FOREST FIRES

GOV. CHAMBERLAIN TO ISSUE PROCLAMATION AS REQUIRED BY LAW.

Calls Attention to the Liability and Penalties of Persons Setting Fires in the Forests and Timber Lands of the State of Oregon.

Governor Chamberlain will today issue a proclamation setting forth the various sections of the state law for the protection of the forests and groves of timber of the state. These are sections 1787 to 1792 of Bellinger and Cotton's codes and are as follows:

"Sec. 1787. If any person shall maliciously, with the intent to injure any other person, by himself or any other person, kindle a fire on his own land or the land of any other person, and by means of such fire the buildings, fences, crops, or other personal property, or wooded timber lands of any other person shall be destroyed or injured, he shall, on conviction, be punished by a fine of not less than twenty dollars nor more than one thousand dollars, or by imprisonment in the county jail not less than three months nor more than twelve months, according to the aggravation of the offense.

"Sec. 1788. If any person shall without malice kindle any fire in any field, pasture, inclosure, forest, prairie, on timber land not his own, without the consent of the owner, and the same shall spread and do damage to any buildings, fences, crops, cordwood, bark or other personal property not his own, he shall, on conviction, be punished by a fine of not less than ten dollars nor more than one hundred dollars, and costs, according to the aggravation of the offense, and shall stand committed until the fine and costs are paid.

"Sec. 1789. Any person who shall enter upon the lands of another person for the purpose of hunting and fishing, and shall without the consent of the owner of said lands kindle any fire thereon, shall be punished by a fine of not less than ten dollars nor more than one hundred dollars, and with the intent to injure any other person, such offender shall be punished by a fine of not less than twenty dollars nor more than two hundred and fifty dollars, or by imprisonment in the county jail not less than three months nor more than twelve months.

"Sec. 1790. Any person or persons who shall willfully set fire to any wooded country or forest belonging to the State or the United States, or to any other person or persons, shall be deemed guilty of a misdemeanor, and upon conviction before a court of competent jurisdiction shall be punished by a fine not exceeding one thousand dollars, or both such fine and imprisonment; provided, that nothing herein contained shall apply to any person who set a good faith back fire to prevent the extension of a fire already burning.

"Sec. 1791. Upon any prosecution under this act, one half of the fine imposed shall be paid to the person who first gives information thereof to the district attorney for the district in which the offense is committed, and the other moiety shall be paid into the county treasury for the benefit of the common school fund of the county in which said fine is collected.

"Sec. 1792. It is hereby made the duty of the Governor of this state to issue a proclamation on the first day of each July of each year, calling attention to the provisions of this act, and warning all persons against violating the same. It is also made the duty of each circuit judge of this state to read the provisions of this act to each grand jury when charging them as to their duties."

PROBABLE DEPUTY.

Rumors on the Street Name Sheriff-Elect W. J. Culver's Chief Deputy.

(From Wednesday's Daily.) All attempts to secure from Sheriff-elect Culver, a statement as to who may be his deputy when he assumes office on the 5th of July have been futile. He will neither deny nor affirm the rumors floating around the streets that Harry J. Minto has already been selected for the post of first deputy.

One thing that lends color to the rumor is the long standing friendship existing between Mr. Culver and Mr. Minto. They served in the Revenue service together in Alaska for a number of years, worked in the mines together, and know each other like brothers.

KEYBO-PLAIDS GUILTY. An Old Offender Found Intoxicated And With Hammock in His Possession.

Charles Keybo was given a hearing in City Recorder Judah's court yesterday upon the charge of the larceny of a bicycle, but by consent of Recorder Judah he pleaded guilty to simple larceny and was sentenced to serve ninety days in the Marion county jail.

W. C. Barker and wife left yesterday for Corvallis, where they will visit Mr. Barker's sister, Mrs. Allen.

FOR CAMP DUTY

RULES REGULATING ATTENDANCE—NATION GUARD MATTERS OF INTEREST.

Orders Are Very Strict and No Excuse Except Sickness Will be Accepted For Non-Attendance—This Is Necessary to Promote Efficiency of the Militia.

Captain Murphy is determined that all members of Company M will attend the annual encampment at American Lake, and some men are having trouble about attending on account of the unwillingness of their employers to give them a vacation.

The national guard is now under control of the United States War Department, and Captain Murphy has no discretion in the matter. All men are required to attend unless prevented by sickness, and Captain Murphy has ordered that every man in the command prepare for camp duty.

Must Attend Camp. "Sec. 237. Every officer or soldier absent from any drill, parade camp, field, or cruise duty or meeting for inspection, or other duty ordered by competent authority, shall within seven days after such absence render in writing to his commanding officer a reason for such absence, which shall be immediately forwarded by such officer approved or disapproved to next superior headquarters.

General orders convening the troops of the Oregon National Guard in Portland, and for them to proceed to American Lake for the summer encampment have been issued by Adjutant General W. E. Finzer, and include the Third Infantry, separate battalion from Southern Oregon, Battery A of Portland, and Troop A of the Cavalry, from Lebanon.

Officers are permitted to take their khaki uniform in addition to the olive drab. The method of wearing the equipment is prescribed as follows, for enlisted men:

When the troops of this state are turned out in field equipment the haversack will be worn on the left side, both straps under waist belt, the canteen on the right side, straps over the haversack straps, front and rear straps over waist belt, the tin cup to be hung by its handle to the rear canteen strap, opening of the cup toward the body.

Blanket rolls should consist of blanket, poncho, overcoat, shelter half, shelter poles, pins and ropes, 1 suit of underwear, 2 pairs stockings, 1 pair shoes, and will be worn on the left shoulder. Comb, toothbrush, soap and towel will be carried in the haversack.

EVIDENTLY THE RIGHT MAN. Chief Gibson Instructed to Hold Harry Holt Until Officer Arrives.

Chief of Police Gibson last evening received a telegram to the effect that an officer had left Chicago for Oregon, armed with requisition papers for Harry Holt, alias Brown, who is occupying a cell in the city jail. Holt was arrested by Chief Gibson Monday morning upon instructions received from Chief Hunt, of Portland.

The telegram received last evening states that the prisoner is wanted in Chicago, where he must answer to the charge of "conspiring to kill" a man named Frank Brown, on April 16, 1904. Holt had been employed for several days prior to his arrest, as pressman in R. E. Moore's job office, and proved to be a good workman.

WARMWEATHER

BEWON RUN TO CORVALLIS ABANDONED BECAUSE OF LOW WATER.

New Steamer Completed to Be Called the Orgona—Hottest Days of the Year With Thermometer Above the Ninety Mark—Change Last Night for the Better.

Editor Statesman: It seems to me that during these extremely hot days the temperature here in Salem would be a new item.

Day before and yesterday were by far the warmest days of the season of 1904, up to date, the mercury column registering 96 degrees Tuesday at the coolest point in Salem, the weather observatory at the O. R. & N. docks in the shade on the north side of the building, and with the breeze cooled from the water circulating around it.

The river is now at a very low stage, registering, at Salem, 1.7 feet above low water mark. On this account the steamers have made their last trip to Corvallis, and night before last tied up in Salem for the night, arriving in this city in good season, before 7 o'clock.

Although the water is low, the river seems to be in good condition from Portland to Corvallis with exception of one gravel bar, the one near Eola, a few miles above Salem. On a recent trip of the steamer she left Salem before dark and did not arrive at Independence until 6 o'clock next morning.

The new steamer Orgona, of the O. R. & N., which has been in course of construction in Portland for nearly a year, is now about completed, and will make her first regular run to Salem next Saturday evening. She is built as a light draught boat, for low water, and is successful, will be a great convenience during the summer season, when steamboat traffic is so difficult.
