The Oregon Land Company

Is a corporation duly organized and operated under the laws of the State of Oregon. It began business in March, 1888, with a capital stock of \$20,000.

The First Sale Made By This Company Was in April Last.

During the nine months which have since elapsed it has made 107 sales to 104 different persons. Of the purchasers 85 have bought farming lands. It has also, during this time sold 81 residence lots in Salem. Of those purchasing but 25 were residents of Marion county prior to purchasing. The remainder were from the following localities, viz: Jackson Co. 1—Polk Co. 3—Multnomah Co. 4—Clackamas Co. 1—Yamhill Co. 1—Montana 4—Minnesota 4—Kansas 10—England 2—Colorado 2—Washington Territory 7—Iowa 5—Dakota 3—Indiana 2—California 8—Nebraska 7—Ohio 3—Wisconsin 1—Missouri 1—Illinois 1—Pennsylvania 2—Unknown 7.

This shows that sales are not confined to former residents of this locality, but that people are swarming in from the East to make their homes among us. The business of this company is constantly increasing. More than half of its sales have been made within the past three months, although this is a season of the year when sales are usually dull. The company has from 15 to 20 men constantly employed. It has representatives on Puget Sound. It has three men in Portland, two of whom give it their entire time. Rev. F. J. Strayer, who last year introduced so many immigrants into this State, is now in the East lecturing and distributing advertising literature exclusively for this company. He will start to this State with his first excursion on the 4th of April next.

This company is now spending more money to advertise Salem and the surrounding locality than

The Salem Board of Trade and All Other Agencies Combined!

Within the past twelve days it has paid for and contracted for advertising to the amount of

Over Fifteen Hundred and Twenty-Five Dollars,

The second edition of the company's pamphlet descriptive of Salem and the Willamette Valley is now in press. This is an edition of

TWENTY THOUSAND COPIES

Of a beautifully illustrated fifty page pamphlet. We cannot advertise so extensively in our home papers as we wish, for the reason that parties whom we most desire to reach are residents of the Eastern States, where these papers do not circulate. We do not advertise every sale we make in the local press, but we have advertised in more than

ONE THOUSAND PAPERS

In the East, as we depend upon Eastern buyers for the great bulk of our patronage. During the next few months our advertisements will be read by millions of readers of Eastern newspapers, who will thus be placed in direct communication with us, and nearly all of those who come to this coast will come ticketed for the office of

THE OREGON LAND COMPANY.

For these reasons parties desiring to sell will find it to their interest to place their lands in the hands of this company. If you wish to sell property leave it where

BUYERS COME TO BUY

If you wish to buy property come where property is left for sale. Your neighbors have land and don't want to buy.

EASTERN PEOPLE DO.

Our advertisements catch the eyes of Eastern people everywhere. We have five teams and comfortable conveyances ready at all times day or night, to convey parties to the properties we have for sale.

DON'T BE MODEST.

You are welcome to ride with us whether you buy or not.

LONG FACES.

Don't you dislike to meet people who go about with faces the length of a yardstick? And when your voice rings out in a merry "Good-morning" isn't it shocking to have a sympathetic gloom cast over your own bright self by these long-faced people, whose first thought is to tell you about the numerous ailments which afflict them and make life burdensome? But I ought to sympathize with such people, because I know just how hard it is to appear sunny and cheerful when one is afflicted almost beyond endurance. I became so discouraged that my "grim visage" was long enough to scare happiness over half a dozen fences, and I was fast becoming prematurely old. At last my friends prevailed upon me to consult Dr. Darrin, and now after a few weeks' treatment, I am my glitsh self again, and am into all the mischief a-going.

VERA MILLERSON, PORTLAND, January 25, 1889.

HOW MRS. CLINE GAINED THIRTY POUNDS.

For thirty-five years I have been afflicted with a complication of diseases peculiar to my sex—liver, kidney, indigestion, rheumatism, neuralgia. I commenced treatment one year ago, and I have been restored to health and strength, and have gained about thirty pounds in flesh. Dr. Darrin cured me by the electric system, with very little medicine. I have lived on Sauvie's island, Or. for the past forty-five years, and now reside with my daughter, Mrs. John Sax, at 53 Second street, Portland, Or. Refer to me.

MRS. MARY CLINE.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

A STRANGE COINCIDENCE.

Three Passengers Named Wilkes, Booth and Lincoln.

NEW YORK, Feb. 8.—A rather strange coincidence occurred in the passage of the Pacific Mail steamer on the 6th inst. It was the usual quarterly day for veterans and over 100 were drawn up in line, awaiting their turn at the window. In the row next to the men who especially denoted the soldier life during the war had been very busy and pleasant. The three were in succession, and when the first reached the paying teller's window he answered to the name of Wilkes. This did not occasion much surprise to those who stood near, but when the second man answered to the name of Booth there was a great deal of anxious curiosity at the two men, but the effort was recalled when the third man stepped to the window and in answer to the clerk said his name was Lincoln.

HEDELSO DIED.

A Connecticut Fellow—Doctor Sent to the West.

NEW HAVEN, Conn., Feb. 8.—Jey Covey, a fellow of the name of living at Hartford, came to West Haven Sunday to attend Mrs. Nathaniel Hill, a woman who believed in the doctrine of Christian Science. Covey was asked to give a lecture in the evening. He read several pages of manuscript, when he made the mistake of saying that "Christ had seen it could do anything for any one." He had no occasion to make the mistake, but he fell dead in a few minutes.

More Accidents on Train.

CHICAGO, Ill., Feb. 8.—It is reported on the best authority that at the conclusion of the present session of the federal legislature, the government will appeal to the country on the annexation question. Sir John McDonald, premier, will retire and be succeeded by Sir Charles Tupper.

Trouble in China.

WASHINGTON, Feb. 8.—Assistant Secretary of State Rivers said that the department had received a cablegram giving an account of the trouble in China. The trouble was caused by a riot among the natives. Full particulars were not received. Admiral Chandler with his squadron has gone to protect our interests.

Too Much Cabbage.

OLYMPIA, W. T., Feb. 9.—The family of Francis Bordeaux, a logger living at Shelton, Mason county, was poisoned by eating California cabbage. Two children have died and a third will probably die. Mrs. Bordeaux saved her life by drinking a large quantity of brandy.

How Long O Lord!

HELENA, Montana, February 8.—Hundreds of Montanans are bitterly disappointed at the refusal of the roads to give excursion rates to Washington for March 4th. As all eastern roads give low rates for even shorter distances, it's rather hard on westerners.

A Big Reward.

LITTLE ROCK, Arkansas, Feb. 9.—The senate passed the house bill to increase the governor's contingent fund. The bill enables the governor to offer \$5000 reward for the assassin of John M. Clayton.

A Big Hotel Burned.

SUTHERLAND, Fla., Feb. 8.—The great Sutherland hotel was burned yesterday morning, the guests narrowly escaping in their night clothing. This was an Omaha affair and the guests were about all Omahas.

What Mosby Thinks.

WASHINGTON, Feb. 9.—Col. H. S. Mosby believes that the Pacific coast will be represented in the cabinet by either Swift or Estee. General Mosby will remain in Washington until the latter part of March.

Idaho Mine.

WEBER, Idaho, Feb. 8.—Great activity is expected in all the regions about in the copper and silver mines this coming spring. Immense preparations are making.

CONDENSED DISPATCHES.

A mastodon skeleton thirty feet long has been dug up in California. President Cleveland will take up the practice of his profession, law, when his term expires.

Hopkins, president of the Missouri Pacific has severed all connection with the Jay Gould interests.

May wheat at Chicago went up to one hundred and seven and then fell by evening to one hundred and four.

The head of Sequim bay, Clallum county, is being bridged, opening a good road from Port Townsend to Port Angeles.

The California Legislature has the audacity to ask Congress to reduce postage but says not a word about railway charges.

The rejection by the senate of the scheme of Cleveland, the extradition treaty is generally rejoiced over by our Irish fellow citizens especially.

The bitter cold that set in so suddenly a few days since in the East froze a great many persons to death. It seems to have prevailed from the Rocky mountains to the Atlantic ocean.

As Allison of Iowa has declined the Treaty of man is so eligible as Winwood of Minnesota from the great Northwest. It is probable he will be pure d where he has been before in the Treaty.

The California assembly by a concurrent resolution asked congress to reduce postage. We wonder that any set of men can have the audacity to complain of two cents postage and yet say that one word against the heavy charges on postage.

Sir Richard Cartwright leader of the liberals in the Dominion Parliament, has given notice that he will move that the queen be asked to give Canada power to regulate her own commercial treaties. This is the first step on the part of the liberals toward the independence of the Dominion from British connections.

Saving Grave Creek.

The CAPITAL JOURNAL a few days ago gave an account of the paining of Grave Creek, in Josephine county. A correspondent in the Umpqua Herald gives the following additional particulars:

The first grave made there was that of Mrs. Leonard Crowley, a relative of the white, who died after a lingering illness while the emigrant train of which she was a member, was encamped on the banks of the little stream. All possible precautions were taken to conceal the grave which was dug in the stock corral in the hope that the trampling of the animals might obliterate its traces, but in vain, it was found by the Indians, the body disinterred, disburied and left to the mercy of the wolves. When Col. Nesmith and his company passed through there four years later they found and buried some of the bones which they identified by the long fair hair that still adhered to parts of the skull. Subsequently a party of peaceable Indians were enticed into a log house in the vicinity, made drunk with whiskey, then the door was locked on them and they were shot from the outside through the cracks between the logs and their bodies, four or six in number, were thrown into the pit from which Leonard Crowley's remains had been exhumed, and left there uncovered to rot. Thus was Grave creek twice christened, once by cupidly and brutality of the savage, and again by what shall we call it? of the white men.
