Where the Throngs of People May Visit and View Them

FAITHFUL KISS HIS FEET

Which Protrude Thro' Gate as They Pass Into the Great Church

The Attendants Broke Down Door in the Crypt to Deposit His Viscera

ROME, July 22.—Tonight the body of the Pope lies in state at the Basilica of St. Peter's. Beginning tomorrow at sunrise the people of Rome will be permitted to pay their last farewell.

Cardinals met and decided to hold a conclave under the identical regulations which obtained at the conclave which elected Leo. Dr. Lippont presented to Cardinal Gregorio a report of the autopsy which was held yesterday, which showed that there was no sign of cancer in the Pope's body.

Ready for the Throngs. Rome, July 22.—At 8 o'clock this evening all was in readiness to take the body of the Pope from the Vatican to the Basilica of St. Peter's. A mournful procession gathered around the bier, which was gently lifted by Sedari. The dead Pontiff was now clad in all the pomp of his holy office.

Leading the procession as it passed out of the throne room came the sacroscapulars carrying lighted torches. Behind them were the aged mice bearers and other domestics of the Papal household. The picket of the Noble Guard and all the clergy of the Vatican followed.

The ceremony tonight when the body was conveyed from the throne room to St. Peter's, was one of the most striking of all the obsequies. During the day the congregation of

the cortege came to a standstill. There the Cardinals, who had been waiting in the hall of the Consistory took their places immediately behind the nephews. After the Cardinals came the whole diplomatic body accredited to the Vatican. The robes and Swiss police guards brought up in the rear.

When the flaring torches entered St. Peter's, the choir commenced to sing in sorrowful cadence "Libera, de Domine." The body was stretched behind the iron gates and two members of the noble guard took up positions on either side of the bier. The procession then returned to the Vatican, leaving the body in the greatest church in the world, alone, except for the faithful guard and the penitentiaries. The body of the dead Pope tonight rests on high catafalque with his stippled feet protruding through the gate to be kissed by the faithful when they will be admitted to the church tomorrow and the following two days.

Hitch in the Proceedings. Rome, July 22.—While the remains of the Pope were being carried into St. Peter's this evening the private ceremony of depositing the urn containing his viscera in the Church of St. Vincent and Anastasius was taking place, a curious hitch occurred when the solemn procession arrived at the door of the special depository in the Crypt. It was stopped, as the key was not to be found. The attendants finally were obliged to break down the door. The depository had not been opened since 1846, as contrary to custom, the viscera of Pius IX are at St. Peter's. The rector of the Church of St. Vincent and Anastasius will ask that the viscera of Pius be transferred to his church also, in order to make the sequence complete.

Relatives Provided For. Rome, July 22.—The will of the late Pope is still unopened. Leo's intimates say, however, that it declares his intention to leave everything he possessed to the church, his blood relations being provided for, already being generously provided for.

not been disappointed, for all the acts are very meritorious and were greeted with considerable enthusiasm. The Lions in their aerial act are very good and performed some difficult feats with ease and dexterity, while the stinging of J. W. Myers was warmly received. This distinguished vocalist possesses a baritone voice of great sweetness and power and his singing of the illustrated songs was warmly applauded. Thatcher and Chenoweth appear to good advantage in their musical skill and the cornet solo by the latter is certainly deserving of praise. Roy Duncan in his monologic specialty and dancing proved himself very popular. The trained dogs and monkey under the care of Prof. Hunt display an intelligence certainly surprising and created considerable admiration. The monkey especially, caused a great deal of laughter over their comical maneuvers. The moving pictures by the polyrape were very good and have some new views among them.

BAD DAY FOR RACING BOATS

Reliance and Columbia Ran Onto a Hard Bottom

RELIANCE NOT INJURED

While the Constitution Lost Her Top-Mast in a Breeze

SHAMROCK III RAN INTO HEAVY BANK OF FOG AND BORKE HER GAFF BEFORE SHE EMERGED—ALL BOATS TO BE OUT IN THE RACE TODAY.

NEWPORT, R. I., July 22.—Within a mile of the start today the Reliance and Columbia struck bottom in Vineyard Sound. The Reliance came off within two minutes, while the Columbia held on over an hour, being finally assisted off apparently uninjured. The other two boats kept on and a strong puff of wind snapped off the top-mast of the Constitution. She proceeded to cross the finish line nearly three-quarters of an hour after the Reliance. A diver examined the fin of the Reliance after her arrival, but could discover no damage. The Constitution procured a new top-mast and will also start tomorrow. The Columbia, apparently uninjured.

HIS ENTRIES WERE FALSE

Superintendent Hedges of the Free Delivery Dismissed

LOANED HIS TRAVEL PAY

And Reported Himself to Be in Places Where He Wasn't Near

IN MANY INSTANCES HE WAS HUNDREDS OF MILES AWAY FROM REPORTING POINT—INSPECTOR ERVIN THORPE, OF NEW YORK, HIS SUCCESSOR.

WASHINGTON, July 22.—Charles Hedges today was removed from the office of Superintendent of Free Delivery of the Postoffice Department, on a charge of falsifying his diary and loaning his traveling commission. It is charged that he reported himself at various places, when in fact, he was not at those places on the dates mentioned, in some instances being hundreds of miles away. Ervin Thorpe, the postoffice inspector in charge at New York, has been designated acting superintendent in the place of Hedges.

HUCKLEBERRY SEASON

PARTIES ARE BEING FORMED IN EASTERN OREGON TO GO "BERRYING."

SUMPTER, Or., July 22.—Huckleberries are beginning to ripen in the foothills of the Blue Mountains. Never before was there promise of such a beautiful crop as is now presented. The season has been an ideal one for their growth. There were no early frosts, and as a consequence none were blighted. Every bush is loaded, and already parties are being formed to go out and gather the luscious fruit.

No part of Oregon is so beautiful as this section during the summer months. Where the mountain districts of Western Oregon are thickly covered with timber and underbrush, that of Eastern Oregon is totally different. The green pines are not mixed with the scruboak, but instead one can ride and drive for miles in a cool shade in what seems a comparatively open country. Luxuriant grass covers the whole district from one end to the other. When a plateau is reached the sight is most pleasant. For miles there is seen a carpet of green with tall pine trees reaching up close together to form a continual shade, and at the same time admitting just enough sunlight to make the scene rival that of Paradise. Tourists are beginning to realize this, and each summer there is an increased number coming here for their annual outing.

GOT THE CONTRACT

SALEM MILITARY BAND WILL FURNISH MUSIC AT STATE FAIR.

President W. H. Wehrung and Secretary M. D. Wisdom, of the State Fair Board, have been spending the week in Salem at the Fair Grounds over-seeing the building and improvements which are in progress at the latter place and attending to the numerous little details incident to their respective offices in relation to the approaching fair.

Secretary Wisdom reports that all work is progressing quite satisfactorily and that so far as he can now see everything will be in readiness for the big fair in due time, although, in spite of the numerous additions which have been built the facilities for accommodating the exhibitors will still be inadequate, but the Board will strive to overcome this feature.

The contract for furnishing the band music for this year's fair has been awarded to the Salem Military Band, which, under the leadership of Prof. W. E. McElroy is fast becoming one of the best musical organizations in the Northwest and will furnish only music of the best class for the occasion.

FAST HORSE BURNED

JOHN MADDEN'S \$100,000 ANIMAL WAS ROASTED TO DEATH IN HIS STALL.

LEXINGTON, Ky., July 22.—The handsome barn on Hamburg Place, John E. Madden's noted stock farm, was struck by lightning today, and burned to the ground before the city fire department could respond. Imported Mifflin, valued at \$100,000, and sire of Acushit, Skiffel, Mexican, Glassful, Bardolph, Dimple, Joctund and other noted ones, was burned to death in his stall. Every effort to save his life failed. Mr. Madden, who was at Saratoga, will hurry home. The flames soon drove the stable help away, before they could help the horse, who was so paralyzed that he could not move. The fire department made a hard fight, but of no avail. The horses Frankfort and Gardner were rescued, but several others were burned. The total loss is estimated at \$200,000.

HATCHERIES DOING WELL

WASHINGTON FISH COMMISSION SAYS THE SEASON'S OUTPUT WILL BE LARGE.

ASTORIA, Or., July 22.—T. R. Kershaw, Washington State Fish Commissioner, was in the city yesterday for a few hours while on a trip of inspection to the different fishing centers along the Columbia river. He said that he expected this year to hatch out more salmon from the Washington state hatcheries than ever before. He will use but three of the hatcheries but the capacity is being doubled and the other

hatcheries will be used as eying stations, and the output will be fully fifty million unless unforeseen accidents happen. Deputy Fish Commissioner L. C. Burton accompanied him in the state launch Nola, and today they are in the vicinity of Kalama.

Suits instituted by women are fast melting down the immense estate left by Charles Broadway Rous, the picturesque Marylander, who died in New York. Within a month after his demise three suits were instituted, two of them being successful. One woman sued on behalf of a minor boy, who she claimed was the son of the millionaire's brother. She secured a verdict of \$115,000. Now another suit has been begun, this time by the widow of Charles H. B. Rous, a son of the millionaire. The estate is now in such an involved condition that it is doubtful if one-fourth of it remains to the original legatees when all the suits are settled.

PRINCE CHING HAS REFUSED

He Cannot Open Manchuria Towns to Foreigners

RUSSIA IS IN CONTROL

And China Fears the Consequences in the Event of Such Move

SAYS IT IS IMPOSSIBLE FOR CHINA TO OPEN TOWNS NOT IN HER POSSESSION—MINISTER CONGER IS HOPEFUL OF MAKING COMPROMISE.

PEKING, July 22.—Prince Ching, President of the Foreign Office, has written United States Minister Conger, refusing to open the towns in Manchuria. In his letter he dwells upon the impossibility of China opening to foreigners the towns which are not in her possession, but which are held by the Russian troops and points out the complications which would be likely to follow. It is believed here, however, that a compromise may be reached by including one town—Tsung Kao—in the new commercial treaty.

Will Keep Up the Fight. Washington, July 22.—No matter what fresh obstacle may intervene, our Government is firm in the conviction that the principle of an open door in China should be enjoyed by all nations, and will continue to exert its influence in that direction.

A GREAT FAMILY MAN.

Jonathan Lefevre, of Salt Lake City, is 91 years old, has buried eight wives and has just married a ninth, Mrs. Mary Kersen, a widow of 40. Five generations of his descendants were present to wish the couple happiness. By his eight wives Lefevre had thirty-one children and all of them were born within a period of ten years. Mr. Lefevre was one of Brigham Young's counselors during Utah's stormy times. He is a devout believer in President Roosevelt's race suicide argument and the President's recent speeches on that topic so impressed Mr. Lefevre that he decided to marry again. Mr. Lefevre is wealthy and one of the most respected men in Utah.

WILL SEND \$2.50 FREE

An Eminent Specialist, Who Has Cured Hundreds of So-Called "Incurable" Cases, Will Send \$2.50 Worth of His New Personal Treatment Free.

That these treatments are most successful and wonderfully curative is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after having been given up by six or seven Chicago physicians, another after nine of the leading doctors in New York City, Philadelphia and Chicago failed. Thousands of testimonials sent on request.

The late Prof. J. S. Jewell, M. D., editor of Journal of Nervous and Mental Diseases, Chicago, advised Dr. Miles, the discoverer, to "by all means publish your surprising results." Prof. J. P. Ross, M. D., President of Rush Medical College, wrote in 1874: "Dr. Miles has taken two courses of my private instruction in diseases of the heart and lungs." Col. E. B. Spillman, 9th Regt. U. S. A., San Diego, Cal., says: "Your Special Treatment has worked wonders when all else failed. I had employed the best medical talent and had spent \$2500.

When an experienced and wealthy physician offers to prescribe free \$10,000 worth of treatment for diseases of the heart, nerves, stomach or dropsy it is conclusive evidence that he has great faith in his skill. And when hundreds of prominent men and women freely testify to his unusual skill and the superiority of his New Personal Treatment, his liberality is certainly worthy of serious consideration.

As all afflicted readers may have \$2.50 worth of treatment specially prescribed for each case, free, with full directions, we would advise them to send for our Heart Book, a Copyrighted Examination Chart and free treatment at once. TALKED POLITICS AND LEGISLATION

Every Republican in New York Will Support Roosevelt for President and His Election Just as Certain as His Nomination—Hanna All Right

OSTER BAY, July 22.—While admitting before he left for New York that the proposed financial legislation was under consideration, today, Congressman Cannon insisted that his call upon the President was principally social. Matters of legislation, both financial and general, were discussed briefly and informally.

Senator Platt, of New York, said, after the call on the President today that every Republican in New York was supporting the President freely and enthusiastically and he had no more doubt of his election than he had of his nomination. The Senator said that Senator Hanna, in his judgment, would be re-elected Chairman of the

ESCAPED DEATH ONLY BY MIRACLE

A Fourteen-Year-Old Girl in Somnambulist State Jumps From Window of a Train Running Sixty-Five Miles an Hour and Was Unhurt

SALT LAKE, July 22.—A special to the Tribune from Pocatello, Idaho, tells of the remarkable escape from death near that place early today, of Bertha Wiles, a 14-year-old somnambulist, whose home is in Indianapolis, while the train was running sixty-five miles an hour the little girl jumped from her berth through the window of the sleeper. At the next stop the father of the girl left the train and found her some distance from the track, still asleep, but beyond numerous scratches, uninjured.

BAD FOR THE MOTHER BOY KILLED BY FATHER

FATHER OF ILLEGAL CHILD CANNOT BE COMPELLED TO SUPPORT IT. LAD SHOT BECAUSE HE DID NOT GET UP WHEN CALLED.

OLYMPIA, Wash., July 22.—According to the Supreme Court of this state there is no statute in Washington under which a putative father can be compelled to support his illegitimate child. The case in which this decision is rendered is from Skagit county. In the Superior Court there Peter Tieman was held liable for a monthly allowance for his child born out of wedlock. He appealed his case, alleging that the act of 1881, under which he was convicted, was not valid. The Supreme Court upholds this contention. The act in question was passed by the territorial legislature and was one of the general under a title relating to criminal punishments.

The court holds that the action for bastardy has uniformly been held to be a civil and not a criminal procedure and therefore, it is void, because enacted under a title relating to general criminal statutes. The state contended that Tieman could be held under the common law obligation of a father to support his child, but the court says that "in the absence of a statute there is no legal obligation on the part of a putative father to support an illegitimate child."

AN EXCURSION FROM EUGENE

Baseball Games Will Be the Most Interesting of the Season

THREE OF THE FOUR TEAMS IN A POSITION TO WIN THE PENNANT—THE POSTPONED GAMES WILL HAVE TO BE PLAYED IF EUGENE WINS.

The members of the Salem league baseball team will all be here today, and this afternoon and tomorrow will settle down to hard practice at C. A. C. Park. Si Davis, Salem's third baseman, received an injury to two of his fingers in a game with the "Schillers," at Gladstone Park yesterday, that may prevent him from participating in Saturday's and Sunday's contest with Eugene. It is hoped however, "Faithful" Si will recover from his injury in time to preside over the third game when the Nobles appear upon the diamond and line up for defeat.

The coming games between Salem and Eugene, are the all-important topic among the Salem fans, and judging from the intense interest being displayed at C. A. C. Park will be a sea of human forms on next Saturday and Sunday afternoons. These will be the last games of the regular series. The standing of the three leading teams makes the situation extremely interesting. Either Salem, Eugene or Roseburg can win the pennant. Should Salem win both games on next Saturday and Sunday, and Roseburg win two from Albany, it would put Eugene out of the race for first place, but Roseburg could tie Salem. Should Salem win but one from Eugene, it would still be possible for the latter team to tie Salem. There are two postponed games to be played, one between Salem and Roseburg, and one between Roseburg and Eugene. There is also a game to be played over between Eugene and Albany, the game thrown out by President Turner, of the Valley League, on a report of Empire Westbrook changing his decision on a fly ball, first calling it foul and then fair. Salem leads the bunch with 13 games won and 3 lost, while Eugene and Roseburg are tied for second place, with 11 games won and 1 lost.

A report comes from Eugene to the effect that the manager of the Blues is determined McCormick shall not umpire the coming two games. McCormick has been a fair and impartial umpire in all of the games played, and has been sustained by President Turner in every instance; when his decisions were protested, it would be an injustice to Mr. McCormick to rule him out at this stage of the game, and Manager Irwin will no doubt insist that he be retained in his position. An excursion will be run from Eugene to this city on next Sunday afternoon, over 100 tickets having already been sold in that city. This will bring a large crowd from the south and will help to make Sunday's contest doubly interesting.

HAD HER GAFF BROKEN

Atlantic Highlands, N. J., July 22.—Sir Thomas Lipton watched anxiously from the deck of the Erin today while for an hour his priceless cup challenger was temporarily lost behind a wall of fog. When the beautiful yacht came limping out of the fog with her gaff broken, Sir Thomas was so pleased to see her safe that the accident was of little importance to him. The yacht has a spare gaff and it will be in place in time for tomorrow's race. The new boat was over three minutes ahead of the old when the fog cleared in.

KEPT OUT THE CARTOON

MRS. STUYVESANT FISH FEARED BEING HELD UP TO RIDICULE.

NEWPORT, R. I., July 22.—There is great rejoicing in Cross Ways, the summer residence of Mr and Mrs. Stuyvesant Fish, over the success of the Illinois Central Railway's president, in suppressing publication in a local periodical of a cartoon in which he asserted Mrs. Fish would be held up to ridicule. Mr. Fish heard on Saturday that the cartoon had been drawn, and for three days he argued with the editor, who declared he intended to publish it. Mr. Fish called finally on his attorneys and discussed getting out an injunction. This was not considered feasible, and Mr. Fish invoked the aid of Charles "Police" Richards. The latter succeeded in convincing the editor that he had better omit the cartoon.

WOMEN'S SYMPATHY

Is Proverbial--Salem Women do Exception

How much we owe to the sympathetic side of womanhood. When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by a Salem woman:

Mrs. Needham, wife of W. S. Needham, painter, residing at the corner of Fourth street and Jefferson Avenue in North Salem, says: "Like almost all painters my husband has been troubled with his kidneys for years. The exposure, the reaching, the stooping, combined with the turpentine and materials in the paint, all tending to put the kidneys out of order. His back often ached badly at night when he came home from work and when he caught cold it always aggravated the trouble. He read an advertisement about Doan's Kidney Pills and procured a box at Dr. Stone's drug store and used them. They did good work by helping him at once and he continued their use until relief was obtained."
