CALL AND SEE US.

SAN FRANCISCO, Nov. 1st, 1888.

Messrs WELLS BROS., Salem, Oregon.

Gentlemen: - We had the pleasure recently of making shipment to you of our new "White Cross" Extracts, and send you by mail to-day a very neat show card which we would like you to place prominently in your store, and which will call the attention of your trade to the goods.

It has been our intention for some time past to place upon the market the finest line of flavoring extracts manufactured in this country, and after months of study and experimenting with the prominent brands now before the public we have at last succeeded in placing before you a quality which beyond doubt has no superior.

We can not too strongly impress upon you that you can unhesitatingly recommend them to your customers as the finest that can possibly be manufactured. The package and style generally is such as to attract attention, and we predict that when your trade have tested the quality of the goods your sale for "White Cross" extracts will be large.

By complying with our request you will confer a favor upon yours truly, A. SCHILLING & CO.

The Oregon Land Company

Is a corporation duly organized and operated under the laws of the State of Oregon. It began business in March, 1888, with a capital stock of \$20,000.

The First Sale Made By This Company Was in April Last.

During the nine months which have since elapsed it has made 107 sales to 104 different persons. Of the purchasers 85 have bought farming lands. It has also, during this time sold 61 residence lots in Salem. Of those purchasing but 25 were residents of Marion county prior to purchasing.

This company is now spending more money to advertise Salem and the surrounding locality than

The Salem Board of Trade and All Other Agencies Combined!

Within the past twelve days it has paid for and contracted for advertising to the amount of

Over Fifteen Hundred and Twenty-Five Dollars,

The second edition of the company's pamphlet descriptive of Salem and the Willamette Valley is now in press. This is an edition of

TWENTY THOUSAND COPIES

Of a beautifully illustrated fifty page pamphlet. We cannot advertise so extensively in our home papers as we wish, for the reason that parties whom we most desire to reach are residents of the Eastern States, where these papers do not circulate. We do not advertise every sale we make in the local press, but we have advertised in more than

ONE THOUSAND PAPERS

In the East, as we depend upon Eastern buyers for the great bulk of our patronage. During the next few months our advertisements will be read by millions of readers of Eastern newspapers, who will thus be placed in direct communication with us, and nearly all of those who come to this coast will come ticketed for the office of

THE OREGON LAND COMPANY.

For these reasons parties desiring to sell will find it to their interest to place their lands in the hands of this company. If you wish to sell property leave it where

BUYERS COME TO BUY

If you wish to buy property come where property is left for sale. Your neighbors have land and don't want to buy.

EASTERN PEOPLE DO.

Our advertisements catch the eyes of Eastern people everywhere. We have five teams and comfortable conveyances ready at all times day or night, to convey parties to the properties we have for sale.

DON'T BE MODEST.

You are welcome to ride with us whether you buy or not.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

Pocatello Must Move.

SPOKANE FALLS, Feb. 25.—Great excitement prevails at Pocatello, Idaho, on account of the closing of all business on the reservation by order of the Indian agent, acting under instructions from Washington. Special notices are being posted on all the business houses, declaring them closed and the buildings erected since September 1, 1888, subject to confiscation, thereby rendering 2000 people homeless.

This Was in Indiana.

EVANSVILLE, Feb. 25.—Several Mormon missionaries have been proselyting some time past in this section of the country. Two of them, in Dubois county, have been claiming to perform miracles, but failed to do so. They were told by a number of citizens to leave the county, but refused. Friday, while they were exhorting, several masked men seized them, stripped and tied them to trees, and gave them fifty lashes each on the bare back.

Albany's Street Railway.

ALBANY, Or., Feb. 25.—The question of granting the franchise to the company recently organized in this city for the purpose of building a street car line, will come up for consideration at the meeting of the city council, to-night, as an ordinance granting the proposed franchise was introduced at the last meeting and referred to the committee on ordinances with instructions to report at the next regular meeting.

Scarlet Fever Epidemic.

BISMARCK, Dak., Feb. 25.—Scarlet fever, which has been prevalent in this city and Mandan for some time, now reaches a most alarming stage, and all precautions are being taken by the authorities of both cities to present its further spread. The city schools, churches and places of amusement have been closed, and there is talk of closing the legislature.

Our New President.

INDIANAPOLIS, Feb. 25.—The hurry and confusion of preparation and work for the last hours of residence at the Harrison homestead were constant. A stream of callers kept the general busy all day yesterday. Many buildings in the business portion of the city were gaily decorated in honor of the departure of the president-elect for Washington in the afternoon.

For Natural Gas.

ALBANY, Feb. 25.—Those who are familiar with natural gas say there are indications of its existence near Spring Hill, in Benton county, two and a half miles from Albany. An oily substance can be seen upon the water in that locality, and indications of coal have been found. It is probable prospectors will be out soon.

Another Horror.

PITTSBURG, Feb. 25.—A Wilkesbarre, Pa., special says: A terrible explosion occurred in a squib factory at Plymouth. Nine girls were burned to death and thirteen seriously injured.

An eminent physician says: A healthy liver secretes from two to three pounds of bile every twenty-four hours and disposes of this secretion where it will do the most good. Now if the liver is out of order, the whole system is in trouble, the spirits are depressed, the mind is not clear, and a person whose liver is not performing its duty is very soon unfitted for regular business. Dr. Henley's Dandelion Tonic rouses the torpid liver and enables it to perform its proper functions, thereby regulating the whole system. Sold by D. W. Mathews & Co.

CONDENSED DISPATCHES.

Washington has almost the same population as Oregon.

Boatmen say the upper Willamette is as low as they ever saw it.

Congress has been asked by the California legislature to appropriate two millions for improving the Sacramento and Feather Rivers. That means the government is asked to undo what hydraulic mining has done to injure their streams.

Congress has taken prompt measures to preserve the salmon and "other good fish" of Alaska.

The Canadian hog raisers by thousands are stirring in the matter of the importation of the American pork into their country. This is a tit for tat measure and will no doubt succeed with their government.

ROSMOUTH NOTES.

President Stanley is going to California in a few days, on business.

The Athletes will give an entertainment at Independence, March 9th.

Prof. Richardson of Washington Territory gave the students quite an interesting lecture Monday.

Miss Alice Savage of near Clymer has gone to Prineville, where she has engaged a school for the summer.

The citizens of this place will hold a meeting to-night in regard to building a wing on the south side of the college.

Washington's birthday was duly celebrated at the college chapel. The exercises consisted of recitations, essays, etc., interspersed with music by the band and Prof. Powell's orchestra. Prof. Campbell also gave a short, but interesting review of our honored patriot's life.

Movements of Salem People.

The following personal mention is found in the Los Angeles Herald of the 20th inst., and gives the movements of a party of Salemites:

"A distinguished party of thirteen from Salem, Oregon, arrived at the Hoffman yesterday, consisting in part of Mr. and Mrs. F. N. Gilbert, Mr. and Mrs. Wm. England, Mr. and Mrs. E. Breyman, Mr. and Mrs. T. Patton. Mr. Gilbert is one of the firm of Gilbert Bros., bankers in Salem, who also run the First National Bank in Moscow, Idaho. Mr. England is of the firm of Williams & England, bankers, also the founder of the State Insurance Co. of Salem. Mr. Breyman is of the Breyman Bros. who run the First National Bank of Portland, T. M. Patton is a large stationery dealer in Salem. These gentlemen have visited Santa Barbara, Pasadena, Riverside and San Diego, looking into the resources of the country as to solid investments. They express themselves highly pleased with the prospects of Southern California."

The Fox Guzey.

"Yes," said another old gentleman, "I remember mighty well. But the dumb bulls—they will make any man run. Take a hollow black gum log, 8 to sixteen inches in diameter, and saw out a length of about 12 to 16 inches. That makes a cylinder, hollow out smooth inside, and the thinner the better. Stretch a rawhide tight like a drum-head over one end. Make an awl hole and run a string through the drumhead, tying a knot in the end of it so it can't slip through entirely. Then take some English resin, resin the string thoroughly and the thumb and forefinger of your right hand. You hold the dumb bull in your left arm and pull the string, allowing it to slip between your thumb and forefinger. It's the most unearthly combination of groans and screeches and whistles a man ever listened to. It would scare a dead mule."
