

# THE CITY

(From Wednesday's Daily.)

**More Cement Walks**  
Mrs. E. M. White is having a cement sidewalk laid in front of her property on a State street. This home is one of the finest old landmarks in the city and the new walk will add materially to its appearance.

**To Telegraph Gratitude**  
Upon request of Theodore Hardee, assistant to President Google of the Lewis and Clark exposition, Governor Chamberlain gave permission for the use of his name in a telegram expressing gratification to President Roosevelt and Vice President Fairbanks that the latter's promised attendance at the opening ceremonies of the exposition.

**Further Improvements**  
With the exception of a small space just in front of the "Chink" establishments the north side of State street from High street to Commercial street will shortly be laid with cement. The last work in this direction is being done in front of the building occupied by the Frazier and Clough establishments. Work was begun yesterday, and will be pushed with all expedition.

**Plaintiff Gets Verdict**  
The second hearing of the case in which R. A. Ryan & Co. are plaintiffs and S. A. Townsend is defendant, was held in Justice of the Peace H. J. Turner's court Monday afternoon. The plaintiffs sued to recover the sum of \$29, which they alleged was due them as commission for consummating the sale of a tract of land for the defendant. The first trial resulted in a disagreement by the jury, but in the second trial the plaintiff was given judgment for the full amount asked for.

**Had a Close Call**  
The faculty and seniors of the Willamette university came near putting it over the baseball team of that institution yesterday afternoon, losing out only by a score of 8 to 6. The teams were neck and neck at the end of the fourth inning, 5 to 5, and in the next inning, which was the last, the seniors and faculty put another run across the plate, and the winners scored three times and won the game. The line-up of the faculty and seniors was: Bench, E. Prof. Keller p. Prof. Boyer ss. Averill 1b. L. Whipple 2b. Dean Hawley 3b. Prof. Matthews rf. Ford cf. E. Whipple lf.

**Silverton Woman Insane**  
Mrs. Christine Taw of Silverton was yesterday adjudged insane and committed to the asylum. Upon the complaint of her husband, Axel A. Taw, the unfortunate woman was taken before Justice of the Peace H. J. Turner, who acted in the absence of County Judge Scott, in whose presence she was examined as to her mental condition by Dr. F. M. Brooks, also of Silverton, and upon his affidavit the order for commitment to the asylum was made. Mrs. Taw was born in Norway and is 46 years of age. Her present condition of mind dates back several years, and this is the third time she has been committed to the hospital for the insane for treatment. The cause of her insanity is not known, but at times she is destructive and violent, and upon several occasions has attempted to scald her children with boiling water and in other ways has shown homicidal tendencies.

(From Thursday's Daily.)  
**Satisfied With Next Best**  
A. W. Blackburn of Lebanon was in the city yesterday. Mr. Blackburn is congratulating himself upon having the next best Red Seal colt in the state. The reason that he does not claim to have the best is on account of his modesty.

**The Brick Blacksmith Shop**  
The builders of the brick blacksmith and wagon shop back of the Y. M. C. A. building, spoken of in The Statesman of yesterday morning, are G. A. Schultz and B. Maves. The firm name being Schultz & Maves. They have been in Oregon about two years, coming here from Wisconsin. They will have the only brick blacksmith shop in the city.

**On the Commission**  
Stephen J. Chadwick, district judge of Whitman county, Washington, is looked upon as the Democratic member of the railroad commission of this state, that body to be named by the governor in accordance with a law passed by the last legislature. Judge Chadwick is a former Salemite, having passed his boyhood days here, and is a son of Mrs. S. F. Chadwick, who resides at the northeast corner of Capitol and Center streets.

**Lieutenant Governor Here**  
Dr. B. L. Steeves and wife of Weiser, Idaho, are in the city. They are preparing for a trip to the east and Canada, and will leave their boy with his uncle, M. W. Hunt, in the Waldo Hills, while they are absent. They will take their little girl with them. Dr. Steeves is a brother of D. B. Steeves of this city, and he was formerly a resident of Salem, and in business with his brother. Dr. Steeves is lieutenant governor of Idaho.

**Five Miles Finished**  
A new six-wheeled engine, built for pulling heavy loads, passed through Salem a few days ago on its way to the new logging road of the Curtis Lumber Company at Mill City. That road is now five miles into the timber, and the other four miles is half graded. The Curtis Lumber Company is now working 400 men, half of them in the mill and the others in the timber. They are sawing about 110,000 feet a day and are behind with their orders. They were recently obliged to turn down a foreign order for a million and a half feet.

**More Complaints Made**  
More complaints have been made to City Marshal Cornelius regarding depredations which have been committed by gangs of bad boys in different sections of the city. The officers are gathering evidence, and will make an effort to have the leaders of these gangs com-

mitted to the reform school. Some miscreant broke one of the cups placed on the beautiful Bryman fountain in Wilson avenue and stole the chain by which the cup had been fastened to the fountain. Other acts of a similar nature have come to light at various points in the city during the past few days, and the police are determined to bring the guilty parties to justice.

**Sues for Recovery of Mare**  
In a complaint filed in department No. 1 of the circuit court yesterday, E. A. Downing alleges that on May 13 Henry Smith took possession of a mare belonging to the plaintiff, and has since refused to give her up. No further explanation is given by Mr. Downing, but he asks the court to compel the defendant to either return the animal to him or pay the sum of \$100, the alleged value of the property. The plaintiff also asks that he be awarded judgment against the defendant for \$50, which amount he claims to have been damaged by the defendant's refusal to give up the animal. John H. and C. L. Nary appear as attorneys for Mr. Downing.

**Arrested for Obstructing Road**  
There was a case in the court of Justice of the Peace Henry Earl of Turner district yesterday. O. I. Morris had sworn out a warrant for the arrest of Chris Zimmerman for obstructing a highway. Mr. Morris claimed that Mr. Zimmerman had fenced up the road near their property west of Turner. Mr. Zimmerman contended that it was an old abandoned road running through his own premises, which he had grubbed out and fenced up. A jury was empaneled, and the case was adjourned over till next Wednesday for trial in order to give the jurymen a chance to view the premises. Hon. W. M. Kaiser appeared for Mr. Zimmerman, and Deputy District Attorney Charles L. McNary for the state.

**Big Loads Hauled**  
A car load of lumber came into Salem yesterday that consisted of 30,000 feet. Green lumber is said to weigh five pounds to the foot. Counting this car load at four pounds the weight of the load, exclusive of the car, was 120,000 pounds. This is an indication of a change that has been going on in the size of car loads. They have been growing larger on account of the greater size and power of the engines, the heavier steel rails, the stronger bridges and better roadbed. It has been but a few years since shippers were allowed to load only six to seven thousand feet of lumber on a car to run over the Oregon roads. A minimum car load of paper was then 24,000 pounds, and is now 30,000. But 120,000 pounds of lumber to a car is getting up pretty high in weight. That is a heavier load than any one would want to have fall on him.

(From Friday's Daily.)  
**Conditions More Favorable**  
The Willamette river is much higher than for several weeks and the captains of the boats plying between the terminal points say that it is possible to make better time.  
**Expects Big Camp**  
Colonel C. U. Gattenstein of the Thielson Infantry, O. N. G., was in Salem yesterday on legal business. The colonel is looking forward to an exceptionally good encampment this year, and believes that on account of the short stay on the exposition grounds in Portland there will be a very large attendance of troops from all over the state, enough extra to make up for the six men from each company who are on special detail, doing duty as members of the Lewis and Clark centennial guards.

**New State University Regents**  
Governor Chamberlain yesterday afternoon announced his appointment of Judge R. S. Bean of Eugene, M. A. Miller of Lebanon and J. C. Ainsworth of Portland as members of the board of regents of the University of Oregon. Judge Bean succeeds himself upon the board, while M. A. Miller is appointed to succeed Charles Hilton of The Dalles. The terms of these two will expire in 1917. J. C. Ainsworth of Portland is named to fill the unexpired term of the late Judge C. B. Bellinger, whose term of office expires in 1909.

**Death of Jacob O. Roland**  
County Clerk J. W. Roland went to Lebanon yesterday morning to attend the funeral of his brother, Jacob O. Roland, whose demise occurred at his home in Portland on Tuesday of this week. The deceased was a highly respected man and had many old time friends in this city, who are deeply grieved over the sad death, which came rather unexpectedly, as he had been ill but a short time. Jacob O. Roland at the time of his death was aged 73 years, and is survived by three sons, his wife and one son having but recently preceded the husband and father to the other shore. The living children are Harry Roland, formerly recorder of Marion county. The funeral was held at Lebanon yesterday, where the remains were consigned to their last resting place.

**Has Come to Stay**  
J. L. Moore and family have arrived in Salem from Michigan, and they will make Oregon their home. Mr. Moore read the Pacific Homestead of this city while in Michigan, and he has now added The Statesman for the living miles news. He comes from fifteen miles south of Cadillac, and about eighty miles north of Grand Rapids. That is the great potato district of Michigan, and he has both grown and dealt in potatoes. When he left Michigan a week ago last Tuesday, the price of potatoes was 8 cents a bushel, and the prospect was that thousands of bushels would go to waste. When he arrived in Salem he found potatoes being quoted at 75 cents a bushel. Mr. Moore has a car load of household goods on the way. When they arrive he will ship them to Turner, where he has rented a house, in order to have plenty of time to look around before going to a permanent location. He is the kind of a man Oregon needs thousands of and is likely to get in the migration that is now coming this way.

**SUN IS NEEDED**  
**WEATHER DURING PAST WEEK SHOWERY AND TOO COOL FOR GOOD CROP GROWTH.**

**Hops Retarded by Unfavorable Conditions—Coming Up Unevenly—Alfalfa Backward—Fall Wheat Turning Yellow—Dairy Stock Fine.**

Acting Section Director A. B. Wollaber, of the climate and crop service of the weather bureau of the United States department of agriculture for Oregon, sends out the following weekly report for the week ending May 15:

**General Summary.**  
The weather during the past week was showery and too cool for crops to make satisfactory advancement. Good rains fell in all sections of the state, those occurring in the western portion being especially copious and timely.

The condition of the grain crop continues satisfactory. There are some complaints of fall wheat turning yellow, confined principally to that sown on low land. Rye, oats and barley are doing nicely, while spring wheat has stood well and is very promising. Hops continue uneven, and the cool weather has retarded growth. In some portions of Polk county the second training of the vines is in progress. Meadow grass, clover and pastures are growing nicely. Alfalfa is backward, and a light "first crop" is indicated. Gardens, potatoes, corn, sugar beets, field onions and beans are growing slowly, and warm, sunny weather is needed before these crops can resume their normal growth. Corn is coming up quite evenly, and enough rain has fallen to insure a good, healthy stand. Dairy and range stock continue in fine condition.

Reports relative to the fruit crop continue very conflicting. In some localities whole orchards seem to be bare of fruit, while others near by indicate fairly good yields. This is also true of individual trees, some being well set with fruit, while others have none. Apples, peaches and early cherries have suffered most, however, while other tree fruit promises fair results.

**Coast District.**  
Goble, Columbia county, V. F. Welter.—Weather showery and very cold, too cool for gardens; ground in good condition for plowing, also for transplanting cabbage; some fruit dropping; pas-

tures good; grain improving. Warren, Clatsop county, R. A. Abbott.—Rainy week; crops of all kinds making rapid growth; stock doing well; milk cows have gained since rain; grass and oats doing well; grain truck now growing finely; fruit will be a fair crop; a little sheep shearing done.

Minera, Lane county, L. C. Ackley.—Weather cold and showery; growth of all kinds very slow, except grass and weeds, which seem to be doing finely. Sampson, Douglas county, Ernest Baldersee.—Weather cold and cloudy, with some rain, very little sunshine; grass growing good; a few early potatoes up and under cultivation; cattle in good condition; cows giving a good flow of milk; gardens all in and growing well.

Myrtle Point, Coos county, L. Strong.—Weather cool, but moderating; a plentiful supply of rain has fallen; grass and grain making vigorous growth; farming nearly done; most vegetables growing nicely; stock getting fat; milk supply increasing; prunes dropping; caterpillars very numerous; fruit is expected to be light crop.  
Corbin, Curry county, W. F. White.—Weather quite cool and at times rainy; some hail, but not enough to do damage; rain very beneficial to grain and growing crops; stock in fine condition; lamb crop good.

**Willamette Valley.**  
Sandy, Clackamas county, P. R. Meinig.—Crops in good condition, notwithstanding considerable cold rain, which stopped the growth of vegetables to some extent; pasturage good.  
Forest Grove, Washington county, S. T. Walker.—The rain of the past week has increased the already fine prospect for good crops; fruit has not set so full as to give the best yield; strawberries beginning to ripen; hops making good growth.

Dayton, Yamhill county, J. H. Moore.—A much needed rain fell on Wednesday evening, otherwise cloudy and cold; crops have been practically at a standstill for about two weeks; apples set light, not over half a crop, indicating; pasturage good; stock looks well.  
Philomath, Benton county, W. H. Poles.—Cloudy, with showers; too cool for vegetation to make rapid growth; sheep shearing in progress; spring crops all sown.  
Monmouth, Polk county, J. H. Moran.—Weather cold and showery; too cool for rapid growth; some wheat getting yellow; oats and grasses doing well.  
Liberty, Marion county, T. C. Davidson.—Weather cool and cloudy, with light showers; more sunshine needed; grain generally looking well; gardens making slow growth; prune crop will

probably be larger than last year; light crop cherries and strawberries; stock doing well, some shearing done. Shedd, Linn county, J. S. S. Powell.—Week cool and showery, some hail; spring grain benefited by cool weather, some wheat heading; early potatoes look well; fruit up to some trees well filled, while others are nearly bare. Springfield, Lane county, J. C. Brattain.—Cloudy, with frequent showers; very beneficial to crops; hops not looking quite so well, owing to cloudy weather; gardens look fair; hay and grass making good growth.

**Southern Oregon.**  
Looking Glass, Douglas county, Geo. Marsh.—Weather showery and too cool for rapid growth; pasturage improved by rains; too cool for corn and gardens; warmer weather and sunshine needed for all crops; early oats heading; all grain looks well.  
Wellen, Jackson county, H. von der Hellen.—Weather showery and cool, beneficial to all crops; enough rain to insure a good stand of corn, which will come up with the return of warm, reasonable weather; gardens potatoes and range grass growing well.  
Althouse, Josephine county, W. L. Babcock.—Weather cool and showery; sharp frost Thursday morning; nearly all fruit killed; grain and grass making slow growth; the rains have kept the top of the ground moist.

**Columbia River Valley.**  
The Dalles, Wasca county, A. Arguher.—Weather cool and showery, with considerable high wind; strawberries and peas ready for marketing.  
Lexington, Morrow county, Edwin R. Beach.—Strong and cold west winds, with occasional drops of rain; all vegetation, fruit included, doing well; late sown spring grain and some patches of winter grain did not come up well; all winter grain on knolls frozen out.  
Kent, Sherman county, Eva E. Bethers.—One fine rain during the week; crops look well; if cloudy weather continues long, there is some fear of wire

**LICENSE IS DUE**  
New Today

Act of Oregon Legislature Creating Hunter's License, Goes Into Effect on Monday Next—Fee of One Dollar Will Be Charged All Sportsmen.

On Monday next the law creating a hunter's license of \$1 for a year, enacted at the last legislature, goes into effect. All persons desiring to hunt after that date will have to make his or her intentions known to the county recorder to whom must be paid the license fee, and receive from him the certificate or permit to hunt. The only people not amenable to this statute is the farmer, who may hunt upon his own property without giving up the price to the recorder.

Special blanks have been prepared for the new arrangement, which, when filled out, will give a description of the holder of the license, his age, height, weight, etc., as well as his name. The proceeds of the license will go to the state funds for the enforcement of the game laws. The text of the law follows:  
It is hereby prohibited and hereafter it shall be unlawful for any person within the state of Oregon to hunt for, pursue, take, catch or kill any of the game animals, fowls or birds protected by the laws of the state of Oregon during the open season when it is lawful to kill the same, without such person having in his personal possession and carrying with him at the time of said hunting, pursuing, taking, catching or killing, a license therefor, duly issued to him by the county clerk of one of the counties; provided, however, that no license shall be required of a man or members of his own family, for the purpose of hunting upon his own lands of this state; the county clerk of each and every county of the state of Oregon is hereby authorized to issue such license under the provisions of this act. Such license shall be numbered and dated, and shall contain a brief description of the person to whom the same is issued, together with the name and place of residence of such person. Any license issued to any person according to the provisions of this act shall be at all times subject to the inspection of any officer of the state of Oregon charged with the enforcement of the game laws, or any sheriff or deputy sheriff or constable within the state, or the owner or his agent or representative of the real property upon which the holder of such license may be hunting.

All licenses provided for in this act shall be issued as follows: Upon application therefor by any person, either a resident or non-resident of this state, an annual license shall be issued to such person by the county clerk to whom such application shall be made, for the purpose of hunting for, taking, catching or killing of any of the wild fowl, game birds, or animals protected by the laws of the state of Oregon, and which said license shall entitle the person to whom such license is issued to hunt for, pursue, take, catch or kill any of the said game animals, or birds within the state of Oregon during the open season when it is lawful to kill the same. No license shall be issued for a period longer than one year, and all licenses shall expire on the 31st day of December next after their issuance, and not more than one license shall be issued to the same person in any one year, and the same shall not be transferable. Every resident applicant for such license, upon applying for the same, shall pay to the county clerk the sum of \$1, and every non-resident shall pay thereafter the sum of \$10. All moneys so collected by the county clerk shall, at least once in every three months, be forwarded to and deposited with the state treasurer, and be placed to the credit of the fund for the protection of game and game fish.

**A GUARANTEED CURE FOR PILES.**  
Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50 cents. If your druggist hasn't it send 50 cents in stamps and it will be forwarded postpaid by Paris Medicine Co., St. Louis, Mo.

**GROWERS ARE ENCOURAGED.**  
English Market Has Advanced to Thirty Cents on Pacifics—Thirty-Cent Sale Made.  
(From Thursday's Daily.)  
The spirits of the growers and dealers who are holding and have pooled their hops for the purpose of securing a higher price have been heightened considerably by the receipt in this city yesterday of a cablegram from London, and from what is considered an absolutely reliable source, to the effect that the price of Pacific Coast hops in England has reached the thirty-cent mark, which is an advance of two cents over that offered last week. This advance in England, they feel, cannot help but have its effect in this country sooner or later, and they have been greatly encouraged in their resolutions to hold for higher prices.

**EGGS WANTED**—WE ARE NOW buying eggs; call on us for prices before you sell. Commercial Cream Company.

**LUMBER, ROUGH AND DRESSED,** yew posts, shakes and wood for sale at Voget Bros., Salem, Route 9; mill two and one-half miles east of Brooks.
