MATTERS ARE SHAPING THEMSELVES FOR THE COMING BIG STATE FAIR.

The Stock Department Will Not Be Neglected, While all Other Exhibits Will Be Quite Up to the Standard—Some Judges Are Selected.

# Brief Time Should Lift Veil of Uncertainty

ST. PETERSBURG, Aug. 29.—Even late last night the greatest uncertainty prevailed regarding the actual situation at Liao Yang. There is intense anxiety for definite news from the front, but even the authorities are practically ignorant as to whether or not the long expected battle will be fought at Liao Yang or further north.

**Great Battle Now Proceeding.**  
It is expected a great battle is now proceeding and there are many indications that such is the case. If this is so, the fate of the year's campaign may be settled within forty-eight hours. At the same time the opinion is almost equally divided, many believing that Kuropatkin will not make a determined stand and the Japanese will crack the shell only to find the bird has flown.

**Confined to Rear Guard.**  
One of the Russian correspondents of the Associated Press says the fighting so far has been confined wholly to the rear guard actions. The Russian force is now concentrated in a series of exceedingly strong positions around Liao Yang but the whole withdrawal was in accordance with a pre-arranged plan. It is certain the armies are now in close touch.

**Japanese Are Advancing.**  
The Japanese are advancing in great force along both of the roads converging on the Liao Yang, but the crucial question, whether it is the main Russian army that is concentrated there to

TOKIO, Aug. 30.—The Russians are concentrating at Liao Yang either with the intention of giving a general battle or of retiring. They were beaten at Lungshashan and retreated from Anshanshan and Anpin. Anshanshan was the strongest defense Liao Yang possesses and its loss renders the defense impossible. It is believed here that Kuropatkin cannot now avoid a fight and a crushing defeat.

**Morning Attack.**  
Liao Yang, Aug. 29.—The Russians lost 300 in killed or wounded during the retreat from Anshanshan. The Japanese made a forced march by night overtaking the Russians at daylight. General Kurovskoy was killed by the explosion of a shell.

**Have Been Disarmed.**  
Shanghai, Aug. 29.—The Russian destroyer Grozovoi has been disarmed and the cruiser Askold will disarm tomorrow.

## MINING NEWS

FEW ITEMS OF INTEREST CONCERNING SOME VALUABLE PROPERTIES.

**The Great Northern Turning Out Well—Lucky Boy Putting In Cyanide Plant—Ross Group Shows Good Prospects.**

**Offered \$10,000 for a Mine.**  
G. V. Kump, of Halney, was in Brownsville Saturday. Mr. Kump had just returned from the Blue River mines, where he had been to take in Messrs. Ebbell, Pratt and Taylor, who with others own the Cinderella mine. He reports these gentlemen have just refused an offer of \$10,000 for the Cinderella. The Cinderella is located on the Calapooia side near the Great Northern mine.—Times. The Cinderella is one of the coming great mines of the district.

**Fine Ore from Ross Group.**  
W. D. Ross is down from Blue River with samples of fine ore from the Ross group below the Great Northern on the Calapooia side. They have some of the same kind of ore that is being taken from the Great Northern. He says there are more people in the district and greater activity among the mining men than ever before in the history of the district.—Eugene Register.

**Lucky Boy Mill Closed Down.**  
The big Lucky Boy mill, Blue River district, has been shut down until about the 10th of September in order to install a new electric cyanide plant in connection with the mill.

**Articles of Incorporation of the Great Northern Development Company have been filed in Lane county this week, says a Brownsville paper. The new corporation covers the property owned by the Great Northern Mining Company, of this city, which the owners bonded some time ago to the present incorporators for \$50,000. The incorporators of the new company are given as follows:**

W. Scott Standish, of Brownsville, and H. C. Mahon and A. Orville Waller, of Eugene. The officers are: president, W. S. Standish; vice-president, H. C. Mahon; secretary, A. O. Waller. The directors are: W. S. Standish, H. C. Mahon, A. O. Waller, C. L. Inman and Dr. George W. Leslie. The capital stock is fixed at one million dollars, divided into shares of \$1 each.

The object of the new company is set forth in the articles of incorporation as follows: To buy, sell, own, operate and maintain mills and mining property of all kinds; to build, own, operate, and maintain mills and mining machinery, tramways, flumes, ditches,

receive them, or merely a strong screen has not been answered up to this time. Much depends upon the weather. It is possible recent rains may have made Kuropatkin's withdrawal impossible even if he desired to withdraw, or that a further downpour may disarrange the plans of both sides. But the latest indications which are that the weather and roads are improving should force a rise of the curtain within twenty-four hours.

**Morning Attack.**  
Liao Yang, Aug. 29.—The Russians lost 300 in killed or wounded during the retreat from Anshanshan. The Japanese made a forced march by night overtaking the Russians at daylight. General Kurovskoy was killed by the explosion of a shell.

roads, water powers, power plants telegraph and telephone lines; to buy, own, sell mortgage and hypothecate both real and personal property. The new mining company is composed of well known mining men. Messrs. Standish and Inman headed the Great Northern last fall. It is one of the best mines in the Blue River district. The Great Northern was located four years ago last spring by Brownsville men and was owned entirely by Brownsville men when bonded for \$50,000. There is a 2-stamp mill on the property, and to this a Huntington mill and other machinery will be added at once. At present the 2-stamp mill is turning out about \$120 per day, and with the addition of the new mill the capacity will be trebled.

## MEETS TODAY

**PORTAGE RAILWAY BOARD AND REPRESENTATIVE OF OPEN RIVER ASS'N TO MEET.**

**Blank Form of Agreement Between the Two Bodies Will Probably Be Discussed and May Be Signed—Form of Preliminary Contract Be Considered.**

It is expected that some important developments will transpire today in the matter of the portage railway, at a meeting which will take place between the members of the state board and Attorney J. N. Teal of Portland, representing the Open River Association. Attorney Teal will come up today at the request of the board for the purpose of going over the written form of agreement as between the board and the Open River Association, which was only in verbal form at the last meeting, by which the construction of the proposed railway was turned over to the Open River Association with the understanding that the appropriation made by the Legislature of 1903 was to be used, and all over this amount of expense necessarily incurred to be borne by the association. This agreement has been reduced to writing and will be taken into consideration at today's meeting. Since the board has not retired from its attitude of the previous meeting, it is probable that everything will be signed up today.

As a sort of preliminary contract is to be entered into between the board and the association, a blank form of this instrument has also been prepared by the Attorney General and this will also be one of the principal subjects of discussion and adoption, with possibly some modifications. The board declines to announce the stipulations of the contract until it can have been acted upon in some definite manner.

An informal meeting of the portage board was held yesterday morning but nothing of a definite nature transpired, as the whole time was consumed over

WYOMING GIRL SLASHER MEETS SUMMARY VENGEANCE

LYNCHED BY A VENGEFUL MOB

Trusty in Laramie Jail Cuts Girl In Face With a Razor.

Mob of Two Hundred Overpower Sheriff and Take Prisoner Forcefully from Jail, and Hang Him to Nearest Post.

LARAMIE, Wyo., Aug. 29.—Joe Martin, colored, was lynched by a mob of 300 men in front of Judge Carpenter's home at 8 o'clock tonight. Martin was a trusty in the county jail. He attacked a white girl, Della Krause, in the jail kitchen, and slashed her face and arms with a knife. One man was injured by Martin as the mob was cutting the jail to drag out the prisoner. After assaulting Miss Krause with a razor, Martin was placed in a cell in the county jail tonight. Tonight a mob of several hundred men formed outside the jail. The first intimation Sheriff Cook had of the lynching was when two masked men appeared in the kitchen of the jail house and with guns leveled at him told him there were 200 men waiting outside for the negro and he had better not attempt to make any trouble for them.

In the meantime another masked man had entered and while the first two held the sheriff, a third man took the keys of the jail from the sheriff's pocket and then the three started for the negro's cell. On the way they met Dr. Miller, who had been summoned to dress the wounds on Martin, self-inflicted with the same razor with which he had assaulted the girl and Turnkey Jones. They were both compelled to stand against the cells with their faces away from the mob. The negro was then taken from his cell and then hurriedly marched through the court house into the street. Arriving at a lamp post a short distance from the jail, the negro was quickly strung up to the post.

PRIZE TO FIDDLERS.

One of the attractions at the Wallowa county fair to be held at Enterprise during the week beginning October 3, will be a tournament for country fiddlers. The fair association is offering \$100 in cash prizes for this tournament. Wallowa county is largely settled by people from Missouri, Arkansas, Kentucky, Tennessee and other Southern states where to play the fiddle is the earliest ambition developed in the youngsters' minds. The county is therefore full of fiddlers and from the number of inquiries already received it is the expectation that the number of entries in this unique contest will be large.—La Grande Observer.
