The Oregon Land Company

Is a corporation duly organized and operated under the laws of the State of Oregon. It began business in March, 1888, with a capital stock of \$20,000.

The First Sale Made By This Company Was in April Last.

During the nine months which have since elapsed it has made 107 sales to 104 different persons. Of the purchasers 85 have bought farming lands. It has also, during this time sold 61 residence lots in Salem. Of those purchasing but 25 were residents of Marion county prior to purchasing.

This shows that sales are not confined to former residents of this locality, but that people are swarming in from the East to make their homes among us. The business of this company is constantly increasing. More than half of its sales have been made within the past three months, although this is a season of the year when sales are usually dull.

This company is now spending more money to advertise Salem and the surrounding locality than

The Salem Board of Trade and All Other Agencies Combined!

Within the past twelve days it has paid for and contracted for advertising to the amount of

Over Fifteen Hundred and Twenty-Five Dollars,

The second edition of the company's pamphlet descriptive of Salem and the Willamette Valley is now in press. This is an edition of

TWENTY THOUSAND COPIES

Of a beautifully illustrated fifty page pamphlet. We cannot advertise so extensively in our home papers as we wish, for the reason that parties whom we most desire to reach are residents of the Eastern States, where these papers do not circulate. We do not advertise every sale we make in the local press, but we have advertised in more than

ONE THOUSAND PAPERS

In the East, as we depend upon Eastern buyers for the great bulk of our patronage. During the next few months our advertisements will be read by millions of readers of Eastern newspapers, who will thus be placed in direct communication with us, and nearly all of those who come to this coast will come ticketed for the office of

THE OREGON LAND COMPANY.

For these reasons parties desiring to sell will find it to their interest to place their lands in the hands of this company. If you wish to sell property leave it where

BUYERS COME TO BUY

If you wish to buy property come where property is left for sale. Your neighbors have land and don't want to buy.

EASTERN PEOPLE DO.

Our advertisements catch the eyes of Eastern people everywhere. We have five teams and comfortable conveyances ready at all times day or night, to convey parties to the properties we have for sale.

DON'T BE MODEST.

You are welcome to ride with us whether you buy or not.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

Coming to Oregon.

SAN FRANCISCO, Feb. 23.—The observation of railroads shows a tendency this year to emigrate to Oregon and Washington, where farming land can be taken up or purchased at reasonable prices. It is singular that such word should come from that section, which has hitherto enjoyed a monopoly of tidal waves of population.

The Evangelical School.

McMINNVILLE, Or., Feb. 22.—The trustees of the Evangelical Educational Association met at Lafayette and after considering the various propositions from different sections, accepted the offer made by Lafayette, namely the county buildings lately deeded to that town and \$2000 subscribed by the people, and decided to locate and establish their school at Lafayette.

A Southern Lynching.

AETESIA, Miss., Feb. 23.—D. H. Smith, a negro from Forest City, Arkansas, who has been collecting negro workmen and shipping them to Arkansas, was lynched by being hung to the limb of a tree yesterday. At the coroner's investigation the evidence so far indicates that the hanging was done by two citizens of Oklabeha county and one from Lowndes. They are men of standing in their communities.

An Expensive Fire.

LERANON, Feb. 23.—The steam saw-mill about four miles from town, belonging to Jennings & McPherson, burned down yesterday morning. Nothing was saved. No insurance. As the mill has not been running for a year or more it was supposed to have been the work of an incendiary. The loss is probably \$5000.

Train Robbery.

DELANO, Cal., (Feb. 22.—Two miles south of Pixley at 8 o'clock p. m., the train was boarded by two men, one of whom held the engineer while the other entered the express and getting the keys robbed the safe of its contents. One man was killed and another wounded. Passengers not molested.

Young Mrs. Blaine.

NEW YORK, Feb. 22.—From present indications the debut of Mrs. James Blaine, Jr., in Washington next season will be productive of a certain amount of excitement in theatrical and society circles of that city. Mr. Blaine has just purchased a house there and intends to permanently locate there.

Coal Mines and Railways.

ALBANY, Feb. 23.—W. H. Watkins left for his coal mine near Lebanon last night. A road is being opened up to the mine, and a mining expert will be up from Portland next week to give it a thorough examination. It is thought these coal mines will prove valuable.

On His Birthday.

OLYMPIA, Feb. 22.—Congratulations and rejoicings over the admission of Washington are the order of the day, and preparations are being made for a jubilee to celebrate the event. Every one here is happy to know that the new state has been named Washington.

To Protect Stock.

KANSAS CITY, Feb. 22.—A gigantic combination called the American Live Stock Commission has been formed, with headquarters at Kansas City and Chicago. It was gotten up to protect stock raisers against stock buyers.

Four New States.

WASHINGTON, Feb. 22.—The president signed the bill for the admission of four new states, North and South Dakota, Washington and Montana.

Joint Snakes.

NEWTONIA, Mo. Feb. 22.—A correspondent to the Missouri Republic says: I will give you a bit of experience I had with a joint snake some years ago. While out walking one day I came across a snake different from any I had ever seen before. It was a brownish, spotted, rusty-looking snake about 16 inches in length. On striking it with a stick it immediately divided itself into four parts. I then knew it was a joint snake, as I had often heard that they would disjoint when struck, and that the parts would reunite. I determined to watch the actions of the different parts and see if the statement was true. To my surprise I had the satisfaction, after waiting a few minutes, of seeing the different parts slowly but surely take their respective places, the head part acting much after the manner of a switch-engine coupling cars together, and his snakeship crawled off looking slightly disgruntled, but taking all the parts, however. There is no doubt but that the joint snake will reunite after being disjointed.

A Big Flume.

SAN DIEGO, Feb. 23.—The great flume for San Diego's water works was completed and the event celebrated yesterday by a grand parade. Enough water is on hand to supply city and county four years.

In the New State.

SEATTLE, Feb. 22.—Washington's birthday was celebrated here and all over the new state, with remarkable animation, owing to the admission of the territory to the sisterhood of states.

A New Order.

INDIANAPOLIS, Feb. 23.—A new order called the "Army of Vicksburg" was started at Indianapolis, by Vicksburg veterans on Feb. 22nd last.
