

RACES WERE BIG FEATURE

Grand Stand Crowded to Full Capacity by the Spectators

W. H. DURFEE'S RETA H AND NO-LOCK, CALIFORNIA HORSES, CAPTURE THE BIG HARNESS EVENTS—HEATS WERE OF THE MOST EXCITING CHARACTER.

(From Thursday's Daily). Yesterday, Salem Day, at the State Fair, was a record breaker in more respects than one, but principally in attendance and the character of the races. So far as the attendance is concerned it may be conservatively stated, by authority of a member of the board, that there were no less than 10,000 people on the grounds, who had paid admission, to say nothing of the great number who went in on passes and campers' and season tickets. This is by far the greatest number of people who have attended the fair in the history of its existence. The crowd, combined with the perfect weather conditions which prevailed, will serve to make the day a notable one in the minds of all those in attendance.

At 2 o'clock yesterday afternoon, by hurried figures, it was found that the receipts for the day up to that time exceeded those of Portland Day last year, the largest heretofore recorded, by over an hundred dollars. Today, Portland Day, from the reports already received, the indications are that the crowd of yesterday will be exceeded by at least 5000, conservatively estimated. The races today, also, will be the best of the meet, and, as the grandstand was yesterday packed to its fullest capacity, the largest crowd ever seated in the large building, it is difficult to conceive what will be done with the people. A report received at the grounds last evening stated that over 3000 tickets had been sold in Portland.

As a preliminary to the racing program yesterday Van de Vanter's two-year-old Directus, Jr., by Director, went a mile against his time, 2:35, but he failed to equal it by three quarters of a second and no record was made of the event. The two principal numbers on the program, the 2:11 pace, three in five, for \$1000, and the Greater Salem Stake, pacing, 2:17 class, for \$2000, three in five, were truly the most closely contested races of the week and they afforded great sport for the multitude.

The story of the races is best told in the details, which follow:

Race No. 10. Pacing, 2:17 class, Greater Salem stake, three in five, \$2000—Reta H, first; time by heats, 2:14 1-2 and 2:12. Ollie M. second, County Attorney third, and Bensauba fourth. The race was worth \$1000 to the winner.

The first heat of this magnificent race was taken by High Ball by only one length ahead of County Attorney, who came steadily up behind in giant strides with Hays, his driver, driving like a demon. The heat was paced in 2:13 1-2, which was extraordinary good time, considering the fact that the horses had to buck up against a strong breeze on the back stretch, which was blowing at least three miles per hour.

The bunch, after several ineffectual attempts, during which the crowd began to grow impatient, finally got away spread out fully 100 feet. Polka Dot did not hold her lead at the pole very long, for she was suffering from a painful lameness and soon dropped behind the bunch. High Ball was making steady gains at the quarter and led the bunch by two lengths at the half, County Attorney and Bensauba racing along neck and neck. Reta H. Monroe E., The Mrs., Ollie M., Oma A. and Oma A. coming up fast, and they finished in this order: Reta H. eighth, Vision ninth, Harry Hurst tenth, Mil-ladi B. eleventh, Rajah twelfth and Polka Dot thirteenth. Portia Knight, distanced. Time by quarters, 33 1-2, 1:07 1-2 and 1:40 1-2.

The second heat was a surprise to all, for although High Ball, who was considerable off color in scoring, and it was difficult to get him up to his place at the pole, got off about six lengths behind, after the judges, in a fit of exasperation, had warned Sanford, the driver, that he must take his own chance, that he made a gallant race all around; gained fifth place at the quarter, fourth place at the half and second on the stretch, and finished only a neck behind Reta H. County Attorney got off pretty well in the lead and maintained it up to the half, when Ollie M. passed him, closely followed by Reta H. Ollie M. surrendered the lead to Reta H. when the stretch was entered and the latter gained several lengths. It was here that High Ball came into evidence and the heat closed amid the greatest excitement, with Reta H. first under the wire. Time,

2:14. High Ball—second, Bensauba third, Ollie M. fourth, County Attorney fifth, Oma A. sixth, Monroe S. seventh, The Mrs. eighth, Rajah ninth, Harry Hurst tenth, and Vision and Mil-ladi B. distanced. Time by quarters, 34, 1:07 3-4, 1:41.

The third heat was an easier victory for Reta H. as she came under the wire fully three lengths ahead of her nearest neighbor, Ollie M., who took the lead from the start and held it around to the approach of the quarter post, and under a strong pull, the driver, Durfee, looking over his shoulder at his opponent. Time of heat, 2:14 1-2. Ollie M. second, High Ball third, County Attorney fourth, The Mrs. fifth, Monroe S. sixth, Oma A. seventh, Bensauba eighth, Harry Hurst ninth, and Rajah distanced. Time by quarters, 34, 1:07 1-2 and 1:41.

The fourth and deciding heat of this race was won by Reta H. in a very close finish with Oma A., another splendid victory for a McKinney get, winning the heat in 2:12 flat. Oma A. finished second by a neck, Ollie M. third, Bensauba fourth, The Mrs. fifth, County Attorney sixth, Harry Hurst distanced. Time by quarters, 35, 1:06 1-2, and 1:39 1-2. Reta H. took fourth money, Ollie M. second, County Attorney third and Bensauba fourth. High Ball, who won the first heat, and made such a hard battle for the second, was left at the pole on account of his driver, Sanford, refusing to get him up on the score.

Race No. 11. Pacing, 2:11, three in five, \$2000.—Zolock, first; time by heats, 2:11 3-4, 2:14 1-2 and 2:15 3-4. Sam Bowers second, Martha B. third, Le Roi fourth. The race was worth \$1000 to the winner.

There were five starters in this race and in the first heat they made a beautiful start, Zolock, Eagletta and Martha B. abreast and Sam Bowers and Le Roi ditto, about one length behind. Zolock maintained the lead from the start and all the way around the track until the stretch was reached, when, after everybody had conceded the heat to him and they were about to pass under the wire, Martha B. dodged in and won the heat by a neck, Zolock second, Le Roi third, Sam Bowers fourth and Eagletta distanced. Time, 2:12. Time by quarters, 33, 1:05 1-2 and 1:39 1-2.

The latest decided that the second heat of this race should fall to Sam Bowers, the winner of the Greater Salem 2:17 pace last year. Martha B. got off in the lead, but relinquished it to Le Roi at the quarter, the latter holding it clear around the circle, until the bunch rounded the curve into the stretch. Sam Bowers made steady gain from third place, passing Martha B. at the third quarter, and came thundering up behind Le Roi, beating him under the wire by only a head. Time, 2:12. It was a beautiful finish and the crowd cheered lustily. Le Roi second, Martha B. third and Zolock fourth. Time by quarters, 33, 1:06 1-2 and 1:39 1-2.

The third heat was equally as exciting as the previous one, and for a time it looked as though Sam Bowers would take two successive heats, but the McKinney blood of Zolock was up by this time, coaxed somewhat by the application of the lash, and finished a neck in the lead of Bowers, closely followed by Le Roi, who, as in the former heat, set the pace up to beyond the half post; Martha B. fourth. Time, 2:11 3-4, the fastest of the race. Time by quarters, 33, 1:06 1-2 and 1:40 1-2.

The fourth chapter of this race was another grand victory for Zolock over Sam Bowers, who made him pace for all that was in him up the stretch, and finishing the heat by only a length. Time, 2:14 1-2. Sam Bowers second, Martha B. third. Time by quarters, 34, 1:08 1-2 and 1:42.

The closing stanza of this speedy event was by far the most exciting event of the day's program, and was a spectacular battle royal between Zolock, Sam Bowers and Martha B., finishing in the order named. Bowers only a nose behind Zolock and Martha B. but a neck behind him.

The start was a good one, but before the quarter was reached Martha B. swerved in a trifle and got Sam Bowers in a box. Up to the half it was a neck and neck race between Zolock and Martha B., but after this post was reached Martha B. faltered a little and led Bowers out of the pocket. They came into the stretch with Zolock a length in the lead of Bowers, who was closely followed by Martha B. The gap closed up on the one-third mile, and Zolock won first money, Sam Bowers second, Martha B. third and Le Roi, who stayed in the stable this heat, fourth.

Race No. 12. Running, all ages, five furlongs, \$150, was won by Coleman & Darr, a big chestnut gelding, Gad, in one of the best and closest finishes for a gallop ever seen here. Adnor crossed under the wire a shade in advance of him, but Adnor interfered with Gad, and also against Rosebud, and the judges gave the race to Gad; Rosebud second, and Adnor third. Time, 1:01 1-2.

Running, for four-year-olds and up, six furlongs, \$150.—In a very close finish this race was won by E. M. O'Brien's Marengo in 1:16. Esperando second, Montoya third. McFarlane, Ione, Crawford and Vince finished in the order named.

In this race was delayed somewhat through the crazy actions of H. F. Park's Vince, who broke and ran around the course on two different occasions, while scoring; the last time he was followed half way around by Montoya, who became unmanageable at the performance of Vince. Vince was withdrawn from the race, leaving only five starters.

THE OLD RELIABLE

FINE STOCK WINS PRIZES

Ladd Loving Cup for the Best Shorthorn Goes to W. O. Minor

CATTLE DEPARTMENT IS OVERCROWDED WITH FINE SPECIMENS—HERDS FROM SEVERAL STATES ARE IN COMPETITION—TWO OTHER CUPS TO BE AWARDED TODAY.

Yesterday was an important day for cattle breeders at the State Fair Grounds. The judges awarded the premiums on cattle and spent a very busy day. The work of judging was begun Tuesday afternoon, but very little headway was made until yesterday toward the completion of the most arduous task. The judges in this department were the most competent that could be obtained in the United States, and were both men of a national reputation. Thomas Clark, of Beecher, Illinois, the judge of the beef breeds, is one of the best known judges in America. He was judge at the International Stock Show in Chicago, the greatest stock show ever held, and has several times acted in the same capacity at the Minnesota State Fair. He is a man who knows his business. Prof. E. W. Major, of Berkeley, California, judge of the dairy breeds, is a professor of Animal Industry of the University of California, and a man of long experience in handling and judging cattle.

The stock exhibit is the largest and finest ever gathered in the state and is attracting wide attention not only from breeders, but from the general public as well. One Shorthorn bull weighs over 2200 pounds. Every stall, including the large number of new ones recently constructed, are full, and about thirty head of cattle are tied to the fences outside, for lack of sufficient stall room. The splendid premiums offered and the fine opportunity offered for advertisement have induced the principal breeders of the west to enter their herds, more than half of the cattle on exhibition being from outside the confines of the state. A herd of twenty-two Hereford and Shorthorn cattle are on exhibition from the Alamo Stock Farm, of Reno, Nevada, and the manager brought with him the medals and trophies which he has won in the past. He has them on exhibition in a glass case, and the collection includes four gold medals, sixteen silver medals, and three large silver loving cups. Besides this he has fully fifty blue and red ribbons, denoting premiums won at the California State Fair.

A. J. Splawn, of Yakima, Washington, has fifteen fine Hereford cattle on exhibition. There are several other large herds of cattle from other states, and all have captured a goodly number of premiums.

W. O. Minor, of the Mountain Valley Stock Farm, who has a large herd of Shorthorn cattle on the grounds, was yesterday awarded the beautiful silver loving cup offered by Chas. E. Ladd for the best Shorthorn animal exhibited at the show. The cup is now on exhibition, together with two others, one offered by the Hazelwood Cream Company for the best milk cow, and the other by the Portland Union Stock Yards for the best Poland China swine. The cups may be seen in a glass case in the needle work department at the pavilion.

The complete list of premiums awarded on cattle follows, except on Ayrshire and Holstein cattle: Jersey Cattle. D. H. W. G. DURFEE IS SUSPENDED

He and Horse Sweet Marie Barred From Association Tracks

ACCUSED OF HOLDING HIS HORSE AND ALLOWING DR. HAMMOND TO WIN HEAT—INTEREST IN SPLENDID RACING PROGRAM WAS MARRED.

It was estimated yesterday afternoon that there were at least 20,000 people at the Fair Grounds, but by actual count last evening it was announced that about 22,000 people had paid admission at the gate.

At least two-thirds of this number attended the races, which, barring two cents, were the best ever had on Lone Oak track. The intense interest which was being taken in the splendid program was marred by an incident which occurred in the second heat of the Lewis and Clark stake, as a result of which W. G. Durfee and his horse, Sweet Marie, have been suspended from the track.

An unfortunate incident occurred during the scoring before the first heat of the Lewis and Clark trot. When making the turn to come up for the start Louis Z, L. Zimmerman's brown gelding reared and sprung the axle of the sulky, throwing the driver out. Louis Z became frightened at the accident and started to run. The field was quickly cleared and no collision happened, the horse being given a clear track. As he rounded the quarter turn he began to slacken his speed and would have stopped were it not that one of the deputy marshals pursued him on horseback, an exceedingly foolish act, and excited the runaway horse to increase his speed. The marshal was unable to overtake him and he ran clear around the course. Chief Marshal Goulet, however, rode up behind and fell in behind him, and by an heroic effort, in which good headwork was displayed, secured Louis Z's rein and stopped him amid the applause of the multitude of spectators. Fortunately there was no damage done, except to the sulky.

It was at first announced that Louis Z would be withdrawn from the race, but his owner later, after giving the horse a brief breathing spell, produced another cart and announced that his horse would start. He was, however, distanced in the first heat. It appeared, however, that there was a hoodoo on this race, as later events revealed.

When the third heat of this race was called no little excitement was caused by a rumor which became circulated to the effect that Durfee, the lessee and driver of Sweet Marie, the favorite in the race and winner of the first heat, was ruled off the track on account of unprofessional conduct in pulling his horse and allowing Dr. Hammond to win the heat. Durfee refused to allow his horse to be driven by another driver, on account of her value, and the result was that after much parleying between Durfee and the judges, in which neither would give an inch, Durfee was allowed to take his horse with him. An effort was first made by the judges to hold the horse on the track, and a deputy marshal, F. W. Durbin, was sent to take charge of the horse when Mr. Durfee interposed and it appeared for a time that there would be a fight, but it blew over. In the meantime the horse had been relieved of the cart and a point was gained by Durfee.

Durfee and his horse finally withdrew from the course and the race proceeded with three starters. The taking of Sweet Marie from the race, however, resulted in the loss of interest in the event from the standpoint of the spectators and it was therefore without feature after this, the final two heats being easily taken by Dr. Hammond and the race.

All the book-keepers from the pool-rooms, six in number, formed themselves into a committee and waited upon the judges to file a protest and have Sweet Marie and Durfee reinstated, but their plea was not given a hearing and the committee was summarily ordered out of the judges' stand. The judges informed them that the association had nothing whatever to do with the betting and would take no action in the matter except to follow the wording of the rules of the association to the letter. The ultimate result of the occurrence will probably be that Mr. Durfee and his horse, Sweet Marie, will be ruled out of all the races under the auspices of the American Trotting Association, which includes almost every track in the United States. When the final result of the race was given out, it was announced by the judges, through the medium of Clerk of the Course Frank Davey, that all pools in this race had been called off.

It developed afterward that the charges preferred against Durfee were in substance that when the horses turned into the stretch, with Sweet Marie in the lead he deliberately swung out and forced Dr. Hammond to do the same, thereby impeding his progress and allowing Briny K to make a spurt and take the lead, it being inferred that it was Durfee's intention to assist Briny K in winning the heat in order to further the interests of Sweet Marie's owner, Mr. Durfee enters a strong denial of all of the allegations, denouncing them as false and declared positively that he had no interest at stake, personal or otherwise, than to win the race, and the "fat" purse, and that he is perfectly innocent of all wrong-doing in the premises. It was also stated that Durfee lost money up on the heat himself, but this he also denies, averring that he did not have one cent up on the heat or the race, and furthermore that he did not think his horse could beat Dr. Hammond and did not feel justified in punishing his horse to make the effort.

The judges of the course, R. Leighton, C. W. Redmond and W. O. Trine, held council last night at the Fair grounds pavilion and it was finally decided to suspend Durfee and the horse, Sweet Marie, from driving or racing.

Rheumatism Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in misplaced joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external. Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.
