CLARE B. IRVINE, Manager.

TUESDAY, APRIL 30, 1890.

A MIGHTY EFFORT.

For many years the great railway interest on our side of the line have been trying to get control of the Grand Trunk line of Canada.

Much as monopoly has been doing in the past to combine everything never was it so eager, active, busy and determined on great schemes for the future.

THE N. Y. World comes to the front with a lengthy story concerning Nanitta Daisy, a fair Oklahoma boomster, who has defied her claim with Winchester and six-shooters.

Played His Last Chip.

The press dispatches announce the death of "Bill" Briggs, a noted gambler, in San Francisco, with as much solemnity as if a great benefactor to the world had departed this life.

As the continued power of a few centrally placed legions permitted tyranny to sway it high over the necks of the old Roman world by literal force, so does the combined power of this monstrous, bloated wealth enable its few pursuers to fool this new American world to the top of its bent.

CONVICT LABOR.

The state of New York has been trying to solve the question of labor in its state penitentiaries, and is now reaping the benefit of its foolish experiment.

A Song Without Words.

The state of Maryland leads all the rest in canning fruits, vegetables and oysters. It is estimated that one-fifth of the people in the State are interested directly or indirectly in the canned goods business.

HE FOLLOWED SUIT.

My wife has been under physicians care for two years, for what they called "liver complaint." She would get some relief while taking prescriptions, but would soon fall back into the same stony, inactive state.

It quite likely that the state of New York will return to the system of contract labor, which, while it may have its defects, does not have so many and dangerous ones as the present system.

THE president is a believer in the benefits to be derived from doing business in a thoroughly systematic manner. For instance, he assigned one day of each week for the consideration of business pertaining to the executive department of the government, and unless the business is unusually important it will not be considered on any other day than that assigned to the department under which it properly comes.

SEGAR producers in the West Indies are thought to be trying to corner raw sugar.

The first start towards changing from special to diversified farming is a good garden, and surely that is within the reach of all.

SCRAPS.

The vote taken in the Ohio senate on the submission of a woman suffrage constitutional amendment, stood 19 in favor to 9 opposed.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case."

Always Young.

Why is my wife so precious in my sight? It is because her eyes are always bright, and grace and modesty are in her air.

Adjutant-General Drum will retire next month, and the chief candidate for the succession is Captain Loud.

Wright's Hop Celery and Chamomile Bitters a reliable tonic, appetizer and aperient.

Mrs. Cleveland enjoys New York life exceedingly. She says that she is glad to step out of the "bright sunlight of publicity" which surrounded her career at Washington.

A gentleman who had suffered great annoyance and pain from Barbers Itch, and who had been treated by the best physicians, without relief, says that two bottles of Dutard's Specific cured him and left his face perfectly smooth, without a scar.

DEAFNESS CAN'T BE CURED by local applications, as they cannot reach the diseased portion of the ear.

MORGAN & MEAD

Are now provided with fine new drays and trucks and are prepared to do all business in that line in the best of shapes.

A Sailor Man.

The following lines are evidently from the pen of a master who has great control over refractory rhyme:

Ben Rosen was a sailor man, But not a man a sailor, Therefore he would not whale a moon, But only man a whaler.

He'd sail the seas and seize the sails, And when he'd heave the lead, He would be led to heave the pale, Throw up the sponge, most dead.

He'd eye his pipe and pipe his eye When smoking was forbidden; When he'd be led he was dry, And search for liquors hidden.

Som' times he'd see a ship, sometimes He'd only ship a sea, The lines he saw were mostly climbs Upon the ropes to see.

Ben's hardack was to tack the ship, Yet never man was sooner Than he, when in the slip to slip And quick attack a "schooner."

He was aboard when on the sea, When on the land a boarder, Though not a boarding pirate, he, He was then a pirate boarder.

Though Ben could not direct at sea, At sea he could die wrecked; His recreation day would be, The day they'd raise her wrecked.

One day a shark went swimming by And Ben, alas, he filled him, No shark, they said, could make him die Unless the shark first killed him.

SCRAPS.

The first start towards changing from special to diversified farming is a good garden, and surely that is within the reach of all.

Mrs. Margaret Fox Kane, one of the originators of the "Rochester Rappings," says she would rather die of starvation than to be forced again to carry the loathsome title of spirit medium.

Queen Victoria will attain the age of three score and ten May 24. The state banquets in honor of the event will not be given until the next day. She has been enjoying unusually good health lately.

Ex-Governor Proctor Knott of Kentucky, whose fame largely rests upon his Duluth speech, has aged rapidly in the last few years, and his locks are getting thin but he is as jovial and energetic as ever.

It is recalled that President Lincoln once extended executive clemency to a young Englishman, found guilty of piracy and blockade running, because, as he expressed it, "John Bright of England has asked us to pardon him."

The Prince Regent Luitpold of Bavaria, who is a devout Catholic, will allow the Oberammergau "Passion Play" to be performed next year only on condition that the text is previously revised by the senior court chaplain at Munich.

Bishop Perry of Iowa proposes to reproduce in the cathedral at Davenport, April 30, the service in which Washington and the devout congressman took part on inauguration day 100 years ago.

Why is my wife so precious in my sight? It is because her eyes are always bright, and grace and modesty are in her air. Neither believe me, though she's very fair, she says that she has an earnest opinion: "This growing old, I find, is all a fiction. Since fortune sent me 'Favorite Prescription' Dr. Price's famous remedy for this name is, indeed, a perfect specific for 'female weakness,' and kindred ailments. By drugs."

Adjutant-General Drum will retire next month, and the chief candidate for the succession is Captain Loud, who is clamorous for the place. This is a noisy combination of names that will be hard to beat.

Wright's Hop Celery and Chamomile Bitters a reliable tonic, appetizer and aperient. It invigorates the digestive organs and prevents dyspepsia. Can be relied upon. Sold by H. W. Cox.

Mrs. Cleveland enjoys New York life exceedingly. She says that she is glad to step out of the "bright sunlight of publicity" which surrounded her career at Washington. She can purchase a pair of gloves in New York without having the fact telegraphed all over the country.

A gentleman who had suffered great annoyance and pain from Barbers Itch, and who had been treated by the best physicians, without relief, says that two bottles of Dutard's Specific cured him and left his face perfectly smooth, without a scar. It never fails in skin diseases. Sold by D. W. Mathews.

If you are nervous or irritable, feel languid, dispirited, or if you have sick headache, sallow complexion, or offensive breath, then your liver is out of order and needs rousing. Dr. Henley's Dandelion Tonic restores the liver to healthy action and tones up the entire system. Sold by D. W. Mathews.

DEAFNESS CAN'T BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

For sale by Daniel J. Fry, druggist.

John Bright was a total abstainer from wines, but was fond of good cigars.

Portland, Or., January 12. Having a severe back ache last summer, I tried the Oregon Kidney Tea, I used one can, which effected a radical cure. I would recommend it to all who are afflicted with an un-failing remedy. JULIUS ACH. Sold by D. W. Mathews.

A Tacoma man claims to have invented an electric light that discounts any other now in use.

Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz. Write W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Daniel J. Fry's drugstore.

The vote taken in the Ohio senate on the submission of a woman suffrage constitutional amendment, stood 19 in favor to 9 opposed.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, writes: "The best-selling medicine I have ever handled in my 29 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Daniel J. Fry's drugstore.

All returns indicate that the woman's vote was larger in Kansas this year than ever before.

When all other remedies fail, Oregon Kidney Tea comes to the front like a true, faithful friend. For Kidney and urinary troubles, such as pain in the back, mucous and milky discharges, brick dust deposit in the urine, loss of appetite, weakness, and general debility, Oregon Kidney Tea has no equal. It never fails and being of purely vegetable composition does not injure the system. Sold by D. W. Mathews.

Sabine Parish, Louisiana, has not a single mortgage recorded against farming land within its boundaries.
