### A Fierce Storm Visits Entire United Kingdom

## HEAVY FLOODS REPORTED

### And Telegraphic Communication With Ireland Cut Off

SEVERAL VESSELS REPORTED ASHORE AND GREAT EXCITEMENT PREVAILS IN CONSEQUENCE—ACCIDENTS IN EAST RESULT IN DEATH.

LONDON, Sept. 10.—A terrific gale sprung up all over the United Kingdom. Within ten hours the barometer fell one inch. The wind blew with a force of 70 miles an hour, and a torrential rain has fallen. All the telegraph system was disorganized for several hours and the communication with Ireland and the United States was interrupted. Enormous damage has been done to property. Heavy floods are reported from Wales and snow is falling on the Grampian Hills in Scotland. Several vessels are reported ashore. Excitement prevails at Dover in consequence of a report that two wrecks have occurred, one on Goodwin Sands and the other at Dungeness. At a late hour a life boat was seen approaching Dover with the shipwrecked crew and an immense crowd is waiting for its arrival.

### Four Men Killed.

Oklahoma City, O. T., Sept. 10.—A special from Ardmore, I. T., says an engine and fourteen gravel cars went through a bridge near Hugo on the Arkansas & Choctaw road, killing four of the crew. The bridge was new and unfinished.

### The Scaffold Broke.

Duluth, Minn., Sept. 10.—Four men were instantly killed by the giving way of a scaffold sixty feet above the ground this evening. The men were repairing a break in a heavy concrete elevator when the scaffold fell.

Would like to trade full blooded Jersey cow, test 3.3, for good stock hogs between 50 and 75 pounds, or sows with young pigs; or trade 3/4 inch wagon for pigs. Apply to H. A. Sharp, south of Bush's pasture, Salem, Ore.

## PATIENTS ABUSED

APOMORPHIA USED TO EXCESS IN SOUTHERN CALIFORNIA HOSPITAL.

LOS ANGELES, Sept. 10.—The board of managers of the Southern California

State Hospital, at Patton, which has been in session for two days investigating charges of alleged cruelty to patients, misapplication of funds and loose business methods in the administration of asylum affairs, has completed its work. The report of the board, which was agreed to after a long executive session, declares that the charges of cruelty and mismanagement are not supported.

As to the use of apomorphia, as a means of punishment, the board finds that it has been used to excess at times, and it has passed a rule forbidding its use in future for the purpose of subduing violent patients. An order has also been made requiring that all money sent to patients be placed in the treasury immediately upon receipt, and that all other money be placed in the treasury by the 7th of each month.

## DELEGATION MAY SUCCEED

### Portland Will Probably Secure Next Meeting Mining Congress

DELEGATES TO CONGRESS SPENT YESTERDAY VISITING DIFFERENT PLACES OF INTEREST AND INSPECTING IMPORTANT MINES AND PLANTS—BUSINESS RESUMES TODAY.

DEADWOOD, S. D., Sept. 10.—The American Mining Congress held no sessions today, this being the day set apart to afford visitors opportunity to make excursions to the different places of interest in the vicinity and to inspect many important mines and mine plants. The congress will resume deliberations in the city of Lead tomorrow morning. Since the arrival of the Oregon delegation, who immediately began working for Portland as a place for the next session, no other town has been heard of, and today it seems very probable that Portland will be named.

## VESSEL WAS BURNING

### CAPTAIN OF EXCELSIOR BEACHED HER ON ACCOUNT OF FIRE IN BUNKERS.

SEATTLE, Sept. 10.—The steamer Excelsior is afloat and returning to this city under her own steam. She ran on the rocks in Wrangle Narrows, but the reason she was beached by Capt. Moore was to prevent her destruction by fire, which generated through spontaneous combustion in the vessel's coal bunkers. The passengers were forwarded to Juneau, presumably on the tug which stood by the Excelsior, but possibly on the Bertha, bound for Coos Bay Inlet.

### BILLY BUCK THE WINNER.

HARTFORD, Conn., Sept. 10.—Billy Buck today won the Charter Oak's stake in three straight heats. It was worth \$65,000 to the winner.

Alderman Thos. Sims and family have returned from an outing at Newport.

SEAGIRT, N. J., Sept. 10.—The ninth day of the big shooting tournament here was crowded with events. The Leech cup match, begun last Monday and concluded late today, was won by Corporal Winder, of Ohio, with a total of 94 out of a possible 105.

In the veterans' organization team match, open to teams of six members each from any veteran National Guard organization of any state, for a trophy, the old guard, of Massachusetts, scored 240 out of a possible 300, and the old guard, of New York, 201.

The carbine team match was won by the first team of the first troop of New Jersey. The Manhattan Rifle and Revolver Association, of New York City, won the inter-club match, and Company E, Fifth Regiment, of Maryland, won the Troop Company match.

## GRAIN RATES REDUCED

### TRAFFIC FROM BUFFALO TO NEW YORK LOWERED BY PROTEST.

NEW YORK, Sept. 10.—At a meeting in this city of traffic managers of the trunk lines a reduction of 1 cent per bushel on grain from Buffalo to New York has been authorized, to take effect September 15. This will bring the rate down to 4 cents for wheat, 3 3/4 cents for corn, 3 cents for oats, and 3 1/2 cents for barley.

### FORCED TO OPEN SAFE

TACOMA HOTEL ROBBED—PRIETOR AND FOUR GUESTS STOOD UP.

TACOMA, Wn., Sept. 10.—The bold hold-up ever perpetrated in Tacoma occurred this morning shortly after midnight, when the proprietor of the Richin Hotel and four men who were in the office at the time were stuck up and relieved of \$1500. Five men were implicated in the hold-up, and all were armed, one of them having two guns.

Yesterday was payday in the shops of the Puget Sound Iron & Steel Works, and a number of the employees boarded at the hotel. Some of the men cashed their checks with the proprietor and others cashed them over town and deposited what money they did not want in the hotel safe. As soon as the men in the hotel were relieved of what money they had, the proprietor was forced to open the safe at the point of a revolver, and all the money and checks were taken. The robbers then backed out and disappeared, leaving no clue.

## GOT \$1.20 IN PENNIES

### BURGLAR ENTERS MEDFORD POSTOFFICE DURING NIGHT. HARVEST WAS POOR.

MEDFORD, Or., Sept. 10.—The Medford postoffice was robbed last night. Entrance was gained by breaking the glass in a rear window. The burglar made a poor haul. There was \$1.20 in the cash till, mostly pennies. This is all that is known to be lost, as the stamps and cash were in the safe, which was untouched. Letters in the postoffice were rifled, but it is not believed that there was anything of value in them. The office was systematically ransacked. The robber had a pair of old shoes on. These he left and took a better pair which he found in the office. It is apparent that the robber knew his business.

Attorney W. H. Holmes went to Portland yesterday morning to look after some legal business.

## DISTRIBUTED FIRE WATER

### GEORGE CRUMELL ENROUTE TO PORTLAND TO GO BEFORE GRAND JURY.

ASHLAND, Or., Sept. 10.—Deputy United States Marshal Jacob Froeb-

stel, of Portland, arrived in Ashland this morning from Fort Klamath, having in custody George Crumell, a negro, bound over to the Federal grand jury on the charge of selling liquor to Indians. Crumell worked as a cook a short time at the Linkville Hotel, Klamath Falls, then gave up his job as the work was too hard. Later, Marshal Humphrey, of that place, caught him in the act of delivering three quart bottles of whiskey to two Klamath Indians, named Henry Wicks and "Burnsides." The negro had a hearing before United States Commissioner Whitrow and pleaded guilty to the charge, and his bonds were fixed at \$250. He was unable to furnish them and Marshal Froebel will leave with him for Portland this afternoon, where he will be held to await the action of the grand jury.

## A BIG FUND IN TREASURY

### By Which Government Will Carry on Irrigation Projects

COMMISSIONER RICHARDS STATEMENT SHOWS \$5,000,000 WAS CREDITED TO RECLAMATION FUND FROM SALES OF PUBLIC LANDS, ETC.—OREGON HEADS THE LIST.

WASHINGTON, Sept. 10.—Commissioner Richards, of the Land Office, today issued a statement showing that approximately \$5,000,000 was conveyed into the treasury into the credit of the reclamation fund from the sales of public lands and fees and commissions in the various irrigation states in 1902. This amount will be distributed among the same states. The irrigation projects of the Government will be carried on by means of this fund. Of the fund California contributes \$750,000; Idaho, \$640,000; Oregon, \$1,900,000; and Washington \$1,300,000.

## CAME UNDER CONTRACT

### CONTRACT LABOR LAW INVOKED IN CASE OF LACEMAKER FROM FRANCE.

PAWTUCKET, R. I., Sept. 10.—The contract labor law was invoked by the striking lacemakers again yesterday, when Adolph Choquey was arrested by United States officers charged with violation of its provisions. Choquey was taken into custody at the lace mill of the American Textile Company, where a strike has been on for five months. He came to work here two or three weeks ago, it is alleged, from France under contract.

A few weeks ago a lacemaker named Ferrand was detained at Ellis Island by the New York immigration authorities, while on his way from France to work in the local lace mill. On appeal to Washington, he was released on the ground that he had previously been employed here. So far as known Choquey has never been here before.

### CAR SHORTAGE INJURES MILLS.

EUGENE, Or., Sept. 10.—On account of the scarcity of freight cars on the Southern Pacific, the Booth-Kelly mills at Coburg and Springfield have been compelled to close down. The yards are full of lumber, and the logs are coming in, but the mills cannot run until some of the docks are cleared. Orders are waiting to be filled, and men are wanting to work, and the delay is regretted by everyone. Springfield and Coburg are big mills, and when they shut down the entire system is thrown out of running order. The railway company reports that cars are wanted all along the line. The middle of the harvest and fruit season makes cars scarce.

### TURNED MANY MEN AWAY

SEATTLE ELECTRIC COMPANY HAS NO DIFFICULTY IN SUPPLYING STRIKERS.

SEATTLE, Sept. 10.—There was no change in the street car strike situation today. The company operated all but four cars in the morning and all but two cars during the afternoon. Eighty men all told failed to show up for work. The company hired thirty new men today and turned away sixty other applicants for the lack of time to examine them.

## MILWAUKEE AN EASY WINNER

### Carried Off Honors in National Junior Championship

## IN AMATEUR ATHLETICS

### Made Thirty-Seven Points—University of Chicago Second

MUDDY CONDITION OF TRACKS KEPT MANY ATHLETES OUT OF EVENTS AND MANY POINTS WERE WON THROUGH NON-ENTRANCE OF CLUBS.

MILWAUKEE, Sept. 10.—The Milwaukee Amateur Athletic Union was an easy winner in the national junior championships of amateur athletic clubs at the State Fair park this afternoon, taking five firsts, three seconds and three thirds, making a total of 37 points.

The University of Chicago captured second honors with 22 and the Central Y. M. C. A. of Chicago third with 20 points. The Greater New York Irish Athletic Association and the First Regiment Athletic Association of Chicago, finished with 13 and 12 points, respectively, to their credit, while the Montreal Amateur Athletic Association and the New York Athletic Association were tied with five points.

The Crescent Athletic Association of Milwaukee; Company E, First Regiment, St. Louis; and Gerry Williamson, unattached, are credited with one point. The muddy condition of the track and field kept many athletes out of the events, thus enabling the local club to win many points through non-entrance of other clubs. A few of the events were closely contested and the athletes were generally strung out at the finish.

## CONDITION OF CROPS

### WHEAT AVERAGE NOT EQUAL TO LAST YEAR—OTHER CROPS GOOD.

WASHINGTON, Sept. 10.—The monthly report of the Department of Agriculture will show that the average condition September 1, of the winter wheat and spring wheat combined was 74.7, against 80 September 1, in 1902; and a ten-year average of 78.3. The condition of oats is 75.7, against 87.2 September 1, 1902, and the ten-year average is 80.6. The condition of barley is 82.1, against 89.7 September 1, 1902, and a ten-year average of 82.2. The condition of rye September 1, is 84.1, against 90.7 September 1, 1902, and a ten-year average of 85.5. The condition of flax September 1, is 80.5. The condition of potatoes September 1, is 84.3, against 89.1 September 1, 1902, and a ten-year average of 76.

## POPE DIED OF CANCER

### PROF. CARDARELLI TAKES ISSUE WITH LAPONNI—DECLARES DIAGNOSIS INCORRECT.

ROME, Sept. 10.—Professor Cardarelli, the eminent physician who is a member of the Senate, publishes in the Rivista d'Italia today a long article to demonstrate that Pope Leo XIII died of tuberculosis cancer or right hydrothorax. He fortifies his statement with arguments based on his own experience, and that of authorities such as Barth, Frankel, Trouseur and Zagar, to show that all the symptoms of the illness of Pope Leo, as stated in bulletins by Drs. Laponni and Mazzoni, lead to the conclusion that the late Pope was not affected by pleurisy or pleuropneumonia.

Professor Cardarelli affirms that from the moment blood liquid appears in the pleura and is found through thoracocentesis especially when the fluid gathers deceitfully, without pain or fever, or manifest cause of pleurisy, the diagnosis of pleurisy must be excluded, and that when the liquid forms in the right pleuro it usually indicates cancer or hydrothorax in aged people. There are forms of senile pleurisy or pneumonia, he continues, in which fever, pain and cough are lacking, but these are almost without exception of a tuberculous nature. The declaration that the post-mortem examination confirmed the diagnosis made by Drs. Laponni and Mazzoni, the professor declares, is not sufficient, as only careful microscopic examination in these cases can establish the real affection of the pleura.

Prof. W. E. McElroy returned yesterday from a brief business visit to Eugene.

State Printer and Mrs. J. R. Whitney went to Portland yesterday morning for a brief visit.

## NEW BOAT TO RUN.

GRANT'S PASS, Or., Sept. 10.—The steam schooner Copper Queen, which plied between the mouth of Rogue river and San Francisco, and which ran ashore off Point Reyes some time ago, is a total wreck. Captain Burns came in over the Rogue river bar from San Francisco a few days ago with a new steam schooner, the Alta, which will succeed the Copper Queen. The Alta

is a smaller vessel than its predecessor, but is more stanchly built and is better rigged.

Heiser, of Albany, in sympathy with the movement to oust Rev. Smoot from his seat in the United States Senate. After ten minutes heated discussion, the motion was laid on the table.

## JACKSON WAS FOUND GUILTY

### Brutal Assaulter of Child Is Doomed to Hang for the Crime

MISSOULA, Mont., Sept. 10.—A special to the Missoulian from Hamilton says the jury in the case of Walter Jackson, charged with brutally murdering Fannie Buck, returned a verdict of guilty of murder in the first degree, this afternoon.

The case is that in which Walter Jackson is charged with assaulting 6-year-old Fannie Buck, at Stevensville, August 13, the child dying from the knife wounds inflicted. The penalty for the crime is hanging. A mob had been organized during the trial with the intention of taking Jackson from the jail in case the verdict did not meet with their expectations and lynching him. When it became known hanging was the verdict the armed men withdrew.

## ARE ROUSING EXCITEMENT

### Reports of Turkish Atrocities Cause Men to Pale

## SITUATION MUCH WORSE

### Young Girls Dishonored Right in Presence of Their Parents

FUNERAL PROCESSIONS HALTED AND CORPSES STRIPPED, AND MURDER AND PILLAGE CONTINUES UNABATED—CHRISTIAN INHABITANTS TERRORIZED.

SOFIA, Sept. 10.—Continuous reports of the wholesale massacres of the Bulgarian population and the destruction of the Bulgarian villages in Macedonia are causing much excitement in political and general circles here.

Throughout the vilayet of Monastir, the Turkish soldiers are daily perpetrating almost inconceivable atrocities. They dishonor young girls in the presence of their parents and pillage and murder everywhere. Even funeral processions are halted and the corpses stripped. Priests' vestments are seized and the soldiers sell all their plunder openly, the officers apparently consenting.

The Christian inhabitants are terror-stricken, hourly fearing a general massacre. In Monastir even the Consuls do not dare to venture outside their homes. The British Consul wanted to go to Smilovo but Hissi Pasha informed him that he could not guarantee his safety as the revolutionaries had plotted to kill him.

## Quieter in Beirut.

The text of the dispatch was not made public, but it was explained this was all the news it conveyed relative to the conditions at Beirut. All of Admiral Cotton's communications to the Navy Department are promptly sent to the State Department.

## Machias Not Arrived.

Beirut, Syria, Sept. 11.—Up to 6:40 this morning the gunboat Machias had not arrived here.

## CHITTIM BARK TAKES A DROP.

EUGENE, Or., Sept. 10.—As was expected, chittim bark has taken a tumble from the lofty heights to which the prices have soared during the past few weeks. The time when it was climbing up over 10 cents, and even touching the 20-cent mark, looked unsound to local speculators, and, although much bark was offered to them at the high prices, they let it all slip to the Eastern agents, who wanted bark, and wanted it at any price. Still the 12 1/2-cent price per pound offered now is a good price to the possessor, but a poor one to the fellow who paid 16 and 17 cents for his bark. The price is expected to drop still farther.

## NO CLEW TO MISSING MAN.

WOODBURN, Or., Sept. 10.—No clew has been found to W. W. Tinkle, who mysteriously disappeared from Woodburn on August 28. His wife thinks there has been some foul play, and that his body is somewhere in this vicinity. There was no reason whatever for him to leave home and very cogent ones why he should have remained and attended to very important business affairs. He had \$100 on his person when he disappeared.
