If Oregon ever needed able men in Congress, it needs them now. It is up to the people to see that no small or shallow man secures the nomination in the Republican primaries.

Music at Rosedale.

Owing to the kindness of St. Paul's choir, the music lovers of Rosedale on last Sunday received an exceptionally enjoyable treat. For over an hour an audience of about 200 were regaled with a succession of anthems and hymns ably rendered. Those to whose generosity the concert was due were Mrs. Seelye, Mrs. W. C. Smith, Mr. Deckebach, Mr. Gilchrist and their organist, Mr. Thielsen.

Eighth Grade Examination.

State Superintendent Ackerman is sending out circulars notifying the county superintendents of the dates for eighth grade examinations, of which there are three each year. The dates upon which they may be held are February 12, May 17-18, June 14-15, September 27-28, the county superintendent to choose which three they consider best suited to the conditions in their territory.

Extradition Refused.

Governor Chamberlain on Tuesday refused to honor the requisition of the governor of Alabama for the arrest and return of J. L. Hill, who is accused of converting to his own use property in which he was part owner. The conversion of partnership property not being a crime under the statutes of either Oregon or Alabama, and for the further reason that the requisition papers were not properly authorized as prescribed in the United States statutes, the governor declined to act.

Valuable Wraps Stolen.

The dance given Thursday evening at the M. B. A. hall near Chemawa, was largely attended, and would have been voted one of the best of the season had it not been that a number of valuable wraps were taken from the dressing room during the evening. Mrs. Stanton Ryder of Salem, lost a valuable fur, a new coat, dress and several large numbers of rubbers and umbrellas were lost. Small losses, such as whips and buggy robes have been reported from time to time, and it is thought that the dances will be strictly invitation affairs in future.

Desires Possession of Land.

Alleging that Mark Bloom is wrongfully holding possession of certain real estate belonging to the plaintiff, John Pemberton on Tuesday commenced an action in department No. 1 of the circuit court to oust him from the premises. The property in dispute consists of twenty acres of land in Sunnyside fruit farm No. 10 and 39.10 acres in section 28, township 8 south, range 3 west. Mr. Pemberton also asks damages in the sum of \$100. John Bayne appears in the case as his attorney.

Action For Money.

In an action filed in Judge Burnett's department of the circuit court on

Tuesday the firm of J. L. Stockton & Co. appears as plaintiff and E. E. Edmondson and wife are male defendants. The plaintiffs sue to recover the sum of \$75.03, which amount is alleged to be due for goods sold to the defendants between April 29 and August 31, of the present year. Stockton & Co. ask judgment for the amount claimed to be due with interest at the rate of 6 per cent per annum from August 31. The complaint was filed through Attorney P. A. Turner.

Old Custom Revived.

The Southern Pacific company on December 12 will have completed a passenger station on East Washington street in Portland, and from that time on passengers not desiring to leave or board the train at the union depot, can make their arrival or departure at East Washington street. Tickets will be on sale at this station the same as at others. This arrangement is very convenient for passengers from the south, as it does away with the large crowds, and also enables one to get off within touch of the business part of the city.

Hardware Firm Sues.

The firm of R. M. Wade & Co., of this city, commenced a civil action against E. R. Edmondson and Lou Wheeler in department No. 1 of the circuit court on Tuesday for the purpose of recovering an amount alleged to be due upon a promissory note. According to the complaint filed the defendants on July 17, 1901, gave their note to the plaintiff company to secure the payment of the sum of \$75, no part of which, it is alleged, has been paid. Judgment is asked against the plaintiffs for the full amount with interest at the rate of 8 per cent per annum from the date of the note. F. A. Turner appears as attorney for R. M. Wade & Co.

Stiffler Will in Probate.

The will of the late A. J. Stiffler has been admitted to probate in the Marion county court. The estate of the deceased consisted of real property located in this county which is valued at \$4500, and personal property valued at \$500. By the terms of the will all the personal property is bequeathed to Mrs. A. Stiffler, the surviving widow, and the real estate is also to be held by her for her own benefit during her lifetime. After the death of Mrs. Stiffler the real property is to be equally divided among the following children of the deceased: Albert C. Stiffler, Mrs. Oka Larson and Roy Stiffler, of this city; Loren C. Stiffler, of Winterset, Iowa, and Aratus Stiffler, of Des Moines, Iowa. Albert C. Stiffler is named in the will as executor, and is to serve without giving bonds. W. A. Taylor, George Eoff and R. E. Downing have been appointed by Judge Scott to appraise the property belonging to the estate.

Made Tour of Inspection.

O. P. Hoff, state labor commissioner, has returned home after a tour of Southern Oregon extending over the past five weeks, during which he traveled through Coos, Jackson, Josephine, Douglas and Lane counties, visiting the mills and manufacturing plants and observing the conditions existing therein in regard to the general safety of the men employed. It is the policy of Mr. Hoff whenever he hears of a serious injury occurring to visit the scene of the accident and ascertain the cause, advising its removal if possible. He takes note of every dangerous exposure, every pin or pulley or knuckle joint upon which there is danger of contact with clothing, also every safeguard omitted around saw mills and planing mills, which may have a possibility of sudden sea-logs, and without attempting to force or be disagreeable he finds little difficulty in having the necessary safeguards provided. He speaks aigh of the courtesy shown him wherever he went and believes his efforts will result in bringing the dangers to workmen in large manufacturing institutions to the lowest possible per cent. Mr. Hoff is an agreeable gentleman, thoroughly in sympathy with labor, well informed on all mat-

Scott's Emulsion is not a "patent medicine." It has no secret ingredients. Your doctor can, no doubt, tell you as much about it as we could. We have merely perfected the method of blending the Norwegian cod liver oil, hypophosphites of lime and soda and glycerine. As one grocer will blend coffee better than another so we have succeeded in making Scott's Emulsion a little better than any other cod liver oil preparation. There's no "patent" and the only secret is the secret of knowing how, with the perfected mechanical means at hand to do it. Get Scott's and you get the perfect emulsion. Circuit Court Doings.

Judge Galloway held another brief session of department No. 2 of the state circuit court for Marion county yesterday during which he heard several motions, etc., made a few docket entries and then took an adjournment until Tuesday of next week at 1 o'clock p. m. In the case of L. F. Butler et al, vs. Rachel A. Patton et al, a suit in partition, Judge Galloway confirmed the sale of the land involved in the case, made by the referee. The property was sold to R. E. Downing for a consideration of \$4225. The sale of the property involved in the foreclosure suit brought by Pauline Adams against Luther and Lou But, was also confirmed by the court.

Special Election.

The freeholders of road district No. 13, lying north from the city limits, are to meet on Friday evening (tomorrow) at 7 o'clock at the Keizer school house, for the purpose of deciding whether a special tax of 10 mills shall be levied for road purposes. It might be interesting to those who wish to participate at that and like meetings to know who are legal voters in such case. The law says: "Any citizen of this state, male or female, who is 21 years of age, and has been a bona fide resident of the district for thirty days immediately preceding the meeting or election, and has real property in the district, the title to which is in his or her own name, on which he or she is liable or subject to pay a tax, shall be entitled to vote at any district road meeting."

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup, and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

STATE BOARD OF AGRICULTURE ASKS BETTER HIGHWAY TO STATE FAIR GROUNDS.

Letter to City Council Requesting Inauguration of Some Measure to Improve Conditions—A Subject of Great Interest to Salem and the State Fair.

The following letter was submitted to the city council at its regular meeting Tuesday night. It refers to a matter in which every citizen of Salem and every farmer northward and northeast of the city is vitally interested—a matter that has slept too long already: To the Honorable Mayor and Common Council of the City of Salem: Gentlemen: You will at once realize and acknowledge that the annual meeting of the Oregon state fair is one of the most important financial events in the business life of Salem. To increase this importance and make it of perpetual recurrence has been the aim of the state board of agriculture. To this end the present year has witnessed the expenditure by this board of large sums of money in permanent improvements upon the buildings and grounds of the state fair, bringing them to a condition that insures better accommodations and greater success than ever before. There has been in existence for several years a serious drawback to the pleasure of persons desiring to attend the fair, which we hope can be removed before the next annual meeting. Reference is had to the road from the city to the fair grounds. This road the year round is one of the most important avenues of travel to and from the city, yet it has been allowed to remain a most miserable excuse for a driveway and during the fair visitors are unanimous in declaring it a disgrace to the city. These facts are patent to all and need only a passing mention to be recognized. A smooth driveway would take hundreds of families to the fair by train every day who never enjoy the trip in present conditions. For the credit of the city, for the interest of its trade and commerce, for the comfort of travelers in general and for the assistance and encouragement of the state fair, we earnestly ask your honorable body to inaugurate some measures that will properly improve the road or build some other direct avenue of travel to the fair grounds. We believe the people of Salem will respond to your efforts cheerfully and liberally, and we shall be pleased to assist in any way within our power. Respectfully,

—State Board of Agriculture.
—W. H. Downing, President.
—F. W. Durlin, Secretary.

Willamette University.

The trustees of Willamette University held a business meeting yesterday, and besides the discussion of general routine business affecting the present and future of the school, the matter of an extended lease to the Oregon Nursing company was considered, but no final decision was reached. The students, faculty and trustees of the university enjoyed the pleasure of a visit yesterday from Bishop Moore, one of the venerable dignitaries of the Methodist church, who delivered a short, but eloquent and instructive address in the chapel. Bishop Moore went to Portland on the afternoon train.

Prompt, Easy Recovery.

The greatest thing in the world—A Mother's Love; the love she lavishes on her children; the love her child should have for her; without this love she could not endure the agonies in child birth; appreciative of this love, Mother's Friend was devised to lessen the pain and anguish of childbirth; that her love might not be strained to the breaking point. Mother's Friend does all this and more—it enables the fond mother to speedily recuperate from the labors of maternity, enables her to regain her strength, preserves her youthful lines of beauty, and makes pregnancy her crowning joy without any thorns to mar it. Mother's Friend is most harmless in its consistency, is happy in its results, and is of such merit that no case of labor should be conducted without its use. It is a stimulant, preserves the abdominal muscles during pregnancy, and by its use their tenuity and power of contraction is greatly enhanced, enabling them to sustain the great strain brought to bear on them at this time. It is Mother's Friend. The name should be enough to recommend it to all who expect to be mothers. Send for free book containing information of price and value to all countries.
