

POTTER TO STAY

MOUNTAIN ERECTED AGAINST HIM BECOMES A SMALL MOUNTAIN

To Satisfy the Vindictiveness of His Pursuers He May Be "Censured" for Technical Breaches of Regulations But Will Not Be Removed, Which is Lucky for the School.

WASHINGTON, May 25.—The report of Inspector Nealer and Supervisor Holland, who investigated affairs at the Chemawa Indian School, has been received by Secretary Hitchcock. It recommends that Superintendent Potter be severely censured, but does not recommend his dismissal. Potter was found to have committed gross irregularities and breaches of the regulations but did not personally profit by the transactions. Potter will probably not be removed, but the recommendations of the inspectors will be followed.

(The above version of the report spoken of is very probably inspired by the same red-tape fellows who have been pursuing Superintendent Potter all along upon more technical violations of details rules which may be applicable in some settlements of the effect East, but which cannot be strictly followed in the West, where people are too busy and progressive to adhere to mere formalities. It is very evident from the statement confessed in the closing lines of the dispatch that Superintendent Potter violated no rule that is of vital importance to the service, and that he has done no act calculated to impair or retard the strength and usefulness of the school, and that he is entirely untainted by either fraud, dishonesty or unfaithfulness to duty. It would be a serious loss to the service if such a man could be injured or discredited by petty, jealous underlings.)

ADMINISTRATOR APPOINTED.

Guardian Petitions For Order to Sell Minors' Interest in Real Property.

Upon his own petition W. H. Queener was yesterday appointed by County Judge Scott, administrator of the estate of Martha Ann Apple, deceased. The estate consists of real property valued at about \$800, and by order of the court Mr. Queener filed a bond in the sum of \$200, which was approved. Warren Richardson, E. P. Sorrensen and A. S. Watters were appointed appraisers to appraise the property belonging to the estate. The heirs, as given in Mr. Queener's petition, are as follows: Dianah E. Kepner, daughter of deceased, residing in Multnomah county; John W. Apple, son of Marjorie county, and Aaron F. Uley, W. and Rose R. Apple, sons, of Gilliam county.

G. W. Kuthie, G. M. Devaney and G. W. Humphrey, the appraisers of the estate of Olive Shanks, et al, minor children, filed their report, having fixed the value of the real and personal property belonging to the minors at \$243.80. Carrie J. Freeman, the guardian, petitioned the court for an order authorizing her to sell the real estate and the court fixed June 24, at 10 o'clock p. m. as the time for hearing her petition. The property which the guardian desires to sell consists in a one-twelfth interest in lots 1 and 2, of Turner's addition to Turner.

Mary Walton filed her final account as executrix of the estate of John S. Walton, deceased, which will be heard June 24, at 10 o'clock a. m.

ELOPEMENT OF TURNER COUPLE

Miss Bessie Anderson Is Supposed to Have Run Off With Vance Nodine.

The following account of an elopement from Turner is given in last evening's Portland Telegram: "Disguised in a baseball uniform and seated in a buggy beside the man she loved, Miss Bessie Anderson, 16 years old, and reported to be of remarkable beauty, fled from the home of her parents at Turner, Oregon, and passed through the center of that town without being recognized by the people who thronged the streets of that village Sunday. Frank Davis, a resident of Turner, and a deputy sheriff of Linn county are in Portland today searching for the girl and Vance Nodine, who is alleged to have accompanied her in her flight.

The searchers struck the trail of the fleeing couple shortly after their sensational elopement and followed them to the foothills of the Santiam country, but there their trail was lost. It is believed that they took the trail and came to Portland, and today they are being searched for in this city.

Nodine is a married man, and left a family at Tillamook when he started

W. C. Judd Elected Captain of Track Team—A Local Field Meet Is Projected.

(From Thursday's Daily.) The University track team held a meeting yesterday afternoon and elected W. C. Judd as captain for the ensuing year. Mr. Judd has been prominent in athletics ever since he has been connected with the University and has certainly merited the honor which has been bestowed upon him. Besides being a member of the track team he has played on both the basketball and football teams for the past three years. There will be no more intercollegiate meets this year, but arrangements were made yesterday for the holding of a local meet. A committee was appointed, consisting of Judd, Winslow and Ford, which will divide the athletes into two as nearly equal divisions as possible and then apportion the seconds so that half will support one side and half the other. This meet will serve the double purpose of keeping the men in training and of furnishing some first class sport. Much interest and excitement has been aroused by these local meets in the past and this one gives promise of eclipsing all former efforts at this line. One side will be called the "Cardinals," and the other the "Old Golds." The meet will probably be held during the first part of commencement week.

A poll of the Ohio delegation by conservatives (opponents to W. R. Hearst) follows: Conservatives, 36; Hearst, 6; Falk, 4, which under the unit rule, will give the Conservatives more than three to one.

CHICAGO, May 25.—A dispatch to the Tribune from Emporia, Kan., says: William Allen White, editor of the Emporia Daily Gazette, has been offered the position of State Accountant without pay under Governor Bailey. Mr. White has not yet accepted. The offer made by Governor Bailey is the result of an editorial written by Mr. White last week, in which he said he would gladly accept the place of State Accountant without a salary. He expressed the belief that a State Accountant could find plenty of work to do in checking up the expenditures of the state officers. The place of the State Accountant was created by the Legislature of 1903, and pays a salary of \$2000 a year, but has never been filled.

CANCEROUS ULCERS

ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

whether the sale of intoxicating liquors shall be prohibited in such county or subdivision of such county or in such precinct. This proposal is pushed upon attention by the assertion that its sole scope is to enable the residence sections of a city to keep saloons out of their boundaries. This is the understanding upon which moderate temperance workers have been begged into support of the act: One of the proposal's most highly moral advocates (in his own pretense) and most highly crooked (in fact), because he cannot state any question or fact honestly, has said over his own signature that the application of the law will be "confined to residence districts."

VOTE AGAINST LOCAL OPTION

It is not local option. It is county prohibition. It will enable the people of one community to say whether the people of another in the same county shall have prohibition, demoralizing communities and driving people away, and placing the business of liquor selling into the worst hands. It will, if enacted, do Oregon hundreds of thousands of dollars' worth of damage, before it can be repealed, and will bring no benefits whatsoever. The proposition is wholly bad, dishonest and unfair. It has demoralized and almost depopulated many Texas towns. The proposition is not deserving of the vote of any honest or fair man, because it is one sailing under false colors, intended to deceive, and because it will do damage instead of good, and retard the growth of Oregon as nothing else could.—Adv.
