

NOW READY TO CRUSH REVOLTS

GOVERNMENT EXPECTS TO END DISORDERS AT MOSCOW WITHIN THE NEXT FOUR DAYS

Small Number of Troops Now Available But Additional Forces Being Dispatched.

Revolutionists Are Operating in Three Sections and Country Is Swelling—Boy Approaches Cossacks and Throws Bomb With Terrible Results.

MOSCOW, Dec. 27.—The cannonading continues and the list of casualties is swelling. The revolutionists are operating in three sections. There are about 10,000 of them in each section. They are all armed with revolvers and rifles. The women who are participating in the fighting are guilty of the worst cruelties.

St. Petersburg, Dec. 27.—An inspired statement in the Slovo today says the government expects the revolt at Moscow to be completely crushed within four days. The duration of the rising is explained by the small number of troops available. Many of the soldiers necessarily were employed in guarding government buildings, leaving a comparatively small number available to cope with the insurgents over the wide area of the disturbance. Fresh troops have now arrived and the end is said to be near. The Slovo says: "The grenadiers have wiped out the stain on their honor with blood, fighting in the front ranks at their own request."

From an independent source the Slovo declares it has learned that the bloodshed at Moscow is frightful, and that the casualties will reach 15,000, and that about 100 Red Cross workers have been dispatched from St. Petersburg to Moscow to aid in caring for the wounded. The paper also says it has learned that the arms of the revolutionists mostly came from Germany and Belgium, whence they were shipped to England, trans-shipped there and smuggled into Russia through Finland and the Baltic provinces. Continuing, the Slovo remarks:

"When our plenipotentiary sought to prevent the sailing of these vessels, through the consuls, the latter refused to act, as all the vessels flew foreign flags."

Issue Not Yet Decided. The information of other papers is that while admitting that the revolutionists are showing signs of exhaustion, they do not regard the issue as decided. The Molva (Russ), which reappeared today, fans the flames by holding out encouragement of the success of the revolt. The paper declares that the area of the fighting is increasing instead of diminishing, and asserts that the insurgents are holding six miles of barricades.

"Even if the revolt fails now," the Molva says, "it will be recommenced in January or February."

This also is the view of the revolutionists here, who, however, have not given up hope of success. In any case, they assert, they can in the meantime keep the government engaged in suppressing continual uprisings, from place to place, believing that each city and town should have its baptism of blood as a preparation for the final upheaval. In spite of the bad prospects here, the leaders of the revolutionists are continuing their desperate efforts to bring on a general conflict. At Kharkoff yesterday the flag of armed revolt was raised, but, according to reports, the troops, which had been largely reinforced, put down the outbreak mercifully.

The members of the so-called provincial government, composed of twenty-two delegates, which had been sitting there, were captured early in the day, and later, when the red flag was raised and barricades were erected around the Helfrich Engine Works, which armed revolutionists were holding, cannon were brought up and the revolutionists were given ten minutes in which to surrender. They then sent out an emissary who was seized by the military commander, who then gave the command to the artillery to open fire on the works, which were literally battered down over the heads of the revolutionists. The latter, although unable to make a defense, held out until three-quarters of their number were killed or wounded, when the remnant, 137, surrendered.

Mitschenko in Command.

Lieutenant General Mitschenko, who commanded a Cossack brigade in Manchuria during the Russo-Japanese war, has arrived at Moscow and may have taken over the command of troops there. He had a narrow escape from capture by the revolutionists at St. Andrew's monastery, on the outskirts of the city, where the railroad track was blocked by barricades of freight and passenger cars. The general and two members of his staff managed to get a sleigh and reach Moscow by making a wide detour, but fifty officers, returning from

Manchuria, who were left behind, were captured and forced to give up their arms. They begged to be allowed to keep the gold swords given them for bravery, but the revolutionists refused their request.

Minor collisions between the troops and strikers, of whom there are almost 50,000 still out, are taking place constantly in St. Petersburg. Cossack patrols are charging and dispersing workmen whenever they collect. The most serious affairs occurred at the Narva Gate and on Moika canal, in which fifty persons were killed or wounded. Automatic guns have been mounted on the bridge over the Fontanka canal, from which they can sweep the Nevsky prospect in either direction, and also both ways of the canal. The battery is included in a collapsible shed, in order not to attract too much attention.

Boy Throws Bomb.

London, Dec. 27.—A St. Petersburg correspondent of the Telegraph, in relating what he calls a "typical incident" of ferocity of the struggle at Kharkoff, says a little boy was seen approaching a detachment of Cossacks. The Cossacks, however, brutal, draw the line at children, and the boy was allowed to approach undisturbed. On arriving at the spot he paused, swung his hand vigorously and then turned and ran. A violent explosion prevented the Cossacks from noting his further movements. The boy had thrown a bomb.

Fragments of horses were strewn all around and some of the Cossacks were convulsed with the agonies of death while streams of blood flowed along the torn up roadway.

Poland Plans Rebellion.

St. Petersburg, Dec. 27.—According to information received from the revolutionary leaders here, an armed rebellion on a large scale has been planned in Poland. The Socialists, encouraged by the successes in the Baltic provinces, Moscow and Russia generally, have decided that the present is the opportune time to throw off the yoke of autocracy. The tactics to be used will be the same as at Moscow. An open rebellion in Poland would immensely complicate the situation for the government as, if it would gain enough headway to warrant a reasonable hope of success it would probably draw in the entire population and the government would practically have to reconquer the country.

His Story Out Short.

St. Petersburg, Dec. 27.—There is no further news from Moscow tonight. The Associated Press correspondent there succeeded in getting the St. Petersburg bureau by telephone this evening, but he only uttered the words, "I am going to tell you a horrible story," when he was cut off. Since then nothing has been heard from the correspondent. The Seminovsky regiment of guards was dispatched to Moscow by train tonight. This is considered rather ominous.

Telegraph Briefs.

St. Petersburg, Dec. 27.—The employees of the Risan-Ural railroad struck today. Interior Minister Durnovo today ordered the removal of all officials of the interior ministry who are actively participating in the socialist campaign. The Bourse Gazette announces that Prince Peter Kropotkin, the famous revolutionary leader, is on his way to St. Petersburg, being free, under the amnesty decree, to return to Russia.

London, Dec. 27.—A St. Petersburg dispatch to the news agency says it is reported that the railroad for 100 miles southward of Minsk was captured by revolutionists and that there is serious rioting at Kolpino, near St. Petersburg.

Paris, Dec. 27.—A St. Petersburg correspondent to the Petit Parisien says a train carrying a regiment of cavalry to Riga was derailed and a number were injured.

Brest, Dec. 27.—It is now confirmed that the French cruiser Cassini will go to Cronstadt.

NEW CODE OF LAWS.

NEW AMBASSADOR.

Viscount Sinoz Aoki Appointed by Mikado to Represent Japan in America.

WASHINGTON, Dec. 26.—

The navy department has received a cablegram from Commander Chambers of the gunboat Nashville, dated Puerto Plata last night, stating that he had been informed from a government source that President Morales had been shot and seriously wounded.

The work of codifying the canon laws of the Catholic church turns out to be a task of such magnitude that the members of the commission of cardinals appointed for the work by Pope Pius X are said to despair of getting it completed during the present pontificate. But a number of prelates are working hard on the matter, and hope to have the main part of the work finished in six years. The object of this stupendous task is to include in the new code all the laws made by the church since its foundation which are now in force, and to exclude from the work all obsolete laws, such as the edict of Pope Benedict XIV, made a little more than a century ago, excommunicating all persons who took snuff in the great basilicas of Rome. The pope takes much interest in the matter and is said to indulge the hope that the new code may be a lasting monument to his pontificate.

OUTRAGES AGAINST AMERICANS.

Anti-Christian Feeling Leads to Attacks on Missionaries in China Provinces.

VANCOUVER, B. C., Dec. 27.—Mail advices from China state that the anti-Christian feeling is manifesting itself in Tsingchow, where a native convert woman of the American Baptist Mission has been beaten with 2000 strokes. The commission of inquiry which went to Liensiau to report on the barbarities there met a party of Wesleyan missionaries at Shinkuan, who said they had been compelled to abandon their work on account of the danger.

A telegram from Hangchow published in the Shanghai papers says a Roman Catholic church at Tientsin, prefecture of Taichou, has been burned by a mob of followers of the notorious Wang Hai-tung. The man is an outlawed member of the Taichou gentry, and a determined enemy of the Roman Catholic church in Chekiang province.

Salem Citizens Gladly Testify.

It is testimony like the following that has placed "the Old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Salem citizen:

James A. Tanner, farmer, corner of Thirteenth and Lewis streets, says: "So many suffer from kidney complaint that for a time I was alarmed about myself, for I was troubled with my back aching in the region of my kidneys. I think it was caused first by a strain from heavy lifting, I did two years ago. I kept getting worse instead of better, and finally consulted a doctor. He told me I had gall stones in the bladder. Not only did I suffer from stones in the bladder, but trouble with the kidney secretions existed and their too frequent action disturbed my rest from fifteen to twenty times a night. This was very annoying and I was in a bad way when I read of Doan's Kidney Pills and procured a box at Dr. Stone's drug store. To say I was surprised at the speedy effect of their use is putting it mildly. I have recommended Doan's Kidney Pills to others, and will always have a good word for them."

STATE HORTICULTURAL SOCIETY.

Annual Meeting of the Fruit Growers to Be Held in Portland in January.

The annual meeting of the Oregon State Horticultural Society will be held in Knights of Pythias hall, Portland, January 9-10, 1906, commencing at 9:30 a. m. A renewed interest in horticultural matters insures a good meeting. In fact this meeting promises to be the best that has been held in years. The handsome set of eight cups offered as prizes for the best plates of Lady

Apple, Winesap, Spitzenberg, Northern Spy, Yellow Newtown, Arkansas Black, Jonathan, and a sweetstake for the best five commercial varieties, ought to bring out a lively contest. Speaking of these cups last October the Rural Northwest said: "They are very handsome articles and the grower who carries one of them home may well be proud of it for its own beauty as well as for what it will signify."

These cups are given by the business men of Portland. Will the growers show by their attendance and exhibits that they appreciate the spirit that makes such an offering?

Not only will there be ample inducement for a good display but there will be an "old-time program" really warm by spots, and you don't want to miss this feature. Only a few fixed topics will be discussed but the whole field will be open. Here are a few of those that have promised to help in the papers: E. L. Smith, J. B. Pilkington, Asa Holsaday, Geo. H. Himes, Lloyd Reynolds, H. E. Doseh, H. C. Atwell, A. I. Mason, W. K. Nowell, Judd Geer, A. H. Carson, R. H. Weber, W. L. Sibson, E. P. Sheldon and the talkers on the floor will be a host in themselves. Get a railroad certificate from your home office. This year they expect to be entitled to a return rebate. Ship fruit intended for exhibit to 141 Front street, car of J. H. Reid.

WASHINGTON, Dec. 26.—Viscount Sinoz Aoki has been appointed Japanese ambassador to this country. Information to this effect was conveyed to Secretary Root today by Mr. Hiroki, the Japanese charge here. Viscount Aoki is a member of the privy council and of the first class order of the Rising Sun. He is of the highest diplomatic rank. Viscount Aoki far outranks Mr. Takahira and even Baron Hayashi, the present Japanese minister to London. He has occupied a prominent place in the Japanese foreign office, and was a delegate representing his country at The Hague conference.

Announcement of the appointment of the American ambassador to Japan will be made in the course of a very few days. Mr. Hiroki was informed that the selection of Viscount Aoki is acceptable to this government.

SEATTLE, Dec. 26.—Captain Omar J. Humphrey, agent of the Alaska Commercial Company, will leave for the scene of the wreck of the Portland tomorrow. He will be followed by the tug Pioneer and a complete wrecking outfit. The last report received by Humphrey states that the Portland is still upright. He expects to be able to save the vessel.

OVERLAND TRAINS TIED UP.

TOPEKA, Kan., Dec. 27.—It is announced from the Chicago, Rock Island & Pacific railway offices today that two of the company's overland passenger trains are tied up by snow west of Santa Rosa. They are the Golden State Limited and the Chicago Fast Mail. Both trains are well victualled and expected to break the 24-hour blockade this afternoon.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever, unless it comes out of the ear, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. WISCONSIN TEACHERS.

MILWAUKEE, Dec. 28.—There was an increased attendance at the opening of this, the second day of the Wisconsin Teachers' Association convention. The speakers of the forenoon included State Dairy and Food Commissioner Amos P. Wilder of Madison, W. L. Tomlins of Chicago, and James Sheridan of Milwaukee.

Commissioner Emery spoke on the subject of food adulteration and food laws and their enforcement, with special reference to the effect of food adulteration on child life. Mr. Tomlins spoke on the subject of "Music as a Vitalizing Force in Education." University entrance requirements and the secondary schools was the subject discussed by Mr. Sheridan.

The sectional meetings of the various departments concluded this afternoon. The feature of the public meeting in the Patent theatre this evening will be a lecture on "The State and the School," by Rev. Frederick M. Edwards of Milwaukee.

HILL AND HARRIMAN INTERESTS.

Begin Fight in Courts to Settle Dispute on Matter of O. R. & N. Crossing.

It Is Alleged New Company Continued Work of Construction on Sunday and Monday in Violation of Court's Order and Built 300 Feet of Track.

PORTLAND, Dec. 26.—The granting of an injunction by the state circuit court directing the Portland & Seattle railroad, and Simms & Shields, the contractors, to discontinue the work of railroad construction in the vicinity of the proposed crossing with the new line of the Oregon Railroad & Navigation Company between here and the Columbia river, marks the first legal clash actually to occur between the principals themselves, in the alleged fight between the Hill and Harriman interests.

Saturday the O. R. & N., learning that active construction was in progress in the neighborhood of the disputed point, secured a temporary injunction, which was served on the Portland & Seattle contractors, directing them to cease work. This document, it is asserted, was served on President Flanders and the contractors Saturday and it is alleged that in violation of the court's order, the Portland & Seattle continued work during Sunday and Monday and built 300 feet of track across the land and established a grade. There is no record of the issuance of the injunction and it is not known when the citation was made returnable.

REBELS CLASH WITH MORALES

SANTO DOMINGO TROOPS AND INSURGENTS FIGHT BATTLE.

REPUBLIC'S PRESIDENT DEPARTS.

Believed Fugitive Magistrate Has Gone to Join Governor Perez at Puerto Plata.

Revolution Is Begun and Advices Received by State and Navy Departments Indicate That Serious Condition of Affairs Exists.

SANTO DOMINGO, Santo Domingo, Dec. 25.—

Following the announcement today that the president of the republic General Carlos F. Morales, had left the capital for an unknown destination, troops were sent in pursuit of the chief magistrate. What took place after that cannot be definitely determined, but it is known that a fight occurred about ten miles from here and it is supposed that General Pimenta the rebel commander was attacked by government troops.

The whereabouts of the fugitive president is not known. It is generally supposed that he endeavored to reach the coast and board a sloop with the object of reaching Puerto Plata, on the north coast of Santo Domingo, and there join Governor Perez, who has been dismissed by the government of Puerto Plata, but who refused to surrender his office.

Former Minister Sanchez has also left the city. Senor Sanchez, with the American special commissioners, Commander Albert O. Dillingham and former Minister Thomas C. Dawson and Federico Valasquez, minister of finance, on January 20 last signed the agreement between the United States and Santo Domingo providing for the fiscal protectorate of the United States over Santo Domingo.

Situation Regarded Serious.

Washington, Dec. 26.—Advices received by cable at the state and navy departments from Santo Domingo indicate that a serious condition of affairs exists there. The captain of the port of Puerto Plata has been shot and killed during an insurrectionary movement and the governor of that province has fled the general government and barricaded the town. The Dominican government has issued a decree removing the governor. The state department has determined that this is an international difficulty and will not intervene at this stage.

Report to War Department.

Washington, Dec. 26.—The secretary of war today received the following cablegram from Acting Controller and Receiver of the Dominican Customs Edwards, dated at Santo Domingo:

"Carlos F. Morales, dissatisfied with cabinet support, left capital last night with few followers. His intention is

said to be to join Jimines in opposition to Horatistas. Conflict between the two forces is imminent, probably in the vicinity of San Juan or in the vicinity of Puerto Plata. Morales may make attempt to establish new capital and create a new cabinet. Political excitement but without disturbance here. Receivership not affected yet. George R. Colton should be Monte Cristi Tuesday." George R. Colton, referred to in the above, is the receiver of Dominican customs.

Insurgents Gain Strength.

Turk Island, Bahamas, Dec. 26.—Mail advices received here from Monte Cristi Santo Domingo yesterday, say that Guanahy, Dajabon and Sabanaeta have taken up arms against the government and the Dominican-American fiscal conventions. Generals Demetrio Rodriguez, Joaquin Barba, Navarro Martinez and Pedro Alvarez have gone with 600 men to attack San Diego, and General Pierico Lasla has marched on Lavega with a force of about 100 men. General Deschamps, former vice president of Santo Domingo, leaves here shortly on board a sailing vessel to operate against Puerto Plata.

It is rumored here that President Morales is a prisoner in irons at the capital, Santo Domingo.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

COURTMARTIAL BEGINS.

Midshipman Coffin On Trial For Hazing Midshipman Kimbrough at Annapolis Academy.

ANNAPOLIS, Dec. 23.—The court-martial of Midshipman Coffin, of Naval Academy, for hazing, was commenced today. The court ruled the evidence of confession which Coffin made to Lieutenant Commander Charles B. McVey Jr. was admissible, inasmuch as the confession was entirely voluntary. The officer said that Coffin also asked to be allowed to resign. Surgeon J. C. Byrnes, ranking medical officer of the academy, stated that he was called in to see Kimbrough on the night of the hazing and found him in an alarming condition. On cross examination Dr. Byrnes said he might have died had he not had prompt attention.
