Heartless New York Mother Confesses to Complicity in Murder of Her Two-Year-Old Child Because "in the Way" of Her Paramour.

NEW YORK, Sept. 4.—In attempting to inflict punishment on a motorman tonight an angry crowd caused the death of a little girl. The victim of the accident was Anna Schrinshock, 2 years old. Before the motorman could lift the fender the crowd made a rush for him and in the scramble he was forced against the control-

er. The car shot forward and the child's body was ground to pieces.

### LAKE SUPERIOR IS GALE SWEEP

MOST DESTRUCTIVE TO LAKE SHIPPING IN MANY YEARS.

DEVELOPS HURRICANE FORCE

And From Eighteen to Twenty Lives Believed to Have Been Sacrificed.

Big Steel Steamers, Largest Afloat on Fresh Water, Tossed About and Disabled as Though Toys—Three Believed to Have Sunk With Crews.

DULUTH, Minn., Sept. 4.—Eighteen or twenty lives have been lost and property valued at half a million sacrificed in a furious storm that swept Lake Superior Sunday and Sunday night. The gale was the most destructive to lake shipping experienced in many years. Besides the wreck of the steel steamer Sevonia, which broke in two on Sand island reef, seven of the crew losing their lives, it is now believed two more ships are lost with their entire crews. One of these is believed to be the schooner Pretoria, of Bay City, Mich., the largest sailing ship in fresh water, carrying a crew of eight men. The other is thought to be the schooner Olive Jeanette, which carried a crew of seven men.

The Pretoria broke loose from the steamer towing her during the storm and today Captain Wendig of the steamer Mary Boyle reported the spars of a sunken three-masted schooner were seen a short distance to the east of Outer island of the Apostle group, a hundred miles from Duluth. The Olive Jeanette, it is believed, went to the bottom ten miles from Portage entry. A mass of wreckage was sighted near that point, and although the identity of the ship is not completely established, it seems there is little doubt that it was the Olive Jeanette.

The storm at times reached the proportions of a hurricane and the staunchest of the new steel vessels were forced to run for shelter. The steamer Stackhouse arrived at Soo with the hatch covers sprung and water poured continually into the hold. One of the crew was washed overboard. The steamer Samuel Mather also lost one of her crew.

The terrific battering the steel steamers received gives rise to the gravest fears for the safety of many wooden ships which have not yet reported, and the record of deaths and destruction may reach much greater proportions than present estimates. The monetary loss of the Sevonia is placed at \$170,000; the Pretoria at \$150,000.

**Identified as the Pretoria.**

St. Paul, Sept. 4.—A Duluth special to the Pioneer Press says: "It was definitely learned tonight the sunken schooner near Outer island was the Pretoria. Five of the crew were drowned by the capsizing of a yawl in which the crew took refuge when the boat began to founder. The five survivors were rescued by the efforts of John Irvine, the keeper of Outer island light, and his assistant."

**Barges for Forty-Eight Hours.**

Washburn, Wis., Sept. 4.—The storm which has been raging on Lake Superior for forty-eight hours shows no signs of abating. The steamer Cassie and barge arrived today badly damaged.

**The Olive Jeanette Also.**

Pequaming, Mich., Sept. 4.—Wreckage has been found fifteen miles off Portage entry indicating that an unknown ship foundered in the great storm Sunday morning. Some wreckage marked "Olive" indicated that the lost boat was the Olive Jeanette.

### WHAT'S THE USE?

of paying exorbitant prices for dentistry which is no better than that which I give you, if as good, besides suffering untold pain?

It stands to reason that I don't do this work and advertising because of my health, so I must, when I charge you \$5 for a plate or a crown, make a profit. Now then, what's the use of paying more to others for their name and idle time? If a man saved you from drowning you would feel grateful, wouldn't you? I have saved the people of this vicinity hundreds of dollars on their dental work, and they are satisfied and send their friends. So when you want dental work come in and talk it over.
