"Glasses Are Such a Nuisance."

How often you hear it said: "My eyes are weak and I know I ought to wear glasses, but I can't bear to, because they are such a nulsance" And what a pity it is that so many people are allowing their eyes to drift farther and farther into weakness on so trivial an excuse. There may be some discomfort in wearing glasses, till one gets fully used to them, but that discomfort is as nothing compared to the evils that result from uncorrected eye froubles If your eyes are weak you will pursue a wise course if you attend to them without delaying a day longer. Our Optical Department possesses every facility to fit you with the proper glasses at the proper price.
