

Recital of the Daily Doings Compiled From Various Sources.

Happenings Over the City and News From the Country.

County Court.

Mrs. Johann Coffey filed her bond in sum of \$1400 as guardian of James, Mary, Margaret and Isabel Coffey, minor heirs.

The sale of real estate by Geo. Settemire as guardian of Cameron Pendleton, minor, was confirmed.

In the matter of the sale of the Elisha Veazy to M. Mitchell, by J. A. McIntire, administrator sale was confirmed.

In matter of H. Steinhouser, a citation was ordered.

M. J. Downing was appointed guardian of Everett C. Downing, minor. His bond was fixed at \$4,000.

Agricultural Board Meeting.

The State Board of Agriculture is in session this afternoon at their quarters in the state house. The meeting promises to be one of a great deal of importance, as many matters pertaining to the fall course are to be arranged.

Among the members of the board who are present, may be mentioned J. T. Apperson of Oregon City, T. G. Richmond of Dallas, Wm. Galoway of McMinnville, J. F. Miller of Portland, M. Wilkins of Coburg, D. H. Looney of Jefferson, and J. Q. Wilson and J. G. Wright of Salem.

Known in the East.

Salem must by this time be known pretty generally throughout the states of the east. She is constantly being advertised there. The Salem Land Co. have their advertisements in a large number of the most widely circulated papers in the principal cities. The inquiries that result from these advertisements are answered by a select compilation of statistics and information. Come to Salem to live.

An Oregonian's Delight.

The heart of the native Oregonian was gladdened by the regular winter weather of this day. A gentle rain has descended during the day and the ground will soon be well soaked. Should this gentle "mist" continue for a few days it would be felt along the river in the form of a rise of a few inches.

Home Again.

Among the passengers on this morning's overland train from San Francisco, were Eugene Breyman and wife, Wm. England and wife, Miss Lena Breyman and Eugene Willis. They return fully rested and report having spent an enjoyable winter amidst the flowers and tropical scenes of California.

The Vocalists.

The medicine advertising company which is appearing nightly at the opera house has some pleasant features about it. The singing is good—that of the three voices. They harmonize nicely, and the baritone is fine. The comedy of the entertainment is very heavy.

Nearing the End.

Studd and Burke will continue their gospel meetings to-night, but will rest to-morrow evening, resuming Sunday night. They are at the Presbyterian church and all are invited. This closes the fourth week of their evangelistic work in Salem.

An Eminent Divine.

Rev. G. J. Burchett, Baptist superintendent of missions, will occupy the pulpit at the Baptist church in this city on Sunday morning and evening next. He is a fluent talker and a deep thinker.

In Jail at Dallas.

W. P. Kerr, the young fellow who shot a man of the same name, near Parker a few days ago is in jail at Dallas, awaiting trial. It is said the shooting was for a trivial offense.

A New Grocery.

M. T. Rineman, late of Merrill, Wisconsin, will soon occupy the Dugan storeroom, on State street with a select stock of groceries.

Sale of Three Lots.

T. J. Cronise has purchased three lots in the Oregon Land company's Riverside addition. He paid for them \$550.

A Ferry License.

The county court has granted a ferry license to F. M. Henline at Stayton. This is across the Santiam.

A Bad Runaway.

This morning about eleven o'clock, those that were in the vicinity of Ford's livery stable, witnessed quite a lively runaway. The Dallas stage had deposited the mail at the post-office and the driver, Alonzo Brown, then started to drive to Ford's livery stable, where he puts his team at noon. As he was nearing the stable, the switch engine came along, and frightened the team. They started up Ferry street at a lively rate, and the bridle bits broke, which made the driver powerless to hold them in check. They ran into the wood yard back of the stable, throwing Mr. Brown out of the hack and bruising him up considerably. He received a very painful bruise on the forehead; the stage was badly demoralized, but the horses escaped unhurt. Mr. Brown is a very careful driver, and had the bridle not broken he would have stopped the run-a-ways.

OUR CITY LAWS.

ED. JOURNAL.—Recent events have caused the citizens to look around to the city laws, and find out, in fact, whether we have any. In our present condition anything can be presented as city law. Common consent or custom is not generally good law. Evidently our law, if we have any, is worthy of being trotted out and exhibited to the people who are expected to obey it—to make expense from time to time without any probability of enforcing any law, and getting the officers into trouble. The Haas bridge case, and the alley ditch north of court house are samples. It is not profitable. INQUIRER.

Gray's Harbor Boom.

The Coos Bay News says: There is a boom at Gray's Harbor, consequent upon the terminus of a railroad from the interior having been selected at Hoquiam. From a letter received from there last week we learn that Thos. Minott, formerly book keeper at North Bend, has struck it rich. Mr. Minott secured 160 acres adjoining the proposed terminus, which our informant states is worth from \$20,000 to \$50,000.

SILVERTON ITEMS.

A new school house is to be built in Phillips' addition.

The chair factory is running full time, and all business is looking up.

A Mrs. Gilbert Lee died last Saturday. She was the wife of a new comer.

The town is booming. Every house is full. Every night from three to six strangers are there inquiring for land and several purchases.

J. E. Denton is holding a meeting there for the Christian church. He is described as a good speaker and one whom all parties like regardless of creed.

At Silverton they have had a school election. The temperance candidate was elected by four votes. There is some question as to the legality of the election under the new law. The election was held under the new law.

There will probably be a cannery started there, our informant says. And he also adds that the reporter for the Siftings of Portland is in a close place. He is the man who tried to blackmail Dr. Gilbert. The said reporter is a professional detective. That is enough.

Against Wholesale Prayer.

Little Ola was being put to bed, and as usual, her mother waited to hear her say her prayers before bidding her good night. To her surprise she did not say them.

"Oh, my dear, say your prayers," said her mother.

"I am not going to say my prayers," was the reply.

"Why not?" asked the astonished parent.

"You don't say your prayers, papa don't say his, and as for praying for the whole family any longer I shan't do it."

A Good Cup of Coffee

Is a great attraction for a restaurant. The coffee drawn from Helenbrand's Patent Coffee receptacle is one of the many Great Attractions of his eating parlors. Thousands of cups of his excellent coffee are sold every week. And as for oysters and meals he cannot be equaled in the state.

The Standard Oil Company seems to be crawling around the South California oil fields, and coiling its folds around the whole region. Every important find is shut off, and several pretended companies have been founded to do nothing but impede and delay.

CLATSOP COUNTY'S QUOTA.

Five Prisoners Come to Serve Terms in the Penitentiary.

The sheriff of Clatsop county arrived in the city this morning, bringing with him five prisoners who had been found guilty and sentenced to terms in the state institution.

They were as follows: Ned Herwin three years, convicted of robbery.

Charles Dahl, three years, for robbery.

William Johnson, two years, for larceny from a store.

J. Malin, three years for robbery.

N. T. Livingston, ten years, for attempt to commit rape.

Livingstone is a professional school teacher, but a natural fiend, as the crime was committed against a Miss Cahill, a little eight-year old girl under his care, and was performed under circumstances of such brutality as make one shudder at the very possibility of the existence of such monsters. The prisoner was arrested last winter, Mr. Cahill having walked three days through mud and rain to reach a justice of the peace before whom he might swear complaint. The arrest of the inhuman monster followed quickly, and his trial resulted in the speedy conviction and a sentence for ten years of penal servitude.

It is generally conceded by physicians that about one-half of the population of the United States are suffering from indigestion and dyspepsia. Hurried eating and improper mastication and insalivation of food are the principal causes. Dr. Henley's Dandelion Tonic strengthens and invigorates the digestive organs and enables one to enjoy a hearty meal without any unpleasant after effects. Sold by D. W. Matthews & Co.

OCCIDENTAL JOTTINGS.

News and Notes of General Interest to The Westerner.

Olympia has its first daily paper, the Evening Olympian.

Mumps, measles, whooping-cough and diphtheria have combined to close the schools at Cove.

John LaChapelle, the Portland pioneer boat-builder, died at Forest Grove a few days ago.

Ira D. Sankey, the evangelist, is now on his way to the Pacific coast. He was a co-religionist of Moody.

In the days of Dr. John McLaughlin, deep water vessels unloaded their cargoes at Oregon City.

Roseburg, not to be outdone by other cities of the valley, is preparing to put in a system of waterworks.

Ex-Senator Slater is yet alive, but is becoming weaker. The physicians have little if any hope for his recovery.

The work of grading the Astoria & South Coast railroad has commenced. The work, for the most part will be done by the farmers and laborers of Clatsop county.

At Mills City the boom is progressing. There have been eight or ten lots sold in Hobson's addition on Linn county side this week, on which there will be good houses built.

Moody is in California, Sam Jones is on the coast and Sankey will be in Oregon in a few days. If there does not occur a big religious awakening throughout the Pacific Northwest we will have to inquire the reason why.

What He Will Do With It.

I. V. Williams, of Philadelphia is an old man and a very rich one. He has no wife, no children. He has rightly decided to devote a considerable portion of his great wealth to public use, and he has wisely decided to do it now, in his lifetime, instead of putting it off until his death. He has selected seven friends of his, solid citizens like himself, as the trustees of his bounty. He has explained to them, according to the newspaper report, that he wishes to found and endow a great school in which boys may learn the useful mechanical trades, free of cost; that he has had the project in his mind for thirty years past; that he is ready to put five millions of dollars into its execution, and more if more is needed. Here, indeed, is a noble example for the other millionaires of the country.

Owing to this changeable climate, it is difficult to preserve a fair complexion and our fair sisters are annoyed by roughness of the skin, chaps, red nose, etc. If Duntard's Specific is applied to the face and hands night and morning, a clear and healthy complexion can be preserved. Portland, Oregon, March 25. Sold by D. W. Matthews & Co.
