GREAT DISCOVERY!

Dr. H. SMITH

Now in possession of a new discovery in
medicine, which is purely a local anesthetic,
and acts almost instantaneously on the
surrounding tissues of the teeth. It is in
no way injurious or unpleasant to the
taste. The manufacturers of it claim that
its equal has never been known before, and
by applying it to the sensitive or sore
teeth, they can be cleaned and filled
without pain. So all those that want all
kinds of dental work done without pain,
would better call on Dr. H. Smith. Teeth
extracted for 50 cents.

"Wooden-Headed."
When a wooden pavement was
desired outside St. Paul's cathedral,
Sidney Smith said: "If the canons
will simply 'put their
heads together,' the thing is done!"
They were not half so wood-
headed, however, as it would be to
deny the merit of Dr. R. V. Pierce's
Golden Medical Discovery, which
has cured many thousands of liver
disease, impure blood, king's-evil,
salt-rheum, dropsy, chronic affec-
tions of the throat, bronchial tubes,
and lungs, asthma, catarrh, indur-
za, neuralgia, dyspepsia, constipa-
tion, and all skin diseases. Drug-
gists.

When everything else fails, Dr.
Sage's Catarrh Remedy cures.

SKEPTICS
ARE BECOMING LESS AND LESS.

Because your family physician has

years practice in the Woman's Hos-
pital of Charleston, S. C. and is now in
his ninth year's practice of chronic
diseases. Will guarantee a cure in
all curable cases of chronic diseases
of women, blood and skin diseases,
kidney, liver and heart diseases.

TELEGRAPHIC SUMMARY.

THEY CLING TO THEIR HOMES.

More Trouble Expected With the
Maxwell Land Grant Settlers.

A recent Denver dispatch gives
the following particulars: The
managers of the Maxwell land grant
last night swore out warrants for the
arrest of sixteen men, who partici-
pated in the troubles at Stonewall,
on the charge of riot. Writs of ejec-
tion against 100 others were also
secured, and the United States marsh-
al left to-day to serve them. It is
feared that the service of these pa-
pers will cause another outbreak, and
perhaps more bloodshed.

The trouble at the Maxwell land
grant has been brewing ever since
the Supreme Court of the United
States confirmed the title to the
grant. The grant was originally
made by the Mexican government to
Deaubin and Miranda, two Mexi-
cans, who were given two square
leagues, or 90,000 acres of land, pro-
vided they would cultivate it. The
boundaries of the grant now con-
tain 1,750,000 acres.

The manner in which the grant
grew to its present proportions is one
of the causes of the trouble. The
settlers living within the boundaries
of the grant charged that the
original property was enlarged by
fraudulent means. The highest
tribunal in the land department
held, however, that there was no
fraud, and refused to set aside the
patent granted by congress. Hun-
dreds of settlers have improved
houses and lived there so many
years that they considered them-
selves rightfully in possession, and
look upon the threatened ejectment
as an outrage.

Soon after the decision of the
Court the grant people proposed to
purchase the settlers' improvements
and stock at the market price, after
which they were to vacate; or, they
would sell them the land at reason-
able figures. Many settlers accepted
the proposition and sold out, or pur-
chased land at a price ranging from
\$1.50 to \$10 an acre.

The grant company claim to treat
the settlers justly, but charges have
been made that in many instances
settlers have been asked to pay an
exorbitant price for premises upon
which they have been living for
many years.

Railroad Activity.
REDDING, Sept. 3.—There is great
railroad activity in Southern and
Southeastern Oregon at present.
The Union Pacific and Oregon Short
Line has several surveying parties
working south of Lakeview. Last
Wednesday a large party of Union
Pacific engineers and surveyors
passed through Redding to the
mouth of Pitt river, up which
stream they are now at work, push-
ing north.

An Insane Mother's Act.
CINCINNATI, Sept. 3.—A most
distressing tragedy was discovered
last night at Delphi, a few miles
from Cincinnati. It was discovered
by Mr. Steinhilber, of Delphi, that his
wife and two children, who had
been missing since Tuesday last, had
been drowned, and his feelings were
more intense because he believed
that the mother, in a fit of insanity,
had dragged the children into the
river with her. The children were
a girl and a boy, 6 and 10 years old
respectively. The bodies were re-
covered yesterday and identified.

TELEGRAPHIC SPLINTS.

A faint comet was discovered at
the Lick university yesterday, by
E. E. Barnard.

Thirty-seven new cases of yellow
fever were reported yesterday in
Jacksonville, Fla.

Van B. De Lashmott, mayor of
Portland, is visiting ex-Governor
Hauser in Helena, Mont.

In Arkansas yesterday, the democ-
rats elected the governor, and
both branches of the legislature are
strongly democratic.

Receiving Teller Andy, of the
Quebec Bank National is missing,
with a shortage of \$12,000. Where
can he make resort?

In San Francisco Stephen J. Tay,
aged 18, a printer, was fatally beat-
en in a drunken row, Saturday
night, and died the next day.

In Monroe Co., Ark., some free
shooting was indulged in by a party
of belligerents, and when the sheriff
attempted to make arrests he was
shot in the thigh. Quite a number
were killed and wounded.

The California state fair opened
auspiciously yesterday. The exhibi-
tions make an attractive showing.
On Saturday there will be five stock
parades, and at the close of the fair
John P. Irish will deliver the an-
nual address.

Faith Curists and the Reporters.

The Faith Curists of Mount Zion
Sanctuary, New York Bay, had a
spicy meeting yesterday afternoon,
which included a broad difference
of opinions between the leading
lights of the church on the subject
of reporters and the press.

Policeman Enoch Perry of the
Gregory street station, who is an
ardent believer in the faith cure,
rose and said he had received a
postal card from L. A. Seward of
Peterborough, Ontario, Canada,
stating that he had read in a New
York paper that he (Perry) was a
great advocate of the faith cure, and
that as the writer was a great
sufferer, he begged of Mr. Perry to
tell him the nearest place where his
sufferings could be healed by faith
cure. Mr. Perry thanked God that
the paper named had been able to
do good in that way.

A little later in the services Sister
Jackson took this incident as a text
and touched up the reporters,
mingling blame with praise. She
thought that the young men who
were writing for the papers about
these meetings, even if they ridicu-
led the services, were doing some
good in calling public attention to
them.

Brother Hancox said that he, too,
once laughed at the Faithists'
doctrine, and called them "fairy
tales."

Brother Robert Jackson said:
"Reporters are not always respon-
sible for the false report that appear
in the newspapers. They generally
write them truthfully and in good
faith, but their reports had to go
through the city editor's hands, and
sometimes they are changed.
Sometimes, too, the city editor gives
the reporter instructions to ridicule
the subject, and it is his duty to
obey."—New York Star.

The Biting Tongue.
Glander attacks us from behind. The
bite is rarely felt unless it is malignant
and persistent. Disease too, often steals upon
us through a vital channel. The air we
breathe affects the lungs—if it be unwholesome
it enters the blood, if it change too quickly
in the temperature it produces disease of
the throat. Whether Brosteier's Stom-
ach Bitters is taken to prevent or remedy
the various forms of disease produced by
miasma, such as intermittent fever, dumb
ague, ague cake or bilious. Intermittent, it
is and ever has proved to be an effective
and thorough remedy— one which does not
only ameliorate the symptoms of the mal-
adies of this type, but eradicates their
cause. Dyspepsia, liver complaint, rheu-
matism, bladder and kidney troubles are
among the humanity-afflicting troubles
which it promptly relieves and ultimately
removes.

This is leap year and it has been
1600 years since there were as many
eights in the year as we have now.
It is a good time for old bachelors
to cogit; the girls to reciprocate the
fathers to expostulate, and the young
men not to hesitate.
