

**PERSONALS.**

Hon. W. R. Blyeu, of Eugene, is in town.  
 Rev. Walton Skipworth has gone to Hubbard.  
 C. S. Rockenfield returned to Portland to-day.  
 Hon. J. J. Daly, of Polk county, took the morning train for Oregon City, to attend court.  
 Prof. Rork leaves to-morrow, to canvass Coos county for the prohibition party.  
 D. W. Stearns, of Oakland, father of Judge Stearns, of Portland, is in the city.

**On Another Tack.**

Clark Braden, the celebrated religious controversialist and debater, speaks against high protection and free trade at Silverton, on the 24th inst., next Monday, and challenges, all and several, the protectionists to meet him in debate.

**Well Done.**

Sheriff Croisan is entitled to praise for the arrests of gamblers made at the state fair. Let the good work go on. And, Mr. Sheriff, if you and your deputies and the city marshal will extend these wholesome enforcements of the law, to the city also, the public will not forget it.

**An Appeal to the Governor.**

Gov. Penoyer has received a communication from the trustees of the town of Sheridan, Yamhill county, Oregon, asking that some measures be taken to prevent a spread of small-pox in that county. The governor answered that the law gives him no authority to act in such case, and he cannot, therefore, acquiesce in the petition.

**Hop Picking.**

Col. Lee, of Chemawa, has been looking at the Puyallup hop fields, on the Sound. Some hops are going to spoil for want of pickers. The colonel was offered big money to take the Indian boys and girls of this school up there to pick. But of course he could not do that. Indeed about 120 of them are already picking in this county.

**Farmers' Congress.**

Last night, the adjourned meeting of the society met to adopt a constitution and by-laws, and to elect officers. The following were chosen: President, M. Wilkins, of Lane; vice-president, John Osborne, of Marion; secretary and treasurer, Joseph Gaston, Multnomah. A great deal of interest was manifested and the meeting was considered quite a success.

**Could Prese be Higher?**

"I have heard Beecher, Phillips, Gough, and other great orators both living and dead, but without exception I say that this lecture of Mr. Nourse's on 'Dr. Jekyll and Mr. Hyde' is the greatest thing I ever saw on the platform, and it is the first time I ever saw or heard of the finest dramatic talent being consecrated to the highest moral purpose."—Rev. J. A. Hamilton, D. D., Mich.

**A Close Call.**

A number of people in Eugene noticed a light in the east last Friday night, caused by something burning. The next morning it was learned that Chas. Beadle's hop house, this side of Springfield, had caught fire and but for quick work would have been entirely consumed. Fortunately it was discovered in time to prevent its gaining much headway. Great care should be taken or more fires of this kind will occur.

**A Point Well Taken.**

A lady wants to know the "wherefore" of so much being said about the pride and happiness and bearing of members of the sterner sex, when they become granddaddies, while never a word is said about how grandma's feel on the advent of children's children.  
 The writer can only reply that he supposes the grandmothers stay home, where love and anxiety suggest that they can do most good, while the grandfathers forthwith go on the streets, and bawlingly receive congratulations and get their names in the papers.  
 The point of our lady objector is certainly made stronger by the fact that whenever odium or coarse joke is thrown at a parent-in-law, the father escapes, and the mother of the young wife has to bear the whole brunt. Hurrah for the grandmama's. All honor to them.

**FAIR NOTES.**

The general exhibit of stock occurred between 9 a. m. and 10.  
 The Silverton band look well in their uniform, and discourse fine music.  
 The Singer machine obtained first premiums for both work and machine.  
 The ladies at the Catholic fair are very active and are taking in a good deal of money.  
 The W. C. T. U. women have distributed over 20,000 pages of temperance literature.  
 The strawberries of Riches and Van Scoy, of Turner, were large, shapely, rich in color, and six boxes in quantity.

The Presbyterian ladies know how to run a restaurant to perfection, and at times had not room enough to accommodate all their well pleased patrons.

The state board of immigration are doing some very effective advertising, giving illustrated pamphlets to all who desire to send them to friends out of the state.

The boss fruit dryer is Jory's, a Salem invention, which attracts a good deal of attention and examination. The specimens of the dried fruit speak loudly for this useful machine. It is in machinery hall.

In the single dash 1 1/2 miles for \$400 were entered, Nevada, Rosa Lewis, Lady Duffy, Oceanica, and Roley Boley. The start was a bad one; the track was very heavy. Rosa Lewis 1st, Lady Duffy 2nd, Oceanica 3rd, and Nevada 4th. Time, 2:38 1/2.

There is some fine stock at the fair and it is to be regretted that more attention is not given and more premiums offered for all kinds stock, and less for races than are now offered. The complaint is general that the races get the money premiums and the others, the ribbons.

To-day the weather is all that could be desired, and the attendance very large. There was a rush from town to the grounds, the cars being crowded. The stock parade is considered by eminent judges to have been the best for years. In the line of cattle, it certainly has never been excelled, and Oregon may well be proud of her products.

The traction engines gave some fine exhibition of what they could do in the line of climbing over obstacles. Messrs. Bellinger and Froome presented the "Russell" engine, which came out ahead in every desirable feature. It could climb higher; sticks of wood put in its way to illustrate rough roads, than either of the others. Z. B. Wright represented the "Advance," and F. Kennedy the "Stillwater," both of which attained good speed and turned in very short space.

The wheel of fortune was yesterday laid up for repairs which will probably cost considerable on account of the peculiar way in which it was injured. In order to have proper persons to look after its needs while awaiting repairs, the men who had charge of it were put under bonds to appear to-day in court and tell what they know of its complications. If all the gambling games at the grounds and in town received the same salutary treatment the morals of the young men that attend the state fair would be in a better state afterwards.

In the special trotting race three in five, 2:27 class, purse \$500, the entries were Kitty Lynch, by J. K. Misner; D. K. W., by Barnes; Lady Dawn, by C. B. Jeffries; Lady Maixne, by H. Kirkendall; Col. Bradshaw, by J. H. Butler. Lady Dawn fined \$50 for not being on the track to start. First heat, Kitty Lynch 1st, Lady Maxine 2d, D. K. W., 3d; time 2:49 1/2. Second heat, Kitty Lynch 1st, Lady Maxine 2d, D. K. W. 3d; time 2:53 1/2. Third heat, driver of D. K. W. taken down and Mr. Sawyer substituted. Third heat Kitty Lynch 1st, D. K. W. 2d, Lady Maxine distanced. On this heat D. K. W. ran into Lady Maxine and wrecked her sulky so she did not finish the trot.

**Never Give Up.**

If you suffer with asthma, bronchitis or any other disease of the throat or lungs, nothing can surprise you more than the rapid improvement that will follow the use of Santa Abie. These remedies are not secret compounds, but natural productions of California. Sold at \$1.00 a package; three for \$2.50 and guaranteed by D. W. Matthews & Co. 100 State St. Salem, Ogn.

**LOCAL NOTES.**

Painless dental operations at Dr. T. C. Smith's, 92 State street.

R. H. Price, Salem pioneer huckman, will wait on passengers to or from the depot with promptness and politeness. Leave orders at the White Corner where his slate hangs out.

The veterans of Sedgwick Post No. 10, G. A. R., will give a social in their post rooms next Tuesday evening. The members extend an invitation to their friends to be present.

A. J. Basey is at all times ready to attend orders to take intending passengers to the train or meet them there and take them to any part of the city. Also ready to attend all calls night and day.

The parties arrested for running a gambling scheme at the fairgrounds waived an examination this morning, and gave bonds of \$100 each, for their appearance at the next term of court.

Rev. M. C. Wire, presiding elder of the Portland district, will hold the first quarterly conference for the current year of the Salem M. E. church, to-morrow, at 3 o'clock in the pastor's study. A full board is desired.

The Rev. Robt. Nourse, D. D., of Washington D. C., will preach in the first M. E. church Sunday evening, 7:30. All are invited to hear the eminent preacher, who will also lecture in Salem next Wednesday and Thursday.

Mr. Townsend informed a JOURNAL reporter that some parties, to him unknown, had entered his house, broken open a trunk, and secured six bits from the purse of a traveling friend. The house had been generally rummaged, but no other articles missed. This work was all done in the daytime.

The Eugene Register tells the following: "To show the drift of political sentiment in this county, it is said that an old line democrat who never failed to vote solid for his party has agreed to vote for Belva Lockwood in consideration of a handsome pup, given him by a republican, and the old gentleman felt so good over his bargain that he gave the republican, who is an old soldier, a good-sized pig to boot."

**From the Eugene City Register.**

We learn that Lane county fair will open next Wednesday in Rhinehart's hall for a pavilion; the stock will be exhibited at the society's grounds. It promises to be a very successful affair.

The republicans of Washington Territory placed in nomination for delegate in congress, Hon. John B. Allen, a well known and highly esteemed citizen of eastern Washington, but as usual the Seattle delegation is kicking and it is doubtful whether he can be elected over Voorhees, who is quite popular and is making a thorough canvass. [And ex-supreme Judge Roger S. Greene has accepted the prohibition nomination; so that further complicates matters.]

The State University opened last Monday with a full attendance for the beginning of the year. Everything points to an increase in the number of students and efficiency of the institution for the coming year. The regents have at last secured the ground on the Butte for their observatory. It will be placed on the point of the hill just west of the reservoir and slightly east of the line of Willamette street. It will be a great and valuable addition to the university.

**Good, Square Meals.**

Get your meals on the fair ground at the Aurora restaurant. It is conducted by H. Will, of Aurora, who understands running an institution of that kind so as to give satisfaction to all.

**A Hint to Fussy People.**

From their arrival on this planet to their usually early departure from it, people of weak constitutions and angular physiques pass a sort of half-existence. Like dormice they burrow in their home retreats, afraid of heat, afraid of cold, constantly afraid that the shadow of the dread reaper will materialize and exact the forfeit which he demands of all, sooner or later. No finer medicinal assurance of comparative vigor for the feeble exists than that afforded by Hostetter's Stomach Bitters. Used with persistence—not with spasms and professionally commended tonic will do much toward infusing strength into a puny system, and rounding off scrawny angles in the human figure. Appetite, nerve tranquility and nightly repose are encouraged by it, and a malaria, rheumatic bilious tendency overcome. It re-establishes digestion and prevents kidney troubles.
