

THE CITY

(From Wednesday's Daily.)

Resigned.
Mr. D. A. Covert, who has been taking care of the grounds at the capitol building, has resigned his position there on account of ill-health.

Files Final Account.
Mrs. Rose W. Chamberlain, as administratrix of the estate of the late M. L. Chamberlain, yesterday filed her final account in the county court. Judge Scott fixed April 30 as the time for hearing same.

Desires Letters of Guardianship.
Philomena Bolter asks to be appointed guardian of the person and estate of her mother, Mrs. Harriett Mousal, who is over 82 years of age and no longer able to look after her business affairs. The matter will be heard by County Judge Scott on Thursday, March 16.

Another Good Month.
February was another good month for business in the Marion county clerk's office, the fees collected by Clerk J. W. Roland aggregating \$338.25. Amounts were credited to the several accounts as follows: Circuit court, \$106.50; probate fees, \$137.50; marriage licenses, \$61.75; miscellaneous fees, \$32.50.

Authorized to Sell Property.
Sitting in probate, County Judge Scott yesterday made an order authorizing W. J. Culver as guardian to sell certain real property belonging to Adolph and Charles Mathes, minor children. The property to be sold consists of the east half of the northwest quarter and the northeast quarter of the southwest quarter of section 33, township 5 south, range 1 east, containing 120 acres.

Restored to Citizenship.
Upon the recommendation of friends and prominent citizens of Multnomah county, who represent that he has been living an exemplary life since his release from custody, Governor Chamberlain yesterday granted a full pardon to John A. Long, who served a five-year sentence for the crime of larceny in a store. Long has been out of prison several months, having completed his term of sentence, and the Governor is informed that he has been hard at work and leading a respectable life ever since. The pardon operates simply as a restoration to citizenship in his case.

At Willamette University.
Mrs. Jessie Eldrich Southwick of Boston, Mass., addressed the students of Willamette University in the college chapel yesterday morning on the "Development of Personality." She handled the subject in a most interesting and able manner and the impression she made was a deep and lasting one. At the conclusion of her remarks, and by request, she gave the assembled students and faculty two readings, "The Chambered Nautilus," and "Life and Song," both delivered in her own inimitable style, and which were received by those present with bursts of applause. Mrs. Southwick is a classmate of Professor Savage, instructor in oratory at the university.

Good Month for Recorder.
The office of the Marion county recorder also enjoyed a healthy business during the month of February, the receipts aggregating \$378.75. The business in this department of the county's government is rapidly increasing.

Mathes Estate Appraised.
The report of the appraisers, filed in the Marion county court yesterday, shows that the estate of the late John Mathes, consisting of real and personal property is valued at \$14,000. The appraisal was made by W. H. Byars, Wm. A. Mitchell and John Siegmund.

Whelan Estate in Probate.
Mrs. Mary A. Whelan, widow of the late Michael Whelan, was yesterday appointed administratrix of her husband's estate, her bond being fixed in the sum of \$2,000, which she furnished. The real property of the estate is valued at about \$3,000 and the personal at \$500. Lewis Crozier, J. D. Alexander and L. P. Hopkins were appointed

OFFENSIVE CATARRH

I suffered for a long time with a bac case of Catarrh, and took a great deal of medicine without any benefit. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Miss Mary J. Stowak, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to discharge the catarrhal matter. 1627 South St. FRED H. PRESSV.

The filthy secretions and foul mucus that are continually dropping back into the throat, find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge. The Swift Specific Company, Atlanta, Ga.

by Judge Scott to act as appraisers. The heirs to the estate are the widow and ten children, James Whelan of Idaho; John Whelan, of Big Bend, Mont.; Mrs. J. C. Savary, of Fairfield, Or.; Miss Sarah A. Whelan, of Portland; William, Martha, Michael, Edward, Augustine and Raphael Whelan, of Salem.

To Purchase Tide Lands.
While in session yesterday the State Land Board received an application from Frank J. Taylor, et al., for the purchase of 5.12 acres of tide lands on Young's Bay, situated in sections 18 and 19, township 8 north, range 9 west. It is situated back of Astoria in Clatsop county. Tide land is worth \$2 per acre, the legal price. The board will take the matter up and act upon it at the next regular meeting.

Superintendent Here.
F. C. Winton, superintendent of the Pacific coast district of the American Sunday School Union, was a Salem visitor yesterday. He was entertained by Rev. W. R. Winnans, the missionary for this state of the Union. The two men had a long conference concerning the work of the Union in this state, and it was found to be prospering under the direction of W. R. Winnans, and for the extension of the work to the Chemawa district was also taken up. Mr. Winton leaves Salem this morning for his home in Berkeley, California.

Petition for Guardian.
Jason F. Doud and O. E. Thompson yesterday petitioned the Marion county court, asking that O. B. Lawrence be appointed guardian of the person and estate of Herman Van Dusen, who is mentally deranged and an inmate of the asylum. The ward's estate consists of real property, the probable value of which is given in the petition as \$250, and personal property valued at \$75. The petitioners state that O. B. Lawrence is a member of the I. O. Stevens Post No. 51, G. O. P., of which Van Dusen is also a member, and that he is willing to accept the trust of guardianship without compensation. The petition is to be heard on March 13, at 1 o'clock p. m. Another petition has been filed asking that Chas. L. Ogle be appointed guardian of the person and estate of Herman Van Dusen.

(From Friday's Daily.)
The Lawn Mower's.
Whirring song was heard in Salem yesterday for the first time this spring. Several Salemites were busy shaping up the lawns in the front yards and had their mowers out trimming off the long grass that has grown under the beneficent rays of the sun and the gentle rains that have fallen recently. This is indeed a great country. Mowing lawns in March!

Taxes Coming in Rapidly.
Up to last evening about \$90,000 had been collected upon the 1904 tax roll by Sheriff Culver, being almost one third of the entire amount of the roll. A little more than a week remains in which the taxpayers may take advantage of the 3 per cent rebate and the sheriff will no doubt be called upon to issue a large number of receipts before time limit expires.

Is Certainly a Peach.
As a result of the mild, balmy weather and the bright rays of sunshine with which the Willamette valley has been blessed during the past two weeks, a peach tree which stands at the rear of Salem's city hall, is literally covered with blossoms and presents a beautiful sight. The tree is in a healthy condition and unless nipped by frost, bids fair to produce a heavy crop of the delicious fruit. This tree covered with fragrant blossoms is attracting a great deal of attention.

'Good Old Summer Time.'
A great part of Salem rested yesterday. That is, that portion that doesn't have to work or which is too young to get busy with the cares of life. The warm rays of the sun reminded one of the "good old summer time," and many took to the shade of the trees in the parks and squares of the city. The big lawn with its shade trees in front of the state capitol building gave shelter and comfort to a large number of people who wandered there for recreation or rest. Marion square's benches and sprouting lawn attracted as many more, while for the busier ones the shady side of the streets had to be good enough.

Mr. Ford is Resting Easy.
Hon. Simon Ford, who a week ago today was removed to St. Vincent's Hospital in Portland, is reported as resting easy, although there is no particular change in his condition. When Mr. Ford fell in his room in this city about three months ago and fractured his leg at a point immediately above the knee, it seems he also sustained an injury to his hip which, however, did not appear to be of a serious nature at the time, but has since proved more severe than was thought. The attending physicians are attempting to ascertain the nature of Mr. Ford's injury by means of the X-ray and his many friends in this city will hope for his speedy, permanent recovery.

February Breaks the Record.
Salem broke the record for fire alarms during the month of February, the fire department being called upon to make eleven runs, the largest number for a single month in the history of the city. The total loss by fire, however, was but \$410.75, according to books kept by Chief D. W. Pugh. On the night of February 16 a vacant house owned by J. Vincent of Portland was totally destroyed at the corner of Thirteenth street and Rural avenue, the loss being \$370.75, covered by insurance. On the morning of February 19 a room in the Eldredge lodging house on Commercial street was damaged to the extent of \$40, the fire originating by a cigar stump being dropped upon a lounge by the occupant of the room. These two fires, the former of incendiary origin, were the only ones that resulted in loss. Of the eleven alarms turned in during the month, three were for chimney fires and two were false. In each instance, whether the alarms were turned in during the day or at night time, the fire department responded promptly and the work of the firemen on all occasions was beyond criticism.

CEMENT OR WOOD DO YOU SUFFER

COMMERCIAL STREET BRIDGE QUESTION TO COME UP FOR DECISION SOON.

Council Committee Has Plans Drawn for Cement Structure and Will Report at Next Meeting—People Inclined to Permanent Structure.

Will the people of Salem elect to build a permanent bridge over South Main creek, on Commercial street, or will they be satisfied with another wooden structure such as now graces the stream and street? Certain it is that some kind of a bridge will have to be constructed over this stream, and in the very near future, for the present structure is sadly in need of replacing as it is unsafe for teams to pass over, to say nothing of the street traffic, etc. The matter has been thoroughly investigated by the city council committee, which has decided to report favorably upon the construction of a cement bridge at the next council meeting. It is probable that a petition will come into the council upon the same evening to have the question referred to a vote of the people, who will be asked to decide whether they are in favor of bonding the city for \$20,000 for the building of a permanent bridge or whether they prefer to have the old one replaced with another wooden one, which will cost more than a cement bridge in the long run for repairs, etc.

Mayor Waters and Councilmen Gesner and Steusloff compose the committee appointed by the council to investigate the condition of the present structure, determine whether or not it was necessary to replace it with a new one, and if so to make inquiries and report their findings at the next meeting of the council, together with such recommendations as they saw fit to make. After making the investigation the members of the committee are convinced that the present bridge will not stand long of itself and that it must be replaced. Having come to this conclusion they next turned their attention to the sort of a bridge could be built for the best interests of the people and the city. Having made due and diligent inquiry the committee finds that a new wooden structure could be built for about \$4000 and that a more permanent one could be built for about \$20,000. They are unanimous in the choice of the latter plan and will so report at the meeting next Tuesday evening.

STUDENTS AT WILLAMETTE UNIVERSITY SHOWING GREAT ATHLETIC ENTHUSIASM.

Never before in the history of athletics at Willamette University has there been manifested the general interest that is now evidenced there. The entire student body has caught the fever and great things may surely be expected from the track team this season. Coach Keller is enthusiastic over the manner in which the students cooperate with him, and hopes to place in the field a team that will cover itself with glory at the big intercollegiate meet that will be held at the State Fair Grounds in June. To the call issued by Manager Simpson for candidates for the track team there was an unusually ready response. But the number now at work will be augmented considerably with the close of the basketball season. This will be over within two weeks and the men now engaged in that game will give their entire time to training for the track and field events. Probably some of the best timber at the university is now engaged in basketball, and with their addition to the string of candidates now out, things will look much brighter.
