

HEAVY STORM IN MISSOURI

It Visits St. Louis and Creates Considerable Damage

ONE PERSON WAS KILLED

And Several Badly Injured Some of Them Perhaps Fatally

GREATEST FURY WAS FELT AT THE WORLD'S FAIR GROUNDS, WHERE DAMAGE WAS DONE TO THE EXTENT OF \$10,000—WIND STORM IN KANSAS.

ST. LOUIS, Aug. 5.—One of the heaviest storms of the year, but of brief duration, swept over St. Louis at 3 o'clock today, being preceded by a wind that in the western portion of the city developed into a miniature typhoon, which tore through the World's Fair grounds, killing one man, probably fatally injuring another, and severely injuring seven, besides causing damage to the World's Fair buildings and other property to the extent of \$10,000.

The Worst in Years. Lawrence, Kas., Aug. 5.—The most terrific wind storm that has occurred here in years took place tonight. Trees were levelled, roofs were blown off, signs torn down, electric light and telephone plants put out of business, and the streets made impassable.

Caused by Lightning. Louisville, Ky., Aug. 5.—Fire caused by lightning tonight destroyed the Bourbon Stock Yards. Four hundred and fifty sheep were burned. Loss, \$25,000.

PORTLAND, Me., Aug. 5.—At midnight last night that portion of the New England coast from the boundary to Cape Ann had been theoretically threatened by a hostile fleet for a period of twelve hours, but so far as known the "enemy" had not taken advantage of a northeast storm and thick weather to slip past the defend-

The attacking fleet has been at sea for about three days and will have till Saturday to win the game planned by the naval experts in Washington by occupying any of the harbors on this portion of the coast for a period of five hours without being destroyed.
