DAIRY OUTPUT

PRODUCTS WORTH NEARLY FIVE MILLION DOLLARS LAST YEAR.

Interesting Matter Covering Amount of Product and Value, Including Ratio Paid in Wages in Manufacture—\$200,000 for Labor.

Labor Commissioner O. P. Hoff has the following statement from the State Dairy Commissioner covering the products of Oregon's creameries and dairies. It says:

"State Dairy and Food Commission, or J. W. Bailey reports that in 1902 Oregon produced 4,000,000 pounds of creamery butter valued at \$900,000; 3,500,000 pounds of dairy butter valued at \$630,000; 2,225,000 pounds of cheese valued at \$267,000, and milk and cream other than used for butter, valued at \$1,800,000. The total returns for that year were \$3,597,000. He states that in 1903 the figures are as follows: Creamery butter, 4,500,000 pounds, valued at \$1,525,000; dairy butter, 3,000,000 pounds, valued at \$360,000; milk valued at \$2,000,000, and cream other than that used for butter, valued at \$450,000. Total value of products, \$4,535,000. Reports to this bureau show that prices were practically the same as in 1902, with the exception of milk delivered by wagons. In this instance dairymen are receiving and consumers are paying about 11 per cent advance for milk delivered by the quart. Within the past two years condensers have been established in the state. In 1900 the wage-earners received \$27,302 of the \$639,222 received for the milk, cheese, and butter product of Oregon. This question was asked of this office: 'If in 1903 the milk, cheese and butter product of Oregon was valued at \$4,535,000, what portion did the wage-earner receive?' Taking the same ratio as in 1900, when the wage-earners received \$27,302 of the \$639,222 paid for the dairy product, there should be paid for labor, \$195,358 out of \$4,535,000."

LAST SUMMER'S WORK.

Permanent Cures Performed by Dr. Darrin in Salem—Now at Hotel Corvallis.

Among the many cases treated by Dr. Darrin, and presented to us for publication, we select the following, which speak volumes for the doctor's skill and the permanency of his cures. Mrs. Ross and Mr. Darby are well known in Marion county.

Mr. Darby Cured of Catarrh.

Salem, Or., June 19, 1903.—Dr. Darrin. For eight years I have been afflicted with catarrh in the head and throat, causing bleeding of the nose. Your treatment by electricity and medicines cured me completely. I will say that for the small amount you charged me, I would not endure the catarrh for one day though it cost me to cure me. I offer you these few lines of testimony with my own free will. C. W. DARBY.

Mrs. Ross' Good Luck.

Salem, Oregon, June 15, 1903.—To the Editor: Dear Sir—I am proud to witness to the public the skill of Dr. Darrin as a physician. Nearly two years ago I presented myself to him a miserable diseased physical wreck, body and mind, never having a thought of seeing a well day again, but hoping to receive from him some temporary relief. One year ago I did not dare take a mouthful of solid food into my stomach. I lived on soup and cocoa on account of my intense suffering—apparently afflicted with an acute and incurable disease of the stomach. I took the treatment of Dr. Darrin three months and have since been able to sit down to any kind of food and relish it to my satisfaction, never fearing any evil results. My afflictions were chronic dyspepsia, constipation, liver and kidney complaints, pains in the heart and lungs and diseases peculiar to my sex. Now life is a pleasure, I am a stranger to pain of any form. I have not had such health in twenty years. I feel lifted into a new world and enjoy all things on account of feeling well again. Publish this, that others may be benefitted. Refer your readers to me at Salem, Oregon. Very Respectfully, MRS. BEULAH R. ROSS, Dr. Darrin's Place of Business.

SIR THOMAS IS PLUCKY

SAYS HE HAS NOT GIVEN UP HOPES OF WINNING CUP.

MAY SOON TRY FOR IT AGAIN

Is Looking Earnestly for a Designer Who May Propose a Boat to Win.

Yachting World Says Kenneth Clarke, Famous Clyde Racer, Is Also Considering a Challenge for the Cup—Both Would Be Willing to "Lift It."

LONDON, Oct. 19.—In discussing the probabilities of a challenge for the America's cup, the Yachting World says: "There is less justification for the assumption that Sir Thomas Lipton's regrettable withdrawal means the total collapse of all chances of the immediate re-opening of the contest. Recent negotiations on the part of Kenneth M. Clarke, the foremost Clyde racing owners, bring it well within the bounds of possibility that he may enter the contest."

Sir Thomas Lipton was shown the Yachting World's article today and said it was utterly incorrect to assume that he had abandoned the idea of challenging for America's cup again. He had, he said, faced great difficulties in securing a designer, but he had not given up.

GRAND RALLY

SALEM REPUBLICANS HAVE FINALLY SET DAY FOR THEIR GRAND BLOW-OUT.

Will Hold It First Day of November and Will Have Great Time—Several 'Spellbinders' Will Be Present and the Welkin Will Ring in Good Old Style.

The Republicans have finally decided on the first of November as the day for their grand whoop-up for Roosevelt and Fairbanks, and they are trying to arrange for a grand time.

A great street parade with bands, flambeaus and other infernal machines to make noise and to light the streaks between the Salem street lamps, will be one of the features of the evening, and this will be followed by speaking of the good old kind at the opera house in the evening.

Senator John H. Mitchell will be the leading speaker and invitations will be sent to Hon. W. J. Vawter of Jackson county, Hon. Percy Kelly of Alban, Hon. W. Kuykendall of Eugene, and Hon. Dan J. Malarky of Portland, to come along and help out. It is expected to make this a very interesting meeting and to have a grand time in general.

The two clubs here, the Roosevelt and Young Men's Republican, are working in entire harmony, and the First Voters will meet on Friday night and organize, and they will take a prominent part in the rally.

SHOOTING AT PERRYDALE Report of a Family Feud that Brought Forth Firearms and No Results. On Sunday afternoon about the hour of 2 o'clock, it seems that Frank McKinney, of Perrydale, decided to make a call upon his brother-in-law, Mr. Lon Downing, whom he did not like, and went to the McKinney farm near Perrydale, where Downing was living, for that purpose. He failed to find Downing and proceeded to call upon Mrs. Downing, McKinney's sister, and when he called at the door of the house there was trouble.

It was Kentucky all over and over. It seems that there had been trouble between the brother and sister and on his appearing at the door Mrs. Downing as an evidence of sisterly affection, and McKinney as an equal evidence of brotherly love, each produced firearms and the fireworks began. Unlike Kentucky, both lived to tell the tale, and it seems that Mrs. Downing told hers first to the nearest justice of the peace and her brother was called up yesterday and had to give bonds for his appearance later.

It seems the families have been at outs for some time and that to avoid a continuance thereof, Downing is leaving the McKinney farm.
