LOCAL NOTES.

Band concert on Friday night if the weather is good.

T. F. Tucker who was severely injured in a runaway accident some months since is improving.

Regular meeting of the W. C. T. U., at their hall Tuesday afternoon, the 12th, at 2:30 p. m. By order of president W. C. T. U.

E. Schoettle will move his tailoring establishment into the room two doors south from the white corner one day this week.

Governor Penney will make a flying visit to the executive chamber to-night. It may be that the state boards will meet to-morrow.

Military Company at Silverton.

On Saturday evening, Col. T. C. Smith, Chaplain Post, Lieut. Ladue and the writer went to Silverton to see the boys there about the organization of a new company of National Guards. There is one vacancy in the second regiment, and it is quite likely the Silverton boys will succeed in filling it. There is excellent material there for a company, and it is likely it will be organized. A petition will be forwarded to the brigade commander soon, it is expected, for the muster of the company.

Billy and Wood's big Show.

The attendance at Reilly and Wood's vaudeville entertainment on Saturday night was not as large as it might have been, but those who went felt fully repaid—and in fact have not enjoyed an evening more for a long time. The entertainment all through was of a very high order, and should they ever return here, they would be guaranteed a full house.

The O. & C. So More.

To-night at 12 o'clock (midnight) the Oregon and California Railroad Company ceases to operate the railroad from Portland to California, and at that hour the Southern Pacific begins its control. All old employees of the O. & C. have received notice that they have been discharged from the one, and "hired over" by the other. This settles that part of the business.

Railroad Commission Matters.

Rev. J. R. N. Bell, clerk of the railroad commission, is in town to-day and will leave for Portland to-morrow to see about the transfer of the O. & C. to the S. P. company. Mr. Bell has been on the west side for a few days. The blanks for the annual reports to the commission have been sent to the several railroad companies doing business in Oregon.

Arrested and Discharged.

Wm. Smith, M. Smith and E. Ellis were arrested at Rock creek, Linn county, a few days since charged with being the parties who assaulted Charles Thomas recently. They were examined on Friday, and an alibi proven by the defendants.

Landreth's Death Warrant.

Judge Boise on Saturday issued the death warrant in the case of the state vs. Wm. Landreth, which states that the day of the hanging shall be July 6. Ira Smith, the newly elected sheriff of Polk will begin his term of office with this interesting piece of work.

Pleaded not Guilty.

Holmes and Hayden as attorneys for Louis Seguin in the case begun against him in the last circuit court for selling liquor to a minor, and in allowing the minor in his saloon, interposed a plea of "not guilty" to-day, and the case was set for trial to-morrow.

Grand Jury Draws.

The grand jury drawn in the circuit court to-day is as follows: Alexander Potter, J. W. King, C. H. Libby, W. T. Coleman, Jacob Vinder, J. W. Watt and W. B. Tout. C. H. Libby is foreman.

Royal Arch Masons.

T. McF. Patton and Robert Clow went to Portland this morning to attend the meeting of the Grand Chapter, Royal Arch Masons, which occurs there to-day.

Court Bailiffs.

Judge Boise to-day appointed James Coffey as bailiff of the grand jury, and C. T. Hall and W. S. Barker as court bailiffs.

WILLAMETTE UNIVERSITY.

Forty-Fourth Commencement Exercises—Class Examination.

The forty-fourth commencement of the Willamette University opened on Saturday evening with the graduating exercises, in the law department. Two of the students in the law class, Willis Hawley, of Albany, and J. N. Brown, of Eastern Oregon, passed a highly meritorious examination, and received diplomas. A very profitable and interesting address was given by Hon. N. L. Butler, of Dallas.

Yesterday morning a large congregation assembled in the M. E. Church, to listen to the baccalaureate sermon to be preached by Rev. Alfred Kummer, of Portland. Special religious services were held, and the choir rendered several sacred pieces with excellent effect. The preacher took his text from the 8th Psalm, "What is man?" and gave a sermon an hour in duration that was listened to with unflinching interest. At the close of the sermon, the half score graduating pupils arose and were addressed in an appropriate and inspiring manner. Mr. Kummer combines learning with religious fervor, and his sermon is not often surpassed for beauty of conception and eloquence of style.

This morning at 9 o'clock Prof. Starr examined his class in ancient history. Fifteen scholars were present. The questions were purposely disconnected, and commenced with the triumvirate of Pompey, Caesar and Crassus, then went back to the founding of Rome, the reigns of the kings, the three Punic wars and the destruction of Carthage, the Jugurthian war and other conquests. This was a junior class and it made a creditable record.

President Van Scoy examined a class in Greek and another in Latin. In the Greek class nine scholars were present, and eight in the Latin. They have just completed their freshman year, and hence were not far along in their studies. In Greek the accents, the formation of diphthongs, and other etymological rules were given, also brief readings from Xenophon's Anabasis. In Latin the case endings of the five declensions, and the present, imperfect and future tenses of the four conjugations were written on the blackboard. These classes showed aptitude and proficiency.

We should like to devote proper attention to Prof. Jory's class in analytical geometry and to Prof. Arnold's class in botany, but the foreman sends in a peremptory message that he will take no more copy, and his rule being absolute the local has to succumb. To-morrow will close the class examinations.

This morning, on complaint of H. K. DuBois and W. N. Chambers, Mrs. C. B. DuBois, wife of Mr. DuBois, of the Chemekete hotel, was examined by Drs. J. N. Smith and H. R. Holmes before County Judge Shaw, was found to be insane, and was committed to the asylum. She is 59 years of age, and her malady is said to be suicidal, and she sees visions, and is violent at times.

Things in the Country.

A representative of the JOURNAL made a flying trip into the country on Saturday evening, and was greatly surprised at finding the growing grain so far along as it appeared. Everything looks fresh and green, the result of the late rains, and appearances are very favorable for the best crops seen in Oregon for a long time. The fall wheat and a good deal of oats is headed out. Gardens look fine also, and the fruit prospects appear excellent. Rains never came at a more opportune time than those of the past few days, and now the fall has been fully sufficient for all needs. The storm of Saturday evening brought enough moisture to the ground, to fully satisfy all remaining necessity.

Visited the Centenarian.

Mrs. Emma Malloy, the noted evangelist, of Port Townsend, has been visiting her cousin F. R. Smith for a week past, and was present at the celebration of the 102d birthday anniversary of Mrs. Elizabeth Smith. There was quite a large family reunion at the residence of Mr. Smith on this occasion (Friday), and everybody enjoyed visiting this centenarian. Mrs. Smith is said to be in rather good health, eats and sleeps well, and although unable to move about at all, her memory is bright, and her spirits wonderfully vivacious for her years. Mrs. Malloy left for Port Townsend this morning.

Napoleon Davis Battles.

A dispatch from McLeansboro, Ill., says: The largest ratification meeting ever held in this county was held at the court house last night to ratify the nomination of Cleveland and Thurman. Hon. Napoleon Davis, an Oregon delegate to the national convention, and who is visiting relatives and friends in this his native county, was waited upon by the central committee and invited to address the meeting. Mr. Davis, on being introduced by the chairman of the meeting, made a happy and telling speech that received the applause and cheers of the vast audience.

From the General Conference.

Rev. Dr. W. S. Harrington who went to New York as a delegate to the general conference of the M. E. church, returned home on Saturday. Mrs. Harrington and daughter Ruth accompanied the doctor. Several very acceptable changes were made by this conference. One and perhaps the most important, was one allowing churches to retain the same pastor for five instead of three years limit, and extending the time a presiding elder may remain in one district from four to six years. The conference refused to endorse the third party, although it did endorse Prohibition as a principle.

Petitions to the Probate Court.

To-day a petition filed by Elizabeth J. Hunsaker, widow of Thos. Howard Hunsaker, deceased, asking that exempt property of the estate appraised at \$237, be set aside for her use, was granted. Also a petition to sell personal property belonging to the estate.

Official Election Returns.

The election returns from nine counties have been received by the secretary of state, and it is likely the state official count will be made during the coming week.

Marriage Licenses Issued.

To-day County Clerk Chapman granted J. Burgman and Belle Moyer and Jarvis V. Beach, of Portland, and Agnes O. Cole of this county, licenses to wed.

More of the Kelly Affair.

Nearly all this paper's readers probably remember the case of old man Kelly, who came out here from Pueblo, Colorado, recently in search of his wife and children, who had, as he claimed, deserted "his bed and board" without just cause or provocation, and who met with so much warmer a reception by his family than he expected on his arrival. It will be remembered that Mr. Kelly was met by one Marston at the farm where his wife and daughter were, and beautifully decorated about the eyes by deep black marks usually termed "a mouse." Kelly has since begun suit for damages against Marston, and has caused to be published in an afternoon contemporary, some articles casting very severe reflections on the fame of his wife and daughter.

Miss Kelly, the daughter, called at this office to-day, and denied the allegations in to-to, saying that there was no ground for the charges made against either her mother or herself, and presented a large number of references, from whom information of full reliability concerning the family could be gotten by any one feeling enough interest in the case to investigate it. She showed conclusive proof of her school work in Kansas and in Colorado, and testimonials in regard to the satisfactory manner in which her work was performed. She furnished testimonials of her good character while in those states, and further shows up the old man Kelly as a very unlovable and rather disreputable character. The case will probably all come out in the Kelly-Marston damage suit, and Miss Kelly says that she is not afraid of the result.

"Rebels to Millions."

The newspaper stated, and how many women, probably, read the same, and envied her. But little was she to be envied, however; for in spite of her great wealth she was miserable. It was her lot, in common with myriads of women, to suffer from those "chronic weaknesses," which are peculiar to the female sex. Miserable, nervous, and discouraged, she would gladly have given every dollar of her fortune for one brief installment of health. How easy, and how inexpensive, would be the journey to health, if Dr. Pierce's favorite prescription was selected as a remedy, and the use of the same persisted in; that is, the experience of thousands of women afflicted in the above manner teaches us to predict so. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years. Dr. Pierce's pellets, or anti-bilious granules, cure sick headache, dyspepsia and constipation.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and a running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption, guaranteed to do just what is claimed for it.—Trial bottle free at H. W. Cox's drug store.

Weary and Worn.

When the tired factory operator, the weary out-door laborer, the overworked bookkeeper or clerk seeks a medical recourse for expenditure of bodily force, where shall he find it? Could the recorded experience of thousands of workers be voiced, the verdict would be that Hostetter's Bitters renews fading strength, stimulates the indolent powers to fresh activity, and relaxes undue nervous tension as nothing else does. Digestion, a regular habit of body, appetite and sleep are promoted by it, and it is an admirable auxiliary in the recovery of health by convalescents. A fastidious stomach is not offended by it, and to persons of both sexes in delicate health who occasionally feel the need of an efficient tonic, the whole range of the pharmacopoeia and the catalogue of proprietary medicines does not present a more useful, safer or more decisive one. It is also incomparable for fever and ague, rheumatism and kidney troubles.
