

LOCAL AND GENERAL NEWS

Diminished Account of Doings in City and Country.

LOCAL NOTES.

The second number of the Oregon State Weather Review is at hand.

The prohibitionists of Silverton "ratify" the nomination of Fisk and Brooks to-night.

Ed Abbey's Loss.

The following will be of interest to the many friends of Ed Abbey in this city. It is from the Yaquina Post:—"Ed Abbey and Mr. Larsen, of San Diego, California, arrived here last week and are visiting their friends and acquaintances on the bay. Mr. Abbey, who had been engaged in the restaurant business in San Diego, had the misfortune to lose his entire outfit by fire, a week or two ago. As fortune (good business sense) would have it, however, he had a fair insurance on the property destroyed, and can resume business again when he gets through visiting. Reports times lively and plenty of money in California."

Prohibition Meeting.

A number of prohibitionists assembled in the rooms of the W. C. T. U. last evening to arrange for a Fisk and Brooks ratification. Mr. J. W. Webb gave an interesting report of his visit as a delegate to the prohibition convention at Indianapolis. He represented the third party making rapid progression in the northwestern states, and gave a very encouraging view of the situation. On motion a committee of five was appointed to arrange the details, of the ratification with instructions to report to the next regular meeting of the club on Monday next. The following is the committee, Dr. Wyatt, W. P. Johnson, Prof. Randall, Mrs. W. H. Osborn and Mrs. W. R. Patty.

Keller's Store Entered by Burglars.

The jolly burglar is again abroad in the land. Sunday morning, they entered Keller & Son's store through the transom over the rear door, and took about \$6 in cash and a lot of cigars and tobacco. They evidently tried to break open the safe, but were unsuccessful. There must have been several of them, and the one who entered the store through the transom opened the door to the rest. The matter is now in Marshal Ross' hands.

It is supposed that when this was done, Salem's "one" policeman was guarding the other end of his beat.

Cadet Davis on a Furlough.

Cadet Milton F. Davis, who represents Oregon at West Point, U. S. Military Academy, has been granted a furlough, and is now visiting his mother, Mrs. Finn, near McCoy. Cadet Davis was appointed by Congressman Herman, two years since, and he has stood well in his classes there since his entry, standing seventh two years ago.

General Siglin Gets There.

Brig. Gen. J. M. Siglin, who enlisted in a troop of Illinois cavalry under President Lincoln's first call for 75,000 volunteers and was afterwards promoted to a first lieutenantcy for "gallantry on the field of action," has at last been granted his claim for bounty. The war department had ruled formerly, that his promotion forfeited his claim for bounty as a private.

B Company to be Inspected.

Lieut. W. N. Ladue, r. q. m., 2nd regiment, will inspect B Co., Capt. S. L. Lovell, 2nd regt., at the grounds surrounding the capitol building on Friday evening should the weather be favorable. This outdoor inspection is made necessary by the absence of lights at the armory.

Sent to the Asylum.

Fred Crump, the convict, who tried to kill himself by butting his brains out against the floor, after his endeavor to cut his throat had been frustrated, was examined yesterday before County Judge Shaw, declared insane, and transferred from the penitentiary to the asylum.

Small Delinquent Tax.

Sheriff Minto will turn over the smallest roll of delinquent taxes to the county court this year, that has been reported in twenty-five years in this county. It amounts to only \$1003.24. It will be given in to the next term of county court.

Death Watch Placed on Landreth.

Win. Landreth, the Polk county murderer, was informed on Sunday that he was to be hanged on July 6th, and the death watch was immediately placed on him. J. B. Abergast and Mr. O'Neill are the guards.

PERSONALS.

Judge Seneca Smith of Portland is in the city.

Col. E. H. Merrill of the Standard Oil Co., was in town to-day.

Cadet Milton F. Davis, U. S. M. A., and George Brown went to Eugene to-day to visit friends.

Col. Thos. C. Smith, 2d regiment, goes to Albany to-night to be present at the quarterly muster and inspection of F Co.

State Supt. E. B. McElroy accompanied by Hon. Jno. M. Bloss, and several others went to McMinnville yesterday.

Dr. E. T. Henderson, wife and daughter, of Los Angeles, are visiting Dr. L. A. Port and wife, at Winter and Ferry streets.

Benjamin Miles of Newberg and I. N. Miles of Iowa, visited this office this morning. The latter is a brother-in-law of Dr. H. J. Minthorn of the Oregon Land Co.

T. McF. Patton and son Hal left for Seattle this morning to attend the annual association of the Congregational church for Oregon and Washington Territory.

Mrs. Scanlan and daughter of Oakland, Cal., arrived on this morning's Shasta express, and are visiting Mrs. Scanlan's daughter, Mrs. Ed. N. Edes on State street.

Rev. W. A. Willison, a M. E. preacher started out from Oregon City to a point ten miles distant Sunday to marry a couple, but lost his way. He finally got around at day break the next day.

What Secretary McBride Says of It.

The writer asked Secretary of State McBride this afternoon regarding the capitol grounds, and as to whether he thought they ought to be extended.

"If we ever finish the capitol building," he answered, "the state should have those grounds in order to show off the building, well."

Mr. McBride said that the last legislature made an appropriation for the improvement of the capitol building, and grounds, but that none of the amount had been expended on the grounds, because if work were to be commenced on the dome, teams, wagons, workmen, etc., would soon destroy any work that might have been accomplished. He says, though, that the next legislature will probably increase the appropriations already made, and if Willison's avenue were to be turned over to the state, it could be greatly improved next year.

Secretary McBride favors the plan suggested by the JOURNAL yesterday, and promises his aid to accomplish the end, if it is desired to have this done.

ASTORIA NOTES.

The cutting rates on the Lower Columbia between the O. R. & N. Co's boats and the Telephone, is growing very warm. The company are running four boats, two day, and two night boats, and it seems they are determined to run the Telephone off the river. Neither company is making more than expenses, in consequence of the low rates.

The seaside resorts are making preparations for a large travel this summer.

Fishing on the Lower Columbia is the dullist this season that it has been for many years. Some fishermen are talking of quitting the river. There is no profit to either fishermen or canneries, with the present run of fish. If the decrease in fish continues for the next few years, as it has in the past few, fishing on the Columbia will be something of the past.

The river has been very rough during the last month, and several men have been drowned, and a number of boats lost. ARG.

Farron's Soap Bubble.

This entertaining musical play will be presented here to-morrow night. Go and see it. The Kansas City Times says of it. "Soap Bubble is one of the most taking nonsensical creations of the day. It is well supplied with popular music, and when the humor lags horse play steps in to keep the ball a-rolling. Last night's performance was attended by a good sized and appreciative audience. Mr. Farron was as mirth-provoking as ever, possibly more so, and his songs were never better received. Miss Dolly Foster is as piquant as a pinch of snuff, and though her voice is not of the most powerful, her vivacity and mimetic powers make full amends for any deficiency in the vocal line. She shared the honors with Farron. Ed. J. Connelly is a creditable substitute for Baker, and Miss Ross is quite tuneful. The cast generally was up to requirements, and the audience felt quite sore when the curtain fell."

Funeral Services.

Funeral services over the remains of Capt. William Shaw, one of the oldest pioneers of this valley, will be held in the M. E. church, North Howell prairie, on Sunday, July 1st, at 11 a. m., by Rev. N. Donne, of Salem. Capt. Shaw died Jan. 20th last, and his obsequies have been delayed till a convenient season. Friends of the deceased are invited to attend.

OUR TRAVELING CORRESPONDENT.

Anniversary of the Silverton Secular Union--Notes in General.

The Silverton Secular Union celebrated the first anniversary of their organization, at City park Saturday. At an early hour people could be seen coming into town in large numbers from all directions, and by nine o'clock fully one thousand had arrived and were scattered over the city, giving it quite an animated appearance. About ten o'clock the Silverton Trombone band appeared on the street and after playing several fine selections marched to the grove, adjoining the public school grounds, where a large crowd of people had already congregated, and preparations made for carrying out the advertised program.

The exercises commenced by the band rendering two selections. A choir, composed of Mrs. Fitzgerald, Miss Allen, the Misses Clin and Misses Ramsby, Allen and Fulk, with Miss Wolf at the organ, then sang "The Old, Old Home," in a very creditable manner.

Dr. J. W. McClure next introduced Mr. S. P. Putman, president of the American Secular Union, who delivered an address upon "The Dangers Ahead," which was well received by the audience. He spoke until about one o'clock, when after listening to another selection by the band, the assembly adjourned until two p. m.

At the time appointed the audience was called to order and after a selection by the band, Prof. T. J. McClary, of the stayton Secular Union, delivered a pleasing address.

The choir followed this with a song, "I'm Waiting Love for Thee."

Next on the program was a declamation by Miss Hill, of Independence, entitled "Nameless" which was well executed.

"Village in the Vale" was then sang by the choir.

The eight-year old daughter of Dr. Mattison, of Aumsville, favored the audience with a recitation, and showed precocious talent. Several five minute speeches were then delivered by different orators, when the band played another selection.

The choir then ended the program by singing "Balm and Soft." This ended the exercises of the Secular Union and its members vacated the platform and Clark Braden of Ohio occupied some time in answering Mr. Putman's speech.

During the afternoon several foot races were run by people who considered themselves "flyers."

In the evening a dance was given by the Secular Union, in their hall, over Wolford's store, and about seventy-five couples stepped with measured tread to the music furnished by the Silverton orchestra.

Taking it as a whole it was a day that will long be remembered by those fortunate enough to be in attendance.

Several parties from the east were in town last week looking for property.

Quite a number of people from Salem attended the picnic Saturday and several remained for the dance.

Mr. L. Ames has two cherry trees in his yard of the Late Duke variety which have produced cherries measuring 3 1/2 inches in circumference.

The blacksmiths are kept busy repairing machinery for the coming harvest.

S. P. Putman spoke at the grove yesterday morning and afternoon to good audiences.

We understand that L. H. McMahan intends shortly to start on an extended tour through Oregon and Washington territory and it is rumored that he will not return alone.

J. L. Taylor, Gervais' popular druggist, and agent for the Phoenix Insurance company of Hartford, was in town Saturday. Any person wishing to have his property insured will find it to his advantage to call on Mr. Taylor, as he represents one of the best companies in existence.

Tom Wait of Salem was in town yesterday. P.

SILVERTON, June 25th.

Declared Not Insane.

Eliza Harrington, the victim of the alleged Brownsville outrage, was taken before Justice Humphrey and a board of examining physicians yesterday afternoon and examined as to her sanity. She was discharged, it being decided that she was not insane. The case of the state vs. Arthur Burton, charged with outraging the girl, will probably come up in circuit court this week.—Albany Herald.

MARRIED.

PETLAND-HAYES.—At Monmouth, Oregon, Wednesday evening, June 24th, Miss Gertrude Hayes to E. C. Petland, by President S. T. Stanley, both of that place.

Mr. Petland is well and favorably known in this city, and was the republican nominee for school superintendent in Polk county, at the recent election.

WHAT'S THE MATTER WITH YOUR BLOOD?

(Cleveland Press.) As much blood goes through the kidneys as goes through the heart. There is nothing startling about this fact except it be a revelation. Many people have but a dim idea of the real work of the kidneys. They not only drain the water from the system, but also the poisonous matter which that water holds in solution to carry out of the system. Over half the time, however, the kidneys fail to do this work!

What is the result? Gradual failure of strength and health and eventually death by Bright's Disease or some unsuspected kidney disease.

But particularly in the spring of the year, when one's blood is filled with poisonous waste, as it invariably is at that time, you feel depressed, tired, languid, do not seem to have any disease, but your system does not respond to the genial warmth of summer and spring as formerly. You had better look out!

The kidney poison is accumulating in the blood. Tonics won't do any good, they simply treat effects. You can only secure a radical, thorough renovation of the system by the prompt use of Warner's Safe Cure, which is the only reliable, scientific specific for the blood, because it is the only known specific in the world for the kidneys, which are the only great blood purifiers.

GEORGE R. RIGGWAY, 98 Murison St., Cleveland, O., Ex-Deputy Sheriff, from uric acid poisoning of the blood became, at times totally blind, and was troubled with great giddiness. In 1882, after suffering for many years, and being distressed beyond measure, he thoroughly purified his blood by means of Warner's Safe Cure, and says, "I have never had a day's trouble since, and have fully recovered my health. Warner's Safe Cure saved my life."

REV. J. P. ARNOLD, of Camden, Tenn., in '78 and '81 was grievously afflicted with many abscesses, caused by kidney poisoned blood. The abscesses were alive for many months and caused great distress. After thoroughly purifying his blood with Warner's Safe Cure in 1882, he reported that in 1888 he was strong and well, over 71 years of age, and able to preach regularly.

CAPT. W. D. ROBINSON, United States Marine Inspector for the chain of lakes, residence Buffalo, N. Y., in 1881 had a slight eruption on his hands. It soon spread to his face and he was almost blind. His body was covered with light, flaky scales. His skin itched excruciatingly. For two years he gradually grew worse, trying almost everything imaginable. In 1883, after having given up hope of recovery, he began using Warner's Safe Cure. "Twenty bottles," he says, "completely cured me, and to-day I am strong and well as ever."

JAMES WIGHT, 296 Fifth Ave., New York suffered for years from Inflammation of the eye—a blood disorder—but in 1883 was fully restored to health by Warner's Safe Cure and remains well to-day.

The four above cases are as good as a million. They prove what is stated, that the organ that removes the impurity from the blood most effectually is the kidney, and for this when impaired there is but one sound, rational method of treatment.

Dr. Dio Lewis, who was opposed to the use of medicines in general, thought so highly of this remedy that he said if he had a serious kidney disease, he should use it.

Ask your friends and neighbors what they think of it. In the spring of the year, when debility is so prevalent, and the seeds of disease are sown that may have a fatal blossoming before the fall, the prudent man and woman will give the system a thorough cleansing and purification.

At His Post Bay and Night.

The vigilant top, indignation, goods us with his many-lashed scourge. Each lash is a diabolic symptom. No comfort in eating, misery afterwards, little or broken rest at night, visitations of the nightmare during fitful intervals of sleep, an uprising unrefreshed and without appetite, sleeplessness and yawning during the day, nervousness and irritability of temper, even mania in extreme cases. Hard to bear, all this. Necessary? No! A thousand times no, so long as Hostetter's Stomach Bitters, the nation's specific for indigestion, acute or chronic, is procurable. The commencement of a course of this medicine is the commencement of a cure. Prompt relief first, absolute eradication subsequently. The truth of this statement, backed up by irrefragable testimony, is well known to the American people. So are others, viz: that the Bitters cures and cures fever, and ague and bilious remittent, and removes nervousness, biliousness, constipation, and kidney and bladder troubles.

DUGAN BROS. PLUMBERS!

GAS AND STEAM FITTERS,

—And dealers in—
