. Pierce's Golden Medical Discovery a wonderful blood purifier and most heartily recommend it to all who may be suffering from any form of skin disease."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 cents in stamps for paper cover, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Russell Engines

and threshers have become a household word in Oregon as well as in many other parts of the country. If you're interested in machinery or engines drop us a line and we'll mail you printed matter.
The low hung supply can on the Sharples saves many a back ache to the tired women-folks. The long hollow bowl with no parts inside to clean is an' ther big saving in time and patience. The enclosed gear running in oil insures perfect lubrication and perfect safety. These are all features that are exclusive to the Sharples. Come in and see the machines. We sell for cash or installments and guarantee the separators in every particular. Drop us a line and we'll mail you printed matter. We've had a splendid sale for the machines this season.

Parson's Self Feeders

to fit any and all makes of separators. Send us the name and size of your separator and we'll quote you prices. You can't compete with your neighbor if you have to feed by hand.

Birdsell Clover Hullers

The only huller using the rasp cylinder and concaves, instead of the teeth, thereby presenting a surface to the clover heads that gets all the seed. Clover seed is too valuable to be thrown away in chaff, and we can follow up any other huller on the market and particularly any threshing machine with huller attachment and make big money on the seed we get from chaff they've thrown away.
