

HE PASSES UP LAST CHANCE

LAUTH'S ONLY CHANCE FOR LIFE LIES WITH THE GOVERNOR.

PARDON OR LIFE SENTENCE.

Twenty Days' Time For Filing Motion For Rehearing Expired on Thurs- day Evening.

Counsel For Convicted Murderer of Al- ma Nesbitt, Norman Williams, Takes Advantage of Privilege and Petitions Court for Rehearing—Raises Question

(From Saturday's Daily.)

So far as the courts are concerned, George W. Lauth, convicted of the murder of his mistress, Lenora B. Jones, in September, 1904, has passed up his last chance for life, that of filing a motion for a rehearing with the supreme court, and the mandate in his case will be sent down either today or tomorrow. He will be taken to Oregon City next week, when the sentence of death will be pronounced upon him. Not so with Norman Williams, the convicted murderer of Alma Nesbitt, for he took advantage of the last privilege granted him by the courts and petitioned the supreme court for a rehearing yesterday afternoon.

The opinions of the supreme court in both of these cases were handed down on Friday, April 29, and the twenty days' period in which the defendants were allowed to file motions for rehearing expired at midnight of Thursday of this week. Lauth has showed no disposition whatever for taking advantage of this privilege, nor did the counsel for Williams until Wednesday, when he appeared before the supreme court and asked for two days additional time in which to file such document, which was, of course, granted by the court. Henry E. McFinn, counsel for Williams, appeared before the court yesterday afternoon and filed the petition for a rehearing, which was taken under advisement by the court.

Williams' counsel asks for a rehearing on the ground that he believes the "court lost sight of a distinction which is everywhere to be found in the books, namely, that the proof of corpus delicti must be proven independent of any reference to the guilt of the defendant." He states further in his petition that in the opinion handed down the court laid great stress upon the fact that the circumstances point strongly to the guilt of the defendant and that the "rule requires that the proof of corpus delicti should precede any proof of guilt." The mandate in the Williams case will not be sent down to the lower court until this petition for a rehearing has been argued and decided by the supreme court, which will, in any event, operate to give him a longer lease upon life. If the petition is denied, Williams will be hanged in The Dalles at some future date to be fixed by the court.

BOMB EXPLODES

WORKMAN AND TWO DETECTIVES LITERALLY TORN TO PIECES IN WARSAW.

Deadly Missile Said to Have Been In- tended for Governor General Maxi- movitch, Who Was Expected to Pass Where Frightful Accident Occurred.

WARSAW, May 19.—A workman who was trying to avoid the observa-
tion of two detectives on Midowa
street today stumbled on the curb of
the sidewalk, and a bomb, which he
was carrying in his pocket, exploded,
killing the workman and both detec-
tives and injuring twenty-three others.
A school boy was detained at the police
station, having been noticed warning
people against going into "Midowa
street."

Today's outrage is the sixth of a sim-
ilar character in Warsaw since the Jan-
uary disturbances. The man who was
carrying the bomb was identified as a
Polish shoemaker named Dobrowolski,
a member of the violent section of the
Socialists.

It is believed that the bomb was in-
tended for Governor General Maximo-
vitch, who was expected to pass the
spot on his way from cathedral ser-
vices in honor of the czar's birthday.
The bodies of the victims were liter-
ally blown to pieces.

ALL HOPE IS ABANDONED

Negotiations for New Chinese Exclusion Treaty Seem to Have Been Suddenly Given Up.

WASHINGTON, May 19.—All hope
of the success of the pending negotia-
tions for a new Chinese exclusion
treaty has, for the present, been aban-
doned by the Chinese officials as the
result of a wave of resentment that
swept over China since it became
known that it was planned to transfer
the negotiations to Peking and that the
department of commerce and labor was
insisting upon its own interpretation
of the exclusion law. The opposition
of the Chinese to the proposed move to
transfer the matter to Peking is more
capable of knowing the wishes of the
Chinese in this country than their own
government, that in negotiating an im-
migration treaty with the American
minister at Peking the Chinese negotia-
tors will be at a great disadvantage.

GRAND JURY TAKES RECESS.

No Indictments in Beef Inquiry Until After June 7, When Body Reconvenes.

CHICAGO, May 19.—The grand jury
which has been investigating the beef
industry adjourned today after being
in session exactly three months. It will
reconvene on June 7 to vote upon the
indictments which, in the meantime,
may be prepared by the office of Uni-
ted States district attorney Jesse P.
Lynnan, former president of the Nation-
al Packing Company; Hector Streyk-
er, former confidential stenographer
for Armour & Co.; and Gustav Freund-
er, former head of the Aetna Trading Com-
pany, were placed under bonds to as-
sure their attendance as witnesses at the
July term.

TO HEAR FROM GOVERNOR.

Secretary Hitchcock Declines to Pay Any Attention to Communica- tion From Company.

WASHINGTON, May 19.—Secretary
Hitchcock has been notified by an Alas-
ka development company that it has
dropped the name of Governor Brady
from its directorate. The action was
taken because of the secretary's notifi-
cation to the governor that unless he
retired from the company it would be
necessary to relieve him from his office.
The secretary refuses, however, to re-
cognize the communication from the
company and says he will await further
communication from the governor.

HORRIFIED, HIS HEAD HANGING, HOCH HEARS HOW HIS HOPES HERE HINGE.

Jury of His Peers Find Him Guilty of Murder and Judge Pronounces Sen- tence of Death by Hanging—Is Ready to Die, Says Condemned Man.

CHICAGO, May 19.—Johan Hoch,
who by his own confession is several
times a bigamist, and who was charged
by the police with having married at
least forty women in the past fifteen
years, was today found guilty of mur-
der and the death penalty was recom-
mended by the jury in Judge Kersten's
court. The crime for which Hoch will
be led to the gallows was the murder
of his last known wife, Mrs. Marie
Waleker-Hoch. Hoch had been married
to this woman but a few days when she
became suddenly ill and died. He then
formed an alliance with the sister of
the dead woman, and securing the lat-
ter's money, fled from Chicago.
The verdict was one of the quickest
on record in Cook county, the jury hav-
ing reached a decision in less than a
half hour. Three ballots were taken.
Hoch's attorneys will ask for a new
trial, although the condemned man, af-
ter reaching his cell, declared he was
ready to die and would be better satis-
fied if they did not make the effort.

A READY REPLY.

The late Laurence Hutton, a scholar
and one of the best cruees of the age,
was well known also for his ready wit
and his aptness at short and pithy
sayings.
One day, while on a visit to Rome,
he stopped with a friend at some hos-
tel or public garden for a glass of
wine. When brought to them, how-
ever, the beverage was so poor that it
was quite impossible to drink it. The
next week the friend, who had gone on
to Verona, leaving Mr. Hutton still in
Rome, wrote to him that he had found
a place where beer was better than
any he had ever tasted before. By re-
turn mail Hutton dispatched these few
words of warning to his friend:
"I don't wish to alarm you, sir, nor
cause you needless fear, and yet I hope
you'll not forget that Romeo and
Juliet—according to Shakespeare—
when passing through Verona were both
laid out on the bier."

Wool Pool Sold.

Sheep raisers within and near Seio
made up a pool of about 2,600 fleeces.
Last Friday it was offered for sale. M.
Senders of Albany was the successful
bidder, his bid being 27 1/2 cents per
pound. This, we believe, is the highest
price paid for wool in the past twenty
years. The wool is to be delivered at
West Seio on June 15.—Seio News.

Breaking Flax.

Tuesday we visited the flax breaking
mill in this city, now being operated
by Eugene Boss. There were found six
by seven men engaged in converting
flax straw into tow, of which several
tons are on hand ready baled for ship-
ment. There is enough straw on hand
to keep the mill in operation for sev-
eral weeks.—Seio News.

Tillamook and the Outside World.

A stage line will be established be-
tween Forest Grove and Tillamook
about June 1, it is said, and will make
regular trips between the two places.
A stage will leave Tillamook on alter-
nate days and drive to McNamer's
Camp, where the passengers will re-
main over night, reaching Forest Grove
the following morning.—Hillsboro In-
dependent.

Wool at Silverton.

The wool pool was sold last Satur-
day at auction sale. The pool con-
sisted of about 19,000 pounds, and
free buyers were in the field ready
for the sale. Messrs. Sehtman of
Portland, Johnson of Salem and Craig
of this city. Craig made a bid of
27 1/2 cents per pound and this en-
couraged the Salem buyer to go higher,
and the entire load was sold for 27 1/2
cents.—Silverton Appeal.

Poor Hops, Strawberries, Etc.

The hop crop in the vicinity of Park-
ersville, Marion county, looks very dis-
couraging, too much cold weather is
supposed to be the cause. Strawberries
will also be light in most places in
that section.
The prune crop in the locality of
Lewisburg, Marion county, is almost a
failure, especially on the low lands.
Cherries and pears will make about
half a crop. Apples will be much light-
er than usual. Grains of all kinds are
looking well and the prospects for a
heavy yield are good. There will be
an abundance of potatoes and vegeta-
tion.

Turntable and Sidetrack.

Thirty men and four teams have be-
gun the work of constructing the
switch for the new turntable at the
western end of the Southern Pacific
yards in Eugene. The turntable will
be located just west of the new stock
yards south of the tracks. The teams
are engaged in plowing and scraping
the earth and hauling it to make the
"fill" for the track leading to the
turntable. The sidetrack extending the
length of the yards south of the main
line will be extended west a distance
of 170 feet, giving much more room for
passing trains. The new turntable and
the switch extension will be completed
by June 1, the time set for extending
the Albany local to Eugene.

An Interesting Find.

While Shi and Ernest Carter were
going through a lot of old papers be-
longing to their father, Abert J. Car-
ter, deceased, preparatory to destroy-
ing all that were of no value, they
found in an old letter a Wells-Fargo
& Co.'s draft drawn by the Folsom,
Cal., office on their New York branch,
for \$200, payable to C. T. Palmer,
agent, and endorsed by Abert J. Car-
ter. The draft was dated Febru-
ary 15, 1861, and is older than either
of the sons who unearthed it.
The draft will be forwarded at once
for collection, as no doubt it is just
as good today as the day it was drawn.
A number of very old coins were
also found in an old chest and among
other things of interest was a Christ-
mas almanac over sixty years old.—

Improving Crater Lake Park.

W. F. Arant, superintendent of the
Crater Lake National park, who has
been in Ashland for a day or two en
route home from a few weeks' trip to
the north, left for Klamath yesterday.
Although the last congress only ap-
propriated \$3,000, one-third of the amount
recommended by him for improvement
work in the park, Arant has a scheme
of work in the way of buildings,
roads, etc., outlined and to be sub-
mitted to the department for approval for
the fiscal year beginning July 1, and
in accordance with the limited funds
available, that will be of great benefit
to the park. The appropriation of the
last two congresses for improvement
work in the park have not been such as
its importance justifies, Mr. Arant
thinks, but he is making the best show-
ing possible with the funds available,
and living in hopes that as the won-
ders and attractions of Crater Lake
become better known it will receive
more recognition from the hands of
the national congress.—Tidings.

Fruit Prospects Around The Dalles.

Down in western Oregon they are
complaining that there will not be
more than from one-third to one-half
crop of prunes in the state this year.
So far as the Dalles district is con-
cerned, we were not aware of the fact
for up here it will, if anything, be
better than that of last year, when the
yield was 1,000 tons right in our own
district.
All other fruits, save cherries, will
yield abundantly; that fruit will be
little more than three-quarters of a
crop. Last year fifty tons of cherries
found a ready market at our cannery
at \$80 per ton.
Fully 5,000 boxes of peaches were
also disposed of by growers here, and

these will be as plentiful this year.

Plums, of which we had 150 tons last
year, were injured very slightly this
year in exposed places, the frost of two
weeks ago doing the damage.

Apples are also going to be all right
this year. Last year we raised 40,000
boxes, valued at \$35,000.
And this is saying nothing of pears,
grapes, apricots, quinces and other
fruits.—The Dalles Chronicle.

Killed at Lebanon Paper Mills.

Ogden Huston, an employe of the pa-
per mill in Lebanon, was instantly
killed Thursday morning while at work
in the factory. Mr. Huston was at
work on one of the lower floors of the
mill, engaged in cleaning the chain and
wheels of the conveyor used in carry-
ing the cooked straw to the upper
floors, having thrown the belt that
drives the conveyor, off the pulleys.
While at work on the conveyor and
with his arm in the chute another em-
ploye of the mill, not knowing that
Huston was at work there, threw on
the belt and the conveyor chain sud-
denly started and, catching the unfor-
tunate man's arm, drew him suddenly
and violently against a large piece of
timber on the floor, breaking his neck
and causing instant death. The tim-
ber was within six inches of the wheel
and the man's death was inevitable
when he was caught in the chain. Hus-
ton was heard to call for help when he
found himself caught in the moving
conveyor, but before aid could be ren-
dered he was dead.
The deceased was married, and a
wife and several children survive him.

A Railroad Tunnel.

Operations are expected to begin
some time next month in the building
of the new Sierran tunnel near Truckee,
Cal., by the Southern Pacific company.
The tunnel is to be 10,000 feet long,
and the chief features in the plan of im-
provement decided upon for that route
some years ago are, which the S. P.
company has been gradually carrying
out, will be the longest in the country,
approximating nearly seven miles long,
and the commander of the Vladivostok
garrison will be subject to his orders,
thereby avoiding the possibility of au-
thority in case of a siege, as at Port
Arthur.

"I have no intention of relieving Ro-
jestvensky of the immediate command
of his feet if he is well and able to
perform his duties on his arrival at
Vladivostok," said the admiral.
St. Petersburg, May 20.—Vice Admi-
ral Birleff, who has been named for
the supreme naval command in the Pa-
cific, will leave for Vladivostok on May
25 to assume charge there and make
preparations for repairing and refitting
the vessels of Rojestvensky's fleet
when they arrive.
By imperial command, Vice Admiral
Birleff will have all the rights and
powers of a commander of the army,

thority in case of a siege, as at Port

A VISIT TO DR. DARRIN

(Albany Herald, 1903.)

Mr. A. G. Byers, of Independence,
Or., visited Albany last week to bring
the doctor a patient for his wonderful
treatment for deafness. To a reporter
he stated that he had been almost
totally deaf from his youth and that in
May of 1902 he applied to the doctor
while in Salem. In three months he
was perfectly and permanently cured,
and that he had no return of the mal-
ady since. We tested him in a whisper,
and without hesitation he answered all
questions. Below we give his sworn
statement, published last year in the
Salem Journal:

How Young Mr. Byers Recovered His Hearing.

(Salem Journal.)
Mr. A. G. Byers, of Independence,
Or., accompanied by his son, A. G. By-
ers, called at the Journal office this af-
ternoon and made a statement relative
to the condition of the younger man.
He had been deaf from his infancy, and
later the difficulty gradually increased
to such an extent that he was almost
totally deaf. Two months ago the
young man came to Dr. Darrin for
treatment, and today called at the Jour-
nal office to state that he could hear as
well as anybody. The reporter talked
to him in a low voice and was con-
vinced that his hearing was as good as
the best. This remarkable cure of neces-
sity makes the young man feel happy,
and his father is more than pleased.
Their purpose in coming to the Journal
office was to make a statement to the
public concerning the wonderful cure.

Vice Admiral Birleff Leaves to Take Command of Affairs at Vladivostok.

He Will There Make Preparations for Repairing and Refitting Vessels of Pacific Squadron Upon Arrival—Will Have Powers of Army Commander.

PARIS, May 19.—Apparently the
complete disappearance of the Russian
far eastern fleet leads to the belief that
a battle is imminent or that Rojest-
vensky has succeeded in establishing a
naval base. On the other hand, it is
pointed out here that the position of
the fleet on May 16 in latitude 13.30
and longitude 111.30 indicated that it
might have been decided to follow the
course north of Luzon into the Pacific
instead of going through the Straits of
Formosa, where Togo is believed to be
awaiting Rojestvensky.
