HOLIDAY LETHARGY STILL HOLDS SALEM MARKETS IN ITS TIGHT EMBRACE.

In London, Pacific Coast Hops Are Quiet and the Movements in Other Hop Centers Do Not Indicate Any Life Until Opening of New Year.

Everything is still very quiet in the hop market in and around Salem, there being no movement worth speaking of. nor will there be before January. There but choice green hops in good demand. are about 4000 bales of hops stored in the Salem warehouses ready for the opening of the new demand which is expected when the holiday lethargy has passed. English quotations are given State, 1905, choice, per lb..... State, 1904, choice, per lb..... opening of the new demand which is in the following dispatch:

English Hop News.

Kentish Observer, Dec. 7: Messrs. Manger and Henly, 59 Borough London, S. E., report: 'Although the volume of business is not heavy a good steady demand continues, and the small stocks left are being gradually absorbed. Prices are exceedingly firm with a decidedly hardening tendency.

The Exchange and Hop Warehouses Limited, 24 Southwark street, London, S. E., report: A good businese continues in English hops, and a large quantity has again changed hands during the week. Owing to the large sales that have taken place stocks are now yary materially reduced, the market, in consequence, is firmer and it is anticipated that a rise in prices will take pace at the new year.

German Hop News.

Mr. Adolph Heller (formerly Albert Heller), hop merchant of Prague, sends the following report: During the last week there was increased inquiry on the Nuremburg hop market for medium spent Christmas with his father-in-law and low hops for exportato England, and brother-in-law, W. New York Tribune: Receipts for the week, 5277 bales; exports, 1000 bales. Rather more business is reported in state hops, as exporters have appeared in the market again and have purchased a few hundred bales of medium to prime grades at 151/2@16e. Reports from the Pacific coast generally indicate light offerings by growers, but there is some business reported at 9@ 10e for prime Oregons. On the local markets few transactions are reported in Pacifics from 10@13c, according to quality. CHRISTMAS AT SILVERTON.

People of That Busy Town Took Time to Celebrate the Christ-

mas Event. STLVERTON, Dec. 27 .- The Christian church Sunday school had a Christmas tree that was a great treat to the children. It was well trimmed, and decorated. The committe also gave a present to every one in the house.

The M. E. church had something of novelty, The beautiful electric light from the Brooks Drug Company's store was placed between the two trees. It showed them up handsomely,

The United Lutheran church (Norwegian) had a fine tree, but in finishing up distributing presents the trimming took fire. Some were ready to become frightened, but a panic was averted.

Frank Buren, lately from Minnesota, is building a neat little house. The rain and fog has no terrors for the builders in Silverton.

It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (executions). throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, ingering, or chronic cases it is especially efficacious in producing per-fect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrade root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scadder, M. He continues, "in Helonias we have a medicament which more fully answers the above purposes them any other drug with which I am acquainted. which does not present some indication for this remedial agent." Dr. Fyle turther says: "The following are among the leading indications for Helonias (Unicorn root). are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias and the medical properties of which it most faithfuily represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

It is an important remedy in disorders of the womb. In all catarrhal condi-tions * * and general enfeeblement,

it is useful." Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoga (painful menstruation)." Dr. Pierce's Favorite Prescription faithrepresents all the above named ingredients and cures the diseases for which

Of Black Cohosh, another ingredient of "Favorite Prescription," Prof. John King, M. D., author of the AMERICAN " In the painful conditions incident to

imperfect menstruation, its remedial ac-tion is fully displayed. By its special affinity for the female reproductive organs, it is an efficient agent for the restoration of suppressed menses. In dysmenorrhoea (painful periods), it is sur-passed by no other drug, being of greatest utility in irritative and congestive conditions of the uterus and appendages, characterized by tensive, dragging pains, resembling the pains of rheumatism. It is a good remedy for the reflex 'side-ache' women. It should be remembered in rheumatism of the uterus, and in uterine eucerrhœa.'

Blue Cohosh root, and Yellow Lady's Slipper root, the two remaining ingredients not mentioned above, have just as merits in diseases peculiar to women, but we have room for no more. "Favorite Prescription" is a happy and harmonious compound of the above mentioned ingre-dients and faithfully represents them in

curative results. The foregoing are only a few brief extracts taken from amongst the voluminous endorsements which the several ingredients entering into Dr. Pierce's Favorite Prescription have received fro the most enfinent medical writers of all the different schools of medicine. After reading them who can doubt that Dr. Pierce has selected and compounded his "Prescription" from the most valuable ingredients known to the medical professionary of these characteristics. will be mailed froe, in form of a booklet of extracts, from standard medical works,

Since it is an established fact that this county is sure of having railroad transportation, outside stockbuyers are turning their eyes in this direction, and already one has decided to make this county his home in the near future. The field promises soon to be occupied by men who will be in a position to buy in any quantity hogs, cattle or sheep. Competition and, perhaps, in the end little better price to those who have peeted. Stockbuyers usually give a slight increase to those who have a large bunch of stock for sale. The time lost in gathering the small bunches means more to the buyer than the small additional amount he pays when he finds a carload lot in one place.

If all the treatments for consumption were put in book form it would make a pretty big library. But after all there has been little improvement over the old treatment of rest, fresh air, sunshine, plain, wholesome food and Scott's Emulsion. The latter supplies nourishment that cannot be secured in any other way, and after all, nourishment is what the consumptive needs first.

A gain in weight, however slight, is a long step toward improvement. If there is the least thing to build on Scott's Emulsion will enable the patient to make that gain. People have gained a pound in weight from a bottle of Scott's Emulsion-it's an exception when they don't.
