MRS SARAH A. ADAMS JOINS THE THROG ON THE OTHER SHORE.

Was a Noble, Kind Hearted Woman and Loved by All for Her Charitable Disposition—Funeral Will Be Held From Home at 10 O'clock this Morning.

Mrs. Sarah A. Adams, a well known and highly respected resident of this city, died at her home, 177 Court street, Sunday, April 17, 1904, at 9:30 o'clock p. m., aged 64 years, 4 months and 7 days.

ago and her condition was such that she could not withstand the attack and finally succumbed to the disease.

Mrs. Adams was born in Jefferson county, New York, December 10, 1839, and was the daughter of Daniel B. Baker. During her younger days she was married to Mr. Siebert who died while serving in the army.

Deceased leaves a sister, Mrs. Ellen M. White, widow of Lorenzo D. White, residing at 256 State street, this city, a brother and sister residing in Wisconsin, and a stepson, Attorney L. K. Adams, of Salem, besides a wide circle of friends to mourn her sad demise.

Mrs. Adams was a member of the Unitarian church of this city. She was a good Christian woman, possessed of a noble mind and a charitable heart. Her friends were counted by the score, and she was dearly loved by

HOP MARKET IS DEAD AND INTEREST IS NOW CENTERED IN GROWING CROP.

Hop Roots Are Scarce and Command a High Price Which Will Prevent Many Yards From Being Set Out—Report of New York Market.

There is not much to say of the hop market, as week after week passes without a single sale being made, especially by the growers.

Both dealers and growers are losing sight of the market on account of being absorbed in the growing crop. The young vines are the most backward in growth which has been the case in years, but under the seductive influence of a hot sun and plenty of moisture, are making a rapid growth, and if nothing happens, it is thought training will begin within a week in some of the yards, those which are the most forward on account of a favorable location.

Many of the yards are being grubbed, but growers find themselves rather behind with their work for this operation, and many yards will not be grubbed at all, while the work will have to be abandoned when half completed in others.

Those yards which sprouted early and were bitten by frost, are again sprouting, and growers are hoping that a recurrence of the frost will not occur this spring, as now all yards would be affected, and the loss of a month's growth at this already late season would be a heavy blow to the crop.

DIVIDED INTO TWO FORCES

JAPANESE ARMY HAS FULL CONTROL OF COREA FRONTIER.

NO RESISTANCE TO ADVANCE

One Branch of Army For Expeditionary Purposes, the Other for Occupation.

Russians Also Reported to Be in Force North of Gensan Evidently Trying to Draw a Japanese Attack From the Yalu—Reports of the Fall of Port Arthur Untrue.

SHANGHAI, April 19.—Authentic advices from Seoul dated the 12th inst declare the Japanese are in complete control of Corea and the Russian scouting parties have retired across the Yalu before the Japanese who occupied Wiju practically without resistance.

Somewhat of Contradiction.

Seoul, April 18.—The commissioner of customs at Gensan reports a strong force, the number of which is not known, is advancing on the Great South road following the inland coast of the province of South Hamgyung. The Russians passed to the rear of Sungjin which was occupied by a scouting party. The main body occupied Penkkyung 80 miles north of Gensan, on the 17th inst. The flanks and rear were exposed with the evident intention of drawing a Japanese attack from the Yalu.

Port Arthur Still Standing.

St. Petersburg, April 18.—Admiral Makaroff's widow has been granted an annual pension of \$10,000. An official telegram states there is no change in the situation on the Yalu river. The Russian outposts are now on the islands of the river close to the Japanese outposts, which are preparing to retire. Maj. Gen. Pflug, chief of military staff at Port Arthur, telegraphs all statements regarding the fall of Port Arthur are unfounded.

Uncle Sam May Intervene.

Paris, April 18.—The Tokio correspondent of the Matin says the active participation of the United States minister, Lloyd Griscom, in the fetes given by the Japanese association as being a flagrant contradiction of President Roosevelt's declarations, and causes the belief that the ulterior intervention of the United States is probable.

To Move Baltic Fleet.

Paris, April 18.—"The Emperor, in receiving a visit from High Admiral Duke Alexis today," says the St. Petersburg correspondent to the Echo De Paris, "was informed he desired the Baltic fleet to be ready to start July 15. Orders accordingly have been sent to Cronstadt to hasten the preparations of the fleet for its sailing on the date mentioned."

LAST OF THE SUPPLY BILLS

HOUSE PASSES GENERAL DEFICIENCY BILL AFTER STORMY SESSION.

AFTER HARD PARTY CONTEST

Democrats Attempt to Incorporate Recent Executive Age Disability Order Defeated.

Chinese Exclusion Bill, Drawn By the Department of Justice and Introduced by Mr. Hitt, Is Accepted as an Amendment Without Objection—Both Branches Get Busy.

WASHINGTON, April 18.—The House today passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 this evening. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectually to amend by incorporating as a law the recent executive age disability pension order. This afternoon Mr. Hitt offered his Chinese exclusion bill, introduced Saturday, as an amendment to the general deficiency bill and it was accepted without objection. Several bills were passed early in the day under a suspension of rules.

Senate Also at Work.

Washington, April 18.—The Senate today continued the consideration of the sundry civil service appropriation bill, but did not conclude it. A number of other bills were passed during the day. The conference report on the army appropriation bill will be considered tomorrow.

MANY WERE KILLED.

Serious Fighting Takes Place Between the Turks and the Bulgarians.

SALONICA, April 18.—Serious fighting has taken place between the Turks and Bulgarians at Lipa, near Demir Kapu (Valley of the Vardar, 62 miles from Salonica). Many were killed on both sides.

IT IS A BIRD.

Prehistoric Winged Reptile Is a Unique Exhibit at the World's Fair.

ST. LOUIS, April 18.—Something that will excite wonder even among the multitude of wonders at the World's Fair is the remains of a gigantic pterodactyl, a curious winged creature of the reptile class that enjoyed itself by flying through the air in the good old days, five or six million years ago. This unique specimen comes from Connecticut and will be exhibited in the Connecticut building at the Fair, although it was found in Kansas, from which come so many strange things.

An examination of this old pterodactyl will enable the World's Fair visitor to note its peculiarities so that should any person meet with one in the woods he would be able to distinguish it from ordinary birds and bats.

This old pterodactyl has wings fourteen feet long and is seen floating through the air at the World's Fair, as he formerly did, he would doubtless be taken for one of the flying machines or air ships in training to compete for the \$100,000 prize.

Probably the nearest of living relatives of pterodactyls are to be found among the crocodiles and lizards. Doubtless the pterodactyl preyed upon small fishes in shallow inland seas. They lived in the cretaceous period millions of years ago, and were contemporaneous with the huge dinosaurs.

The original fossil bones from which this restoration was made, were found in Western Kansas, embedded in the chalk formation. The chalk was deposited at the bottom of the wide, shallow sea, which once covered that part of the continent, and made a perfect receptacle. The bones are a part of the Marsh collection and have been for a score of years in the basement of the museum. As it stands completed, it is the only mounted fossil pterodactyl in the world.

BOSTON TEAM SOLD.

BOSTON, April 18.—The Boston American League Baseball Club was sold today to John I. Taylor, of this city, son of Chas. H. Taylor, proprietor of the Boston Globe.

TROUBLE IS LOOKED FOR

FRESNO CARMEN'S DIFFERENCES HAS REACHED THE CRITICAL STAGE.

NO AGREEMENT IS REACHED

Conference Is Held But President Mahon Admits a Crisis Is Approaching.

John Simpson, Secretary of United Mine Workers of America Indicted By Federal Grand Jury For Sending Obscene Literature Through the Mails—Is Released on \$800 Bonds.

SAN FRANCISCO, April 18.—The troubles between the Street Car Men's Union and the United Railways are believed to be reaching a critical stage. A meeting was held today at which were present the officials of the company and David Young, representing the Eastern Financiers Corporation. The men were represented by their local officials and President Mahon of the International Association. The conference did not result in any agreement. Mr. Mahon, who is counseling peace, admitted that matters were reaching a crisis.

Upon Serious Charge.

Trinidad, Col., April 18.—John Simpson, secretary of the United Mine Workers of America in district 15, was arrested today on an indictment found by the Federal grand jury at Pueblo for sending obscene literature through the mails. Simpson was manager of the Il Tavatore, an Italian newspaper recently suppressed here by Major Zeph Hill. He gave bonds for \$800.

WAS NOT RAY FAHEY.

Officers of Folsom Prison Say He Was Not the Suicide Fugitive.

SACRAMENTO, April 18.—A dispatch from the Folsom penitentiary says that Warden Yells and the officers at the prison are of the opinion that the man who committed suicide in Kings county by shooting himself while being pursued by officers was not Ray Fahey, one of the notorious convicts who escaped during the first week of last July.

ACCIDENT WAS EXPENSIVE.

WASHINGTON, April 18.—Rear Admiral Capps, chief constructor of the navy, estimates that the cost of repairing the Missouri will be about \$10,000.

INSTRUCTED FOR PARKER

HEARST GETS NO ENCOURAGEMENT FROM NEW YORK

FULL DELEGATION IS NAMED

Large Majority Vote in Favor of Parker's Candidacy For President.

Tammany Fared Fairly Well at the Hands of the Convention, Being Allowed to Name One Delegate at Large and Alternate and One Elector at Large.

ALBANY, April 18.—The Democratic state convention for the election of delegates to the national convention, selected the following delegates at large: David B. Hill, of Albany; Edward Murphy, Jr., Troy; George Ehret, New York City, and James W. Wridgway, of Brooklyn. As alternates it selected C. N. Bulger, of Oswego; W. Caryl Ely, of Buffalo; C. H. Ackerman, of Broome, and Francis Burton, Harrison, New York.

The delegates were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for President. Tammany was not treated as badly as had been predicted, being allowed to name a delegate at large, Mr. Ehret, and an alternate and one of two electors at large, Harry Payne Whitney, the other being John T. Woodford. The platform adopted is brief and in addition to instructing for Parker, compels the delegation to vote as a unit.

Among the district Presidential electors are Isadore Straus, Robert B. Roosevelt, Hugh J. Grant, Herman Ridder and John De Crimmins. The list of district delegates to the national convention includes the following: Perry Belmont, P. H. McCarmen, Martin W. Littleman, Controller Edward M. Grout, James Shevlin, Congressman T. D. Sullivan, Congressman Sulzer, Lewis Nixon, Bird S. Color, William McAdoo, W. Bourke Cochran, Robert A. Van Wyck, Charles F. Murphy, Franklin Bartlett, Charles A. Towne, Thomas F. Grady, Harry Payne Whitney, Jefferson M. Levy, Charles Dayton, Asa Bird Gardiner, Elliott P. Davenport, George O. Raines and John B. Stanchfield.
