In a short but interesting game football, played on the 'Varsity field yesterday afternoon Willamette defeated Chemawa by a score of 15 to 0. The Indians put up a good article of ball and although greatly outclassed by weight, they prevented their heavier opponents from scoring a single touch down in the first half and even succeeded in making their yardage three different times. Their little quarterback, Polland, even succeeded in getting around the end for a 20-yard run. It soon became apparent that the sentiment of those Perfectly Safe and Harmless present was decidedly in favor of pro gress in the matter of Salem's public school system; and, although some opposition had been anticipated, the vote for the adoption of the directors' report, which means a new, modern, up-

to date building, was decidedly unani-mous, not the slightest opposition being Drs. Fpley & Olinger to date building, was decidedly unanioffered. The result of the meeting is a clean

victory for the advocates of a high school, and the vote chows that those who formerly opposed the movement Lave been converted to the cause of progression along educational lines. The members of Salem's school board are all responsible men and the matter of the erection of an additional buildiag to accommodate the rapidly increasing attendance in Salem's public shocls, will be well taken are of by the directors . While no definite plans have

been decided upon, it may be said that the new structure will be of brick of some more durable material.
