WILLAMETTE ENTHUSIASM OVER ATHLETIC PROSPECTS RUNS RIOT AND INCREASING

Director Keller Meets With Strong Cooperation at Every Hand—Has Big String of Candidates Now at Work in Gymnasium—Build Cinder Path.

There is an unusual interest manifested in things athletic at Willamette University these days. Everybody is agog with the excitement attending the institution of the new gymnasium.

If this spirit can be maintained for the remainder of the scholastic year, and there is every reason to believe that it can, there is no reason to doubt the ultimate result of Willamette's standing in the athletics of this state.

For the present, Director Keller will do little else than keep the men at work in the "gym" on the weights and machines, with the bells and the bars. This will create the foundation upon which he will later build.

Work will be begun shortly on the new cinder oval that is to be constructed along the college athletic field. This will be hurried to completion in order that the men may be able to get some work in the open air.

distances in the running events. Just now Coach Keller hasn't the slightest idea of the qualifications of any of the men at work, and will be until he has sent them over the track in the work-out.

The enthusiasm of the work has brought a lot of undesirable timber into the game which will have to be lopped off when the final weeding-out process begins. This, of course, is no discredit to the men, for not all students are speedy or modern Hercules, and only the pick and flower of the athletic blood of the university will be retained for the final work.

Coach Keller is highly pleased with the manner in which the students have taken hold of the work and the hearty co-operation with which he is meeting at every hand. He certainly has some fine material on which to work and feels confident that Willamette will make a splendid showing at the big intercollegiate athletic meet that is to be held at the Fair Grounds in June.

IS A DEAD ONE

COUNTY SCHOOL SUPERINTENDENTS WILL HOLD NO CONVENTION THIS YEAR.

Governor Vetoes Senate Bill 124 Because of Bad Precedent It Would Establish and Because It Would Heap More Burdens Upon Taxpayers.

Although he concedes that the bill, introduced by Senator Pierce, authorizing the superintendent of public instruction to call annual conventions of county school superintendents and all-owing traveling expenses of such superintendents, would bring about good results in many respects, the Governor feels that it would establish a precedent for the holding of conventions by every other county officer of the several counties of the state, which would inflict an injury upon the rights and purses of the people of the state.

The act authorizes the superintendent of public instruction to call and hold annually a convention of the county school superintendents and provides for paying said superintendents their actual traveling expenses for attending such convention.
