Stanley started on his expedition to relieve Emin early in 1887, but it was not unfil June that he was able to reach the Aruwimi. His journey thence to Wabelai was a gallant struggle against seemingly insurmountable obstacles, and it was not until sometime in January, 1888, that he succeeded in reaching Emin. He found Emin and his party in a fairly good position, and determined

THE most carefully edited journal as the dying man drew his last instead of "surpliced fathers." A old Duten doctor died. reporter on that paper had occasion to quote a verse from a familiar hymn in which the word herald oecurred. The proofreader dutifully underscored the word, and the verse appeared: "Hark! the Herald angels sing." It was in the New York World's report of a political meeting that the word "shouts" was so ludierously misprinted as to make the blunder famous. "The shouts of 10,000 democrats reut the air," read. the report.

STANLEY's letter consists mainly of a repetition of what has already been published. He describes at length the various devices by which the natives endeavored to prevent the advance of the expedition. One of these was to dig shallow pits neross the path of the column and fill them with skewers which were gently covered with leaves. The skewers plerced the feet of Stanley's men, inflicting wounds that in in 1876 belong to the Congo.
