

FACE LIKE PIECE OF RAW BEEF Scalp Covered With Sores, Hair and Eye-Brows Fell Out—Agony for Eight Long Years—Doctors Were Unable to Cure.

SPEEDILY CURED BY CUTICURA "I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with scabs, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure.—Miss Mary F. Fay, Westboro, Mass."

AGONIZING ECZEMA And Itching, Burning Eruptions with Loss of Hair, Cured by Cuticura. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal; and, lastly, take Cuticura Resolvent Pills to cool and cleanse the blood. A single set is often sufficient to cure.

River Traffic is Heavy—The steamer Oregon made a trip up the river to Krebs Bros' hop yards Wednesday and brought to this city 350 bales of hops. This is a heavy cargo for the boat to bring down the river at this time of year, the stream of the water not being sufficient to bring down heavy loads. The steamers have been doing a rushing business of late and the water being high enough to afford ordinary traffic, two boats have been running to and from Portland daily, stopping at every landing down river to load or unload freight.

THE CITY Enormous Quince—W. H. Gross of Highland has shown an enormous quince, weighing twenty-six ounces. It is hard to beat. County Court Appoints Guardian—Mrs. Molona Cummins was Tuesday appointed, upon her own petition, guardian of the person and estate of her minor child, Vida Fay Cummins. According to the mother's petition, filed in the Marion county court, the minor's estate is valued at about \$100.

Cupid Works Some More—Two marriage licenses issued by County Clerk Roland Tuesday brought the total number for the month up to twenty-three. The parties particularly interested in the last two documents were as follows: Ray Storts and Nellie Ford; Mrs. E. H. Storts, witness. Clyde Smith and Sarah Smith; J. H. Derrick, witness. More Hunters Secure Permits—County Clerk Roland issued fifteen hunters' licenses yesterday, which would indicate that there are still some sportsmen who have not yet pursued the cunning Chinese pheasant during the present season. The total number issued in Marion county so far is 1613. Of this number 387 have been issued since October 1, the day the pheasant season opened.

A Big Owl—A short time ago Hauser Bros., the commercial street dealers in guns and sporting goods, sold a gun to a boy who lives near Liberty, and the boy sent in the first bird of his purchase on Monday in the shape of a brown owl, which measured nearly five feet across its extended wings. The big bird was shown to customers for a time and then sent to be stuffed and mounted.

Authorized to Sell Hops—County Judge Scott, sitting in probate, yesterday made an order authorizing Mrs. Annie Rowland, as executrix, to sell at private sale seventy-three bales of hops grown on the land adjoining to the estate of her late husband, O. J. Rowland. The executrix was also authorized to borrow the sum of \$2000 to pay off a mortgage on the property held by Werner Breyman.

Partition Suit—Viola Sallust vs. James R. Sallust, et al., is the title of a partition suit filed in the circuit court Wednesday. The plaintiff desires the partition of a certain tract of land located in township 9 south, range 2 west, to accomplish which he asks a decree of the court ordering the sale of the property and a division of the proceeds between the several parties holding an interest in the tract. The plaintiff also asks that Frank N. Derby be appointed as referee.

Enslage as Winter Food—Minto Bros. of this city have completed the filling of their silos on their farm and home property south of this city. They have two silos, one being located on Minto's Island and the other on their own property. Silos are not used extensively in the vicinity of Salem, as the farmers do not raise a sufficient amount of corn to spare for this purpose, although ensilage is recognized as a most excellent food for cattle and hogs. It is especially good for winter food for dairy and market stock.

Drug Company Incorporates—Articles of incorporation were filed with the county clerk and secretary of state by the Grover Drug Co. Wednesday. The new concern will have its headquarters at Woodburn and its object is to engage in the compounding and manufacturing of drugs and medicines, both for the wholesale and retail trade. The incorporators are W. M. Grover, C. W. Grover and E. D. Grover. The capital stock of the corporation is given at \$6000, divided into sixty shares of the par value of \$100 each.

Judge Scott Approves Bonds—Attorney John Bayne yesterday filed his bond in the Marion county court as administrator of the estate of the late Caroline Pfennig, the undertaking being in the sum of \$500. Judge Scott approved the bond and appointed F. Kura, Charles Delaney and A. H. Kuisner to appraise the property belonging to the Pfennig estate. Judge Scott also approved the bond of Mrs. Molona Cummins, who was recently appointed guardian of her minor daughter, Vida Fay Cummins. The amount of the bond is \$200.

Has a Kick Coming—Frank Derby, of the firm of Derby & Wilson, feels that he has a righteous kick coming on account of neglect. The basis for his kick lies in a report received by him and published in the papers as over the land landing in the governor of Nevada for the feat of having killed a cinnamon bear weighing 430 pounds, in the mountains of Colorado. Mr. Derby says that he killed a cinnamon bear weighing 450 pounds, in the Cascade mountains and there was not so much as a brief mention about it. Verily, the way of the common people is hard!

Railroad Meeting at Liberty—Of course the people of the Liberty neighborhood desire the extension of the street railway line from the rock quarry to their front doors. Now that the rock quarry extension is nearing completion the Liberty people are waking up again. They are going to have a railroad meeting at the Liberty school house on Saturday evening at 7:30. There will be present a representative of the Citizens' Light & Traction Co., and the matter will be taken up in a business way. Every one who is in any way interested is invited to be present. This means every business man and property owner in Salem or south of this city, for a number of miles. Mother Seeks Child's Custody—In the divorce case of Martha A. Basy vs. W. W. Basy, a motion was Tuesday filed by the plaintiff's attorney, Hon. P. H. D'Arcy, to modify the decree recently rendered by Judge Gal-

loway, awarding the minor child of the plaintiff and defendant to the defendant, W. W. Basy. The plaintiff moves the court to award the minor child to her and bases her application on sundry affidavits attached to the application, wherein she claims that the defendant is not taking proper care of the child. This application is supported by affidavits which are to the same effect. The matter will come up for hearing at the November term of department No. 2 of the circuit court for Marion county.

IS QUESTION OF POLICY. State Officials Consider Advisability of Moving Fire Buildings Here for Lumber. For the purpose of considering the feasibility and advisability of using the lumber contained in the state buildings at the Lewis and Clark exposition, in making improvements to the several state institutions, when needed, the state building commission held a meeting Tuesday morning in which the superintendents of the different institutions took part. The question will be taken up again at a meeting to be held in Portland next Saturday, at which the state officials and fair commission will discuss whether or not it will pay to tear down the state buildings at the fair and ship the material here, or whether the state will realize more benefit through the sale of the state buildings to the highest bidder on the ground.

ORDINATION AND BAPTISM. Spring Valley Presbyterians Celebrate Installation of New Pastor—Have Big Time. A very large congregation assembled in the church on Tuesday evening to witness the ordination and installation of Mr. W. B. Edmondson as pastor. The Rev. T. B. Griswold of Albany, moderator of the Willamette Presbytery, presided. Rev. M. S. Bush of Corvallis, preached the sermon. Rev. E. J. Thompson, D. D., of Independence gave the ordination prayer. Rev. I. G. Knotts of Albany, gave the charge to Mr. Edmondson, and Rev. W. S. Holt, D. D., of Portland, gave the charge to the people.

The singing was a special feature of the services and was in charge of Rev. H. T. Babcock of Salem. He was assisted by Mr. and Mrs. F. A. Wiggins and Miss Ketchum. It was a great treat to the Spring Valley people and was highly appreciated. An interesting event of the evening was the baptism of Mr. and Mrs. Edmondson.

LAID TO FINAL REST. Remains of Late Mrs. A. Welch Interred at Astoria Beside Children. Manager A. Welch, of the Citizens Light & Traction company, has returned from Portland and Astoria, where, in the former place, last Saturday evening, his beloved wife passed away after a brief but severe illness, and at the latter place, where, on Monday afternoon, of this week, the remains were laid away to rest beside the graves of her two children, gone before. Mr. Welch, and the remaining members of the family, have the heartfelt sympathy of the entire community, which came so suddenly that it was a heavy shock to all their wide circle of friends. Mr. Welch was a loving, kind and devoted wife and mother and endeared herself to all who had the good fortune to have made her acquaintance and her death is regarded as a grievous loss to the community in which she lived, although her residence here has been of comparatively short duration.

STIFFLER FUNERAL TOMORROW. Remains Held for Week Awaiting Arrival of His Sons From Iowa. The funeral services over the remains of the late A. J. Stiffler, who died on last Saturday morning, will be held at the residence at the corner of twenty-first and Chemeketa streets, at 1:30 o'clock p. m. tomorrow and interment will be had at City View cemetery.

Deceased came here from Iowa two years ago, and, becoming infatuated with the city and climate, decided to remain permanently. He was 70 years old at the time of his death, due to cancer of the stomach. Although his demise occurred a week ago, the body was embalmed and the funeral postponed awaiting the arrival of his two sons from the old home in Iowa. A. C. and L. C. Stiffler, the sons, left Winterset, Iowa, as soon as possible on receipt of the news of the death, but owing to the repeated delays of the train which carried them, they arrived in Portland Wednesday evening, twelve hours late. Failing to make connection with the overland, by special permission they secured passage on a through freight out of Portland, arriving in Salem about 2 o'clock yesterday morning.

George of Silverton departed for Portland yesterday to visit friends for a few days, after transacting business in this city. OBEYS THE SCRIPTURES WHY DR. DARRIN DOES NOT HIDE HIS LIGHT UNDER A BUSHEL. Those who search the scriptures will find therein words advising mankind not to make a practice of hiding lights under a bushel. We do not know that it was from studying the Bible that Dr. Darrin got the idea of advertising, but we do know that since he has resided in Eugene the doctor has not been afraid to use printer's ink. Experience has proven to the doctor that in no other way can the afflicted learn so quickly that there is a present opportunity to be healed; that chronic diseases can be cured; that new life and energy can be imparted to those within whose breasts hopes of health had almost ceased to exist; that the worthy poor can be treated free; that all others can receive treatment at a price to accommodate their means. We mention a few of his recent cures in this vicinity as a proof that Dr. Darrin's electrical skill is beyond doubt: Deaf 29 Years—Cured. To the Public: For 29 years I have been gradually growing deaf until it was with difficulty I could hear without great embarrassment, and then I would often miss the meaning of those talking. Dr. Darrin has cured me and I most emphatically commend him to all. I will add that I am receiving great benefit from dyspepsia. My address is 157 West 5th Street, Eugene. J. M. Howell. Geo. Hill, of Fort Klamath, Or., was in Eugene not long ago for treatment by Dr. Darrin. He reports his nephew was cured by Dr. Darrin four years ago of epileptic fits and general nervous debility. Mrs. C. A. Cornell, five miles north of Eugene, reports her cure of deafness as perfect. Mrs. E. J. Coburn, four miles north of Eugene, is very much pleased with the cure of her boy of stomach and general weakness. L. M. Hartwig, of Vida, Or., is so well pleased with his cure of eczema, piles, dyspepsia, constipation, liver and kidney trouble that he has placed other members of his family under Dr. Darrin's care. V. J. Berntson, of Eugene, and W. F. Deadmond, of Leaburg, Or., are both cured of granulated eyes.

ALL DISTRICTS NOW HAVE CANDIDATES WHO ARE ABOVE TEN THOUSAND MARK. Miss Chloe Crandall of Turner Made a Good Showing in Counting of Votes Yesterday—Week Will Be Big One in New Daily Subscribers. This week presents the best opportunity for the candidates to get the votes, as we are giving away for every new subscriber to the Daily Statesman for one month, one hundred votes instead of fifty as formerly, and if you secure five for one month you will receive 500 extra votes besides the 100 for each subscriber that you turn in. Do not be backward, but start today and make up your mind that you are going to win the prizes and that you are going to get the five new subscribers this week so that you can get the 500 extra votes, making 1000 in full for the five new ones. No one will refuse to give you a subscription for one month, and if you work hard you will be able to get several new subscriptions and thereby get a large reserve and thus make sure of one of the prizes. Remember that this is the week of opportunities and every one should take advantage of it and get as many votes as possible. Those that are interested in the contest should watch the outside districts grow. Even Tacoma's growing will fade when compared with the outside districts from this time forth. Only two more days remain in this week, and these two days should be good ones for every candidate in the race, as they should put forth their best efforts and make this the banner week of the contest. Never again will the one month subscription count for so much, and those that do not take advantage of the offer this week will have lost one of the best opportunities of the contest. Make the last two days of this week the best that you have had. After this week the usual number of votes only will be allowed for the subscriptions for one month, and you had better make the best of the special offer this week, as it will not be repeated and you will be the loser. The time to get the subscriptions is now, and you have the best opportunity to get them if you try. You can win one of the prizes if you but show the people that you are in the race to win and to stay there, as the people, taken as a whole, do not like to see anyone stop anything after once having started, and any girl in the contest has just as good a chance as any of the other girls. Do not stop, but keep after them and show them that you are not a quitter, but that you can stay with the best of them and that you can at least do your best. That is all that any one can do, and if you do this you will be sure to win one of the fine prizes that we are giving away for the first time.

with no possibility of recovery while confined in the penitentiary; because he has been an exemplary prisoner during his incarceration, and the crime of which he was convicted was his first offense and there being a grave question as to his guilt, Governor Chamberlain yesterday commuted the sentence of W. Ickes, who is serving a five-year sentence for rape. Ickes was committed from Multnomah county, October 21, 1904. The governor also commuted the sentence of Daniel Ellis and Edward Lewis Davis, who were convicted of larceny in the justice court of Ashland district and committed to jail, to serve six months, in July, 1905. This commutation was granted on the recommendation of all of the county officers, numerous citizens and of the justice of the peace who sentenced him, the district attorney who prosecuted him and, it being represented the punishment has already been sufficient for the crime committed.
