

SLEEPING APART.

Married people sustaining monogamic relation, especially, make a great mistake in allowing themselves to sleep together. This practice, in a measure, leads to unhygienicity. From five to eight hours of bodily contact every twenty-four with one person not only causes an equalization of those magnetic elements which, when diverse in quantity and quality, produce physical attraction and passionate love, but it promotes permanent uncongeniality by making the married pair grow alike physically. The interchange of individual electricities and the absorption of each other's exhalations lead directly to temperamental inadaptation, and to this cause may doubtless be ascribed one of the chief reasons why a husband and wife manifest such tendency to grow alike after many years of matrimonial companionship. There is nothing that will so derange the nervous system of a person who is eliminative in nervous force as to lie in bed all night with another person who is absorbent in nervous force. The world is overrun with afflicted people from the effects of nervous exhaustion and physical decay. To such Dr. Darrin invites them to try his electric treatment, so successfully applied to thousands of our citizens, and that they will not seek in vain, he submits the following names of people cured who have languished in the throes of disease and now enjoy the blessings of health and happiness.

NAMES THAT CAN BE REFERRED TO.

John Wolfen, Stuck Junction, W. T., Deafness and discharging ears, cured.
Samuel Jackson, Highland, Or., Deafness twenty years, cured in ten minutes.

Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Dr. H. W. Cox's Drug Store. The Camels are Coming.

Two wild camels, which run away like deer from mankind, are seen occasionally on the Gila river, near Cottonwood, A. T. They are the last remnant of the band imported by the government and used on the desert for pack animals some years ago. The scheme did not prove successful and four of them were turned out to take their chances. Two of them have either died or been killed and the other two are ranging over the deserts in a wild state.

A few doses afford instant relief.
