

THE WEATHER.

PORTLAND, Oct. 20.—Following is the weather forecast for twenty-four hours ending midnight, Friday, October 21: Western Oregon, increasing cloudiness with possibly showers in the western portion. Western Washington: Increasing cloudiness with showers near the coast. Eastern Oregon and Washington: Fair.

THE CITY

(From Wednesday's Daily.)

Coo County Taxes.—The treasurer of Coo county delivered the last half of state taxes due from that county to the State Treasurer amounting to \$12,000.

Administrator Discharged.—Chas. F. Hein was yesterday discharged by the Marion county probate court as administrator of the estate of Lewis M. Everill, deceased, the estate having been fully administered upon.

Estate Appraised.—The estate of John G. Reeves, deceased, has been appraised at \$1113.32. The estate consists of both real and personal property and the appraisement was made by P. A. Gunderson, H. E. Reeves and F. H. Bonhoff, who filed their report in the county court yesterday.

Y. M. C. A. Bible Class.—The first class meeting of the Bible Study Club met last evening at the Association rooms, twenty being present. After the partaking of a lunch at 6:30 the class was led by Secretary John Fechter and a very profitable hour was spent. This class will meet each week and any young man desiring to take a systematic study of the Bible is welcome to come every Tuesday evening to the 6:30 lunch and then through the class meeting.

Governor Reappointed.—Last year Governor Chamberlain was appointed by the Exalted Ruler of the B. P. O. E. to be chairman of the committee on charter, and this year Exalted Ruler Wm. J. O'Brien, of Baltimore, who was elected at Cincinnati, Ohio, in July, has reappointed him to the same position, which is one of the most important committees in the order.

At the Indian School.—Two parties of students have arrived recently at the United States Indian Training School at Chemawa, including four pupils from Klamath agency and two from Neah Bay.

More Delegates.—Gov. Geo. E. Chamberlain yesterday appointed Henry J. Taylor and Hon. W. Blakely to the Irrigation Congress which meets next month at El Paso.

Not Improved.—The condition of Mr. Theron A. Lyons, the young man struck by the train Tuesday evening, is not improved. Grave concerns are entertained as to the outcome of his injuries, as concussion of the brain is feared.

Improving His Home.—Gov. Z. F. Moody is making some repairs to the front of his handsome residence on the corner of Winter and Court streets. A new and enlarged portion of veranda is to add to its beauty on the Court street side.

Been Visiting Here.—While J. D. Barber of Marion, has been serving as juror in the court, Mrs. Barber has been enjoying a two weeks visit with the family of their niece, Mrs. J. F. Niles, who resides on the Garden road. Mr. Barber found leisure to occasionally patronize the new Englewood street car service, and spend

Painting the Steeple.—On Monday the work of painting the steeple of St. Joseph's Catholic church was begun. It was quite a sight to see the painter swung jauntily on his board suspended in mid-air, whistling gaily and swishing away with his paint brush as though he were on the safest part of terra firma.

Wanton Desecration.—The Breyman fountain that is viewed with pride by every right-minded citizen of Salem, has suffered the indignity of having some of the ornaments thereon broken loose and cast upon the ground. The ornaments have been restored to it, however, and a few serviceable benches placed near it, for the accommodation of the public.

A Handsome Residence.—The new residence of A. N. Moores on the corner of Chemeketa and Summit streets, is rapidly nearing completion. It will be one of the handsomest dwellings in Salem, and will be a credit to the owner and the city as well. Constructed after the style of the Italian Renaissance, it brings something new into the architecture of the Capital City.

Leaves for California.—Mr. Edwin D. Goodwin, for many years at Chemawa, left yesterday for Southern California, for the benefit of his health. Mr. Goodwin resigned at the school in May and went to Eastern Oregon in search of health and now is going to California in the same quest. He expects to return to the Indian service as soon as his health will permit.

Football Saturday.—The Willamette football team is not at all discouraged by their defeat of last Saturday and are going to roll up a big score against Columbia University of Portland in this city next Saturday. It will be remembered that the Columbia lads defeated Pacific University last year and hence are in a position to put up a rattling good game.

Hops Shipped.—The J. Seavey Bros. loaded 300 bales of their big hop crop yesterday for shipment to Portland. They have sold only 100 bales of this year's crop so far, and they will hold the balance, for some time with the expectation of a better price. The crop this year only fell twenty-five bales short of last year's crop, but the increased price more than makes up for the deficiency.—Eugene Register.

Depot Improvements.—The Southern Pacific passenger depot will shortly undergo a thorough remodel-

ing and renovating. An interior alley will connect the two waiting rooms and there will be but one ticket window so arranged as to facilitate the work. The depot will be modern in every way, and Agent Comings expressed the belief that some attractive landscape gardening would be done about the grounds.

Progressing Finally.—The work on the new Congregational church on the corner of Liberty and Center streets is progressing very rapidly and it will not be long before the building will be hearing completion. When completed it will be one of the most commodious auditoriums in the city, and one of the most attractive buildings in Salem, as well. It is said that the congregation expect to hold Christmas services, at least, in the new church.

Will Inaugurate New System.—County Judge Scott has decided to inaugurate a new system in his office, and beginning next Monday he will have regular daily hours during which he will devote his attention to probate matters. This will no doubt prove more satisfactory, both to the judge and the attorneys, and will also save a great deal of time. Judge Scott has not decided what hour he will set aside for probate business, but will name such hours as may be most satisfactory to the attorneys.

Ordinance Signed by Mayor.—Mayor F. W. Waters yesterday affixed his signature to the city lighting contract ordinance, passed by the council the previous evening, a copy of which was later submitted to the officers of the Citizens' Light & Traction Company. Late yesterday afternoon the officers of the company filed their acceptance of the contract with City Recorder Judah, and the provisions contained in the contract ordinance are now in full force and effect. The Citizens' Light & Traction Company will at once begin the erection of the fifteen arc lamps to be placed in the three wards, and later additional lamps will be placed throughout the old wards.

Levy Wants Possession.—F. Levy vs. T. Aufrance is the title of a new suit filed in Department No. 2 of the state circuit court of Marion county. The action was brought by Mr. Levy to gain possession of 290 acres of land located in townships 7 and 8 south, range 1 west, of which he claims to be the owner, and the possession of which he alleges the defendant has wrongfully withheld from him since October 1, 1904. In addition to his request for a decree granting him possession of the premises, Mr. Levy asks that he be awarded general damages in the sum of \$500, and special damages to the amount of \$750. Carson, Adams & Cannon appear as attorneys for Mr. Levy.

Farewell Reception.—About seventy-five friends of Dr. and Mrs. D. A. Watters met at the home of Mr. Geo. E. Metcalf on Court street, last night and tendered them a farewell reception. Dr. Watters, who for the past six years has been the presiding elder for this district of the M. E. conference, was recently transferred to University Park, near Portland, where he and his wife will locate in the near future. The evening was pleasantly spent in social converse, music, and a short address by Gen. W. H. Odell, which was appropriately responded to by Dr. and Mrs. Watters. Refreshments were served and after more music the guests dispersed with the universal wish for continued prosperity and happiness for the departing guests who have made hosts of friends during their residence in this city.

(From Friday's Daily.) FAULTLESS GRUBBERS. Wiggins' ad.

A Big Find.—J. S. Powell of Hayesville, brought in a squid that weighed four pounds yesterday. The squid was the product of a Hayesville garden.

Greatest Efficiency.—See the Jumbo two-horse stump and grub machine with telescope sweep. Four times the power, twice the weight and one half the money asked for any other machine. Something new. Call and see it at Salem Branch, Mitchell, Lewis & Staver Company.

Remains Arrive.—The remains of Mrs. A. P. Gordon arrived from Mitchell on last night's overland train and the funeral services will be held at the Christian church today, at 2 o'clock p. m., by Rev. J. J. Evans.

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disagreeable odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. MISS MARY L. STORM, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to use it, and spit, especially in the morning, to dislodge the catarrhal matter. 1627 South St. FRED H. PRESSAV.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge. The Swift Specific Company, Atlanta, Ga.

ans, and interment will be made at City View cemetery. Mrs. Gordon, who was formerly Miss Churchill of this city, was terribly burned in some manner at her home at Mitchell, and died from her injuries. Besides her parents, who reside at Albany, she leaves one sister, Mrs. Walter Smith, and her brothers, Richard, Frank, Walter and Howard Churchill.

Pheasant Came to His Death.—Yesterday a frightened Chinese pheasant flew into the town, no doubt badly frightened by hunters in the streets, and in a state of exhaustion, struck the gable of the house belonging to Gov. Fisher, wounding itself so badly that it had to be killed. There is no doubt at all of its final, now.

Fruit Peeler.—In the large fruit dryer of Mr. C. A. Parvin, just south of town, there has recently been placed a fruit peeler that is run by a gasoline engine, and which removes the peel from apples, grapes and other fruit, and thus eliminating one of the slowest and most disagreeable features of fruit drying—that of removing parings by hand.

First Voters Meet Tonight.—Tonight at the police court, at the hour of 8 o'clock, the first voters who have the intention of supporting Roosevelt and Fairbanks will have a meeting for the purpose of electing officers and otherwise perfecting a permanent organization. They will also decide what part they will take in the forthcoming rally which is set for the first of the coming month.

Narrow Escape From Death.—C. N. Jearman, who has the contract for painting the roof on the city hall building, passed through an unpleasant experience yesterday and narrowly escaped instant death. At about 3 o'clock in the afternoon, Mr. Jearman, suspended by a rope, was painting on the side of the tower with nothing between himself and the cement walk below but 100 feet of space. The rope which supported Mr. Jearman slipped from its fastening, but caught again,

Unusual Accident.—Edward Burns, who lives three miles west of the steel bridge in Polk county, had the unusual experience for this part of the state, this week, of having the flesh stripped from the bones of the thumb of the left hand, it having been caught under the rope around the horn of a saddle while Mr. Burns was roping a young calf. Dr. F. E. Slater amputated the mangled bone and dressed the painful injury.

Paid Last Week.—It was stated in a personal item in the Statesman of yesterday that Charles Grissen, president of the Oregon Fire Relief Association, of Medford, was in Salem on Wednesday attending to the Schneider loss. This was a mistake. Mr. Grissen was in town, but merely paying a social and general business call. The Schneider loss was settled by H. A. Johnson, the company's Marion county agent, last week. The policy was for \$800, and was paid in full.

Disabled Engine.—Yesterday the southbound passenger train, due at Salem at 11 a. m., was two and a half hours late, owing to the breaking of "eccentric" on the engine. The accident occurred near Oregon City where the passenger train waited till a freight train passed, when the engine of that was transferred to the passenger train. Most of the passengers on the train took the delay good naturedly, strolling about in the sunshine, running foot races and making merry over the accident that had occurred. No injuries resulted from the accident.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

SUPREME COURT. Number of Decisions Handed Down, the First in Several Weeks—One Marion County Case.

(From Wednesday's Daily.) The Supreme Court rendered the following decisions yesterday afternoon:

In the case of Porter Slate, respondent, vs. J. E. Henkle, as administrator of the estate of Frances Slate, deceased, appealed from Linn county, the decision of Judge Boise was reversed. This is the case where Frances Slate of Benton county died intestate on November 22, 1895. The county court of Linn county appointed Slate as administrator. Some time after, the county court of Benton county appointed Henkle, who sued Slate for recovering certain money that had been expended on the estate account, and fees withheld. Slate demurred, the court overruling the demurrer and the cross bill,

where appellants asked damages of \$300 for the failure of the company to deliver messages until five days after receipt. The claim was made by the company that the contract on the company's part for the delivery of messages, only made them liable to sender. This was the position accepted by the circuit court, and affirmed by the Supreme Court.

In the case of I. D. McPhee, James Dalton and P. L. Smith, appellants, vs. L. S. Kelsay, respondent, a motion to vacate decree was granted, and the case was remanded for further testimony.

The case of Henry Berger, respondent, vs. Multnomah County, Oregon, a local apellate, and W. A. story, sheriff, is a case where plaintiff brought certain properties at a tax sale, and it is alleged that the sheriff and county then attempted to sell the same again. The decrees of the trial court was favorable to the plaintiff and the county thereupon appealed. The county claims to have bought the property under previous tax sale. The court held that the county is not precluded from disposing of property bid in by it at previous tax sales, but cannot offer the same for sale again, for 1896 taxes, when Berger bought it in. The decision was reversed, the demurrer sustained, and the case remanded for such further proceedings as may seem proper.

In the case of the State vs. M. V. Lousin, appellant, from Multnomah, the court found no error, and the judgment of the circuit court was confirmed.

The petition for a re-hearing in the case of Agnes Kalyton by Louise Kalyton, guardian ad litem, appellant, vs. Mary Kalyton, et al., was denied.
