G. STOLTZ, Business Manager. Oregon Peach Bitters About eighteen years ago I received a hurt in my back from a pile of lumber falling on me, and ever since had been troubled with weak kidneys more or less, and the last year very much. Through the recommendation of Henry Keene, I bought a bottle of H. Keene's Oregon Peach Bitters and before I had taken half the bottle I found a great relief from it. I believe it to be a splendid remedy for the kidneys, and heartily recommend it for the same. J. H. PORTER, Aumsville, January 12, 1888.

NEW YORK, March 14.-The weather is moderating this afternoon. Travel on the elevated railroads is fully resumed, but the surface roads are still impassable. There is no improvement in the condition of the telegraph wires. The south and east are entirely cut off and there is little, if any, communication with the west.

PHILADELPHIA, Mar. 14.-At Trenton, New Jersey, this morning, a train of five passenger coaches was telescoped by another train on Bound Brook route. The cars were entirely destroyed by fire. The passengers were struck by flying timbers, but it is said that beyond a few bruises none were seriously injured.

PHILADELPHIA, Mar. 14.-Another wreck is reported at Clifton, on the Philadelphia, Wilmington & Baltimore railroad. A snow bound train which was standing at the station was run into by an engine, telescoping the rear car and injuring a number of passengers and killing the conductor.

The Chinese Treaty. WASHINGTON, March 14.-The new Chinese treaty has been signed, and provides that no Chinese immigration to this country shall be permitted for 20 years. Any Chinaman who leaves this country for China and wishes to return must prove that he has a family in this country or that he is the owner of property to the value of \$1,000.

We have no particulars.

Give it to 'em Hard. SAN FRANCISCO March 13.-Simon Hamburg and W. J. Pilcher, the half-interest swindlers, who defrauded J. M. Parker the Oregon rancher, out of \$9500 by selling him a piece of property to which they had no title, were convicted this morning in Judge Toohy's Court. The jury was out only five minutes. The prisoners were remanded into the custody of the Sheriff, and ordered to appear next Saturday for sentence. Another charge of swindling Parker in the sale of a business agency, is pending against the prisoners and Walter Neustadt, who is also under arrest.

Another Walla Walla Blaze. WALLA WALLA, March 13.-The Aurora hotel and a two story lodging house on Poplar street caught fire at the same instant this morning about 3 o'clock and were burned to the ground. A farmer named George Herald was caught in bed at the Aurora and was so badly burned that it is thought he will die.

The fire is generally supposed to be the work of an incendiary and the mayor offers \$500 reward for the apprehension of the perpetrator. The buildings were fully insured.

The Hoosier State is Safe. WASHINGTON, March 13.-Dr. Gardiner, of Indiana, is the first delegate chosen to the Republican National Convention. He said: "I am not pledged to anybody but I will vote for Harrison. As far as Indiana is concerned Sherman, Gresham, Allison, or any other republican can carry it next fall. The democrats as well as the republicans in the Hoosier state are displeased with Cleveland's administration."

The Strike Affects the Mail Service. CHICAGO, March 13.-The trouble of the Burlington road with its employes has caused the postponement for one week of the contract for a fast mail service between this city and Council Bluffs, which was to have gone into effect to-day.

Superintendent Nash, of the railway mail service, expresses the intention of establishing a fast mail east to make New York in twenty-five hours from here, and in one hundred and twelve hours from San Francisco.

Given up by the Consignors. The Astorian states that "the Glenavon's salmon cargo was the only salmon lost in transit of the pack of '87. In '87 all the foreign salmon shipments arrived safely, but in '85 three cargoes were total losses." The manner in which the Astorian speaks shows that there is no doubt in the minds of the consignors at Astoria as to the loss of the vessel in whose fate the people of Salem have reason to take a lively interest.

MORNING TELEGRAMS.

News from all Parts of the World.

EFFECT OF EMPEROR'S DEATH The Feeling in Russia as to the Course to be Pursued by the new Emperor.

LONDON, March 13.-Russian and French newspapers devote more space than that of any other nation to speculation upon the probable future course of Germany.

The St. Petersburg press is especially active in this particular opinion in that the capital proves to be that if Emperor Frederick lived any reasonable length of time than will force a marked change in the German policy and one favorable to Russia and her schemes. Emperor Frederick is believed by the Russians to be opposed to Prince Bismarck's scheme of alliance against the Czar. It is felt that even if the illness of the Emperor deprives him of the energy or prestige required to overthrow Prince Bismarck's ascendancy, his wishes will be sufficient to prevent anything warlike, and matters will remain stationary.

The Emperor, upon entering the Schloss at Charlottenburg to-day, surprised the attendants by the erection of his bearing and the lightness of his step. He bore the appearance of a man in good health. He stood for a moment at the entrance to shake hands with Sir Edward Malet, the British ambassador, who was the only stranger present. He then threw open his military overcoat and ascended the stairway with a firm tread.

The officers present were no less delighted than surprised, and did not conceal their gratification. If the Emperor was playing a part, he carried out the role to perfection. There was not a trace of weakness or pain visible. His manifestation of strength creates general skepticism as to the truth of the medical bulletins issued while His Majesty was at San Remo.

Traveled by Landanum River. TACOMA, W. T., March 13.-Tonight a young man, who arrived on the Portland train, registered at the Empire house and immediately retired. At 10 o'clock his heavy breathing caused an investigation, and he was found insensible and died at 11 o'clock.

In his memorandum book the following was scrawled: "I cannot keep straight. Good-bye; my name is Harry Smiley. Please send what money you find here to Mr. O. Smiley, Portland, Oregon." In his pocket was a letter from John Fagan, Castle Rock, W. T., addressed to Harvey Smiley, Portland, Oregon. He was about 25 years old, and well dressed. He had a first-class ticket, stamped at Portland to-day for Victoria. It is learned that he bought three ounces of ludanum at the city drug store immediately on his arrival here.

County Seat War in Kansas. TOPEKA, March 13.-The county seat war in Rush county broke out afresh last Saturday and became quite serious. The men of Lacross, to the number of two hundred, went to Walnut City and took forcible possession of the records, safe and other office fixtures, and carried them off to their own town. This was all in defiance of the mandate of the supreme court, and the people of Lacross now ask the assistance of that tribunal, and also the governor's interference. A bloody time would have been the result of resistance on the part of the Walnut people as the Lacross crowd was armed and threatened dire destruction.

Let Wool Enough Alone. WASHINGTON, March 13.-Senator Stewart presented a petition to the senate to-day from the Northern Pacific Sheep Breeders' Association protesting against a reduction of tariff on wool.

Properly Done. SACRAMENTO, March 13.-Nearly fifteen arrests for fraudulent voting were made in the election to-day.
