A BOLD DEED OF ROBBERS

Four Masked Men Hold Up a Passenger Train

AND ROB EXPRESS CAR

Reports Conflict as to Exact Amount of Booty They Secured

COMPELLED ENGINEER TO RUN EXPRESS CAR AWAY FROM THE TRAIN WHILE THEY DYNAMITED SAFE AND ESCAPED - CONDUCTOR RAN FOR HELP.

KANSAS CITY, Mo., Sept. 22.—A special to the Times from St. Joseph, Mo., says: Four masked men at 10 o'clock held up the westbound Burlington and Missouri River train, five miles north of this city. According to the meagre reports received the hold-up occurred at midnight, the instant the train was stopped two of the robbers climbed into the engine and with drawn weapons compelled the engineer and fireman to obey orders.

One of the men uncocked the engine and express car from the balance of the train. The party then climbed into the cab and the engine and car were run up the track. An explosion followed. As soon as the safe was dynamited the men rushed to the wrecked car.

The railroad officials assert that they did not get a cent as a result but other reports are the booty was between \$5,000 and \$10,000. The train was loaded with passengers for the west and the hold-up created a panic. As soon as the conductor saw the robbers, he ran back down the track and secured a hand car on which he came to St. Joseph and notified the officers.

Police and deputy sheriffs to the number of fifty were taken at once to the scene armed with riot guns, but the robbers were gone. The hills are being searched but without success up to daylight.

MADE THE BEAR SICK

UNARMED MAN PUTS BRUTE TO FLIGHT WITH A SWIFT KICK.

NAHCOTTA, Wn., Sept. 22.—Osborne Goulter is now the center of attraction in this little burr. A few days ago he was attacked by a bear and came out of the fray without a scratch, although he did not even have a pocket knife to defend himself with. He was in the woods near Oysterville when he walked up on an old bear and two cubs. The brush was so thick that to run was out of the question, and he was compelled to stand his ground, although he cast many furtive glances rearward in the hopes of spying an opening large enough to admit of a hasty retreat. Seeing that escape without an encounter was impossible, he steadied himself for the onslaught of Mrs. Bruin. On she came with open mouth and a hideous growl. Mr. Goulter thought his time had come, but decided to die fighting. When the old bear came within reach of him he gave her a vicious kick, hitting her squarely on the end of the nose. This unexpected attack startled the bear, and instead of continuing to push the fight, she turned and slunk away, followed by the cub.

ALL BADLY INJURED

AN AUTO WITH SIX OCCUPANTS PLUNGED OVER AN EMBANKMENT.

SAN JOSE, Cal., Sept. 22.—An automobile containing six persons plunged over an embankment and fifteen feet below to the bed of the Guadalupe river, late last night, injuring all of the occupants, one of them, Mrs. de Salssett, probably fatally. The party consisted of Mr. and Mrs. Pietro de Salssett, Mr. and Mrs. Peter E. Col and their son Lewis, and the chauffeur, William Corvallis. Mrs. de Salssett's injuries are internal. Mr. Col's left arm was broken in two places, and Mrs. Col suffered the fracture of her collar bone. The injuries of the others consist of many but not dangerous bruises. De Salssett is a well known capitalist. Col is a prominent wholesale grocer.

BODY LEFT HANGING

WORKMEN AFRAID TO CUT DOWN SUICIDE BEFORE THE CORONER ARRIVED.

HELENA, Mont., Sept. 22.—W. W. Lindsey, who arrived last night from Montana City, states that John Weto committed suicide Sunday afternoon by hanging himself and then cutting his throat with a razor and his body is still hanging from a beam in the boiler house, where it was discovered by fellow employees last Sunday afternoon.

THE ASPECT IS PUZZLING

Effort Being Made to Avert War With Turkey

TURKEY IS WEAKENING

And Showing Signs of Yielding to the Bulgarian Demands

GRUESOME TALES OF MASSACRE, TORTURES AND INDIGNITIES STILL CONTINUE - NEGOTIATIONS FOR PEACE ARE IN PROGRESS.

LONDON, Sept. 22.—The Balkan situation today presents a somewhat puzzling aspect. Turkey is showing signs of yielding to the Bulgarian demands and it is evident, from the daily meeting of the council of ministers at Yildiz Kiosk that some sort of negotiations are in progress with the object of avoiding a war.

The correspondent of the Daily Telegraph says the devastations by fire and sword continue, and the Bulgarian government has received from a trustworthy source a gruesome tale of massacre, tortures, indignities and burnings, in many instances the victims being slowly roasted alive.

Will Soon Be Settled.

Sofia, Sept. 22.—Within forty-eight hours the question of peace or war will probably be settled, according to authoritative representations here. Premier Petoff had an interview this morning with Ali Pasha Bey, at which the whole situation in Macedonia was discussed. As a result of the conference much better feeling prevailed and confident hopes are expressed that a satisfactory adjustment will be reached.

Worse Than the Turks.

London, Sept. 22.—The Sofia correspondent of the Times affirms that a singular communication has been made to the Bulgarian government by Count Lamadorff, the Russian Foreign Minister, who observed, in the opinion of the German Chancellor, Turkey has a right to send troops to Bulgaria to preserve order. The Austro-Hungarian Foreign Minister expresses the opinion that the slaughter of 2000 Macedonians does not warrant the complaints of the extermination of the Bulgarian race.

OREGON CITY FISHWAY

SALMON WILL SOON BE ABLE TO ASCEND THE FALLS.

OREGON CITY, Or., Sept. 24.—Plans have been drawn and the contract let for the construction of a fishway over the Willamette Falls at this place. The lowest bid was \$2600, by Ernest Rands, of this city, and he will be given the contract. Work will begin at once. It is hardly likely that it will be finished this winter, owing to the fact that the winter rains will soon begin. The construction will require sixty days.

A GREAT PROJECT

PORTLAND IRRIGATION COMPANY WILL RECLAIM 12,000 ACRES OF ARID LANDS.

At a meeting of the State Land Board yesterday an application was received from the Portland Irrigation Company for the reclamation of 12,000 acres of arid lands in Lake county, Oregon. In compliance with the request of the company, Edwin Mays, the president of the company, was appointed as selecting agent to represent the state in the transaction and George S. Nickerson, the engineer of the company, was appointed as engineer. The water for the irrigation of this vast area of land is to be taken from the Chewaucow river and Augur Creek and the estimated cost of the construction of the irrigation system is estimated at \$150,000, to say nothing of the estimated annual cost of maintenance, which is fixed at \$1.50 per acre.

KILLED THREE BEARS.

GRANTS PASS, Or., Sept. 24.—Harry Telford, the 16-year-old son of Harry Telford, of Coletian, went out into the mountains a few days ago and killed three big bears before 10 o'clock. The bears were of the black variety, one of them being exceptionally large. Bears are very plentiful in the mountains of Southern Oregon and Northern California this year, and are especially so just at this time, on account of their coming out to feast on sweet acorns which are now ripening.

TO SETTLE ESTATE

WILL OF LEWIS EVERITT WAS ADMITTED TO PROBATE YESTERDAY.

(From Thursday's Daily.) Upon the petition of Chas. F. Hein, the last will and testament of Lewis Everitt, deceased, was yesterday admitted to probate in the Marion county court. The petitioner was named in the will as executor, and upon filing his bond in the sum of \$1200 which was approved by the court, letters of administration were issued to him. W.

By Throwing Herself in Front of Train and Being Crushed

DETECTIVES AND POLICE BELIEVE ACT WAS DELIBERATE - DYNAMITE CARTRIDGE PLACED ON THE TRACK NEARLY ENDS THE EXISTENCE OF A TRAIN.

CLEVELAND, O., Sept. 22.—Dependent and disheartened over conditions, some of which may never be known, Miss Olive Rayl, of Glenville, threw herself on the Lake Shore track this morning and was crushed to death. That her act was deliberate is the opinion of the police tonight after a day spent by the entire detective force in attempting to unravel the uncertainties which surround the case.

Miss Rayl came to this city from Wellsville, Ohio, some time ago and entered a training school for nurses. The only cause for self-destruction is said to have been the cause of her leaving home.

Were Blown Into Eternity

Remains of Two Portland Men Scattered to Four Winds

PORTLAND, Or., Sept. 22.—Torn to shreds by the terrible concussion of twenty pounds of exploding giant powder, the remains of John Simons and Edward Weygandt, cousins, were scattered over an acre of ground, where they had hoped to erect comfortable homes and live in the enjoyment of peace and plenty. The accident occurred at 2:30 o'clock yesterday afternoon, and is believed to have resulted from a misstep and the dropping of the powerful explosive which was being carried by the men for use in blasting out stumps near the gravel pits on the line of the Oregon Water Power & Railway Company, a short distance from Mount Tabor.

HE HAS DELUSIONS

WILLIAM WEST IMAGINES THAT ACID FIENDS ARE AFTER HIM.

(From Thursday's Daily.) Officers Lewis and Murphy on Tuesday night picked up a stranger upon the streets of this city, who was suffering a torturing mental delusion and gave him temporary lodging in the city jail. He gave his name as William West and seemed perfectly rational in his manner and speech until the officers asked him why he did not go to bed, when he answered that he had been in bed, but that some men had been following him and trying to throw acid upon him for the purpose of securing his body for dissection. He seemed perfectly willing that the officers should take him to jail and give him a bed, which they did. Close questioning revealed the fact that he had been an inmate of the Stellicoom Asylum in Washington. He claims to have two sisters in California, but he does not know their addresses.

LIVED UNDER WHARF

DEMENTED MAN HAS MANAGED TO EXIST FOR MONTHS ON REFUSE.

SEATTLE, Wn., Sept. 22.—Ole Eaton lived for five months beneath the wharf at the foot of Cherry street. He was found by the police there yesterday and dragged from his "home." Eaton is demented. It is a mystery how the man managed to live. He slept upon a debris of boards swept in by the tide. Frequently his bed was wet from the water rushing in. He managed to live by taking decayed food that had been thrown in garbage barrels. This he always secured in the night time. He was never seen about during the day.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium, or other harmful substance, and may be given as confidently to a baby as to an adult. For sale by Dan J. Fry, druggists, Salem, Or.

ATTORNEY GENERAL WILL ENTER CONDEMNATORY PROCEEDINGS AGAINST Q. R. N.

(From Thursday's Daily.) The Board of Portage Railway Commissioners, at a meeting held yesterday afternoon, at which all of the members of the board were present, as were also Engineer A. E. Hammond and Attorney General Crawford instructed the latter to take steps at once toward the institution of the necessary condemnatory proceedings against the O. R. & N. Co. and some individual property owners along the line of the proposed Dallas-Celilo Portage Railway, with whom an amicable settlement cannot otherwise be arrived at, to secure a right of way for the new state road, for the construction of which the last Legislature appropriated the sum of \$160,000. Attorney General Crawford will begin to draw up the papers immediately.

JUMPED TO DEATH.

BUTTE, Mont., Sept. 22.—Owen Kame, an inmate of the county hospital, committed suicide yesterday afternoon at that institution by jumping from the balcony of the second floor to the ground, a distance of thirty-five feet. He was picked up and carried into the hospital, where an examination disclosed that his spine had been broken, and from which death ensued in about three hours.
