Catch the shadow ere the substance fades, is good advice, and especially is the truth of this demonstrated when you speak of the frequency with which one dear friend or another is hurried away. You'll regret too late that you did not have your friend or relative visit Sperry the Artist and have a perfect likeness taken. Heed the moral—go now before it is forever too late.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887. Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure, if they would take it according to directions.

Reasoning from a Sound Text. Say the doctors—and who shall say them nay?—a special predisposition seems to exist to the development of rheumatism. Where there is this tendency, most of us know from observation what a deep hold disease takes when once incurred and neglected for a short time. It is not this a sound text, then from which to advocate the early use of Hostier's Stomach Bitters in a malady so hard to dislodge as rheumatism? Another thing. It is well ascertained that a falling off in vigor, resulting from indigestion and mal-nutrition increases liability to rheumatism. What then is more likely to set as preventative than this potent rectifier of the gastric troubles that increase the rheumatic tendency. Malaria, constipation, dyspepsia, biliousness, debility and kidney troubles, succumb to this genial preventative and remedy.

SUPREME COURT.

SALEM, Dec. 6, '88. J. E. Fenton, app. vs. Rodney Scott, resp.; appeal from Lane county; argued and submitted.

DOCKET FOR NEXT WEEK. Monday, Dec. 10.—J. W. Batchler, resp. vs. Wm. Davis, app.; appeal from Marion county.

Tuesday, Dec. 11.—John F. Rhotan app. vs. W. F. Mendenhall resp.; appeal from Marion county.

Wednesday, Dec. 12.—J. F. Bewley resp. vs. T. N. Graves app.; appeal from Yamhill county.

Thursday, Dec. 13.—Thomas Canfield app. vs. W. E. Clark resp.; appeal from Polk county.

I haven't the courage to die sir, Hardly the courage to live; Can't drink enough to forget, sir, Ain't Christian enough to forgive. This was the wall of a man who had endured the tortures of "liver complaint" and dyspepsia for years; and he might have endured them for life, had he not heard that Dr. Pierce's Golden Medical Discovery would make him a well man. He gave it a trial and was cured. Once he was hollow eyed, emaciated, and slowly tottering toward the tomb; but now he is vigorous, robust and healthy. There is nothing that can compare with the "Discovery" as a curative agent for sour stomach, constipation, impure blood and biliousness.

The worst cases of nasal catarrh positively and permanently cured by Dr. Sage's Catarrh remedy.

Woman's Crown of Glory.

A woman's hair may grow to the length of six feet. Mme. Hess, of Paris, refused 5,000 francs for her "cranial covering," which was about that measurement. Four hundred hairs of average thickness would cover an inch of space. The blonde bell has about 140,000 filaments to comb and brush, while the red haired beauty has to be satisfied with 88,000; the brown haired damsel may have 109,000; the black haired but 102,000. Few ladies consider that to carry some forty or fifty miles of hair on their heads; the fair haired may even have to dress seventy miles of threads every morning. A German experimentalist has proved that a single hair will suspend four ounces without breaking, stretching under the process and contracting again. But the hair thus heavily weighed must be dark brown, for blonde hair breaks down under two and a half ounces. No wonder then that "beauty can draw love by a single hair."—Emile Nouveau.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Do not permit any dealer to impose upon you with some imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Dr. H. W. Cox's drug store. Large bottles \$1.

How is your appetite? Are you nervous or irritable? Are you subject to biliousness? Dr. Henley's Dandelion Tonic works wonders. It makes the weak and sickly strong, builds up the whole system and puts new life and energy into you. Try it. Sold by D. W. Mathews & Co.

Officers Elected.

At the regular meeting of Sedgwick Post No. 10 Department of Oregon G. A. R., the following officers were elected for the ensuing year:

A. W. Drager, Post commander; Henry Rogers, vice Post Commander; Sherman, Junior Post Commander; G. Stolz, Quartermaster; J. Bachelor, Officer of the day; L. A. Port, Surgeon; T. M. Parvin, Chaplain; S. B. Wattress, Officer of the Guard; Messrs. G. Williams, S. Bachelor, H. Rogers and S. Howard, delegates to Department Encampment.

Nipped in the Bud.

Is it not better to nip consumption, the greatest scourge of humanity, in the bud, than to try to stay its progress on the brink of the grave. A few doses of California's most useful production, SANTA ABILA, the King of Consumption, will relieve, and a thorough treatment will cure. Nasal Catarrh, too often the forerunner of consumption, can be cured by CALIFORNIA CAT-RI-CURE. These remedies are sold and fully warranted by D. W. Mathews & Co., 106 State Street, Salem, Oregon, at \$1, or three for \$2.50.
