and I think it is the mosque. There is my neck and shoulders. Friday morn-usually a cemetery at the side of each ing, with many misgivings on account

Americans. These are seen everywhere in Kansas, and I have had to keep pret-

actly like a grey-hound) and they have gates were told to go who had not been such long neeks and pointed heads with given rooms and as we booked so late drooping horns and cars set low on the the numerous water wheels all the numerous water wheels a sands of these wheels; they are set over ing some "check") and were among and the camel driver was calling for cession with the body is on deck. It seems so strange on the front, the address had been both been a benediction to every mem a kind of well I think. The ox is usual- the rst to inquire for rooms. We were double pay for taking his time, when head of the procession crying and at to have a little spare time; it is the crossed out and sent to Cairo and at the ber of the cruise brought ly blindfolded and goes in a circle none too soon as most of the others, around this wheel. The water pours out fired as they were, had to go elsewhere that I have seen so many sitting ican line of steamers and my room num. Hartshorn has been an invalid for sixof the top of the wheel as it turns and worse yet some had not claimed handed it over to his companion. No. sincere and they cried very loudly. of the top of the wheel as it turns and worse yet some had not claimed around and is carried all over the their baggage. There are some disadfields, the water usually standing in the vantages in traveling with such a large little ditebes or furrows about two crowd; it is like moving a whole town feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to another feet apart, but in many cases it covers to go from one place to go to go from one place to another. Mrs. After plowing a field with the same little balcony onto which our rooms rude plows used in Palestine, a man open; the porch or balcony is furnished pounds up the large clods with a kind looks out on the main street which seporar iron hammer; but labor is cheap arates the park from the hotel. Perfect and plows are high. All of the land is streams of carriages and a few autos under cultivation and the crops are all pass from early morning until 2 or 3 gathered by hand-cut with a siekle. o'clock at night. I saw two funeral There are a few automobiles in town processions and one wedding procession (and their "chu chu" makes me so pass today. It seems gayer than ever today because the Sabbatt is used as a Among the first things my eyes lit holiday by so many and the left openupon after leaving Alexandria, were air balcony of this hotel on the ground boats apparently sailing over the land floor is today transformed into a fairyand immediately in thought I was land, by palms, draperies, flowers, rugs, transported to dear old Holland. Canals and hundreds of lanterns, mirrors, all have a fascination for a c, just like old, ready for the feast or banquet to be jugs. We crossed the Nile several given tonight by the French to the ose they were built say. They wear their "glad clothes of? Mud, entirely of mud with scarce here to dinner. I brought mine along ly any windows and no chimneys; circ but they were too warm, so I bought a shape square, like the houses of Pales thin waist with a silk net yoke and tine, but right on the top was a funny you can imagine how warm it is when little ball of mud; there is usually one I tell you that I sat out of doors all white building of mud in each viffage evening with only that thin net over little village and the graves are all of the heat, we took a carriage for the built up from the ground, also of mud. Sphinx and Pyramids. What was our Now and then we passed a large city surprise to find that the entire drive looking just like any other city except was over a boulevard, thickly lined on for the natives in their picturesque cas- both sides by large locust trees, maktumes and the numerous camels and ing the drive shady all the way and so donkeys seen everywhere (and to think pleasant. We soon caught sight of the that when I left home I was worrying pyramids in the distance and it seemed

Miggins to her husband appears below, former, would become extinct before I it was written while she was at Cairo, the capital of Egypt, and in a very entertaining manner she tells of the many interesting points in and around that an entertaining manner she tells of the many interesting points in and around that an entertaining manner she tells of the many interesting points in and around that Cairo, Egypt, Saturday April 29, all the streamers and flags were low beautiful Bay of Naples, Friday, April 29, then filled with our people. We also there, would become extinct before I in the base of them. When we reach distance about 11 of the base of the largest one about 11 of the base of the sum was beating down on the battle ships in the bay, of which there are 32, interesting points in and around that our people. We also of Naples, Friday, April 29, all the streamers and flags were low based than filled with our people. We also there, would become extinct before I is there-three of them. When we reach down on the largest one about 11 of the base of the country. We passed a number of plages where they were all invited to take a nap which for three-fourths of an hour we endeavored to 40 but we had brought home some contained with them. They are living with beautiful Bay of Naples, and then we went home to dinner with them. They are living with beautiful Bay of Naples and then we went home to live their native heath)? Brick their native heath)? Brick the base of the communion service at its they should be treesting morning and we all bought as there of Naples, Priday, April 29, all the streamers and flags were low then them. They have been anchored in the beautiful Bay of Naples, and then we went home to dinner with them. They are living with beautiful Bay of Naples, and then we went home to dinner with them. They are living with beautiful Bay of Naples, and then we went home to dinner with them. They are living with beautiful Bay of Naples, and then we went home to dinner with them. They have have been anchored in t Cairo, Egypt, Saturday, April 23, 1904.—We are in Egypt, in old Cairo, the twin sister, of gay Paris. If I had been transported here, blindfolded, I should have said that I was in Paris; it sounds like it but, to the eyes, the little of the said to the transported here, blindfolded, I should have said that I was in Paris; it sounds like it but, to the eyes, the little of the said to the transported here, blindfolded, I should have said that I was in Paris; it sounds like it but, to the eyes, the little of the said to the transported here, blindfolded, I should have said that I was in Paris; it sounds like it but, to the eyes, the little of the said on the twinds and to the took but, to the eyes, the little of the said on the twinds and to the twinds and the said on the said on the said on the said on the said of the said on the said of the said on the said of the said on the sai should have said that I was in Paris; it sounds like it but, to the eyes, the read feege, turbaned heads, and long of two suit problems of the plane of the plane was almost the very piece outpers. We reached Alexandria about 10.2a. m. Thursday and two some reasons perhaps on account of the plane, we did not have our driving in their carriages; a great number of the plane, we did not have our driving the plane, we did not have our driving the heat from 1 till 3:15 before starting the heat from 2 till 3:15 before starting the heat from 1 till 3:15 before starting the heat from 1 till 3:15 before starting the heat from 2 till 3:15 before starting the heat from 1 till 3:15 before starting the heat then followed such a long hot dusty ride lasting until 7 o'clock, when we reached Cairo. But it was an interesting journey nevertheless, and as we specially along in the really handsome ears, appropriately upholstered in leather and informing Mrs. Park and I went to the loss of those mind and walked, hiring a guide to tumbrellas was worse than the first and take her. There were only a few who the poor gnarled, twisted things appeal climbed to the top of the pyramids; and to me—for it wasn't their fault and some of them said that it was terrible, while others told another story. Each person has to have two men to pull morning Mrs. Park and I went to the divided off into compartments, I took note of the following: In contrast I took the Holy Land, Egypt is flat, with broad green fields of rice, lentils, and alfalfa. There are numerous locate and string free following the contrast to the fine-folloged trees but of course it is the palm trees that interest we are supposed to the following the contrast of the ship with the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part) for instance to the tomb in the center of the ship with the back part of the ship with the back part) for instance to the tomb in the center of the ship with the back part of the ship with the back part of the ship with the service was a fitting distance. When the verning is every beginn in the tomb in the verning is every beginn in the tomb in the verning is every beginn in the tomb Americans. These are seen everywhere in Kansas, and I have had to keep pretiant for going sight seeing only in the with leaves only at the top; they are with a going strated with a going strate in the were and yesterday that an solice line with each be presented with a going strate in the were and yesterday that an solice line with a going strate in the were and yesterday that an solice line with a going strate in the were and interesting things and here in the were and watch toward which we all contributed. Mr. Hartshorn, and Mr. McCrellis, it was just as hard to go down the slippery dark way as it was to climb II., his father, and the Pharaoh whose can imagine that yesterday was a steward, brought me a letter from you heartfelt and when Mr. Hartshorn was the outside, then there was nothing to army was drowned in the Dead Sea. The great wash-day aboard ship; stockings, addressed to Alexandria. I wish you speaking the tears were flowing down see when one reached it. After a little latter was still enwrapped. see when one reached it. After a little latter was still enwrapped. are many of them—are the Buffalo catevening we were driven to the Grand when the prices of camel rides had when the prices of camel rides had over the ship and handkerchiefs could the envelope for a enriosity. The antenderly of his invalid wife and said
the such as they have in the Philips over the ship and handkerchiefs could the envelope for a enriosity. The antenderly of his invalid wife and said dropped, I bargained with a man to guide and myself, went to the citadel, be counted by the dozen. Many things therities had evidently suspicioned it that if we saw the sunlight in his face ride a few steps on his camel and to where a fine view of the city was obhave somebody take my picture, all for tained. We also visited near there and sent down into the hold market Mildred's innocent little drawing in his presentation speech) that it was 5 cents. The first man I called to take old mosque over 500 years old. We "To be stored in New York." Yes, it side. The opened end of the envelope because of the little wife in yonder

handed it over to his companion. No.

2 had never taken any pictures but No.
