## DEATHS AT AURORA.

Two Members of Dr. Keil's Colony Pass to the Great Beyond.

Mrs. Katharine Stauffer, another of the Aurora pioneers, has passed to the Great Beyond. She died at the old homestead west of the city on Tuesday, February 28, 1905, aged 78 years and 24 days.

She was born at Weingarten, Germany, February 4, 1827, and came to this country with her parents while quite young and joined Dr. Keil's colony at Bethel, Mo., in 1845. Her maiden name was Laubscher, and it was after joining the colony that she married Mr. Theodore Stauffer. She came to Oregon with one of the colony trains in 1863, and later settled on the farm where she has lived ever since. Her husband died many years ago and left her with a number of small children.

She leaves six children, three sons and three daughters, namely: William Stauffer, Maryann Stauffer, Samuel Stauffer, Elizabeth Stauffer, Henry Stauffer, Mrs. Anna Mills. The funeral was Thursday and was well attended. Hon. J. P. Cole spoke at the house and also at the cemetery, where a large crowd had gathered to show an esteemed friend and neighbor the last honors.

## Leaves Larze Family.

Carl Henry Niefert died at his home north of the city Friday morning, March 3, at 5:30 o'clock, after having been seriously ill for about two months.

Carl Henry Niefert was born at the little village of Bleichenrode, Germany, on December 29, 1835, and served in the French-German war in 1870-71. He came with his family to this country in 1877 and joined Dr. Keil's colony

here and later settled on the place where he died.

He leaves a wife and ten children, four sons and six daughters, namely: Mrs. Helen McMainee, of Roseburg; Mrs. Fredricka Keil, of Aurora; Mrs. Anna Goetz, near Needy; Mrs. T. P. Wilson, of Oregon City; Misses Minnie and Louisa Niefert, and Henry, August, Charley and Paul Niefert.—Aurora Bulletin.

## The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease, by Dan J. Fry, druggist, at 50c a bottle.

## WALTER MORLEY

The Fence Man

Has just received a car of woven wire fencing. A car of hop wire will arrive March 10. About March 15 another car of fencing will arrive. BUY NOW AT SPECIAL PRICE. Large stock of split and dressed fence posts, shingles, gates and gate hardware.

## CAN IT SUCCEED?

### RUMORS AFLOAT OF A MOVEMENT FOR FORMATION OF POOL BY GROWERS.

Secretary Winstanley, of Growers' Association, Receives Request From Secretary of Washington Hop Pool for Co-operation of Webfoot Growers.

About the only interesting feature of the local hop situation at the present time is the rumors afloat of a movement which is on foot to bring about the formation of a pool of the hops which are held by the Oregon growers. What progress, if any there be, has been made along this line cannot be ascertained as far as can be learned, there is no known leader in the movement as yet and if there is one he is working very quietly. A pool has been formed in the Yakima district of Washington, however, and Secretary Winstanley, of the Oregon Hop Growers' Association is in receipt of a letter from the secretary of the Washington pool asking the co-operation of the Oregon growers, who have their crops still in hand, for the purpose of breaking what is considered a combine of Eastern dealers to depress the market and force the growers to unload their holdings upon a declining market.

Secretary Winstanley states that he does not know what attitude the Oregon growers are displaying toward the pooling movement, nor what the success of the movement will be if attempted. Personally he is not certain that a pool would prove a financial success this season, for several reasons which he did not express, as they have in the past. Then there does not seem to be anyone to take the initiative in the matter and without this important factor an effectual combine on the part of the growers cannot be successfully brought about. The great trouble with the growers, he says, is that they are so numerous and very few of them can see the conditions in the same light, therefore it is difficult to bring them together under a common understanding. Were it not for this he has no doubts that the growers could form a combine which would ultimately bring the Eastern brewers and dealers to terms.

It is also understood that a telegram has been received by a local dealer to the effect that a pool has been formed by the New York growers who still have their crops on hand. If this is true, taken together with the pools that have been effected in England and Washington it will operate to tie up practically all of the hops in the growers' hands and leave the dealers and brewers with comparatively few bales of hops on which to operate and exist. When a complete organization of the growers is effected the hop situation will then come to a show-down and it will only be a question of time when it will be decided as to whether or not the brewers can manufacture beer without hops.

So far as could be learned last evening there has been no change in the local hop market, as no sales were reported and the price has not changed materially from that quoted in the Sunday Statesman, 23 to 23 1/2 cents. It is reported, however, that prices are stronger in England with indications of an upward tendency.

White Pine and Tar with Menthol for Coughs and Croup.—F. G. HASS, 96 State St., Salem, Or.

## MARRIED.

EPLEY-WEDDLE—At Sheriff and Mrs. W. J. Culver's apartments in the court house, Salem, Oregon, Monday, March 5, 1905, at 10:30 a. m., Miss Ivy M. Weddle to Rev. O. O. Epley, Rev. F. B. Culver officiating. The happy contracting parties are well known and highly respected people of Jefferson, where they will continue to reside.

## IS NOW ASSURED

### CONVINCING COMMITTEE TO COMPLETE SALEM'S \$2000 FREE ROAD FUND.

Only \$150 Is Required to Close Fund. Part of Which Has Been Promised—Result of Plan Will Exceed All Expectations.

Up to last evening \$1846 had been subscribed toward the \$2000 prize road fund, which insures the success of the project. Tomorrow the canvassing committee will go out and close up the fund. The committee, in fact, has not been at work for nearly a week, but a number of subscriptions, some of which ran as high as \$50, were voluntarily handed to County Judge Scott, and several more handsome amounts have been promised. It will be an easy matter to secure the balance of the required amount, \$154, as many of Salem's business men have not even been approached by the committee.

The people residing along the different roads leading into the city are subscribing liberally to the petitions or papers being circulated for volunteer work, and a lively "fight" for the biggest slice of the Salem prize is promised. Large lists of liberal subscriptions are already in the hands of the committees appointed by the residents along the several roads to take charge of the work, and indications are that the result of the plan originated by the Marion County Court to secure the permanent improvement of the roads terminating in Salem will exceed all expectations. The outside people are more than enthusiastic over the matter and are highly pleased with the prospects for better roads.

The names of the firms and the business men of Salem who have subscribed to the prize road fund and the respective amounts are as follows:

It Is Easy to Say "Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balsam. Better begin when the cold is young and not wait until it settles deep into the lungs, for then, even with Allen's Lung Balsam, complete relief will be slower.

## SPARKLING STONES IN CHARMING SETTINGS

The BARR STORE prides itself at all times of the year on the variety and beauty of the array of rings it can show to either the casual visitor or the prospective purchaser. Even now at a time of year when rings are not in such demand, we can delight your eyes with a varied assortment of sparkling stones in charming settings. There are Diamonds, Amethysts, Rubies, Emeralds, Opals, Topaz, Pearls, Moonstones and Almondines in the collection, set in all sorts of pretty and fanciful shapes. Some are little in price—and some cost quite a good deal, but not one in the lot is the least bit over-priced—not a whit higher figure than its real worth warrants.

# 1905 VEHICLES

The Good Driving has Prompted a Remarkably Early Trade

As usual we are ready with the goods to deliver at once; time tried and tested lines that the buyer knows will give him satisfaction. We sell high grade goods that we can guarantee, and are prepared to take care of our customers' needs at all times. Here are a few of our strong numbers. Bear in mind we have everything in the Vehicle line from the heaviest farm wagon to the daintiest buggy, as well as delivery wagons of all sorts, surries, hacks, runabouts, etc., etc.

## Our Hundred Dollar Bike Wagon

A world beater for quality, and one of which we have sold a score. Arched axles with dust proof spindles; wheels that have never failed us, fitted with guaranteed cushion tires; a splendid poplar body with corners, clipped Bailey hangers, stylish stick seat, good leather trimming and patent leather fenders.

We have still cheaper ones of similar style for those who cannot pay as much.

## BETTER BIKES

We already have opened a number of high-class goods and will soon have more, ranging up to the finest Studebaker job that the company turns out. Drop in and see the new "half panel" stick seat idea.

Remember, too, that we fit cushion tires to old or new buggies, and guarantee our work.

## Our "Izzer" Top Buggies And Runabouts

The Old Reliable Studebaker line that satisfies because it gives the service. Wheels like whalebone; bodies with style and strength to them, made of best yellow poplar with hard wood sills and bottoms, and a finish that stands and looks like something the second year.

## Our 11-8 Inch Axle Village Wagon

This old Studebaker standby is used by more people in the Willamette valley than any other one rig. Our best argument for its durability is the host of them in use, giving the best of satisfaction. Three springs, 2 seats, shafts or pole, brake, if wanted, canopy of extension top.

## OUR \$65 TOP BUGGY

You don't expect the highest class goods at that price, but you expect something reasonably good. Come in and we'll show you a job with the style of a much higher priced rig. Good substantial gear, 15-16 axles, dust proof, clipped Bailey hangers, steel corners, leather quarter top, wool head lining, etc.

No matter what you want in the Implement and Vehicle line we can figure with you, and in most cases do you good. At any rate come and see.
