It is intimated information had been received that the Japanese had crossed the river but they were accompanied by a statement that the success of the enemy should not be regarded as an important victory, the Russians having no intention of vigorously contesting the passage, their plan being to annoy the enemy as much as possible. It is evident from the dispatches received here, in order to render the crossing feasible, the Japanese made a feint on Tatung Kau while the troops actually crossed some miles up the river Tchangdjiou. Two companies were first thrown into Manchuria and unquestionably entrenched and immediately under cover of their guns reinforcements crossed. It is regarded as probable when these troops are in sufficient numbers they will march along the Manchuria bank of the Yalu in the

Popular Vote of County Will Be Swelled by Immigrants—Elaborate Preparations Being Made at Woodburn for the Opening. Republican Meeting-Political Notes From all Over County

The registration in this county up to the present time is very low indeed, and there is yet but a brief time left to attend to this important duty. Yesterday morning the clerk's office reported a few over 4000, against 5964 registrations two years ago. Thus the shortage is nearly 33 per cent without calculating the new comers in the county who have become voters since the registration of two years ago. There may be a few who do not understand that registration is necessary before one may vote for President also.

Squire L. H. Poujade of Gervais, was a visiter at the court house yesterday, bringing about thirty certificates of registration from Gervais precinct. In that precinct 165 have registered, against 206 two years ago. Squire Poujade says ther are a great

many new comers there who will become voters this year, but just how they will vote remains yet to be seen. They are principally Hungarians, and a very fine class of people, and the Squire thinks they will swell Gervais precinct vote considerably.

The Republicans of Woodburn, under direction of Hon. Walter L. Tooze, district committee chairman, are making arrangements for a rousing Republican rally on a week from next Satinday (May 7), and a general good time is promised. It is understood that arrangements have been made by which the band from the Indian Training School at Chemawa will be present and the number of good speakers will be ceedingly anxious that a good atten-
