TELEGRAPHIC SUMMARY

School Convention. SAN FRANCISCO, JUNE 11.--Superintendent Anderson has issued circulars to superintendents of schools throughout the state and coast.

TELEGRAPHIC SPLINTS. The Utah Mormons have bought 40,000 acres of land in the state of Chihuahua, Mexico.

The San Francisco Post has reduced the street price for single copies from five to two cents.

In Los Angeles, James Wilson fatally shot John Walton in the abdomen, while cleaning his pistol.

The failure of W. T. Coleman and the closing of the Lusk cannery is said to have demoralized fruit buyers throughout the state.

In Santa Cruz the trial of Jessie Graham for a murder committed 38 years ago, began on Monday.

In Lowell, Mass., a tenement house was destroyed by fire on Sunday night; three persons were burnt to death, and two others fatally injured.

Patrick Ford, of the Irish World insists on Blaine for the presidency, and occupies four columns of his paper in explaining the reasons for his choice.

In Hazel Green, Iowa, an old man getting angry at his son, twelve years old, knocked him down, and cut off his head with an ax.

The grand jury to-day returned true bills, as follows: Against S. P. McReynolds for larceny.

Indicted and Sentenced. The grand jury to-day returned true bills, as follows: Against S. P. McReynolds for larceny.

Back to Kansas. H. M. Branson will start tomorrow morning for Kansas, again, where he will stay only until he gets his affairs and interests in that state settled up.

CLYMER NOTES.

Cherries are ripe and very abundant this season.

Mrs. H. J. Smith, of Salem, spent last week on their farm near this place.

Roy Simenal, who has been sick for some time, is convalescing.

Mrs. John King is very sick, and her recovery is doubtful; but all that medical skill can do to aid in restoring her to health is being done.

W. H. H. Darby is building a barn preparatory for his share of the abundant yield of grain the late rains insure to the farmers in the hills.

Rev. Sharp, of Salem, preached a very able sermon here last Sunday. His subject, 'To whom shall we go?' being sustained and answered by portraying the difference between the Atheist, the Pantheist, the Deist, and the Christian religion.

Mr. Alderson last Friday closed a very successful term of school at this place. An enjoyable feature of the last day's exercises, at least so the children thought, was the ice cream furnished by Mr. Alderson as a treat to the children.

Miss Jennie Griffith also finished a term of school in the Oak Ridge district the same day. The literary exercises in the afternoon were above the average of country school exhibitions.

Last Saturday was the day appointed for the meeting of the republican club, but for some reason not enough persons were present to form a quorum.

The reaction of the past few days' enthusiasm may have resulted seriously and the republican club of the Waldo hills be known no more.

Mr. and Mrs. Ben Davenport gave a party last Friday evening, and the young people congregated to dedicate a new barn Mr. Davenport has lately built.

Although the evening was warm, dancing was kept up until a late hour, when all dispersed to their homes highly pleased with the evening's entertainment.

If Mr. Davenport's barn is always as well filled with the products of the farm as it was that night filled with joyous humanity, he will have no reason to complain of a lack of this world's goods.

Back to Kansas. H. M. Branson will start tomorrow morning for Kansas, again, where he will stay only until he gets his affairs and interests in that state settled up.

Divorce Granted. David I. Hutchinson was granted a divorce from his wife, Flora M. Hutchinson, in the circuit court this morning.

To be Operated From San Francisco.

The Southern Pacific company yesterday issued a circular taking charge of the Oregon and California railroad property.

The Oregon lines will hereafter be operated from the office of the company at San Francisco. The care and management of the property, the conduct of its business affairs the regulation of the service and the issuance of all instructions pertaining to the operation of the "lines in Oregon," are entrusted to the manager, subject to the order of the general manager, in all cases, save only when the president or the vice-presidents, deviating from this rule, make the exception.

The officials of the line in future will be as follows: A. N. Towne, general manager, San Francisco, Cal.; Richard Koehler, manager, "lines in Oregon," Portland, Or.; J. C. Stubbs, general traffic manager, San Francisco, Cal.; R. Gray, general freight agent, San Francisco, Cal.; T. H. Goodman, general passenger and ticket agent, San Francisco; E. P. Rogers, assistant general freight and passenger agent, "lines in Oregon," Portland, Oregon.

Laying the Corner Stone. On Friday, June 15, at 10 o'clock A. M., laying the corner stone of the magnificent exposition building and zoological gardens of the North Pacific Industrial Association will take place.

This association, organized with a capital of \$150,000.00, is now erecting a mammoth building in the city of Portland. Work on the structure will be pushed forward day and night, and the building will be ready for the first annual exposition early the coming fall.

No expense is to be spared to make this the grandest display of the industrial interests of the coast that has ever been attempted. Its comprehensive scope and the perfection of detail give evidence that no merely ordinary fair is in contemplation.

The corner stone laying will be an interesting ceremony.

The Recorder's Court. Yesterday David Shepard was sent up four days, and Fred Baker, who paid one fine on Saturday was allowed to pay another this morning amounting to \$7.80.

Both had been drunk. Peter Logan was picked up late last night and after giving the court all the money he had, he left town en-route to "Quincy bay." He did intend to blow up the recorder's court and all the "cops" in the newspapers, but the recorder robbed him of all his money, and he was unable to purchase any space in the enterprising journals of this city in which to vent his general disapprobation of his treatment.

He will probably "post" them on some fence board outside of town.

Is Consumption Incurable? Read the following, Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me incurable consumptive. Began taking Dr. King's New Discovery for consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jessie Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottle free at H. W. Cox's drug store.

"Heires to Millions." The newspaper stated, and how many women, probably, read the same, and envied her. But little was she to be envied, however; for in spite of her great wealth she was miserable. It was her lot, in common with myriads of women, to suffer from those "chronic weaknesses," which are peculiar to the female sex. Miserable, nervous, and discouraged, she would gladly have given every dollar of her fortune for one brief installment of health. How easy, and how inexpensive, would be the journey to health, if Dr. Pierce's favorite prescription was selected as a remedy, and the use of the same persisted in; that is, the experience of thousands of women afflicted in the above manner teaches us to predict so. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years. Dr. Pierce's pellets, or anti-bilious granules, cure sick headache, dyspepsia and constipation.
