The Babies of the World.

It has been computed that between 30,000,000 and 37,000,000 of babies are born into the world each year.

And it will probably, therefore, startle a good many persons to find, on the authority of a writer in the hospital, that could the infants of a single year be ranged in line in cradles seven deep, they would go around the globe.

It is an indisputable fact that the hand-somest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west.

Emma Abbott, the singer, is now said to be the richest woman on the American stage. She is 38 years old, and twenty years ago was singing in a Brooklyn choir, endeavoring to save money enough money to pay the expense of study in Europe.

Revivalist—"My son, when that great day comes, where will I find you, with the sheep or the goats?" Small boy—"Jiggered if I know, Ma she calls me her 'little lamb,' and pa calls me 'the kid,' so I guess I'll have to give it up."

All this anxiety about the elevation of the stage is quite unnecessary. The stage can elevate itself very well because it has wings and flies.

A GOOD CUP OF COFFEE. Is a great attraction for a restaurant. The coffee drawn from Hellenbrand's Patent coffee receptacle is one of the many Great Attractions of his eating parlors.

ROYAL BAKING POWDER Absolutely Pure. Image of a tin of Royal Baking Powder.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders.

For the Public Good.

It is an indisputable fact that the hand-somest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west.
