The N. Y. Sun, one of the ablest journals in America, one which has been under the control of no man's hand except its managers' and one which, while democratic in principle, has sufficient foresight to see the ruin to be expected from an adoption of Cleveland's free trade heresies, points out to the democratic party the dangers to be expected in one important battle ground at least, should it adopt a free trade platform. 4,412. But the voice of the Sun will be unheeded and the democracy will be wrecked upon the very rock upon which the Sun places its beacon light.

THERE is great good sense, which may be made of local application everywhere, in the following, which is found in the Milwaukee Sentinel: "There is no sense in attacks by republican journals on republican can- age and sense and a little money didates with the object of advancing can take a railroad crossing and the chances of other candidates, build a city if the company has a There should be no bitterness left good advettiser. after the candidates are named." A democratic organ says "Mr. Mills' tariff reform measure is a moderate measure in line with the suggestions of the president's special message." Just so.

The New York Sun says: "An open campaign of thirty days would end Cleveland." That's why the democrats evince no disposition for an open campaign.

Republicans in Maine are to circulate 75,000 copies of President Cleveland's free-trade message through that state. This will not make the democrats happy.

The editor of the Brooklyn Eagle is credited with this definition of "an organ": "Organship is the maintenance of the proposition that your paper does not do things because they are right, but that things are right because your party does them."

Who is this man Joseph C. S. Blackburn, who proceeds to insult the Grand Army organization? The Congressional directory says of him: "Entered the Confederate army in 1861 and served throughout the war." No more is needed. That explains

## Oregon Peach Bitters

About eighteen years ago I received a hurt in my back from a pile of lumber falling on me, and ever since had been troubled with weak kidneys more or less; and the last year very much. Through the recommendation of Henry Keene, I bought a bottle of H. Klas's Oregon Peach Bitters and before I had taken half the bottle I found a great relief from it. I believe it to be a splendid remedy for the kidneys, and heartlly recommend it for the same.
