Hopeful Hop Market.

MIDDLETON, N. Y., Sept. 25.—
When the harvesting season began
in August prices opened at the yards
at last years figures—18 cents to 20
cents a pound for choicer grades—
but as it became apparent that the
crop would be unexpectedly small,
and as advices were received of a
partial failure of the yield in the hop
fields of the northwestern states and
Europe prices began to move rapidly
upward. The latest sales reported
at the principal yards are at 27 to 30
cents a pound for choice growth.

Dollar Wheat Again.

CHICAGO, Sept. 25.—A local paper
holds that the rise in the price of
cash wheat here to \$1 per bushel is
an event of national importance.
The price is a sort of dead-line in the
market, as it has been declared over
and over again by men in Chicago
whose opinions command respect
that the day of dollar wheat is
passed forever. Nevertheless, that
price was made Saturday for cash
stuff. It is five years since wheat
sold at \$1 a bushel, and meanwhile
it has been down to about 60 cents,
although it has sold as high as \$2.75
within the business life of several
men now in active business. Last
year at this time No. 2 spring sold in
Chicago at about 70 cents.

A Woman's Despair.

"Death would be preferable to
this awful, dragging down sensation
and aching back," despairingly com-
plained a suffering mother. "And
the worst of it is," she added, "there
seems no cure for it." "You are
mistaken," said the sympathizing
neighbor to whom the sufferer com-
plained. "I suffered for years just
as you do, and found no relief till
my physician prescribed Dr. Pierce's
Favorite Prescription, which cured
me, and I have ever since been well,
and the wealth of India would not
induce me to be without the remedy
if a like affliction should return."
"Favorite Prescription" is the only
medicine for women, sold by drug-
gists, under a positive guarantee
from the manufacturers, that it will
give satisfaction in every case, or
money will be refunded. This
guarantee has been printed on the
bottle-wrapper, and faithfully car-
ried out for many years.

A Woman's Discovery.

"Another wonderful discovery has
been made and that too by a lady
in this county. Disease fastened its
clutches upon her and for seven
years she withstood its severest tests,
but her vital organs were under-
mined and death seemed imminent.
For three months she coughed in-
cessantly and could not sleep. She
bought of us a bottle of Dr. King's
New Discovery for Consumption
and was so much relieved on taking
first dose that she slept all night,
and with one bottle has been mirac-
ulously cured. Her name is Mrs.
Luther Lutz." Thus write W. C.
