

OVER THE CAPITAL CITY.

Complete Recital of the Daily Doings Compiled From Various Sources.

Happenings Over the City and News From the Country Roundabout.

Good's New Drug Store.

George Good has handsomely fitted up a new drug store at 309 Commercial street, in the new Bank Block, and commenced business with the new year. The store is brilliantly lit up with electric lights, which shed their rays upon handsome show cases and rows of bottles and shelves filled with druggists' sundries, etc. The arrangement of the store is perfect and when the entire stock is received, it will be one of the finest drug stores in the state. Mr. Good has secured the services of N. F. Van Slype, recently from Detroit (where he followed the drug business for seven years) and a graduate of a German pharmaceutical college, as prescription clerk. Mr. Van Slype speaks the German and French languages fluently, and will be found a most courteous and accommodating gentleman. At all hours of day or night the store is accessible, for the careful and accurate compounding of prescriptions.

Articles of Incorporation.

The following articles of incorporation have been filed with the secretary of state:

Fall Creek Improvement company; incorporators, Fred Warner, George Harkins, Geo. M. Neit; to improve the channel of Fall Creek, Lane county, thereby rendering practicable the running or driving of sawlogs; capital stock, \$2,000; principal office Fall Creek. Woodburn Packing Co.; incorporators, H. E. Nelson, H. Plath, Geo. A. Nelson; object to engage in fish canning business at Astoria; capital stock, \$15,000. The Mount Tabor Street Railway Co.; incorporators, George W. Brown, A. W. Powers, David Goodsell, Monroe Cemetery Association; trustees and incorporators, Hugh Herron, John Rickard, William Garlinghouse; location, Monroe, Benton county.

The Salem Ice Works.

The Salem Ice and Cold Storage company recently incorporated in this city, though not yet at active work, is not yet sleeping. Mr. W. Bushnell of New York, mover and heaviest stockholder in the enterprise, is at present establishing works at points on the Sound, and is expected in this city about the latter part of January. During his last visit here he negotiated the purchase of the Gray building site for \$16,000, but through one cause or another the sale was not effected, at least the final papers were not passed. When Mr. Bushnell arrives in the city he, together with the incorporators, will no doubt select an eligible site and begin the work of constructing the buildings, etc. They expect to be ready for business early in April.

The Theater.

Last night the Boston Comedy Co. were favored with a better audience than at any previous performance. They are growing in favor and tonight the house will be filled. This evening the title role will be carried by Mr. Barrett, which in itself secures a good entertainment.

On next Tuesday night the Atkinson Bad Boy Co. will be here and give an evening of Peck's Bad Boy. Reserved seats may be found at the usual place.

Mental Philosophy.

For the benefit of many absent during the holidays, new members and all others wishing to join, Mr. Rork will replace all definitions upon the black board next Sabbath at 3 p. m. Though the class is conducted for young men and women, it numbers many elderly people and is attracting some of the best talent. All are welcome. Topics next Sabbath, Reason, Cause and Consciousness.

Queen Anne Addition.

This is the name given to Vanduyne and Stump's addition to Salem. It has been surveyed and placed on the market. Lying within the city limits it is most desirable property and will no doubt meet with ready sale. Moores & Manning have been appointed sole agents and are prepared to give the purchaser a good bargain. The tract makes 45 lots which are listed at \$175 each.

Gentlemen frequently complain of their barber shaving them too close, and the face and neck breaking out into small pimples. If Beard's specific is applied to the face immediately after shaving, no matter how close the shave, all sores will be prevented.

THE FARMERS' INSTITUTE.

A Large Attendance and a Good Meeting—Lively Discussions.

The Farmers' Institute held its first meeting in the senate chamber of the capitol last evening. This institute is conducted under the auspices of the State Agricultural college and, being of the regular series inaugurated by the faculty, is entertaining as well as instructive. The program last night consisted of a welcome address by Mayor Murphy and its response by President Arnold of the Agricultural college. Several topics of paramount importance were warmly discussed.

The paper of Wallis Nash, secretary of the board of regents of the Agricultural college, was read. It dealt with the farmer and contained many good points.

Rev. O. Dickenson, in a short speech, thought the matter of this meeting had not been thoroughly advertised. He said these were meetings for the farmer and the presence of such men was earnestly desired.

Mr. Minto, in a few well chosen words, expressed the hope that experiments might be made and discussions entered into as regards the difference in climate of Eastern and Southern Oregon. What might do well here in this valley would utterly fail elsewhere.

The Institute was called to order this morning with a largely increased attendance. President J. T. Apperson of Clackamas county in the chair and Secretary R. A. Miller of Jackson county at the desk.

O. Dickenson read an intensely interesting paper on "Grasses and Meadows," which was enthusiastically discussed until 11:30, when, returning to the order of business, W. W. Baker editor of the Pacific Farmer, read his paper on "Dairy Cows and Butter Making." This was also warmly discussed.

Dairy.—Mr. Baker's paper upon this subject, like Mr. Dickenson's upon grasses, was most interesting. He said progress in this business is equal to that of the railroad. The creamery is as far ahead of the churn as the self-binder is of the hand rake. The dairy cow is a manufactured article, made on the plan that like begets like. The cow must have pure air and food so as to have pure blood and give pure milk, hence she must not stand face to face with other cows or in a bad stable, nor must the milk be exposed to foul air lest it be filled with bacteria, which will rot the butter. To kill these microbes, wash the butter in a gallon of water containing two grains of alum, then put it into strong brine for an hour, then pack. Brewers waste is not fit for food or milk. Use cloth strainer, keep unslacked lime and coal in milk house. Oxygen, not friction, brings the butter, which should be granular, not oily.

So far as interest goes, the agricultural teachers are to be congratulated, and are entitled to your subscriber's thanks.

At 12:30 an adjournment was taken to 2 p. m. when the program will be enacted as below:

Musical Combings—Mrs. M. Wilkerson
Hygiene—Mrs. J. A. Nash
Success with Strawberries—A. F. Davidson
Dairying—Hon. Thos. Paulsen
Bee Culture—Prof. W. W. Bristol
Guernsey Cattle—J. Minto

FRIDAY, 7 P. M.

Musical Culture—S. A. Clark
Co-Operation Among Farmers—Judge H. P. Botsie
The Farmer's Home—Mrs. S. A. Clark
Opening Question Box

Oregan's School Books.

The Albany Democrat learns that there is to be a change in school books. The readers and arithmetics will be changed and Barnes readers and Fish's arithmetics introduced. So says one who claims to know. This will be a great injustice to the people of Oregon, who will thus be obliged to discard their old books, which are as good as the new ones, and invest in an entirely different series.

"After Swinburn."

"Mine eyes to my eyelids cling thickly,
My tongue feels a mouthful and more,
My senses are sluggish and storky,
To live and to breathe is a bore,
My head weighs a ton and a quarter,
My pains and my tongs ever split,
Which manifold washings with water
Believe not a bit."
After Swinburn these lines may be, a long way after for that matter, by what a description of the man whose bowels are constive, liver disordered, blood out of sorts. Such an individual needs Dr. Pierce's Pleasant Purgative Pellets. They are pleasant to take and powerful to cure.

Dr. Pierce's Favorite Prescription cures all those peculiar weaknesses incident to females.

Baker City is to have a telephone system.

QUEEN ANNE ADDITION.

A Choice Tract in the City Limits Placed on the Market.

A few days since Mr. Isaac Vanduyne, formerly of Independence, and Mr. J. B. Stump of this city, bought of Hon. Ed. Hirsch, a tract lying in the city limits, on the north side of State street, containing thirteen acres, and they are now having the same platted into blocks and lots under the style of "Queen Anne addition to the city of Salem." The tract after opening the streets and alley-ways, will make about forty-five lots, which will be sold at prices ranging from \$175 per lot, upward.

This tract is all high and level, and is well drained. The Court street sewer passes through the property on this line of that beautiful avenue and the T's are already laid ready for connections. The property is near the state house and other public buildings, is from four to six blocks from the public schools, is of easy access from the depot, is only four blocks from the street railway NOW, and this will soon pass in front of the property.

The blocks are divided into good sized lots, 55, 54, and 50 feet frontages and are generally 105 feet deep. They are all choice, but as they are not all corners, those wanting good building corners should get in early.

Moores & Manning, the live real estate agents, at 307 Commercial street, have been appointed sole agents for the sale of these lots, and will take pleasure in showing them to parties seeking for good, gilt edged investments, or for an excellent building spot. Remember that these lots are offered lower now than they will be next month, and let every person "call early." These are the only choice building lots offered in Salem, and will sell rapidly.

MONMOUTH NOTES.

Mrs Percival is lying sick with typhoid fever.

S. S. Whitman has a large barn in course of construction.

Several of the students have sore arms, the result of vaccination.

The Athletic Association is to give an entertainment some time in the near future.

The recent cold spell had begun to impair the wheat crop—but it is hoped it is over now.

Farmers living in the foot-hills west of town are complaining of losing sheep in great numbers by coyotes.

The school opened Tuesday with several new students and most all of the old ones. They report having a splendid time during vacation.

We hear many expressions of surprise by our visitors from the East about the fine weather at this time of year. For our part we Oregonians like rain better.

Many of the students had prepared themselves to take a view of the sun during the eclipse, but the clouds prevented. We had a magnificent view of Oregon's pride though, Mt. Hood.

The Hon. Frank Powell is around among his neighbors inquiring what kind of China-Pheasant law they want made. We need a law of some kind as those Mongols are getting very numerous.

A Confidence Man and Forger.

Mr. Ryan the North Salem grocer is trying to find a smooth confidence man and forger who defrauded him out of \$20 in good hard coin. One afternoon a few days ago a stranger, and a man who had the appearance of being a laborer, came to his establishment and purchased a few dollars worth of groceries, which he ordered sent to a certain house in northeast Salem. In payment he offered a check for \$42.75 on the Capital National bank, asking Mr. Ryan if he could not give him the balance or part of it, in money. Mr. Ryan took the paper and gave the man what spare change he had in the drawer, amounting to \$20, and sent the order of groceries directed. Nothing was known of such an order having been given by those who resided in the house. This aroused the fears of the grocer that all was not well. Consequently he came to the bank and presented the check for payment. At the bank the forgery was at once detected, as the signature of R. S. Wallace was a clear counterfeit. The scheme had worked and Mr. Ryan is still looking for the stranger. The signature of Wallace was a forgery.

A pain in the back often leads to complicated diseases that are almost incurable. Oregon Kidney Tea cures the first and prevents the latter. It is purely vegetable and is warranted.

LOCAL SUMMARY.

—Painless dental operations at Dr. T. C. Smith, 92 State street. tf.

—List your property with the Salem Land Co. if you wish it sold. Office on State street. d-&w tf.

—If you have farm or city property for sale list it with the Salem Land Co., office on State street. d-&w tf.

—For sale cheap for cash, a new extra fine upright piano. Call at 355 Chemekete street for particulars. 1w.

239 Cor. State and Commercial St.
SALEM, OREGON.

HAVE YOU A COLD IN THE HEAD which does not get better? Have you an excessive secretion of mucus matter in the nasal passages? Are you troubled by sneezing, spitting, weak and inflamed eyes, frequent soreness of the throat, ringing of the ears, more or less impairment of the hearing, loss of smell, memory impaired, dullness or dizziness of the head, dryness or heat of the nose? Have you lost all sense of smell? Is your breath foul? If so, you have the Catarrh. Some have all these symptoms, others only a part.

California Cat-R-Cure

Restores the sense of taste and smell, removes bad taste and unpleasant breath, resulting from Catarrh. Easy and pleasant to use. Follow directions and a cure is guaranteed by D. W. MATTHEWS & Co.

RECOMMENDED.

CAPTAIN CHARLES L. DIMON, of New York City, formerly special agent of the Phoenix and Home Insurance Company at San Francisco, Cal., says: "I have been troubled with Chronic Catarrh for twenty years. A friend in Woodland, Cal., recommended your California CAT-R-CURE. I procured a jar, having but little faith in its curative properties; but I must say, after using three jars, I am cured of that disgusting disease. Inclosed find \$5 for which send me California CAT-R-CURE for some friends who are sufferers."

SOLD AND GUARANTEED BY
