

THINK IT WAS THE SAME MAN

Two More Armenian Delegates Are Murdered in London

ASSASSIN FIRED TWICE AT A THIRD MEMBER OF THE GROUP AND THEN COMMITTED SUICIDE—WAS SAME MAN THAT SHOT SAGOUNI

LONDON, Nov. 4.—The dramatic murder of Sagouni, the president of the Armenian Revolutionary Society, in London on the night of October 25, was followed this afternoon by the assassination of two more delegates to the Armenian convention here. The suicide, or the assassin, it is believed, was the slayer of Sagouni. The murders were carried out in a quiet dining room, close to the Armenian headquarters at Peckham Rise. The murderer fired twice at a third member of the group, then attempted to flee. Seeing his escape cut off he drew his revolver and shot himself with his left hand. It is considered significant that the assassin of Sagouni was also left handed.

STAYTON NEWS

(From Thursday's Daily.) R. Custer had been visiting with Albany friends the past few days. Fred Rock, Stayton's genial hardware merchant, made a business trip to the Capital City, Tuesday. Mr. Bert Purvine drove over from McCoy on Saturday and visited over Sunday with friends in Stayton. Mr. Case returned this morning from his farm on Elkholm, after a few days spent in looking up his interests there. Miss Geer, of Spokane, Washington, arrived at the home of her uncle, E. T. Mathies, on Monday afternoon, where she will visit a few days. Miss Violet Anderson, one of Polk county's popular young ladies, was an over-Sunday visitor at the home of her sister, Mrs. Joseph Fisher, of this city. Ed. Keene and wife returned to their home in Salem Sunday afternoon, after a brief visit at the home of the former's parents, Mr. and Mrs. Henry Keene. Mrs. Fred Bowers and little son, Maxwell, of Glendale, arrived in the city a few days ago and are guests at the home of Mrs. Bowersox's parents, Dr. and Mrs. J. M. Kitchen. Mr. and Mrs. Eisenhart, of the Waldo Hills, were in town the first of the week in search of property. They expect to buy and settle in Stayton if they can find a suitable location. Houses to rent are almost at a premium in Stayton this fall. Several parties have been in town the past two weeks, desirous of moving here, but every house is occupied and in some instances two families are occupying one house. Little Ruth, the three-year-old daughter of Mr. and Mrs. E. Roy, was discovered to be missing from the family home Sunday. It was feared the little one had fallen in the race, but search was instituted and she was later discovered at the home of a neighbor several blocks away, innocently playing with other children. Halloween night was properly, or rather improperly, observed by evil spirits, when young "fool" felt the irresistible desire to follow the impulse of mischief. The usual pranks were indulged in and the morning found numerous things where they were not left the night before, much to the annoyance of their proper owners. The only resistance shown the band of sky-larkers was the vigorous barking of a dog here and there, which took no stock in Halloween foolishness. Stayton, Oregon, November 4.

PROBABLY EX-CONVICT

ORDERED LARGE QUANTITY OF SUPPLIES IN NAME OF R. B. FLEMING.

(From Thursday's Daily.) An ex-convict, formerly a prisoner at the Oregon State Penitentiary, has laid the foundation for another term of years in the penitentiary. Perhaps he enjoys that kind of a life. No particulars of the crime could be learned yesterday. In fact, the authorities at the prison know scarcely anything of it, and were very reticent about disclosing their knowledge, or lack of knowledge. R. B. Fleming, manager of the Lowenberg & Goring Company, has received telegraphic intelligence from a large Eastern supply house to the effect that a man supposed to be an ex-convict from Salem, had ordered a large amount of material, using the name of R. B. Fleming. The exact purpose of the man is not yet known, but it was evidently some scheme for making a big steal. The fraud was, however, discovered in time to prevent loss. Mr. Fleming feels sure he knows the guilty party, but, of course, has no way of knowing, so refused to divulge any names, preferring to maintain secrecy rather than run the risk of doing an innocent man an injury by giving the wrong name. The telegram did not enter into details, but Mr. Fleming expects to receive a letter in a day or two, explaining the trouble fully.

GOING TO PORTLAND

DR. W. T. WILLIAMSON RESIGNS AS PHYSICIAN AT THE INSANE ASYLUM.

Dr. W. T. Williamson, for the past eighteen years a physician at the State Insane Asylum, and one of the most competent physicians that has ever been employed at that institution, has resigned his office as first assistant physician at the asylum and will accept the superintendency of the Mount Taylor Sanatorium. His resignation will take effect on November 15. Dr. Williamson's resignation has not

yet been announced officially, and the news of it, although not altogether unexpected, was received with regret by the state officials, who have taught but the greatest respect for him and his ability and express themselves as sorry that he has decided to leave the institution. Dr. Williamson also enjoyed the most profound respect of all of the officers, employees and patients at the asylum, and there is perhaps not a one of them but what regrets to see him go.

There has been no talk nor thought of who will be his successor, but it is quite probable that Dr. L. F. Grimm, the present second assistant physician, will be the one chosen to take his place.

McPHAIL MUST HANG

EVERETT SALOON KEEPER WHO MURDERED FRED ALDERSON FOUND GUILTY.

EVERETT, Wn., Nov. 4.—Angus McPhail must hang, according to the verdict of the jury, which was announced today at 10:30 a. m. When the fatal words were read the prisoner did not move a muscle. The crime for which McPhail was found guilty of murder in the first degree was exceedingly cold-blooded. Fred Alderson, a saloon man of Darrington, became more successful in business than McPhail, who also owned a saloon, and he was forced to move. Last May McPhail walked behind the bar and shot Alderson dead without warning. He had publicly threatened to kill Alderson. The defense alleged insanity. Counsel for the defendant has asked for a new trial. The jury was out all night.

THE PRINTERS AT IT

TWO PRINTING OFFICES IN SALEM DECLARED UNFAIR BY CENTRAL BODY.

A very enthusiastic meeting of the Salem Central Union was held in Union hall, state street, last evening. After disposing of the general routine business a number of speeches by very able talkers were listened to under the head of "Good of the Union." A plan for a vigorous work was incubated and there will be something doing in union circles during the winter months in Salem. Each union is to be visited by local and district organizers and very interesting and instructive addresses will be made. The Salem Central Union also endorsed the action of Capital Typographical Union, No. 210, in placing the Ross E. Moore Company and Salem Sentinel offices on the unfair list.

DAM WASHED OUT

UNION LIGHT AND POWER COMPANY SUSTAINS HEAVY LOSS.

A special to the Statesman from Silverton at 11 o'clock last night says: The Union Light & Power Company's flood dam across Silver creek, two miles south of Silverton, broke at 10:30 o'clock tonight and eighty feet of the dam was washed away. The dam, which was 300 feet long, had just been completed and accepted this evening. The water above the dam had reached a height of thirty feet, which it is supposed produced a stronger pressure than the new wall could withstand. The dam, which was built at an expense of \$10,000, was to have been the means of furnishing 400 horse power for generating electricity to be supplied to the Citizens' Light & Traction Company, of Salem, for which a contract was entered into some time ago.

Frank Davis is a business visitor in the city.

\$3.75 SENT FREE!

The Well-Known Specialist, Franklin Miles, M. D., L. E. W. Will Send \$3.75 Worth of His Individual Treatment Free to Our Readers.

There never was a better opportunity for persons suffering from diseases of the heart, nerves, liver, stomach or dropsy to test, free, a remarkably successful treatment for these disorders. Dr. Miles is known to be a leading specialist in these diseases and his liberal offer is certainly worthy of serious consideration by every afflicted reader.

His personal system of treatment is thoroughly scientific and immensely superior to other methods. It includes several remedies carefully selected to suit each individual case and is the result of twenty-five years of the most extensive research and great success in treating these diseases. Each treatment consists of a curative elixir, tonic tablets, eliminating pills and usually a plaster. Extensive statistics clearly demonstrate that Dr. Miles' Personal Treatment is at least three times as successful as the usual treatment.

Thousands of remarkable testimonials from prominent people will be sent free. These show Dr. Miles to be one of the world's most successful physicians.

Col. E. B. Spileman, of the 9th United States Regulars, located at San Diego, Cal., says: "Dr. Miles' Special Treatment has worked wonders in my son's case when all else failed. I had employed the best medical talent and had spent \$2,000 in so doing. I believe it is wonderful specialist. I consider it my duty to recommend him." "For years I had severe trouble with my stomach, head, neuralgia, sinking spells and dropsy. Your treatment entirely cured me," writes Hon. W. A. Warren, of Jamestown, N. Y.

Mr. Julius Keister, of Chicago, testifies that Dr. Miles cured him after ten able physicians had failed. Mrs. R. Trimmer, of Greenspring, Pa., was cured after many physicians had pronounced her case "hopeless." "As all afflicted readers may have \$3.75 worth of treatment especially adapted to their case, free, we would advise them to send for it at once. Address, Dr. Franklin Miles, 513 to 523 Main street, Elkhart, Ind., Adv. 11." When writing mention Weekly Oregon Statesman.

THE GOVERNOR WAS OFFENDED

Says Commissioner Richards is Guilty of Extreme Discourtesy

ISSUED PATENT TO WARNER VALLEY LAND AND PLACED SAME IN HANDS OF ATTORNEYS OF PARTY TO DISPUTE—SETTLERS WILL CONTEST.

(From Thursday's Daily.) An action will soon be instituted in the United States circuit court, by the settlers of Warner valley, Lake county, for the purpose of having set aside a patent, issued by the General Land Office of Washington, D. C., conveying title to the state for between 4000 and 5000 acres of land in that county, through which patent the land becomes the property of the Warner Valley Stock Company and about thirty homestead settlers are ousted from their homes.

This dispute has been up before the State Land Board and pending the decision of the General Land Office for several months, and the people are mostly familiar with the details of the controversy. The land in question is claimed by the Warner Valley Stock Company through a deed of conveyance from the state under the swamp land act of 1898, it then being classed as swamp land, and the settlers claim the right to the ownership of the property through settlement several years ago, under the homestead act. When the dispute arose it was found, when the records were consulted, that the state had never acquired title to the land through a patent from the Government, and therefore had no right to deed the land to the Warner Valley Stock Company, as swamp land, which fact nullified the claim of that company to the ownership of the land, and made it possible for the settlers to prove up on their holdings and acquire title to it from the Government. This the latter set about doing but the Warner Valley Company brought the matter before the State Land Board and asked that body to apply to the General Land Office for a patent to the land.

The Governor refused to take any action in the matter until he had made an investigation of the true conditions of the land, whether it was swamp or otherwise, and determine whether the state had any right to claim it under that classification. It seems, at least it was reported, that the Warner Valley Company was not satisfied with this arrangement and set about to secure a patent for the state upon its own responsibility. At least Governor Chamberlain was informed that some party or parties were representing themselves as agents of the state before the department to bring about this end, and he got once set about to effect that classification. He addressed a communication to Commissioner Richards, informing him of the condition of affairs and requested him not to issue a patent to the land until he could investigate the matter and ascertain whether the state or the settlers were entitled to the land. Governor Chamberlain quoted a section from the United States statutes, in which it was specifically set forth that the General Land Office should issue no patent to the state except upon the request of the Governor, and he made his request to have the patent withheld upon this authority. Notwithstanding the Governor's request, Commissioner Richards issued the patent to the state, while the Governor was upon his way East, and placed the patent in the hands of the attorneys of the Warner Valley Stock Company.

Governor Chamberlain, when asked about the case yesterday and whether he had brought the question up before the department officials, during his visit to Washington, said: "Yes, I did speak to Commissioner Richards upon this subject and was informed that the question had been decided, but the other matters being up for discussion and we were getting along so amicably in the adjustment of them that I deemed it useless to enter into an argument over the Warner valley dispute, especially since nothing could be gained thereby."

"When I returned home I found a communication awaiting me here from Commissioner Richards, in which he stated that he had overruled my request and had granted a patent to the state for the lands in controversy. I was not advised of the issuance of the patent until I returned home, and then I was informed that the patent had been placed in the hands of the attorneys of the Warner Valley Stock Company, a proceeding that is without precedent in the annals of the state of Oregon, for it is customary for the department to issue patents through this office, and therefore the state has no record of a patent having been issued. The advice came to my office during my absence and was dated October 7, 1903.

"I feel that the action of the General Land Office, in issuing the patent over my protest and placing it in the hands of the attorneys of the Warner Valley Company, instead of sending it through my office, is extremely discourteous to me, and not only to me but to the people of the state of Oregon, who I represent. The law of 1890 provides very plainly that no patent shall be issued except upon the request of the Governor, and why Commissioner Richards should override my request to hold up the patent and issue it as he did is more than I can understand."

United States District Attorney John Hall, of Portland, who has been engaged by the settlers to fight their case, yesterday, was in the city yesterday looking up the records of the case, and J. L. Morrow, of Lake county, who represents the settlers, is at work preparing an abstract of the title of the land, preparatory to commencing the suit. It will be a case of the settlers against the Government, and for the purpose of having the patent, which they hold as illegally issued, set aside and their

title to the land, under the homestead act, established. At one time, a few years ago, the land in question was classed as swamp land, but now it is high and dry and is said to be very valuable as agricultural property.

The Best Remedy for Croup

(From the Atchison, Kan., Daily Globe.) This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup, as a revolver is sure to be lost in case of burglary. There used to be an old-fashioned remedy for croup, known as hys syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Dan. J. Fry, druggist, Salem, Oregon.

LEWISBURG BRIEFS

(From Thursday's Daily.) Mr. Krenz has bought a new dynamo engine to run his cream separator, chopper, etc. Martin Doerfler has a very sore hand. It is feared that blood poison has set in. Dr. Brooks is treating him. Mrs. Charles Heater is recovering from a severe attack of pleurisy. She is at the home of her mother, Mrs. J. H. Patten. Heater Bros. have been unfortunate enough to break their new chopper. They have been very unfortunate with their machinery this year. Dr. Butler, of Salem, is to give his famous lecture on "Love, Courtship and Marriage" in the W. O. W. hall, at Lewisburg, for the benefit of the circle, some time in the near future. Due notice of the time and admission rates, etc., will appear in the Statesman. All who fail to avail themselves of the privilege of hearing him will miss a literary treat, as his ability as a lecturer is well known.

The Victor Point Literary Club held its first regular meeting last Friday evening. The house was well filled. In addition to the debate a good literary program was rendered. A society paper, "The Keen Edge," edited by Messrs. Henry Patten and Glen McChellan, was well gotten up and brought the house down frequently. Misses Ella Savage and Mabel Archibald were elected editors of next Friday evening's paper. Lewisburg, November 3, 1903.

Disastrous Wrecks

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., says one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by D. J. Fry, druggist, Salem, Price 50c and \$1.00. Trial bottles free.

HE COULD NOT SAY

SENATOR BROWNELL IS NOT SURE ABOUT THAT SPECIAL SESSION. Senator George C. Brownell, of Clackamas county, arrived in the city last night to transact private business, and is stopping at the Willamette hotel. He was seen by a Statesman reporter in regard to the prospect of calling an extra session of the Legislature, but was rather reticent about committing himself. He inquired as to the whereabouts of Governor Chamberlain, and was disappointed to learn that his excellency went to Portland yesterday afternoon. He intimated that he very much desired a talk with him and had been informed by telephone that the Governor would not leave until today. "Well, Senator, I suppose you are looking forward to the prospect of spending a few days in the city this winter," he was asked. "I don't know about that," said Senator Brownell. "I don't consider it at all settled that the Governor will call the Legislature in special session. The Governor has not committed himself upon that point, as yet, and probably will not do so until he has carefully studied every phase of the question, and then he may decide that the step is not necessary."

A TEXAS WONDER

HALL'S GREAT DISCOVERY. One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of 25c. One small bottle is two months' treatment. Dr. Ernest W. Hall, sole manufacturer, P. O. box 529, St. Louis, Mo. Send for testimonials. Sold by all druggists and Dr. S. C. Stone's Drug Stores.

READ THIS.

To Whom It May Concern. This is to certify that I was down for nine months with kidney and bladder trouble, and tried all known remedies to no avail until a neighbor induced me to get a bottle of Texas Wonder, one-half of which cured me sound and well; this I would cheerfully swear to, and for the benefit of those who are afflicted and wishing to be permanently cured, they can obtain a bottle at my house, located on West 11th street. Yours truly, J. J. LEALE, Medford, Oregon.

MUST CHANGE BOTH LINES

Two Petitions Required To Change Boundaries of Road Districts

COUNTY COMMISSIONERS' COURT WILL HOLD AN ADJOURNED SESSION TO HEAR PETITIONS FOR PROPOSED CHANGES—LARGE CRIST OF BILLS.

The Marion county commissioners' court held another busy session yesterday, and when court adjourned last evening a large list of bills had been disposed of. The court having received information to the effect that petitions would be presented asking that the boundary lines of certain road districts be changed, the court decided to hold an adjourned session about the middle of the present month, for the purpose of considering such petitions, providing any are filed. There seems to be a misunderstanding among the greater number of people as to the manner of proceeding, and the time for filing petitions, for the changing of road district boundary lines. Section twenty-six of H. B. No. 380, passed during the last session of the Legislature, prescribes the duties of the county court in the matter of dividing the county into road districts, the text of the law being as follows: "The county courts of the several counties of this state shall, as often as they may deem necessary, but not more than once each year, divide their respective counties, or any part thereof, into suitable and convenient road districts, each of which shall be numbered, and cause a brief description of the same to be entered on the county records. Each county court, at the January term thereof, 1904, shall so arrange the road districts of the county as to conform to the provisions of this section, and at the January term of said court, every year thereafter, and at no other term, make such changes in the road districts of the county as may be deemed necessary. Provided, that all road districts formed under the provisions of this act shall be formed of contiguous territory."

Section two of S. B. No. 180, passed during the 1901 session of the Legislature, provides that the county court shall at the regular term in November preceding the general election, set off and establish as many election precincts within the county as may be deemed necessary or convenient, each precinct to contain not more than three hundred electors. That the order setting off and establishing each precinct shall particularly bound the same, and the lines thereof shall conform to established ward and road district boundaries.

It is therefore held by the commissioners' court that boundary lines of road districts, which also serve as boundary lines of election precincts, cannot be changed unless the precinct lines are also changed. The law specifies distinctly that boundary lines of election precincts shall only be changed during the regular November term of court preceding a general election, and that the road district boundary lines shall be changed at the January term only. Therefore in order to secure the changing of such boundary lines, as serve both precinct and district, it is necessary to petition the court for a change of the precinct line at the November term, and again for a change of the road district line, to conform with the precinct line, at the January term. For this reason the Marion county court has decided to hold an adjourned term, so that petitioners may have an opportunity to be heard. The bills allowed yesterday were as follows:

A SUDDEN DEATH

MISS ESTER WILLIAMS PASSED TO FAR BEYOND AT MIDNIGHT.

A message was received in this city at an early hour this morning bearing the sad news of the death of Miss Ester Williams, of this city, which occurred at St. Vincent's Hospital in Portland at 12 o'clock midnight. The news of Miss Williams' sudden death will be a severe shock to her many friends in this city, many, if not all of whom being entirely ignorant of her illness, which was of but little more than a day's duration. Miss Williams, who has been a faithful attendant at the Oregon Hospital for the Insane during the past many years, was enjoying a brief visit with friends in Portland, when, without warning, she was stricken with paralysis on Wednesday afternoon, which resulted in her death at the hour indicated above. Deceased, who was but 33 years of age, was of a kind and lovable disposition, and leaves a host of friends to mourn her untimely death. She was a sister of Mrs. G. D. Tillson, of this city, and A. H. Williams, of Chemawa. Arrangements for the funeral will be made today.

OUR METHOD OF DENTISTRY

Crown and Bridge work. Entirely new method. A scientific method. It is especially in use at these parlors. And one that has given entire satisfaction to our patients. Charges are extremely moderate.
